Daily British Whig.

SATURDAY EVEN'G, JULY 21, 1877.

CITY AND VICINITY.

GOLD in New York at 3 o'clock 105¾

To SAVE MONEY buy your Clothing at A. A. LEVEY'S Clothing Emporium, Wellington St. Just received another new lot of those noted Cheap Tweed Pants.

THE SS. Sardinian, from Liverpool, arrived at 8:15 a.m. with 88 cabin and 240 steerage passengers.

"THE DELINEATOR."—The August number is at hand. The ladies say that there is no fashion house like Butterick's, and no book like the "Delineator."

THOUGH the sun was very hot to-day, still a pleasant breeze relieved those who were required to engage in outdoor exercise.

EXCURSIONS.—A number of excursion parties will shortly visit Kingston and vicinity. The majority of them will come from the States. Channel Grove is the destination of several.

THE K. P.—John Eccles and James Doolan are delegates to the Penitentiary. They came from Almonte, and, for larceny, have been sentenced to three and two years respectively.

YACHTING.—It will be of some interest to Kingston yachtsmen to learn that the Waterwitch won the Vice-Commodore's flag in the Montreal Yacht Club's regatta, which took place on Saturday.

ST ANDREW'S.—There will be a meeting of St. Andrew's Society on Monday to arrange for the funeral of the late Major Matthews, who was a member thereof.

A SEARCH.—It is believed the child of Catherine Norris has been drowned in the marsh below Cataraqui Bridge, and Detective Haggerty went down to-day to make a search for it.

NOT THE ONE.—The John McQuade who has been arrested for beating his wife, is not the ship carpenter of that name living near the Montreal road. But it is scarcely necessary to write this. No one would suspect it of him, anyway.

ESCAPE.—A convict escaped from the Penitentiary quarry last evening. He was missed when the muster took place at tea time. A vigorous search was made for him, but he had not been captured at last accounts. His name we know not.

CHRIST CHURCH.—The Archdeacon of Kingston, the Rev. Mr. Ward, of Providence, R.I., and the Rev. Mr. Forrest, of Morrisburg, will assist at the services at Christ Church, Gananoque, to-morrow.

THE MARKETS.—As the Summer advances the markets become larger and better, for buying as well as selling purposes. To-day's market was very largely attended, and until about noon business moved at a bristling pace.

FLY PAPER.—A few days ago we wrote of the annoyances of the horrible fly, which would bite our ear and sat on our nose, and this morning some kind friend sent us about a yard of fly paper, to which the little winged insects have taken most kindly. Blessed are the fly killers.

MONEY CHANGING.—A large amount of money changed hands on the result of the base ball match played yesterday between the Beaver and St. Lawrence Clubs. Perhaps it was this financial consideration which partly made the game so lively and imported such a large amount of feeling into the contest.

ENTERPRISE.—The enterprise of the town of Ingersoll is fitly represented in its newspapers. This week the Oxford *Tribune* contains a full notice of all of its industries and places of interest, an act which will be of benefit to the place, and form a neat contribution from the journal.

A USEFUL OFFICIAL.—Chief Constable Acton, of Gananoque, arrests every man he finds hanging around the street corners; and he also insists that merchants should not obstruct the sidewalks with old lumber and cast off clothing. That's the kind of an officer we want in Kingston. Couldn't we manage to trade our force for him just for a week?

THE MILITARY.—Prior to the late disturbances in Montreal the members of "A" and "B" Batteries were telegraphed to hold themselves in readiness for removal to any point where they should be needed, and if they were not removed the Mayor of Montreal clearly showed that he did not want them, as they were subject to action on his order.

GOODNESS BE PRAISED.—It is not certain whether disease or poison is doing the business, but it is certain that the feline population of this city is being very rapidly thinned down. Within the block in which the WHIG is located half a dozen have departed this life during the past week, and may as many more follow in the same footprints in the week that is to come. We can spare them all.

WIND WAFTS.

—The masons of Belleville are arranging an excursion to Niagara Falls.

—Tramps complain of the watery flavor of the new potatoes.

—Freights from Chicago and Milwaukee to Montreal have risen from 5 cents per bushel to 7 cents.

—Hamilton is to have its civic holiday on the 15th of August. Not too early to look ahead for Kingston.

—There are a great many country people in town to-day, and the merchants will, no doubt, reap a large benefit.

—Napping in church has got to be stopped; and we may add that the reform must not be accomplished by going a fishing.

—*On dit*: That the member for Kingston will next month spend a day wrestling with "buns and sich" in the vicinity of Hamilton.

—Here is a hint for Kingston builders: Bricks perforated with three holes, that the mortar may get a good "hold," are being used in the construction of buildings in Minneapolis, Minn.

—This is the period when, according to popular tradition, dogs go mad. But scientists are laboring to prove that dogs never go mad, and it is cruelty to put muzzles on them.

—Nouns are of two classes—common and proper; the word "Duffer" was at one time supposed to belong to the former class, but it has now become a proper noun and means the Mayor of Montreal.

—Fame consists in working like a bow-legged mule all your life, dying worth a lot of millions, creating a rough and tumble fight over your will, and then having a "reredos," whatever that is, erected to your memory at the back end of the church you took your Sunday naps in.

—Toronto *National*:—"Most Protestants would sympathize with the Orangemen more if they did not see that, like their opponents, they are used as party tools, and that Ultramontanism and Orangeism are at this moment in close alliance under M. Masson and Grand Master Bowell."

—"It is a very singular thing that notwithstanding Mr. Vail went out west on a wild campaign against Sir John, we have never seen his speech reported." The Halifax *Herald* has already been informed that Mr. Vail appeared at no meeting; gone west on an official tour, merely. The *Herald* will have its slap at Vail if it has to tell a lie to do it.

—It may not be generally known, but is, nevertheless, a fact, that for some time past the WHIG has published the location of fire alarm stations, &c. It would be well if the readers and public would cut it out and keep it in a convenient place so that in case of an alarm being sounded they could post themselves as to the locality.

—Go to church to-morrow, and there and then forgive your persecutors, forget the cares of business or household life, and give sincere thanks for the many and great benefits accorded to you. There is not a single one of us but can readily understand he or she could be placed in a much worse predicament; even though our present state may be sad.

—Kingstonians and their guests cannot complain of the weather. So far the evenings are cool and enjoyable, and even during the day it is not too hot, although the sun shines forth with its usual brilliancy and warmth, to be expected at this season of the year, the delightfully cool lake breezes which we have been favored with, takes from it its effect and makes us feel that after all Kingston is the place to spend the summer.

—The street cars having been just started in Kingston, it is rather amusing to see people standing on the sidewalks, and, without the slightest indication, expect the drivers to stop for them. We have observed that in nine cases out of ten those who desired to drive did not give the officers any notification, and were then annoyed because they did not stop. We might mention that those intending to ride should simply raise their hand and the driver, who is ever on the alert, will immediately take cognizance of the same and accomodate them.

NEW MUSIC.—We are in receipt, from the publishers, Messrs. C. J. Whitney & Co., Detroit, of a pretty quartette of songs. The several members of the set are entitled "Loving Eyes," "Bessie, the Pride of the Mill," "Time will touch us gently, darling," and "Sweet little nest in the flowers," the two first named by Spencer Lane, the others by Edwin Christie. In each of these the song proper is followed by a suitable and well harmonized chorus for four voices. We have run through them all in our amateur way, and, if our opinion in matters musical is worth anything, we can commend them as four very pleasing songs indeed both as regards the melody of the verse part and the harmony of the closing quartette. They are simple in the sense of being easily read, but are not on that account to be despised. They will make a very desirable addition to the parlour repertoire of such of our readers as are inclined to sing themselves, or failing that to get their friends to do it for them.

THE KINGSTON & PEMBROKE R R—From the Renfrew *Mercury* we learn: The survey of the Kingston & Pembroke Railroad has been completed and located as far as the Madawaska River, the crossing being about three or four acres below Dennis Dillon's place at the outlet of Calabogie Lake. We learn also from Mr. A. A. Wright that the station is to be on the farm of Mr. John Wilson, on the south shore of the lake, which the company are desirous of purchasing. The mill privileges at this point, owned by the heirs of the late Judge Malloch of Perth, which have for some years been neglected, are likely to be utilized again, and an extensive business in sawing lumber, for transportation by the Railway, may be expected to spring up.

REGULAR BUSINESS.—Mr. Robt. Webster, of Napanee, aspires to the championship as an egg producer. He claims to have half a dozen Leghorn eggs, 2¼ in. in diameter and weighing 27 ounces. Mr. Webster wants to hear from the WHIG. Well, we have half a dozen eggs which are heavier, but they are not of the Leghorn kind. We should call them Cochin China.

BASE BALL.

The Local Contestants Stir up Hot Blood.

Yesterday afternoon the St. Lawrence and Beavers played the fourth of the local championship matches, and the third and final game between these clubs. The Beavers developed themselves unexpectedly in the first portion of the game and led their usually successful rivals by eight runs, but in the 7th and 8th innings the St. Lawrence boys put on the figures heavily and left the score 17 to 15 in their favor. Then a dispute occurred, and there being no "give" to either side, the playing ceased at a very unsatisfactory, critical stage. It would be wrong to charge the row to the members of the clubs. Certainly some of the players seemed very hot, but there were outsiders who felt and acted hotter—in fact base ball would suffer little in the public estimation by the differences which may occur between them if spectators would not step beyond their province, and meddle with matters which should be settled by the captains of the day or the umpire. We had not witnessed a more exciting match up to the point when play ceased and quarreling commenced. The Beavers played with a vigor and skill which really flattered them, and the St. Lawrence were pushed as they were never pushed before to hold the laurels they had won in former matches. The batting was good on both sides, but the runs were not all made by execution at the home plate—rather the scores were run up by a succession of errors and repetition of muffing on the part of the ballmen. But those disputes. They must be stopped by new tactics and cooler judgment, and by an exercise of fair play, otherwise the popularity of these games, and the friendliness which should subsist between the clubs, will be injured materially.

THE LIGHTNING ROD GENTLEMEN.—Loud complaints are made of the doings of these gentry in the neighborhood of Odessa. Mrs. Fraser, who to-day advertises, states that she contracted with them to put up a rod for $18. When they finished the job they demanded $78, and so frightened her that she signed a note for the amount to get rid of the dangerous fellows. Now she gives notice that the note will be contested, being obtained under threats and under influence. She reports that other women, owners of houses, and even men have been by similar means frightened into signing notes for greater or less amounts—much more than they contracted for.

THE FUNERAL OF MAJOR MATTHEWS.—Last night the Volunteers of the 14th P.W.O. Rifles mustered in strength at the Drill Shed, and offered in a body to attend as a firing party at the military funeral on Monday, an act purely voluntary on their part and deeply expressive of feeling for their deceased field officer. The arrangements for the obsequies are: Funeral at 2 p.m. from Mr. Carruthers' residence; the 14th Battalion to furnish firing party of 100 men and its band, which will precede the Masonic body; Battery "A" to furnish a gun carriage, horses and an officer in charge; pall bearers to be military and Masonic brothers of deceased.

ALL ABOARD FOR NIAGARA.—The Belleville Masonic excursion on Tuesday next will be the cheapest of the season. Parties from Kingston will take the morning Express about 4 o'clock and reach Niagara the same evening. Return tickets $2.75, good for ten days. People designing to visit the Falls will rejoice to learn that war has been commenced upon the hackmen, and the hotel keepers protect their guests from extortions by having their own stables.

RUN OVER.—Last evening a little son of Mr. B. Nelligan was run over by a butcher's cart on Johnson Street. Reckless driving was the cause of the accident, the child (aged only between 2 and 3 years) being unconscious of the danger to which it was exposed. One of the wheels of the cart passed over the body of the little thing, who bled profusely at mouth and nose. The driver added to his offense by putting whip to the horse and leaving the scene of the accident as soon as possible.

THOUSAND ISLAD PARK.—The visitors to Wells' Island are arriving daily and the attendance is being rapidly augmented. To-morrow morning, services will be conducted by Rev. Wm. Taylor Evangelist of California, South Africa, and India. The afternoon services will be by Bishop Peck, of Syracuse. The same gentleman will conduct the meeting on Wednesday, on the occasion of the excursion down the river of the Y. M C. A.

VERY ILL.—We regret very much to learn that Mr. Alexander Smith, caretaker of the Drill Shed and Volunteer armory, is very low. Some time ago he suffered a severe attack of illness, but had so far recovered as to be able to move around and resume his duties to some extent, but a relapse has set in and he is now confined to his room, almost helpless with weakness. We hope to hear of his convalescence very soon.

CRICKET CLUB COMING TO CANADA.—The *Palladium* says: "The Oswego Cricket Club have arranged two games in Canada for next week. They will be played in Picton on Thursday, and on Friday the second game will take place in Belleville. An effort was made to arrange a game with Kingston on Saturday, but they write that they will be unable to get their eleven together on that day."

LENNOX.—The *Express*, treating upon the rumour that Mr. Grange, M.P.P., is to oppose the Hon. R. J. Cartwright at the next election, thinks that the bare idea of any local man, or the outsider named, (Hon. L. Wallbridge) contesting its riding with the ghost of a chance of success, is as preposterous as entering a plough horse to run for the Queen's plate.

IN FULL.—The WEEKLY BRITISH WHIG of this week contains all the reports of the stirring events at Montreal—the inquests, the funeral procession attack at Wellington Street Bridge, return of Kingston Orangemen, their reception, etc.

THE CHURCHES.

PIC-NIC.—The annual pic-nic of St. James' Sunday School will be held on Tuesday at Mortonwood, ever a pleasant place, and now so easily reached by the street cars.

RECEPTION.—A reception was given at St. Andrew's Church, Toronto, to Rev. D. J. McDonnell, on his return from Halifax. The church was crowded, and the greatest enthusiasm prevailed. The Reverend gentleman was presented with a handsome silk gown, and Mrs. McDonnell with a costly ormulu cloak, and two side pieces.

INDUCTION.—As already announced, the induction of the Rev. Finlay McCuaig, into the pastoral charge of Chalmers' Church, Kingston, will take place on Thursday next, the 25th, at half past seven p.m. Professor Mowat is to preach and preside, Mr. Coulthart to address the minister, and Mr. Wilson the people. An adjourned meeting of the Kingston Presbytery will be held at 3 p.m. on the same day.

UNITED STATES.—The new Methodist Hymn Book, prepared by a committee of the General Conference, is completed, and has been accepted by the Board of Bishops. It contains 1,150 hymns, of which two-thirds were taken from the old manual. For the selection of the 400 new hymns, some 1,500 hymn books were consulted and carefully annotated. Every hymn in the collection has been traced back to its original source, and in most cases the original version has been restored.

ANOTHER BEQUEST.—St. James' Church congregation has suffered greatly during the past month with deaths. Among those mourned by kind friends was Ellen Hamilton, for many years the faithful servant of the late and for many more of the incumbents of the Church. She was a resident of Kingston for 45 years, and being frugal of her means, was enabled to make a will, leaving among less public legacies, a bequest of $100 in aid of the Parochial School House of St. James', now nearly completed. This is the third bequest to that church within fifteen months, besides an offering of $100 for the School House.

The Late Major Matthews.

With regard to our last night's report of the drowning accident on Thursday evening, we have since received full particulars, and hasten to remove any wrong impression that may have been conveyed by it. It seems that the immediate cause of the accident was an apoplectic stroke, and consequently the deceased, Major Matthews, sank without a cry. The waves at the time being very high, his absence was not noticed at once; but upon his not returning when called to immediate search was made by his brother, Mr. R. Matthews. After searching for fully half an hour, he came into town and at once returned with a few relatives and friends, accompanied by Dr. J.K. Oliver. The body was only recovered about 1 o'clock a.m., after a prolonged search. The accident happened about 9 p.m.

The Military College.

The following appears in the Militia General Orders:—The gentlemen undermentioned have been duly approved for admission as cadets to the Military College at Kingston: Herbert Montgomery Campbell, Fredericton, N. B.; George William Shaw, Quebec, Q.; William Robert Greig, London, Ont.; Edward Ford, Kingston, Ont.; Allan Wilmot Daniel, St. John, N. B.; Robert Edwin Kent, Kingston, Ont.; Ernest William Hubbel, Kingston, Ont.; Edmund Hazen Drury, St. John, N. B.; William John Graham, Everett, Ont.

BURGLARY AND SHOOTING.—The residence of Mr. Eldridge T. White, at Poplar Point, N. Y., near Sackett's Harbor, was burglarized on Thursday night. Mr. White was awakened and shot at three times by the burglar, one shot wounding him in the arm. The thieves escaped with a watch and small booty. Mrs. White, however, recognized one of them as a former servant, Edwin Clark, and he and his brother William were arrested next day at Sandford's Corners, whither they were traced. The *Despatch* says that the gentle William is a flashily dressed, bold graduate of Kingston Penitentiary.

POLICE.—John Ellis, a convict just released from the Kingston Penitentiary, where he spent five years for robbery, was charged with drunkenness. He was fined $2 and costs, and the magistrate told him if he found him around the city in the same condition again he would send him to the Central Prison for six months.

CAT FIGHT.—One of the fiercest cat fights on record is reported to have occurred yesterday. The "animiles" fought some twelve rounds, and would have scratched each other to death had not a member of the Society for the prevention of cruelty to quadrupeds interposed.

RIDING THE NIAGARA FALLS.—It seems that Blondin and all the race of acrobats are to be outdone in daring feats at the Niagara Falls. One venturesome fellow is now constructing a raft with which he expects to be able to ride the Falls in perfect safety—going down with the flood and floating away like one of its own bright bubbles. The raft is being built on scientific principles, and it is expected by the inventor that it will prove a complete success.

NEW REFORM.—Something new in the way of the reformation of criminals is promised from the State of Massachusetts. It is proposed to abolish the use of chaplains and to allow no religious instruction or any sort to be given within the walls of the State prison, "a teacher of morality" being substituted for the present chaplain.

THERE is no hotel in Boston that offers finer accommodations at such reasonable rates as the old "American." It occupies a fine location and on account of its eligible situation and most perfect ventilation, it is one of the most desirable and decidedly the coolest Hotel in the city.

THE CROPS.—"We question if ever in the commercial annals of the world, the cerial crops all over its surface, presented such magnificent prospects as they do now. The staples of life will be cheap enough for all during the coming year."

ST. GEORGE'S PIC-NIC.

A SPLENDID PROGRAMME FOR THE GAMES.

If Wednesday next be fine there will be plenty of sport at Channel Grove. The programme offers the following:—

Half mile race, handicapped; open to all; 1st prize, $5, from George Robertson & Son; 2nd prize, a gold ring, from J. D. Froiland.

One hundred yards dash, in two heats; open to members of St. George's Society; The President's prizes—$5 to first; $3 to second; $2 to third.
