MONDAY EVEN'G, SEPT. 3, 1877.

GOLD in New York at 3o'clock 103½

☞ *A. A. LEVEY, Wellington Street, is now offering CLOTHING AT COST. Call and be convinced before purchasing elsewhere.*

CITY AND VICINITY

PRACTICING.—Dr. G. H. Bowen has commenced the practice of his profession at Seeley's Bay.

THE s.s. Memphis arrived inward at 11:45 a.m., with 17 cabin and 1 steerage passengers.

FROM MORRISTOWN.—The little str. Harris arrived here this morning from Morristown with an excursion party.

PUBLIC SCHOOLS.—The Public Schools had an attendance of 1,400 on their re-opening to-day.

CAMPING.—The coolness of the weather is rapidly winding up the camping season. Tenting out is rather cold-shouldered business these nights.

POLICE.—Michael Johnson and James Padden, drunk and disorderly, were dismissed. Patrick McMillan, an insane man who escaped from the Hotel Dieu, was returned to that institution.

ARM BROKEN.—A number of men were last evening tossing up a lad named Hugh Mawhinney, on Ontario Street, when some of them missed holds and the boy fell heavily on the ground, breaking his left arm.

THE SMELTING WORKS.—A good many persons visit the Smelting Works and note with interest the progress that is being made. The chimney is almost up, and the building and furnaces are nearly ready for use.

THE CAPE BOAT.—The steamer coming from Cape Vincent will not call at Wolfe Island for the balance of the season. The water has fallen too low in the canal for navigation, and it is too far from the head of the island to make these connections.

NEW DOMINION.—Messrs. Dougal's "New Dominion Monthly" set out with Confederation, and as the country has gained so it has gained, and is now one of our most popular magazines. It may be termed the household friend, and as such it is favored by a great many people.

ST. GEORGE'S CATHEDRAL.—The ladies of the congregation propose having their sale for the benefit of the organ fund in St. George's Hall about the middle of October. Contributions of work, &c., may be sent to Mrs. Henderson, Mrs. Briggs and Mrs. Capt. McGill.

THE CARS.—A street car waits in front of St. George's Cathedral and St. Andrew's Church on Sunday evenings, and, when service is over, conveys many church-goers to their homes, notwithstanding the unfavourable sentiments expressed by several of the city clergy.

EVANGELISTIC MEETING.—The Evangelistic meeting at the Y.M.C. Association rooms last evening was well attended. The chair was occupied by Mr. Donald Fraser. Brief addresses were delivered by the chairman, Rev. Mr. McCallum and the Secretary. The singing was unusually hearty.

MESSRS. A. & S. Nordheimer, Toronto, exhibit a fine selection of Steinway, Chickering, Dunham and Haines Pianos, for a short time, at the store in the Golden Lion Block, next to Mr. McRae's. They invite inspection. In case the store should be closed, the key may be found at Mr. J.E. Huthchenson's, on Brock St

PROBABILITIES for the next twenty-four hours for the lower lake region: Fresh or brisk southerly to westerly winds, fair weather with possibly showers during the day. St. Lawrence, upper portion: Fresh westerly winds, fair weather with local showers. Maritime Provinces and lower St. Lawrence: Fresh to brisk winds, cloudy to rainy weather.

TO BROCKVILLE.—The Maud left for Brockville this morning on Mr. G. W. Creighton's ramble No. 2. The full limit of the tickets must have been used, since the boat looked well loaded, and four hundred persons must have been aboard. The day turned out somewhat unfavourable for out door pleasure.

RIFLE MATCHES.—A few days ago the Belleville *Ontario* suggested that the 49th team should come and scoop out the Kingston Rifle Association when their annual matches came off. The result of the recent rifle meeting in Toronto will indicate what sort of material the 49th will compete against when they do come down. The 47th team is ready for contest.

EXAMINATIONS.—A communication from the Department of Education, Toronto, states that entrance examinations to the Military College will not be considered equivalent to the intermediate examinations in High Schools and Collegiate Institutes. Query: What is the meaning of the section in the late School Act, authorizing the Education Department to declare equivalents to the intermediate?

GOSPEL TEMPERANCE MOVEMENT.—At the regular business meeting of the Y.M.C.A. this evening final arrangements will be made for the visit to Kingston of Rev. Mr. Haskall and Mr. Hurd, the gospel temperance advocates, who have been invited to come here in the third week of this month. It may also be intimated that Mr. Rine returns here to resume his temperance work about the 21st of this month.

THE Kingston club got a lively drubbing at Montreal on Thursday. As a consequence, they must now be classed among the 'vincibles.'—*Ontario.*

Kingston's credit is better than the average. They were beaten once in Montreal—the first defeat of the season—and won twice. Montreal had the honor of whipping the K.C.C., once, and of being whaled three times within three weeks.

WIND WAFTS.

—Stories of tall corn, big potatoes and heavy yields are cropping out.

—The song of Brigham's widow—We are twenty-seven.

—The Police Commissioners were to meet this afternoon.

—Mr. A.W. Moore is sketching up the Bay of Quinte.

—The painters of this city ought to stop daubing signs until they learn punctuation.

—The schools opened this morning the attendance was good. The High School had a roll of 90 pupils.

—The farmers have commenced threshing. Some of them have threshed out large yields of grain.

—Rev. E. P. Crawford, of Trinity Church, Brockville, has recovered his health sufficiently to resume his ministerial duties.

—Mild September has set in. If this temperature gets much colder we may expect a mild frost some one of these nights.

—The *Ontario* asks, was the Bliss memorial poem worth crediting? We should think so when our contemporary thought it worth copying.

—On Saturday and Sunday evenings the Inspector of Licenses is an interesting individual. Heads through the windows greet him on every hand.

—The Thousand Island Park Association has prospered this season, and the Watertown *Times* says the increasing popularity of the Park is evinced by the sale of lots this year to the amount of $4,200.

PULPIT ECHOES.

METHODIST CHURCHES.

In the absence of Rev. Mr. Galbraith, the pulpit of the Queen Street Church was occupied in the morning by Rev. James Brock, and in the evening Rev. Mr. Shaw, of the Wesleyan College, Montreal, preached eloquently in the Sydenham Street Church.

BROCK ST. CHURCH.

The services of the Brock Street Presbyterian Church was led yesterday by Rev. Prof. Mowat. We believe the pastor has entered a new relationship, upon the consummation of which he is to be congratulated by his congregation.

BAPTIST CHURCH.

Rev. J. Dyke, of College Street Church, Toronto, preached morning and evening in the Baptist Church here yesterday, Rev. G. Grafftey having gone to Montreal, where he will attend the annual Convention of the Church to which he is attached. It opens to-morrow.

Y.M.C.A. CONVENTION.

The annual convention of the Y.M.C.A. (for Ontario and Quebec, and the Maritime Provinces) will meet in Quebec on the 13th and continue in session until the 17th. Several members of the local Association will attend.

FIRST CONGREGATIONAL.

The Rev. A. McCallum preached morning and evening yesterday. The Rev. S.N. Jackson, the pastor-elect, and Mrs. Jackson were present, and were admitted and welcomed as members of the church by the above rev. gentleman on behalf of the church. The ceremony of installation of the new minister has, we believe, been fixed to take place in Wellington Street Church on Wednesday evening, and a social of the church and congregation will be held on Thursday.

WOMAN'S RIGHTS.—A correspondent writes: The first of series of lectures on the above subject, by Chas. A. Counter, took place on Saturday night at Sharbott Lake Hotel. Those who heard the lecture before pronounced this Charlie's grandest effort. There was an audience present of some two hundred ladies and gentlemen, with a fair sprinkling of the red men of the forest and their daughters who were highly charmed with Canada's own orator. The whole wound up by a grand Indian war dance and powwow and brilliant display of music on the violin, by Chief Sharbott and his brave big Antwoine. Immediately after the lecture a committee waited on Mr. C. Counter to induce him to give a number of lectures during the coming winter, which he kindly consented to do, to relieve the monotony of Sharbott Lake.

AN EXPERIMENT.—Messrs. D. McEwen & Son are putting the large iron tanks in the three master schooner Fanny Campbell, which has been bought for the coal oil trade. The vessel and her improvements have been visited by many interested persons. Mr. McMillan, of Montreal, must be sanguine of success when he will expend above $15,000 in the experiment of buying this vessel and fiting her out for a special purpose. The schooner will not likely do anything in the new line of business this year. She will trade directly between Sarnia and Montreal, being loaded and unloaded by steam. At Montreal a large tank is being built, sufficiently large to hold a vessel cargo of oil.

SCHOOLS OF GUNNERY.—It is announced in the last issue of the *Canada Gazette* that the paragraph relating to the transport expenses of men proceeding to join "A" or "B" Battery Schools of Gunnery, Kingston and Quebec, in No. 1, General Orders (27) 15th October, 1875, is cancelled. Transport Requisitions will, as heretofore, be issued by Deputy Adjutants General of Military Districts to non-commissioned officers or men proceeding, *bona fide*, to join "A" or "B" Battery. No travelling expense is admissible beyond the transport covered by the requisition.

OUR CHAMPIONS.—The majority of the cricketers have returned from Montreal, satisfied with the result of the recent tournament. They were asked to take in Ottawa on their return home, but they had to postpone a visit to the capital until some other time. The 47th team have also returned home flushed with the victories they achieved in the Ontario matches.

THE BOAT THIEF.—Garrison Terry, the boat thief, is not such a goose as some people took him to be, though he had St. Vitus' dance. He sold Gideon Spicer's boat to a person on Wolfe Island for $7, and then looked about him for medical attendance. He was in the Kingston hospital when detected and arrested.

SUICIDE!

A Young Man Hangs Himself.

Yesterday morning Joyceville, in the municipality of Pittsburg, was considerably agitated in consequence of the occurrence there of a case of suicide. James Joyce, a son of Mr. Patrick Joyce, had been ailing for some time, and latterly his illness had affected his brain, so that at times he was subject to insane actions. The young man had been under medical attendance, a patient of Dr. McGee, of Elgin. On Saturday he was in the city, ill, yet not so much so as to create serious apprehensions. A change came over him on Sunday morning, and he first did violence to his person by attempting to choke himself. This conduct naturally made his parents very uneasy, and his father proposed that he should go and see the physician. To this young Joice at first agreed, but afterward he declined to visit his medical attendant, and his father started alone. Shortly after—but a few minutes later—the son was seized with a second desire to destroy his life, and he wandered towards the bush on the farm. With a halter strap he suspended himself to the branch of a tree, and died by strangulation. He had been closely watched and when he was seen enter the woods and not return, search was made for him. He was seen in the distance, his feet touching the ground, and it was thought he was standing there; but as he made no move in response to repeated calls, his friends approached him, when they realized the position, but too late—he was dead. We may draw a veil over the sadness into which his household has been cast. Death, under any circumstances, is attended by much sorrowing, but wounds when self inflicted are the more lamentable. Deceased was a young man of very fine promise, and had but recently passed the majority of his manhood. The relatives on Sunday acquainted Dr. Barker, Coroner, with the above facts. The Coroner sent them back, saying that under the amended Coroner's law before a Coroner could hold an inquest, except under extraordinary circumstances, it was necessary for him to receive a requisition; consequently as the deceased's uncle, Mr. Matthew Joyce, was a magistrate, he should send a requisition signed by himself and six freeholders, and the coroner would next morning (to-day) hold an inquest. No requisition was sent, and no inquest was held.

EPISCOPAL ELECTION.

Messrs. Dawson Bros. have issued from their publication office a well printed pamphlet of over fifty pages, the work of S. E. Dawson, who, as the delegate from Christ Church Cathedral, Montreal, to the Diocesan Synod, and the Diocesan delegate to the Provincial Synod of Montreal, writes of "episcopal elections, ancient and modern—a study in ecclesiastical polity." The nature of the little book may be gleaned from the following extract from the preface:

"This study upon a subject which is now occupying the attention of the assemblies of the Church of England in Canada, is put forth, not as offering any new views, but rather for the purpose of collecting, in a convenient form, the opinions of learned writers upon a much disputed point of Canon law. Care has been taken to cite in all cases the authorities used, and writers of the churches of England and Rome have exclusively been referred to, because, upon such a point, they would naturally have more weight with Anglicans than non-episcopalian writers, no matter how learned the latter might be."

The Late Father Clune.

Rev. Michael Clune was born in County Clare, Ireland, and came to this country about the year 1850. He completed his theological studies at Montreal and was ordained priest in this city by the late Bishop Phelan April 23rd, 1854, where he remained as curate for about eighteen months, when he was appointed to the parish of Loughboro. During his stay there he made many improvements, and built the church now in use. After four years' residence in Loughboro he was appointed parish priest of Smith's Falls, where he laboured till his last illness. Though at first the Falls was a comparatively poor mission he built a church which is among the finest of the diocese. Finding his health failing he came to the House of Providence of this city, where he was tenderly cared for by the good sisters, and had with him almost continually the Bishop and priests. There will be a solemn requiem mass for the repose of his soul said to-morrow morning at 9 o'clock in the chapel of the House of Providence. The funeral will leave for the depot at 12 o'clock to-morrow. The last services will be celebrated at Smith's Falls on Wednesday morning at nine o'clock.

High mass was celebrated yesterday by the Rev. Father Twohey. The choir sang a plain chant mass. After the first Gospel the Rev. Father Leonard ascended the pulpit and, after the usual announcements, he read the gospel of the day, St. Luke, chap. XII., verses 11-17, where Christ raised from death the widow's son at Nain. The rev. gentleman alluded in very feeling and eloquent terms to the death of the Rev. Father Clune and appealed in most touching language to all the faithful present to pray for the repose of his soul. The sermon of Father Leonard was a most eloquent effort and was listened to with breathless attention by the large congregation.

CLOSED.—The Sunday School Parliament closed last evening. Bishop Fallowes preached the concluding sermon last evening, Rev. Mr. Crafts having been called off suddenly to Chicago.

K.C.C. IN MONTREAL.

Another Success for the Local Team.

On Saturday the last of the series of matches the K.C.C. had arranged for in Montreal took place on the grounds of the St. George's C.C., a large spacious field and just the thing for cricket, when the ditches are filled up and the hills, which abound in the outer field, are removed. The wicket, however, was good, and being something like our own, the boys got at home almost from the first. Just to inform our readers of the length of time Kingston stuck at the bat we may say that the St. George's found it necessary to put on no less than seven different bowlers, which shows they were pretty well collared. Montreal having won the toss, sent Kingston to the bat at about eleven o'clock, and they remained there until some time after three, a half hour for lunch being the only interruption. The home team, did particularly well in this game, as the following individual scores will show: Bailey 31, Jones 21, Smith 15, Galloway 14, and all secured by good batting. On account of the bad ground, and the fast bowling, Kingston was enabled to secure about forty-two extras, the total score having reached the handsome figure of 151 runs. The best two on Kingston's side were unfortunate in being run out or a score of 175 would have been reached. The St. George team then came to the wicket, and owe nearly their total score to Pinkney and Scott, who batted very prettily for the runs they secured, their last wickett polling about half past five, for 67 runs leaving Kingston ahead by 84. The St. George team followed their innings, and when time was called had succeeded in scoring forty runs for two wickets. In this innings Bailey and Smith alone bowled. We don't think ourselves prophets, by any means, but feel no hesitation in saying that had Galloway been put on to bowl in the 2nd innings, less runs would have been scored, if no more wickets had fallen. Our boys evidently were well treated, and enjoyed their trip to the fullest extent. On account of the score sheet not having reached us, we are unable to give it in details, but will do so to-morrow, with all the particulars.

WHIGGINGS.

—Has Sitting Bull crossed the lines or not?

—Mr. Laurier is spoken of as Mr. Cauchon's successor.

—The Chicago *Tribune* reports that a considerable number of sailors in that city have been sufferres from the failure of the State Savings Institution.

—The Demolishing of the Jesuits' Barracks is still proceeding, and gangs of men are now at work with battering rams, trying to bring down the solid masonry of the outer walls.

—A man named Daquette, of St. Johns, is under arrest in Montreal on a charge of incendiarism, and that he has confessed to the firing of three properties in St. Johns in consideration of a bribe paid to him.

—No intelligence has been received at Winnipeg of Lord Dufferin since his reception by the French half-breeds at Point de Chene on Wednesday, which was particularly hearty.

The Company Match.

The *Globe* says the protest against the first prize in this match being awarded to No. 5 Co. of the 47th Battallion of Kingston, to which reference was made on Saturday morning, has been allowed by the Executive Committee of the Council. The first prize therefore goes to No. 1 Co. of the 13th Hamilton Batt.; the second to the No. 1 Co. of the Guards; the third to No. 4 Co. of the 35th Batt., of Barrie; the fourth to No. 1 Co of the 49th Batt, Belleville; and the fifth to No. 1 Co. 10th Royals. We may add that the protest was based on the alleged fact that Sergt.-Major Strachan could not be called a member of the Company tho' always enrolled in it, doing his drill with it, and drawing his pay with it.
