MONDAY MORNING, JAN'Y 23, 1865.

New York, Jan'y 21, 1865.
The price of gold to day was 202.

KINGSTON MARKETS.—The Market on Saturday was very well attended by farmers. The sleighing being very good accounts for the good attendance. Grain was plenty and sold at 90c for wheat, 65c for peas, 45c for oats 60c for rye, 62c for barley and 43c for buckwheat. Beef was plentiful also, and some fine meat was on the market, with prices from $4 to $5. Pork plenty at $6 to $6.50. Fresh Butter brought from 17c to 20c per lb. Hay was sold at from $10 to $12, and Straw very scarce, at $8.

GARDEN ISLAND RINK.—The Garden Island Protestant Brass Band played on the Garden Island Rink on Friday evening.—There were a great many on the rink, which had the appearance of a carnival.

LOCOMOTIVES.—The Canada Engine and Machinery Company have no less than seventeen locomotives in process of manufacture, all of which are to be completed this year.—These, however, are only a portion of what will be done in this one branch of the establishment in 1865, and give some idea of the large amount of work which the entire establishment is capable of turning out. All the iron work—engines, boilers, &c., of Mr. Gildersleeve's new iron steamer is being made by this Company.—News.

SARNIA RAILWAY.—The traffic on this line for the past month has experienced an amount of depression common to its contemporaries. The company are compelled to reduce the travel accommodation to one train per day and even that is illy supported, so light has business in the action become. The branch has suffered severely from detention of trains by snow-drifts, which are especially obstructive from the close proximity of forest on either side of the track. The train on Saturday was three hours' off time; locomotives with snow-plows have, however, been dispatched from the G. W. Station here, and on the removal of the obstructions, business will in a measure become more animated.—London Free Press.

LEAD IN MARMORA.—We have been informed by a gentleman well known to Canadians as the author of the "past, present, and future" of Canada, that a most valuable Lead mine has been discovered in the Township of Marmora. Altho' several beds of Lead ore have already been discovered in this locality one so rich and important as the one to which we refer has ever been struck. The specimens of ore submitted for examination, do not appear to contain over 50 per cent. lead; but we have been assured by Mr. Smith, who is now organizing a company to work the mine, that it contains at least 85 per cent. of pure metal. He says 40 per cent lead in the raw ore would pay well, and the only drawback to making the mine the best paying in America is the difficulty of transit to the front. Coburg is to be the head quarters of the company, as there is some hope entertained that our Railroad will again show signs of life, and it is the natural channel of trade from the lead mines to the lakes. All the machinery for working the mine has been provided, and a smelting furnace is in the course of operation.—Coburg Paper.

FEDERAL CURRENCY.—The inflation of the Federal currency is beginning to attract the serious attention of all thinking men in the North, and as the Customs receipts have fallen short of the gold payments for interest, the Government must soon go into the market to purchase the gold of which it will soon be deficient. A dead lock consequently seems to be rapidly coming about, which can can only be obviated by further issues of irredeemable paper, or the emission of gold interest-bearing bonds—a measure which would increase the difficulties of the Treasury, and notwithstanding its advantages over irredeemable currency, also, for the reasons indicated, drive up the price of gold. Mr. Fessenden is, therefore, placed on a horns of a dilemma, and hesitates to recommend the Congress to take decisive action in the premises. His necessities have, however, forced him into the market, and Mr Stevens has introduced a bill into Congress authorising him to issue treasury notes, bearing five per cent interest, to the amount of $400,000,000. The measure will probably pass, and the government paper in circulation will consequently be increased to about $1,071,254,288, apart from the circulation of the State and National Banks. As Mr. Fessenden will be obliged to borrow $800,000,000 more within the next twelve months, it is clear that further speculation must then take place and the price of gold go up, unless peace soon takes place,—a contingency as yet, in our belief, very remote.

POLICE COURT.

Saturday, Jan. 21st.

Patrick Flanigan, charged with drunkenness, was discharged, it being his first appearance before the Court.

Jane Taylor, the old apple woman, was charged with vagrancy, and sent to gaol for 60 days.

We find in Ayer's American Almanac, (now ready for delivery gratis, by R. H. Parker) the remarkable statement that the temperature of the earth has not diminished more than 1-30th part of one degree Fahrenheit for 2000 years. To our enquiry how he could make such an assertion, Dr. Ayer writes us the following answer:—"Hipparchus gives the exact record of an eclipse in his time. This enables us to measure with extreme accuracy the earth's diurnal revolutions since to any eclipse now. Diminution of its heat would by concentration, shorten its axis and consequently its time of revolution on its axis. The data show that this change has been only such as I state it, mathematically and indisputably true."—(New York Journal.

HEALTH AND PURE BLOOD ARE INSEPARABLE.—Recollect that all sickness arises from impurity of the blood, and that Judson's Mountain Herb Pills will as surely find out and cleanse these impurities from the system, that disease cannot exist. So simple are the herbs and plants that compose them, that it is not necessary to have them sugar coated in order that the stomach can bear them. In most cases, Pills are sugar coated because the materials of which they are composed are so griping and malignant, that otherwise a delicate stomach could not bear them.

These Pills deal with the disease as it is, and will not only cure by removing the cause, but will build up and restore the broken constitution. There are many who have so trifled with their constitutions that they think medicine will not help them; let no' even these despair; incredulity and skepticism is overthrown by a host of testimony which is truly irresistable. At first the virtues ascribed to the Mountain Pills were deemed fabulous. The public had been so often deceived that they could not believe the simple truths put forward by their discovery. Yet facts undeniable, attested by witnesses of the highest character and respectability have proved, and are proving each day, the virtues of this mighty healer. They mark, by their miraculous efficacy and power a new era in medicine.

The New York Tribune says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size.—At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

" * * * I owe much to you, for I verily believe the Plantation Bitters have saved my life."
REV. W. H. WAGGONER,
Madrid, N. Y."

" * * * Then will you send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use.
Thy Friend, ASA CURRIN,

" * * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.
REV. J. F. CATHORN,

" * * * Send us twenty four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.

" * * * The Plantation Bitters have cured me of a derangement of the kidneys and the urinary organs that has distressed me for years. It acts like a charm.
C. C. MOORE,

New Bedford, Mass., Nov. 24, 1863.
DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner.—Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.
Respectfully,
JUDITH RUSSEL."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them.—They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

Every bottle for exportation and sale out of the United States has a metal cap an green label around the neck.

Beware of refilled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.

DR. CHEESEMAN, of New York, has devoted the last thirty years of his practice to Female Complaints. His Pills act like a Charm. They are reliable and safe.

AYER'S CHERRY PECTORAL.

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

SO wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too apparent to escape observation, and where its virtues are known the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon our community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget and produced cures too numerous and too remarkable to be forgotten.

We can only assure the public that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named furnish gratis our American Almanac in which they are given; with also full descriptions of the complaints they cure.

Those who require an alternative medicine to purify the blood will find Ayer's Comp. Ext. Sarsaparilla the remedy to use. Try it once and you will know its value.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., and sold by E. H. Parker, Kingston, and all Druggists. Northrup & Lyman, Newcastle, General Agents. 2m287

NEW YORK.

THE Subscribers desire to intimate that they have leased this popular hotel, for so many years the well known favourite resort of the Canadian Public, while under the management of Mr. Howard, and have, regardless of cost, re-fitted and re-furnished it anew throughout. Situated in the very centre of the business part of the city, the Howard Hotel offers many advantages and conveniences to commercial men, not enjoyed by the up town establishments, while the accommodation, comfort and attendance will be found equal to that of the best hotel in the city. They have spared no expense to place the house in the very first rank of Hotels, and trust, by attention, perseverance, and moderate charges, to merit a share of the patronage so long and so deservedly enjoyed by Mr. Howard.

Mariner, Consulting Chemists, Chicago, all of whom have analyzed the Catawba Brandy, and commend it in the highest terms, for medicinal use.

ANALYSIS OF THE MASSACHUSETTS STATE ASSAYER, JAN. 25, 1858.

When evaporated through clean linen it is free of oil or offensive matter. In every respect it is a PURE spirituous liquor. The oil which gives to this Brandy its flavor and aroma, is wholly unlike fusil, or grain oil. Its odor partakes of both the fruit and oil of grapes. With acids, it produces ethers of a high fragrance. The substitution of this Brandy for Cognac Brandy will do away with the manufacture of fictitious spirits, sold under this name both at home and abroad.
Respectfully,
A. A. HAYES, M. D., Assayer to State Mass.,
16 Boylston St.

BY THE SAME, IN 1864.

I have analyzed "L. LYONS' PURE CATAWBA BRANDY," with reference to its composition and character, being the same as that produced in past years. A sample taken from ten casks afforded the same results with regard to purity; a slightly increased amount of the principle on which its flavor depends was determined by comparison with former samples.

The indications of analysis show that this Brandy is produced by the same process as most of the imported Brandy.
Respectfully,
A. A. HAYES, M. D., State Assayer,

The "Grovesteen Piano Forte" received the highest award of merit over all others at the Celebrated World's Fair.

Where were exhibited instruments from the best makers of London, Paris, Germany, Philadelphia, Boston and New York; and also at the American Institute for five successive years, the gold and silver medals from both of which can be seen at our ware room.

By the introduction of improvements we make a still more perfect Piano Forte, and manufacturing largely, with a strictly cash system, are enabled to offer these instruments at a price which will preclude competition.
