The following lines were written by a daughter of the Rev. J. Bull, of Odessa, to be read before the Lodge of Good Templars in that place. I have begged them of her that you may publish them, as I consider them well worthy of it.

D.

OCCASIONAL PROLOGUE DELIVERED AT A MEETING OF THE ODESSA TEMPLE.

Once more we greet you—joyful to renew
The friendship that are while was bright and true,
For lone remembrance musing in her cell
Has often looked behind, as loving well
Those white-winged evenings of the social spell.
Has sorrow touched some heart since last we met?
Has some one suffered never to forget?
In this probative vale of good and ill,
Where the first serpent seeks some garden still,
It were most strange if in an eight-days' flight
No friend should see extinguished some dear light,
Some radiant hope, some vision of the heart,
Which 'tis great joy to hold, great grief to part!
We trust that our commingled efforts here
Will elevate us to a brighter sphere,
Till like an aronaut from cloudless height,
We see earth's darkness ebb beneath our flight.

The season of the golden wing has fled—
The robin's song is hushed, leaves, flowers are dead!
But here it is our aim to recreate
A blooming world of never-fading state,
Where life's elixir all may partake.

But should we fail this lofty mark to hit,
Spare us, dear critic, stay your caustic wit,
And our defects with lenity pass by,
And credit give according as we try.;
We do our best, the best can do no more,
Whether we flutter low or lofty soar.

Here music in sweet accents will assay
To drive the dullest of our cares away,
And poetry, the witchery of thought,
Will cancel what a sordid world has wrought;
While sober prose, with face of honest cast,
Will strive to hold your restive feelings fast,
Till lessons grave and true are etched within
A little deeper, trust we, than the skin.

Here jolly humor, with the puffy cheeks,
(Who would not listen when his lordship speaks?)
He shall have place to tickle whom he can,
Till mouths stretch wide, and prudery bites her fan.

Thus having catalogued some spicy fare,
The rest you must imagine, but beware,
If any portion chance to please you not,
(A friendly hint should never be forgot)
Decline the morsel with becoming grace,
And let no squeamishness distort your face,
For some near neighbour may accept as best
The very thing, perhaps, which you detest.

To please you all and give offence to none
Shall ever be the prize for which we run,
And if thus fortunate, 'tis ours to share
The soul's soft moonlight, and the placid air
That still is felt wherever mankind deigns
To smile approvingly. Our stock of brains
Shall be wrung out with pleasure, that the hours
May speed away like frail, sweet-scented flowers.

But while I multiply a string of rhymes
Time flies, and time, Ben. Franklin says, is dimes.
His shrewd philosophy I frankly own,
And therefore check my pipe's monotonous drone
For others far superior in their tone.

LATE FROM QUEBEC.

Quebec, Jan. 24.

Recent advices from Washington indicate an unsatisfactory state of feeling there towards Canada, with little prospect at present of any change for the better. It appears that additional offence was given to the American Government by the decision of Judge Smith to postpone the St. Alban's case for a month, in order that the defence might procure evidence from Richmond.—Mr. Seward, it seems, will be satisfied with nothing less than prompt and unconditional acquiescence on the part of Canada to any demands he may make; and unless this is done, he is determined to resort, in retaliation for supposed wrongs, to what will prove complete non-intercourse between the two countries. Not only is the passport system vigorously enforced, but every impediment is thrown in the way of trade across the frontier, so that the transportation of American produce, as well as passengers, through Canada is virtually stopped. These checks are so effectually securing the object desired that the railway authorities declare that if they continue all intercourse between Canada and the States will be completely stopped within sixty days. Our Government is doing all in its power to remove the obstacles which have led to this state of affairs; and in the opinion of some is even subservient in its bearing towards the American Government. But it would appear that the more it lends itself to the purposes of that Government, the more tightly are the lines drawn of which so much complaint is made.

The proposition made to day to vote $50,000 for the St Alban's banks, as well as the suspension yesterday of Judge Coursol, and the known desire of the Government to influence the decision in the case of the St. Alban's raiders, if it can, ought surely to satisfy the American Government that it can obtain in Canada justice and more than justice; but it appears to regard these acts as extorted by threats, for it gives no reason to suppose there will be any relaxation in the stringency with which the passport order and other obstructive measures are being carried out.

The bill to prevent outrages on the border has not been finally completed in all its details. They are being discussed this evening in the Executive Council; but the general tenor of it is to give power to the Government to seize all ships or munitions of war which it is supposed are to be employed against the United States, and to arrest and send out of the country all aliens suspected of being engaged in acts of hostility against that country. The power of arrest in such cases will be vested in the Executive alone, and magistrates will have no increased jurisdiction or authority. The privileges of habeas corpus will not be interfered with, and I presume, although I do not know that it has been so determined, that any person arrested will have a right to demand a habeas corpus, and have the question of his guilt or innocence of the offence charged against him judicially investigated. If it were otherwise proposed, the measure would be manifestly unjust; for it would permit of any Southerner in Canada being arrested and sent out of the country upon being denounced by any of the horde of Yankee spies that infest Canada.—Leader's Correspondent.

LATE FROM MONTREAL.

Montreal, Jan. 24.

Messrs. Pape & Co.'s dry goods store, McGill Street, was burned down to-night in a few minutes. The two upper flats were ablaze when the fire was first discovered, and the store was soon gutted. Being the centre of the block, there was great difficulty in confining it. It is said that the store was closed only a few minutes before. It was well insured in the Royal, &c.

Mr. Dessaut, M.P.P. for Two Mountains was admitted to bail to-day, himself in £1,200 and two securities in £600 each.

Mr. Starnes declined the Mayoralty at a census this evening. An attempt was made to select Ex Sheriff Delisle, but there were only six votes for him.

Montreal, Jan. 24th.

The names of the men drafted are published to-day. Nothing else is talked of. The balloting is a great sham. For instance, in one boarding house every male, sixteen in number, appear together in the list. Boys, very old, invalid and dead men appear. Not half of the list is serviceable.

*** The same farce was enacted in this city a few days since, and many of the balloted persons are at the present time serving in the federal army. It would be impossible to put this ballot into effect as three out of every five could not be found.

ANOTHER LARGE FIRE IN LONDON.

London, Jan. 24.

Between 3 and 4 o'clock this morning a fire broke out in the store of Mr. Thomas H. Buckley, grocer, which soon communicated to the adjoining stores, occupied by R. J. Manning & Williams, druggists; John Beattie & Co., dry goods; Beitz, hatter, and Williams, bookseller. Buckley's, Manning's, and Beattie's stores were completely destroyed. Buckley is insured for $6 000; Manning for $4 000; Beattie for $23,000; Stead, owner of Beattie's store, $2,000—Ashberry, Beitz & Egan, $4,000. The total loss will be between $40,000 and $50,000, which is fully covered by insurance. The following companies will be heavy losers:—Phœnix, Liverpool and London, North British, Royal and British American, London and Lancashire. The origin of the fire, is as usual, a mystery. Coroner Moore has summoned a jury to investigate the matter.

NEWS OF THE DAY.

BOARD OF SCHOOL TRUSTEES.

A first meeting of this Board took place in the Council Chamber on Tuesday evening. Wm. Ford, junr., Esq., was re-elected Chairman. Mr. Wm. Armstrong was re-appointed Secretary. Mr. Lannigan was re-appointed Messenger. There was no appointment of Superintendent of Education. The usual Committees were appointed. Mr. Massey still continues to officiate gratuitously as Chaplain. The Secretary now keeps his office at the Mechanics' Institute.

☞ The sales of Broad Clothes, Beavers, Tweeds, Table Cutlery, Electro-Plated Ware, Gold and Silver Watches, &c., &c., will be held by Mr. Devany to-morrow morning at 10 o'clock, in the afternoon at 2, and 7 in the evening, in the store of Mr. D. McKay, corner of King and Brock Streets.

London the Little.—The Forest City must be a very queer place to live in. Its prominent citizens are everlastingly getting into trouble. After one or two accusations of assault, its late Mayor was accused of bigamy, and according to the local press, triumphantly acquitted by the examining magistrates. A prominent merchant is taken up for forgery, and not only is he triumphantly acquitted by the same parties but a public supper is given to him. Doubtless these gentlemen are wholly innocent; nevertheless, the evidence is published in both cases at length, and a stranger reading it, and not knowing the facts or the parties, would be very much inclined to think there was no triumph at all in these acquittals, and that the matters should have been left to a Jury.

LATEST FROM THE SOUTH.

EX-PRESIDENT PIERCE A PEACE COMMISSIONER.

Washington Jan. 24.—Ex President Pierce is hourly expected here, and is said to be one of the peace commissioners.

The Richmond Whig thus states the result of the South making war against the nation, attributing the horrors to the Yankees: "Our outraged woman, our homeless babes, our sons untimely slain, our blackened homes, our leagues of desolated land, our battered cities, our slaves in arms against us, our prisoners murdered in cold blood, or pining year after year in Northern dungeons—all tell us what the Yankees are at heart."

Gold has reached in Richmond thirty five hundred per cent premium.

The Mobile Register, Jan. 18, says the people absolutely decline to bet with the odds forty to one on the success of our cause, and the honesty of our government and people.

The Tribune's Washington special says: When Blair returned from Richmond he exhibited a letter from Jeff. Davis, saying whenever the President of the United States would receive commissioners from the government of the Confederate States to negotiate for peace, he would appoint them. He accompanied the assurance with a declaration of his own desire for a speedy termination of hostilities. Mr. Lincoln permitted Mr. Blair to return, carrying with him a letter written to himself by a member of the Cabinet, which repeats in substance the assurance contained in the President's letter "to whom it may concern." This is all Mr. Blair has taken to Richmond. The government holds precisely the position it has always held, and believes it can conquer a peace within a reasonable time.

The Times' Washington special says:—It is generally understood now that Blair did not go in any sense as a representative of the Government to Richmond, and that he is not authorized to encourage the hope that any overtures for peace will be made or accepted, which look, however remotely, toward a division of the Union, nor is it believed the rebels are yet prepared to treat on any other terms. Popular sentiment has overrated the desire of the rebel government for peace. When their armies are destroyed they will make peace. Mr. Blair has not returned.

The government has been assured that the Canadian authorities have determined to remove all causes of dissatisfaction on the part of this country, growing out of recent occurrences Judge Coursol will be removed. This will probably lead to a speedy abrogation of the passport system.

New York, Jan. 25.

Savannah papers of the 19th inst., are received. The news of the fall of Fort Fisher had reached that city, occasioning great rejoicing among the troops. There is nothing new in the papers.

Portland, Jan. 25.—The steamship Damascus, from Liverpool 5th, via Londonderry 6th, has arrived.

Boston, Jan. 15.—The steamship Canada arrived here at 1 a.m.

Washington, Jan. 25.—The Star says despatches received here state that yesterday morning at 2 o'clock a rebel fleet of five vessels, the Richmond squadron, so long being prepared, came down the river to destroy our depots and works at City Point. The high water caused by the freshest enable them to pass the obstructions which our commands had placed above City Point for the better protection of the place. A battle quickly ensued between the rebel fleet and our nearest battery or fort, in which one of the rebel vessels was blown up, and instantly and entirely destroyed, while two others were so badly damaged by shot and shell, as to compel them to seek safety by speedy flight back in the direction of Richmond, accompanied by the two others which escaped damage to speak of.

BOARD OF TRADE.

The Annual Meeting of the Kingston Board of Trade was held in the Mayor's Chamber, City Hall, on Tuesday evening.

The Secretary was directed to inform Mr. Jones that as two appointments had been made prior to the receipt of his application, the Board did not at present consider any greater number necessary.

A letter was read from Mr. H. S. Macdonald, inclosing bond and recommendations as an Official Assignee, and on motion of Mr. H. Cunningham, seconded by Mr. Carruthers, the appointment of Mr. Macdonald was confirmed. It was agreed that the bond of Mr. Macdonald should be subject to the approval of the President.

Some correspondence between the President of the Board, and the President of the Board of Trade at Montreal, relative to the appointment of Mr. Watson as Official Assignee at Brockville, was read. On motion the appointment was concurred in.

A letter was read from Mr. T. Robinson, of Napanee, applying for the appointment of Official Assignee, and enclosing recommendations from merchants and traders of Napanee. On motion of Mr. Kinghorn, seconded by Mr. A. Livingston, Mr. Robinson was appointed Official Assignee, and his securities were approved of.

Applications to be appointed Official Assignees for the County of Prince Edward were read from Nelson M. Bockus and Eye Randall, of Picton. On motion of Mr. T. Hendry, seconded by Mr. R. M. Rose, Mr. Bockus was appointed Official Assignee.

On motion of Mr. H. Cunningham, seconded by Mr. G. S. Hobart, it was resolved that a fee of $5 be paid by each of the Official Assignees to the funds of the Board on his appointment.

A circular from the Board of Arts and Manufactures for Upper Canada was read and laid on the table.

The Board then proceeded to the election of Officers for 1865. The following was the choice of the members:—

President, Mr. E. Berry; Vice-President, Mr. J. Carruthers; Hon. Secretary and Treasurer, Mr. G. S. Hobart: Rec. Secretary, Mr. J. Shannon.

EXECUTIVE COUNCIL.

Messrs. E. Berry (President), J. Carruthers, G. S. Hobart, R. M. Rose, Thos. Hendry, G. M. Kinghorn, Henry Cunningham, A. Livingston, and John Fraser.

Mr. Rose suggested that the Board should appoint an Inspector of Pork and Beef, and gave notice that he would move for the appointment at the next meeting of the Board.

Mr. George Creighton and Mr. George Robertson were proposed as members of the Board.

Mr. Carruthers referred to the expiring of the Reciprocity Treaty, and announced that he would bring the subject before the Board at its first meeting.

It was resolved that the Secretary be requested to prepare a memorial to the Attorney General, deprecating the preferences given to judgment creditors over other creditors, and submit the same at the next meeting of the Board.

The Board then adjourned.

POLICE COURT.

Wednesday, Jan. 25th.

Before Dr. Robison.

Jimmy McKeown, was brought up charged with being a vagrant and promised that if his Honor would let him go this time he would never, never trouble him again. The magistrate said, Jimmy you can go (here Jimmy's face showed a good smile) to Mr. Corbett for 60 days. Jimmy made his exit with the laugh turned to a ghastly grin.

A supposed Raider or Fenian was found this morning in a gateway on Wellington street. The Police made a minute inspection and found he was only a common case.

The Carters.—Some eight or nine of the carters refused to pay their license and were summoned before the Police Magistrate, but did not put in an appearance. They seem to be determined to get off, without pay. The Police Magistrate, therefore gave orders to the Police to procure the names of those who have not paid and turn them off the stand, and also to keep them off till they pay.—Probably as soon as they see their mistake they will pay their license.

Health and Pure Blood are Inseparable.—Recollect that all sickness arises from impurity of the blood, and that Judson's Mountain Herb Pills will as surely find out and cleanse these impurities from the system, that disease cannot exist. So simple are the herbs and plants that compose them, that it is not necessary to have them sugar coated in order that the stomach can bear them. In most cases, Pills are sugar coated because the materials of which they are composed are so griping and malignant, that otherwise a delicate stomach could not bear them.

These Pills deal with the disease as it is, and will not only cure by removing the cause, but will build up and restore the broken constitution. There are many who have so trifled with their constitutions that they think medicine will not help them; let not even these despair; incredulity and skepticism is overthrown by a host of testimony which is truly irresistable. At first the virtues ascribed to the Mountain Pills were deemed fabulous. The public had been so often deceived that they could not believe the simple truths put forward by their discovery. Yet facts undeniable, attested by witnesses of the highest character and respectability have proved, and are proving each day, the virtues of this mighty healer. They mark, by their miraculous efficacy and power a new era in medicine.

AYER'S CHERRY PECTORAL.

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too apparent to escape observation, and where its virtues are known the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon our community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget and produced cures too numerous and too remarkable to be forgotten.

We can only assure the public that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent ther names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The agents below named furnish gratis our American Almanac in which they are given; with also full descriptions of the complaints they cure.

Those who require an alterative medicine to purify the blood will find Ayer's Comp. Ext. Sarsaparilla the remedy to use. Try it once and you will know its value.

The New York Tribune says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size.—At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

New Bedford, Mass., Nov. 24, 1863.

Dear Sir:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner.—Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,
JUDITH RUSSEL."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them.—They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of refilled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.

We find in Ayer's American Almanac, (now ready for delivery gratis, by E. H. Parker) the remarkable statement that the temperature of the earth has not diminished more than 1-306th part of one degree Fahrenheit for 2000 years. To our enquiry how he could make such an assertion, Dr. Ayer writes us the following answer:—"Hipparchus gives the exact record of an eclipse in his time. This enables us to measure with extreme accuracy the earth's diurnal revolutions since to any eclipse now. Diminution of its heat would by concentrating shorten its axis and consequently its time of revolution on its axis. The data show that this change has been only such as I state it, mathematically and indisputably true."—[New York Journal.
