MONDAY MORNING, SEPT. 4, 1865.

LETTERS & TELEGRAMS.

T. D. H., Quebec; W. F., Quebec.

Public Meetings, Amusements and Sales This Day.

RECORDER'S COURT opens this morning at ten o'clock at the Court House.

CITY COUNCIL meets this evening at eight o'clock in the City Council Chamber.

PROVINCIAL PARLIAMENT.

LEGISLATIVE COUNCIL.

Quebec, Aug. 31.

Mr. Bosse introduced a bill to limit the application of a hypothetic created by Daniel McCallum and wife;

Also, a bill to authorize the Fabrique of the parish of Notre Dame, Quebec, to borrow a sum of money;

Also, a bill to amend the Municipal Law of Lower Canada.

On motion of Mr. Shaw, the Brockville and Ottawa Railway bill was read a third time and passed.

Mr. Currie moved an address for correspondence relating to the bridge across the Welland Canal on St. Paul street, St. Catharines.—Carried.

Mr. Macpherson moved a series of resolutions relating to the settlement of our wild lands, affirming that the Crown Lands of the province should be thrown open to actual settlers, and free grants made of them. He contrasted the policy of the United States in offering their lands as free grants with the policy heretofore pursued in Canada. He quoted largely from the immigration returns of both countries, showing that since 1832 the United States had received some four millions seven hundred thousand immigrants against seven hundred thousand who came by the St. Lawrence. Much of the large balance against us he thought might be fairly attributed to the difference in our respective land policies. He thought it was time we should take some steps to attract immigration and prevent the exodus which was taking place from the province. Giving land free to actual settlers would, in his opinion, have a very good effect in the desired direction.

Mr. Alexander seconded the resolutions. He fully concurred in the views of the mover. Some energetic steps were necessary to restore the current of immigration, and he thought the government would gain more in the increased consumption of dutiable goods and the production of agricultural products than they would lose by giving lands free.

Mr. Macdonald said the difficulty which political economists had generally to contend with had been to provide for their redoundant populations. Ours was exactly the reverse. Our resources were far in advance of our population. We had land in abundance, and wanted people to inhabit and cultivate it. Let the lands be given free to actual settlers, with only such restrictions as would ensure residence and cultivation. He had no fear of the result. He believed it would add so largely to the agricultural resources and population of the country, that the amount lost by not charging a price for the lands would be amply made good to the Government and the country.

Mr. Campbell did not concur with the views of the mover. The House must count the cost of such a sweeping measure. The lands in the Nipissing district were already offered at one shilling per acre. He was himself in favor of giving the lands in the central portions of the upper province to actual settlers, at a reduced price, reserving the timber dues and doing away with the system of settlers licenses. The amount of arrears due on Crown Lands was very large, amounting to some nine millions of dollars in the province, and the collection of these arrears would be seriously jeopardized by the proposed measures. He trusted that the gentleman would not press the motion.

The debate, on motion of Mr. Ross, was adjourned till Monday.

LEGISLATIVE ASSEMBLY.

Quebec, August 31.

In the afternoon, Mr. Macdougall introduced a bill to enable the Trustees of St. Andrew's Church, Brantford, to dispose of the glebe thereto belonging.

Mr. Wallbridge introduced a bill to authorize the Law Society to admit Martin Dunsford as a Barrister.

Col. Haultain introduced a bill to continue for a limited time the act authorizing the employment of military pensioners as a local police force.

Mr. Thompson moved an address for reports made by the Indian department, &c., relating to the Grand River Navigation Company.

Mr. Archambault moved an address for copies of all claims and accounts of G. Jackson, Esq., and others for services as advocates and representing the Crown in prosecutions.—Carried.

Mr. A. Mackenzie moved the appointment of a select committee to ascertain and report the reasons why the officials of the Buffalo and Lake Huron and Grand Trunk Railways have not obeyed the order of this House of 25th January last, calling upon them to furnish certain returns.—Carried.

The following bills were read a third time and passed:

To amend the Upper Canada Law respecting master and servant.—Mr. Amos Wright.

To amend the Lower Canada act respecting abuses prejudicial to agriculture.—M. Bellerose.

To amend the act respecting the collection of school rates.—Mr. Laframboise.

To secure to wives the benefit of assurance on the lives of their husbands.—Mr. Munro.

After the recess,

M. Caron presented the final report of the St. Hyacinthe election committee, declaring the sitting member, Mr. Raymond, duly elected; and that neither the petition nor the defence was frivolous or vexatious. The committee further report that they regretted to be compelled to direct attention to the illegal conduct of certain persons. In the first place, to that of a member of the Legislative Council, who took a very active part in the election, inviting persons to drive to the polls, and openly kept lists of persons so driving voters and paid them, and kept houses of public entertainment open during the polling days; and, in the second place, to the conduct of a member of the Legislative Assembly, who had also acted illegally.

M. Erle Dorion said the motion he was about to make had for its object the laying upon the table of a report of all the proceedings of the committee on the St. Hyacinthe election. The committee had unanimously decided this morning to report the whole proceedings, but this happened to be contrary to the statute and could not be done, only certain parts of the proceedings could therefore accompany the final report.

M. A. Dorion said the Attorney General East seemed to receive this matter with much levity. This was a grave matter, and the government should state what they would do.

M. Cartier said the government could do nothing till the papers were laid before the House. He also spoke of the matter as a very grave one; when a member of another Chamber interfered in this unwarrantable manner. The House should mark its horror of such proceedings.

The House went into committee on the civil code. Several amendments were made, and the 3rd reading was ordered for Friday.

The bill for quieting titles to real estate in Upper Canada, and to enable aliens to transmit and take real property in this Province by descent was passed.

The bill in reference to the qualifications of Justices of the Peace was read a second time.

The House adjourned at 12:15.

Quebec, Sept. 1st.

Mr. A. McKenzie presented the report of the Committee appointed to enquire why the Buffalo and Lake Huron and Grand Trunk Railway Companies had not complied with the order of the House of 25th January last requiring certain returns in regard to the local and through traffic of those Companies. The Committee reports that the Great Western and Northern Companies had furnished the returns asked for, but the Grand Trunk and Buffalo and Lake Huron Companies had failed to do so, without assigning any reason. The Grand Trunk Company had not even acknowledged the receipt of the order from the House.

Mr. A. McKenzie moved that the returns required by the order of the 25th January last be laid before the House forthwith by the Buffalo and Lake Huron and Grand Trunk Railway Companies, which Companies have not complied with the order of the House.—Carried.

Mr. A. Dufresne moved a question of privilege. He stated a forged telegram "Raymond unseated, Hurrah!" with his name attached to it, and addressed to a Mr. Bourgeon, had been sent yesterday to the Telegraph Office, and that he had reason to believe it was sent by a member of the House. He moved that a Committee be appointed to inquire who sent the telegram—the Committee to consist of Messrs. Laframbois, Joseph Dufresne, Blanchet, Rose and Paquet.

After a long discussion the House divided, yeas 45, nays 45.

The Speaker voted nay and the motion was accordingly lost.

The following Bills were introduced and read a first time:

Mr. Cameron.—To vest the York roads in the County of York, and to exonerate the County of Peel from all liability therefor.

Mr. Rose.—To incorporate the European Assurance Society, and to authorize the acceptance of the said society as security for public officers.

Mr. McFarlane—To consolidate and provide for the debt of the town of St. Mary's.

Mr. Galt moved that on Tuesday next the House go into Committee of the Whole to consider certain resolutions respecting the Quebec Fire Loan and the Government Seigniories.—Carried.

On motion of Mr. Cartier, the Bill respecting the Civil Code of Lower Canada was read a third time and passed.

PRESS ASSOCIATION.

As we before stated, the Annual Meeting of the Press Association will be held in Brockville on Wednesday next, the sixth day of September, at two o'clock p.m.—The Annual Dinner will take place at the Wilson House the same evening at eight o'clock. On Thursday morning the members will proceed by the Brockville and Ottawa Railroad to Arnprior, where they will take the steamer to Aylmer, and from thence to Ottawa by carriages. Friday will be spent in Ottawa, and on Saturday morning the members will proceed to Montreal either by steamer down the Ottawa or by rail to Prescott, and by steamer down the St. Lawrence. On Monday morning the start homeward will be made by the Grand Trunk. From this programme members will be able to tell precisely when they will reach home, barring accidents.—We hope none of these untoward events will occur, however, and that all will arrive at their respective abodes in safety and in good humor with all the world—the coalition excepted.—Brockville Recorder.

*** If this Association at its next meeting would take steps to induce the publishers of the large Dailies to join, something good and substantial might come from their labors. As it is, the Annual Meeting is simply a gathering of gentlemen connected with the Weekly Press of the Province. Perhaps such an Association as we could desire is impracticable; still we cling to the idea as feasible. More away over the public mind could be wielded by a union of the publishers of the Toronto Globe and Leader, Montreal Herald and Gazette, Quebec Chronicle and News, and half-a-dozen others, than by the one thousand and one editors and proprietors of the Country Press.

AN IMPORTANT REFORM.—It is a noticeable fact that for the first time within our knowledge of the history of Canada, under Responsible Government, the Public Accounts for 1864-65 do not contain the record of a single penny being spent without the previous consent of Parliament asked and obtained. This important reform, introduced by the present Government, will, we trust, become a permanent feature in the management of our finances. If the coalition had produced no other good result, it would be entitled to our gratitude for this one item of improvement.—Globe.

CONFEDERATION IN NEW BRUNSWICK.—The Royal Gazette of Fredericton, New Brunswick, publishes as new correspondence on the Confederation question, a Minute of the Legislative Council of New Brunswick on Mr. Cardwell's despatch of 24th June. The Government states that the Confederation scheme was rejected by an overwhelming majority of the people, as containing nothing morally or materially advantageous to the Empire or themselves. That this scheme is only to settle sectional difficulties between the Canadas. That though receiving very respectfully the views and wishes of the Empire, the people of this colony, enjoying free institutions and self-government, has alone the responsibility of action on matters relating to their duty and interest; and the Government is pledged to act according to the sentiments of the people they represent. Mr. Cardwell replies on the 4th of August that, notwithstanding this despatch and enclosures, he still anticipates that serious consideration will be given by New Brunswick to the earnest and friendly suggestions of the Imperial Government on the Confederation scheme.

THE WAR IN NEW ZEALAND.—An important event is reported from New Zealand—the submission of the leader of the rebellion, William Thompson, who was the founder of the King movement. He, in company with the chiefs of his tribe, has surrendered to Gen Carey, taking an oath of a rather equivocal character, from which future difficulties are likely to arise. It is to the effect that the laws for the Queen are to be laws for the King; this not relinquishing the right which he has claimed of administering those laws even while he acknowledges the royal supremacy.

IMMIGRATION ITEMS.—Mr. McGee has prepared a scheme of immigration which is now under the consideration of his colleagues. It is not known whether it will be submitted to Parliament this session; but probably not. The healthiness of the immigrants this year is remarkable. About 15,000 have reached Quebec this year, but there is not one at present remaining in the hospital at Grosse Island.

BOAT RACE AT WINDSOR.—Windsor, Sept. 1.—A boat race of three miles distance took place here to-day, between picked oarsmen of the Windsor Rowing Club and of the Hamilton White Ash Club. The boats were four-oared gigs. The Hamilton boat won by about five boat-lengths, or about 15 seconds time, doing the three miles down the stream in 17 minutes 38½ seconds.

ELSON, THE PEDESTRIAN.—Mr. Elson, the great English pedestrian, commenced his daily walk of 62 miles for four consecutive days, on the Kingston road, on Wednesday, and performed the task upon the first day in good time, and with apparent ease. When he returned to the city, however, the second time on Thursday, he appeared greatly fatigued, and declined attempting to walk the remaining 20 miles for that day, giving as a reason for not doing so that he had been attacked by four men on the road and severely beaten.—Some are inclined to doubt the latter part of the story, however, thinking that this was a convenient excuse to be offered by Mr. Elson, when he found himself unable to continue his match.—Leader.

CROWN LANDS.—A debate took place in the Upper House to-day on Mr. Macpherson's resolution providing for free grants to actual settlers on all the public lands. Mr. Campbell, Commissioner of Crown Lands, showed that there were outstanding debts for crown lands, in Upper Canada of about $6,000,000, and in Lower Canada of about $2,000,000, which the adoption of a general system of free grants would render difficult to collect. Besides, the revenue from timber in the Ottawa region had already been equal to over a dollar an acre on all the lands in that section. The free grant system would destroy this.—He showed that Mr. Macpherson's assertion that the United States was indebted to the homestead law only come into operation on the 1st of January, 1863. Mr. Campbell, besides, quoted The Globe's editorials to prove that Canada had advanced as rapidly as the States. He indicated what the Government policy was, by stating that a reduction would be made on public lands in certain districts. The debate was adjourned.

THE SANITARY CONDITION OF CITIES.—It is rumored that, in the course of a few days, a circular will be addressed by the Government to the Mayors of all cities, towns and villages throughout the Province, setting forth the precautions to be taken to ward off cholera.—Quebec Chronicle.

THE RAID IN PROGRESS.—We have it from the best authority that Mr. Watkin, Commissioner of the Hudson Bay Company, is now on his way out to Canada to assist the Hon. George Brown, in pushing through this session, an act for the purchase by Canada of the Hudson Bay territory, on the terms arranged when Mr. Brown was last in England.—Witness.

ITEMS OF NEWS.

VOLUNTEER OFFICERS.—Volunteer Officers must qualify before the 1st July, 1866. After that date they will not otherwise be allowed to retain their rank.

CLEARING OFF.—An order was yesterday received from the Government for the dispossession within eight days of the occupants of the house on Barrack Hill, the site of the Government Buildings. These houses, and there is quite a village of them will be at once torn down and removed.—Ottawa Citizen of Friday.

THE LAKE ST. JOHN ROAD.—It is said that the Government has given a new grant of five hundred pounds towards the completion of the Lake St. John Road. A number of labourers left on Saturday to continue the works from the point at which they were suspended some months ago in default of means.—Quebec News.

GENERAL LEE.—Gen. Lee will shortly leave for London where he will complete the history of his military campaign.—Among those who are preparing to follow him are Generals Longstreet, Ewell, Beauregard, D. H. Hill, Wheeler, Buckner, and Gardner. Doubtless these will be followed by a number of officers of inferior rank.

GRANT.—The citizens of Galena have built General Grant a new house, furnished it from top to bottom, and laid a sidewalk in front. Now they want him to come back home. The Philadelphians have given him a splendid mansion, and want him to stay there. He will have trouble to decide.

DEATH OF LIEUT. STABB.—We regret to announce the death of Lieut. A. Stabb, Adjutant of the 1st Battalion of H.M. 16th Regt., which occured last evening. Lieut. Stabb has been Adjutant of the regiment for nearly five years. We have not heard any particulars as to the cause of his death. His loss will be universally deplored by his brother officers and all who knew him.—Spectator.

SAD ACCIDENT.—The wife of Ryerson Sills was found drowned in Hay Bay, on Monday last, within half a mile of her residence. It is not known how the accident occurred, but it is supposed she had been laboring under temporal insanity for some time previous to the accident.—Napanee Standard.

LONGEVITY.—We learn from the Sidney Times that latterly there died at Lingan, a Mrs. Burke who was supposed to be the most aged person in Cape Breton; she died at the age of 132. At the taking of Lewisburgh, by General Amherst, in 1776, she was fifteen years of age. She was married three times, and her descendants are very numerous.

A MONEYED SWINDLE.—Washington, Aug. 29th.—An outrageous swindle on Government and soldiers by paymasters has been discovered. Col. Sinay, paymaster in charge at Norfolk, in violation of instructions, took $ millions of dollars in Treasury checks to Norfolk; had them cashed there, and took in exchange seven-thirties. By Arrangement with the National Bank at Norfolk, whose president is a notorious secessionist, Sinay received one half of the percentage allowed by Jay Cook, &c., for the circulation of 7 30's. The banks at Norfolk and Richmond gained largely by the transaction, as the bonds paid to the soldiers came back to their counters to be exchanged for legal tenders at from ½ to 1 per cent. dis. Merchants and sutlers followed suit, and the soldier could not buy the smallest article with his 7-30, unless he submitted to this infamous swindle. All paymasters engaged in the swindle are under arrest, and will be severely punished.

NEWS OF THE DAY.

THE FIRES IN PITTSBURGH.—The fires in Pittsburgh are still raging with great fierceness. Over one hundred acres of Mr. William McAdoo's farm have been overrun by the fire, and it is still burning. It is stated that the fire originated on Mr. Brown's farm, in a fallow set fire to by him. The sufferers are determined to hold him responsible for the damage, and Mr. James O'Reilly, Q.C., has been already retained by Mr. McAdoo.

BOARD OF COMMON SCHOOL TRUSTEES.—The Board met on Friday evening. Five applications for employment as Teachers were received and read. The Board afterwards took up the appointment of an assistant teacher to Miss Cranston in Queen Street School. After some discussion, during which it was proposed to refer the matter to the Committee on Teachers and Salaries, the name of Miss McIntyre was used for the appointment, and a motion to appoint her was carried unanimously. Some dilatory discussion was held relative to reports of proceedings of the Board furnished to a city daily, and the appointment of Miss Rose as Head Female Teacher of Johnston Street School, which caused Mr. Phillips to leave the Board Room at the last meeting, during which Mr. Phillips made a satisfactory explanation. Nothing further was done till the Board adjourned.

THE MILTONIAN TABLEAUX.—This very rare and fine Exhibition was attended on Friday and Saturday by almost every body. The Hall on both nights was crowded to the utmost, and all went away pleased with what they had seen. The Saturday afternoon matinee drew a great number of children and adults. The Exhibition has left Kingston, Saturday night being the last time it was exhibited here.

THE GRAND TRUNK ACCIDENT.—The little boy, son of Philip O'Neil, who was so fearfully injured on Thursday, by being run over by the freight train near the outer G. T. R. Station, is slowly recovering, and there is no doubt but that he will survive his injuries.

☞ MORE PROBABLE.—Some artist is travelling in the West with the borrowed name of Vauxtemps, to pass for Mons. Vieuxtemps, the great Violinist. Would it not be more correct to call him Monse Va t'en?

GOOD ALE AT THE FRONTENAC BREWERY.

Wolfe Island, Sept. 2nd, 1865.

DEAR WHIG,—

In company with a gentleman friend from Dublin, who has had some experience in brewing in the Old Country, I lately visited the Frontenac Brewery, at the west end of King Street. My friend gave it as his opinion, that he never tasted better Ale Beer or Porter than he did at this Establishment; and the cleanliness of the Brewery in general excelled anything he met with in his travels. I certainly think that his opinion is worth recording, and must say that I never was more pleased in my life, in seeing so much exactness and taste, as was shewn in the whole arrangements throughout the Brewery, for the manufacture of the Ale and Porter.

I am, Dear Whig,
Yours truly,
WILLIAM R. ALLEN.

PRESENTATION TO CAPT. MINNES.

On Friday evening No. 1 Company of Volunteer Rifles mustered at the Drill Shed and presented their esteemed Captain with a valuable Silver Service Set. The presentation was intended for a couple of months since, on the occasion of his entering into the matrimonial state, but owing to delay in the forwarding of the service set, it had to be postponed. This present, at the hands of his command, illustrates how deservedly Captain Minnes is held in the esteem of the Company, and it gives us great pleasure to be able to record another lasting bond between the company and its commander.

The Address was read by Sergt. Smith The following is a copy:—

To James Minnes, Esq., Captain Commanding No. 1 Company, 14th Battalion Vol. Rifles, Kingston:—

We, the undersigned Non-Commissioned Officers and Men of the Volunteer Rifle Company under your command, beg to congratulate you on your entrance into the married state, and trust it may be conducive to your happiness and prosperity.

We beg further to assure you that we have long desired to show our appreciation of your services in the Military Company to which we have the honor to belong, and more especially of those rendered by you during the past four years as our commanding officer. We have therefore taken advantage of this joyous occasion to offer you the accompanying testimonial, which we desire you to accept as a slight token of our esteem and gratitude. More especially would we acknowledge the interest you have taken in the exercises and duties of the company, and the watchful eye you have always kept over our welfare. That our present relations as commanding officer and command may long continue is our earnest wish.

Again we tender you our thanks, and join in wishing you and Mrs. Minnes a long and happy life.

The address was signed by Sergt. Major Tipson and the rest of Non-Commissioned officers and men of the Company.

Capt. Minnes then made the following reply:—

To the Non-Commissioned Officers and Men of No. 1 Company, 14th Battalion Rifles, Kingston, C.W.

It is, I assure you, with no small degree of pleasure that I accept your handsome testimonial and accompanying address. It was quite unexpected, which will add to my appreciation of it. I must also thank you heartily for your kind congratulations. During the last ten years it has always afforded me much pleasure in meeting with the members of No. 1 Company, and more especially during the last four years. Since I have taken command I have always found No. 1 Company ready and willing on every occasion to attend to their duties, which has been very gratifying to myself and the other Officers. And I feel proud of your appreciation of my humble services. I trust that the present good feeling may long continue. I will always endeavour to promote the interests of the Company as heretofore. Allow me again to thank you for your valuable present and good wishes for myself and Mrs. Minnes. Trusting you may all enjoy happiness and prosperity, and be always ready to serve your Queen and country,

I am, yours sincerely,
JAMES MINNES,
Capt. Commanding No. 1 Company,
14th Battalion Rifles.

To Sergt. Major Tipson, Sergts. Whitcomb, R. Young, Alex. Smith, and others.

The Silver Service Set was manufactured in Birmingham, and imported by Mr. E. H. Smith, and can be seen for a week at his store, King Street. The set consists of a tea and coffee pot, a sugar basin and spoon, and a cream ewer, all very costly and very handsome. The coffee pot bears this inscription:—"Presented to Captain James Minnes by the Non-Commissioned Officers and Men of No. 1 Company, 14th Battalion of Volunteer Rifles, as a mark of respect and esteem." The other pieces of the set are initialed. The engraving was done by Mr. George Spangenberg in a very creditable manner.

POLICE COURT, Saturday.—Ellen Ryan, a prostitute, and James Lynch, a sailor, charged with drunkenness, was reprimanded and discharged. Thomas Donough was charged with an assault on William Jones on the night of the Caledonian Gathering. The case was adjourned until Thursday next.

FORGERY.—A young man by the name of Vanneider, living in the township of Storrington, was arrested on Saturday afternoon on a charge of passing forged notes. He presented a promissory note for about $25 at Frazer & George's Hardware Store, purporting to be made by William Patterson, of Glenburnie, but on being compared with another note made by Mr. Patterson, it was found that the signatures did not agree, and that the note presented by Vanneider was a forged one. The case will probably come up this morning at the Police Court.

LATE FROM MONTREAL.

MR. TORRANCE'S REPORT.

Montreal, Sept. 2.

The Telegraph publishes Mr. Torrance's report as to Judge Coursol. Mr. Torrance exonerates Coursol and Lamothe of corrupt and improper motives. He, however, recommends that Coursol should be indicted for malfeasance of office. Coursol, in his correspondence with Mr. Torrance, defends himself, saying that he acted as judge and not as justice of the peace in the case, and was not bound to report to the Government. Mr. Torrance holds the contrary view. The Telegraph lays great stress on the telegram from Mr. Cartier to Judge Coursol, when he sent for instructions when the raiders were in St John. Mr. Cartier replied: "As you are a judge, use your own discretion."

On Wednesday night an attempt was made to set on fire the house of a Protestant in Longueuil. It was discovered in time. Nearly every Protestant has left the village. One of the street-car conductors was brutally assaulted last night. Although many witnessed the assault, the scoundrel was allowed to escape.

LATE FROM QUEBEC.

Quebec, Sept. 1.

The Government intend to move on Tuesday next, that, during the remainder of the session there be two distinct sittings on Tuesdays and Fridays, the first to begin at 3 p. m. and end at 6 p. m., the second to begin at 7:30 p. m. and continue until the adjournment; and that, at all such sittings, Government measures shall have precedence.

Mr. Macdougall will introduce a Bill next Monday, for the further improvement of Grammar Schools in Upper Canada.

John A. Macdonald will introduce a Bill for the prevention of contagious diseases at certain navy and military stations in Canada.

In the Municipal Committee to-day, an amendment was made to the Bill, providing that for every additional 500 voters over those required for Reeve and Deputy-Reeve—another Councillor shall be sent to represent townships in the County Councils—the whole delegation from any township not to exceed five.
