COMMERCE AND MARINE.

MONDAY MORNING, NOV. 6, 1865.

WEEKLY REVIEW OF THE KINGSTON MARKETS.—On Saturday there was another excellent market. The market square and streets leading into it were filled with waggons. Good prices were procured for all kinds of produce, and quotations generally higher. The grain market is very steady, last quotations being adhered to. Wheat $1,15 a $1,20; Barley 68c; Rye 55c; Peas 70c and Oats 30 a 35c per bushel.—There is no wheat coming in, but lots of rye and barley find their way into the dealers hands. In the meat market Beef is quoted at 10c per lb., with limited supply. Good meat sometimes fetches a higher price. Mutton and Lamb 5 a 8c per lb. Pork is coming in in good quantities and some lots were sold for export on the market at $10 per hundred. Fowls per pair, 40c; Turkeys each, 75c a 80c. As high as 26c per lb was asked for butter, but some lots were sold for 25c. Packed fetches 24c, by the tub. Eggs are fetching 25c, and are very scarce. Potatoes are bringing 60c per bushel, and Onions $1 per do. Cooking Apples were plenty and were sold at from 75c to $1,00 per bushel. R. Town retails—American Apples $3.00 a $5,00 per barrel Grapes, 15 a 20c per lb. Shell Oysters, $3,50 per barrel. Cranberries, 12½c per quart. The Wool and Hide Market is very firm; Wool, 35 a 37½ per lb; Hides, $5; Sheep Skins, $1 a $1,12½c; Calf Skins 10 per lb. Tallow, $6. Altogether market produce is very high, and is almost out of reach of the poorer classes.

MARINE ITEMS.—A good amount of business was done in the harbor on Saturday The day was favorable enough for vessel operations, and a number of arrivals were reported. The Royal Mail steamer Passport passed up on Friday night, and the Magnet up Saturday night. The Champion passed down on Sunday morning. The American Express steamer Ontario passed up on Saturday morning, and the Bay State down the same afternoon. The tug Ottawa arrived from Montreal with a tow of barges early the same morning. The steamer St. Helen passed up on Saturday evening, with a good load of freight and passengers. The barque Pride of America, which grounded on a shoal in the harbor on Thursday night, was hauled out at the Marine Railway on Saturday for repairs. The barge Oak left for Montreal on Friday in tow of one of the Government tug line steamers, and the barges Frank and Advance per steamer Highlander on Saturday evening. The whole of the barges were loaded with corn, shipped by Anderson & Ford. The tug Metamoras left for Detroit on Saturday evening, having in tow the sloops Clyde and St. Lawrence, which discharged their cargoes of corn from Chicago. The barque Sarah Ann Marsh arrived on Saturday morning from Chicago, with 15,000 bushels of corn. The schooner Feu Follett arrived from Oswego also on Saturday, with 1,500 barrels of flour, 200 barrels of which were shipped on tug Ottawa for Montreal. The remainder are consigned to Mr. G. M. Kinghorn.

POLICE COURT, Saturday.—(Mr. Ald Macarow presiding.) There was only one prisoner before the Court this morning. Thomas Stansfield was charged with assaulting and beating his wife. He was remanded till Monday. William Wilson was charged by Mr. Inspector Mostyn with driving a cab without being licensed. His case was adjourned to enable him to pay the license money.

The Montreal Transcript affords us the following interesting data relative to the average production per acre, of the Cereals, &c., in the State of Ohio, and the State of Iowa, compared with Canada West. The data for Canada West being from the Census of 1861, and the data for Ohio from the Auditor's Report of the State, &c., in 1862; and for Iowa, from the Official Returns of the State in 1863:—

	Canada West Bush. per Acre. 1861	State of Ohio. Bush. per Acre. 1862.	State of Iowa. Bush. per Acre. 1863.
Wheat	17.77	16.38	7.64
Barley	23.73	20.74	20.07
Oats	31.29	24.41	22.55
Rye	13.85	11.25	12.86
Buckwheat	16.76	13.55	——
Peas	20.87	——	——
Indian Corn	28.24	33.03	36.84
Irish Potatoes	111.70	81.03	66.56
Turnips	248.02	——	——
	512.33	194.39	166.42

It will be noticed that the production per acre of Canadian land is more than two and a half times that of Ohio, and more than three times that of Iowa. It would be well if these figures could be laid before persons emigrating from the old country, for it must be obvious that the country which produces the most produce must be the most eligible one for settlers, more especially when we take into consideration the fact that America is bowed down by a weight of taxation, while we in Canada are comparatively not taxed at all.

THE GALE ON THE LAKES.—LIST OF DISASTERS.—The propeller Marquette was sunk in shoal water at Bar Point. The propeller Coldwell lost her shaft, and will have to go on the dry dock. The schooner Lucy Ancheard, with a cargo of coal, from Cleveland, lost her deck-load and damaged her sails. The schooner Cornwall, with a cargo of 7,000 bushels corn, from Toledo, for Oswego is ashore on Neith Harbour Reef, and full of water. The schooner E S J Bemis, laden with wheat, from Milwaukie, was towed into Cleveland in a sinking condition. The propeller Mineral Rock crossed Saginaw bay during the storm; her gangways were burst in by the force of the waves, and her deck-load and eighteen cattle washed overboard. The schooner Algerine, laden with barley, was sunk at Port Colborne.

NEW YORK MARKETS—NOV. 4.

☞ The schooner Com Foote, with wheat for Oswego, in passing down the river below Walker's Point Bride, Milwaukee, Sunday morning last, ran afoul of the bark Summer Cloud, carrying away the rigging and mizzen gaff of the latter, besides damaging her bulwarks. The Foote lost her bowsprit and jibboom, and was compelled to remain at Milwaukee for repairs.

STEAMER "CORINTHIAN."—This steamer is to be replaced for a short time by the "Hercules," while a new steam-pipe is being fitted to one of the "Corinthian's" boilers. The traffic between this port and Rochester having increased so much since this splendid vessel has been plying upon this route that she has been compelled at times to make two trips daily, a thing never before attempted by any other vessel, showing at once her great strength and speed so that any little imperfections in her castings will soon show themselves, under such a heavy and constant pressure as she has been subjected to.

LEAD MINES IN GASPE.—On Wednesday evening the steamboat "Lady Head" left Quebec, having amongst her passengers a very talented engineer, and several workmen experienced in working mines They have been engaged by the Company of the lead mines of Gaspe, in order to begin works of exploration in the vicinity of the Basin of Gaspe. The company is sanguine that this undertaking will prove profitable.—(Minerve.

To Consumptives.

The undersigned having been restored to health in a few weeks, by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a sure cure for Consumption, Asthma, Bronchitis, Coughs, Colds, &c. The only object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable; and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription will please address,

The New York Tribune says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size.—At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.

REV. W. H. WAGGONER,
Madrid, N. Y.

* * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefitted by their use.

Thy Friend, ASA CURRIN,

* * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.

REV. J. S. CATHORN,
Rochester, N. Y.

* * * Send us twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.

* * * The Plantation Bitters have cured me of liver complaint, with which I was laid up prostrate and had to abandon my business.

H. B. KINGSLEY,
Cleveland, O.

New Bedford, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner.—Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,
JUDITH RUSSEL."

* * * The Plantation Bitters have cured me of a derangement of the kidneys and the urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE,
354 Broadway.

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them.—They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of refilled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.
