Gold in New York at 12 o'clock, 146½ a 147. Nothing doing in round lots; receipts very light.

THE SCHOONER MAGGIE.—Messrs. Calvin & Breck's tug Wellington returned to port on Sunday after a visit to the schooner Maggie, which sunk near Point Peter in the recent gale, having on board a cargo of barley, bound for Oswego. The Wellington stripped the vessel of her rigging, &c., and brought down a part of the damaged grain, which she discharged yesterday at Morton's. The tug returned immediately to the vessel and it is thought will succeed in towing her off. Two steam pumps have arrived at the vessel from Oswego, and Messrs. Calvin & Breck's pumps goes up with the tug. Mr. Courneen of the British America Insurance Company, which company holds a risk on the vessel, goes up with the Wellington.

We omitted last week to notice the Launch at Garden Island of a new Steam Tug for Messrs. Calvin & Breck's Tug Line. She is a fine vessel of her class, and is called the "John A. Macdonald."

We understand that the Montreal Ocean Steamship Company have ordered a new steam ship, to be called the 'Acadian,' which is now being constructed for them on the Clyde, and which will be ready to take her place on the line in August or Sept. The 'Acadian' will be of 2,400 tons burthen, and of the same power and general dimensions as the 'Moravian,' but somewhat different in internal arrangements to that magnificent steamship.

MARINE ITEMS.—The Am. Ex. steamer Ontario passed down on Sunday morning. The Grecian passed down the same morning several hours behind time. The schooner L. E. Calvin arrived from Port Dalhousie with 13,000 bushels of wheat for Glassford, Jones & Co. The schooner Peoria also arrived on Sunday from Chicago with 11,800 bushels of corn for G. Chaffey & Bros. The schooner Ploughboy with 600 barrels of flour, and schooner Mary Gormley with 400 barrels sundries, both arrived from Oswego on Sunday. The barge Ireland arrived in tow from Montreal yesterday with 928 bars of iron and 223 tons of kryolite for G. Chaffey & Bros. The schooner Despatch from Chicago to Ogdensburg with corn. The steamer Pierrepont had another load of fat horses on her afternoon trip yesterday.

POLICE COURT, Monday—Before the Mayor).—The drunks had it all to themselves this morning. Edward Whalen and Philip Stenson from the city, Michael Burke, a young man from the country, and Mary A. McDonald, a star of Oswego, were charged with the offence. The first two were fined $2; Burke was discharged as this was his first offence; and the latter was ordered to be sent to Oswego. James Garron, charged with stealing a coat from the engineer of the steamer Pierrepont, previously remanded, was discharged. Thos. Dogherty of Place d' Armes was fined $1 for allowing his pigs to run at large. Three small boys, whose names are withheld, appeared on a charge of committing a nuisance and destroying some books in the new school house, near the General Hospital. The boys went in for a lark, but were discovered by some parties and informed on. To prevent a repetition of the conduct they were brought before the Court, and were admonished by His Worship and Mr. Ford, Chairman of the School Board, after which they were discharged.

A "Citizen" writing to the Montreal Herald concerning the circulation of "Fenian bonds" in Canada, says:—"The writer was shown one yesterday in the hands of a servant girl; it was a $4 bond, and most beautifully got up. I am informed that these bonds are selling freely, in this city and at Quebec, and that there can be no difficulty in disposing of a vast amount of them. Although these bonds will never be redeemed, the infatuated purchasers are of the opinion that it will free Ireland from the yoke of British rule, and they would be willing to sacrifice the last shilling to accomplish this object."

EXTENSION OF THE GRAND TRUNK TO CHICAGO.—The Chicago Republican of Tuesday says: "It is reported that Mr. Shanly, engineer of the Grand Trunk Railroad, has made a report in favor of the extension of the Grand Trunk to Chicago, via Port Huron and Lake Michigan Railroad.

THE STEAMSHIP "COLUMBIA".—This steamer, with a valuable cargo on board, was sunk on the coast of France on the 17th January last, in 25 fathoms water. A Paris company contracted to try the salvage, at their own risk and to receive 60 per cent. of what they recovered; and experiments were made to see if divers could work at that depth. The diver, a very powerful man, in descending, found the pressure immense. The brass electric lamp was bruised flat. He was soon seized with dizziness, and was hauled up. The air tubes were burst. A second time he descended—the same accidents occurred; he got entangled in some way, but cut himself loose, and nearly rose to the surface insensible.—The salvors still say that with stronger apparatus they can succeed, but the French company have abandoned the enterprise, on the ground that the vessel is in too deep water.

RUN ASHORE.—On Monday, the 6th inst., the steamer "Dixie," plying between Point Fortune and Montreal ran aground about four miles above Ste. Anne, in the stormy weather then prevailing, and has not been got off. At considerable risk and inconvenience, the passengers were landed in safety in small boats, and the cargo has been brought down to the city in barges.

IT is proposed to establish a new bank in our sister city—London. With this view, a meeting was held at the Tecumseh Hotel last Friday evening; at which, after a thorough discussion of the matter, the meeting came to the following conclusions:—1st. That the establishment of a bank, having its head office in London, was desirable. 2nd. That the bank should be called the 'London Bank.' 3rd. That the nominal capital stock be $1,000,000, in shares of $50 each; that the subscribed stock be $400,000 of which 25 per cent. be paid on the first call (sixty days' notice being given after procuring the charter), and that $100,000 be paid up before the bank goes into operation. A large and influential committee was appointed to carry out the objects of the meeting.

The New York Tribune says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size.—At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life. * * *

* * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefitted by their use.

H. B. KINGSLEY,

New Bedford, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner.—Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,
JUDITH RUSSEL."

* * * The Plantation Bitters have cured me of a derangement of the kidneys and the urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE,
254 Broadway."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them.—They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of refilled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.
