ITEMS OF NEWS.

Montreal, Dec. 20

The last number of the Canada Gazette contains a notice to the effect that a large portion of the ordnance lands in Ottawa will be afforded for sale on the 1st of February next on favourable terms.

Bishop of Montreal arrived to-day from Rome. The bells rang a merry peal.

The merchants on St Paul street have engaged private police, armed with revolvers.

While of Dr. F. W. Campbell's family were absent, two robbers attempted to enter.

The work of uniting Europe and America by telegraph is being pushed forward with vigor. In May last, San Francisco was connected with New Westminister, in British Columbia; and now we are told that the line has been extended 440 miles north of New Westminister, and the wire for 400 miles more was on the ground.

The Hon. Mr. McGee leaves town to-day for Toronto and the County of Norfolk, where he lectures for the benefit of certain local and charitable institutions. In Norfolk the hon. gentleman is to be the guest of the estimable county member, Aquilla Walsh, Esq., who resides at Simcoe.

In Louisiana the Sergeant-at-Arms of the Senate is without legs, the Doorkeeper of the House without arms, the Secretary of the Senate and the Clerk of the House are both on crutches. Late of the Union army.

DEATH OF BURNS' YOUNGEST SON.—The following interesting obituary notice appeared in the London Times of Nov. 20th:

'On the 18th inst., at his residence in Cheltenham, from the effects of an accident, Lieut-Colonel James Glencairn Burns, the youngest son of the poet, in the 72nd year of his age.'

At a certain English watering place the ladies were in the habit last season of promenading with their little pet poodle-dogs in their arms, a local law forbidding animals to run about on their own feet. The fashion becoming ridiculous, a young man appeared on the terrace one day with a living lobster in his arms, with a scarlet ribbon round his neck supported a little tinkling bell. The ladies beat a rapid retreat; and poodles were no longer in vogue at that summer resort.

COMMERCE AND MARINE.

THURSDAY MORNING, DEC. 21, 1865.

Gold in New York at 12 o'clock, 146¼. Flour moderate receipts; better local enquiry specially for strong supers; several single hundreds sold at quotations; bags more enquired for, but quotations difficult to obtain. Grain quite nominal.

AMERICAN INVOICES.—The Official Gazette of Saturday last announces that the authorized discount on American Invoices is declared to be 31 per cent., which percentage of deduction is to be continued until next Weekly notice, and applies to all purchases made in the United States during this week.

TIN ORE FOUND.—A curious and unlooked, for development has taken place at Delaware while sinking the 'Pioneer' oil well, on the property of the Delaware & Ontario Petroleum Company, in that a vein of tin ore has been met with at a depth of 203 feet in the rock. The vein has a thickness of eight inches, but its breadth is, of course, at present unknown. The Company have a fine artesian well, which flows up to a height which would afford a water power of about fourteen horses. Should the examinations that are likely to ensue warrant the enterprise, it may arise that a Tin Mining Company may add to the fast increasing riches of the West.

VESSELS DESTROYED IN THE MISSISSIPPI BY MOVING ICE—Loss $300,000.—St Louis, Dec. 16.—The ice gorge in the river below the city gave way this afternoon, and the ice swept past the city with tremendous power, sinking or seriously damaging a dozen steamers and a number of barges, involving a loss of about $300,000. The following is a partial list of the steamers sunk: the Geneva, valued at $35,000; the Rosette, $20,000; the Calypso, $35,000; the Highlander, heavily laden, $30,000, cargo valued at $25,000 both fully insured: the Omaha, valued at $45,000; and the Admiral, value not ascertained. Besides these steamers, which are a total loss, some half-a-dozen are badly damaged, and several barges and wharf boats, laden with government grain, were crushed like egg-shells. It is not improbable that more boats may be sunk when the ice above the city moves down.

PAPER SENT TO THE STATES.—We are happy, says the Sherbrooke Freeman, to inform our readers that Messrs. Angus and Logan, paper manufacturers of this town, have sent into the United States sixty tons of printing paper and, after paying twenty per cent. duties, they have realized a higher price than they could in Canada. They have other orders to fill, and are likely to receive more. Mr. Adam Lomas, woollen manufacturer, also of this town, has an opportunity to sell every yard of cloth he can manufacture for the next year. Manufacturers of boots, shoes, axes, scythes, in fact every article of Canadian manufacture finds, readily, a market in the United States that, too, at remunerative prices.

The Courrier de St. Hyacinthe states that work has been resumed in the copper mines of Acton; twenty-five men are now employed, and their number will soon be raised to eighty. In the spring the work will be carried on on a large scale. These mines were formerly owned by a Boston Company, who employed at one time not fewer than 850 men and boys. And when in their palmiest days about 500 tons of copper ore, of good quality, were shipped to market every month. The market value of the shares at one time was about $2,000,000. Some three months ago the mines were sold to a number of Canadian gentlemen for $225,000.

NEW STEAMER.—A new steamer is in course of construction on the Bank of the Ottawa, in the vicinity of the Bellevue Gardens, for the Ottawa River Navigation Company. This new vessel is to be employed on the night line. She is being constructed much on the same principle as the "Queen Victoria," and will be fitted up for both freight and passengers. Mr. A. Cantin, of Montreal, is the builder.

The construction of the new steamer here was commenced on the 3rd of November, and Mr. Cantin has progressed so well that the vessel is now almost ready to receive her boiler. The outer and inner planking has been commenced. She will be 160 feet long 25 feet across the beam, or 43 feet extreme breadth, and 8 feet deep in the hold. Her engine—a walking beam—will have a cylinder of 34 inches diameter.

NEW YORK MARKETS—DEC. 20.

The New York Tribune says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size.—At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

" * * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.

REV. W. H. WAGGONER,
Madrid, N. Y.

" * * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefitted by their use.

Thy Friend, ASA CURRIN,
Philadelphia, Pa."

" * * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.

REV. J. S. CATHORN,
Rochester, N. Y."

" * * * Send us twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.

SYKES, CHADWICK & Co.,
Proprietors Willard's Hotel,
Washington, D. C."

" * * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.

G. W. D. ANDREWS,
Superintendent Soldiers' Home,
Cincinnati, O."

" * * * The Plantation Bitters have cured me of liver complaint, with which I was laid up prostrate and had to abandon my business.

H. B. KINGSLEY,
Cleveland, O."

New Bedford, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner.—Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,
JUDITH RUSSEL."

" * * * The Plantation Bitters have cured me of a derangement of the kidneys and the urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE,
254 Broadway."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them.—They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of refilled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.
