# NEWS FROM OUR NEIGHBORS.

## WHAT OUR CORRESPONDENTS HAVE TO TELL US.

**The Tidings From Various Points in Eastern Ontario—What People Are Doing And What They Are Saying—The Events of Interest to All Classes.**

POINT ROAD, June 28.—The farmers are busy hoeing and some have started seeding. Rain is much needed at present. J. Muckle had a sheep worried by dogs on Sunday morning. Mr. Donoven, of Lansdowne, is visiting his daughter, Mrs. Fowler. Mr. and Mrs. Pringle, of Mountain Grove, are visiting G. Crosier. Mr. Hamilton, of the Gore, is visiting Mrs. Medley. Mrs. Montgomery, of the city, is visiting Mrs. Toner. Mrs. McConville, of the city, is visiting her mother, Mrs. Doyle. Mr. and Mrs. Brown spent Sunday on Howe Island. James Baxter is erecting a shed for his machinery. Z. Hamilton got a shed shingled with a bee on Thursday. B. Farley also had a bee on Friday, hauling wood to H. Leheup's factory.

### Fair View Notes.

FAIR VIEW, June 26.—The weather has been dry for the past week, and a good shower would be very welcome. Wellington Warner's child, who has been very low with water on the brain, is improving under the skilful treatment of Dr. Cowan. Robert Madden has completed moving his barn to the roadside, which makes the property look better and makes things more convenient as well. Miss Fannie Funnell, our popular dressmaker, of Parliament Hill, has been sewing a few days at Mrs. Bartley's, Sand Hill. Judge Loucks has traded off his trotting mare Maud S. Marshall Rombough has added greatly to the looks of his property by rebuilding his barn. Mrs. Charles Lowery called on Mrs. Snider one day last week.

### What The Farmers Want.

WOODBURN WEST, June 25.—Summer weather at last! but the ever-complaining farmers want a shower of rain. Statute labor has been performed in this section, and under the able management of R. Carey the roads have been much improved. H. Scott and L. Todd leave on Monday for Sydenham to try the entrance. An evening picnic is to be held at F. Hutton's lawn, Woodburn Road on Friday evening, July 2nd, which promises to be a success. L.O.L. 709 attended service at St. George's cathedral, Kingston, on June 20th. William Scott is on the sick list. In a recent correspondence from this locality reference was made to a Mrs. All. Unfortunately this name was mistaken for Auld, one of Pine Hill's respected citizens. The person referred to was Mrs. James Alls, well-known to the police authorities of Kingston.

### Fellows Locals.

FELLOWS, June 28.—Again we have the sad duty of recording a death. The two-year-old child of Mr. and Mrs. Fenton Reid was buried to-day in the fourth concession cemetery. The funeral service was conducted by Rev. Mr. Seccombe, who spoke from the text, "For the living know that they shall die." Miss Sada Reid has been suffering from a severe attack of pneumonia. Mrs. Brethen is recovering after a severe illness. D. Shea, jr., has a new "Dominion" bicycle. Mr. and Mrs. R. Reid, of Kingston, are visiting their parents here. J. Pitman, jr., has returned to Cataraqui to fill his old position there. Mrs. J. Wright is visiting her daughter, Mrs. N. Holder, Montreal. A number of our young friends attended the socials at Odessa and Murvale on Tuesday and Wednesday evenings. G. Morgan and Mrs. Connors were married in Odessa Saturday, the 19th, by the Rev. Mr. Seccombe. Mr. Morgan has brought his bride to reside in our midst. The boys gave them every evidence of congratulations as they were charivaried twice. Sidney Fellows is also bringing his young bride among us. He was married to Miss Dora Galbraith, of Camden East, Wednesday, 23rd. We extend hearty congratulations.

### Elgin Events.

ELGIN, June 28.—Mr. Dublow, cheese factory inspector, visited our factory last week. Lewis Brown has returned from Montreal. Samuel Chipman has returned from Ottawa. Mrs. T. Morris is suffering from a sprained ankle. Clarence Halliday is home from Athens high school a few days before examinations. A handsome flag floats over R. G. Murphy's lawn in honor of jubilee day. On the 22nd another one of our old and much respected residents passed over to the silent majority in the person of Mrs. M. Fox. Her remains were placed in the Roman Catholic cemetery at Phillipsville. The youngsters are looking anxiously forward for the Sunday school excursion on the 8th inst. to Alexandria Bay.

Mrs. Sylva Shipman, Montreal, is the guest of friends. Mrs. Maria Warren, Nebraska, is the guest of her parents. Mrs. N. B. Howard, Delta, was the guest of Mrs. G. W. Sexton last week. Mr. and Mrs. J. H. Delong and Mr. and Mrs. M. L. Coon have returned from a trip to Clayton. Mrs. E. Davison, Athens, is the guest of friends. Everybody took advantage of jubilee by attending some one of the numerous excursions or picnics. The foundation for the new Catholic manse has been laid and the workmen are busy on the church. Justus Coon, ill, is some better. Mrs. P. Pennock still continues very low. Mrs. H. Halliday is visiting relatives at Belleville.

## AT TWO HOSPITALS.

**Five Years in the Toils—Nothing but Dodd's Kidney Pills could touch the Spot.**

BRUSSELS (Special) June 28.—W. P. Jackson a telegraph operator of this place has had an experience which should be, when known of value to every man in Canada. He says:—Without relief for five years, I have gone from bad to worse with kidney disease. Have been treated at two hospitals—Chicago and Montreal,—and took the hot springs course all to no purpose. I have taken doctors advice and their medicines with the same result. My cure commenced as soon as I started taking Dodd's Kidney Pills, and after taking ten boxes I am happy to say that my cure is perfect.

### Will Send Additional Troops.

MADRID, June 29.—Senor Canovas del Castillo says that in case the Spanish forces in Cuba should suffer severely from sickness during the rain season, the government will send 20,000 additional troops to the island in October to maintain the army at its full strength and to inflict a final blow upon the insurgents.

## BICYCLE TRACK BEING BUILT.

**Methodist Church Corner Stone—Movements of The Residents.**

WELLINGTON, June 28.—A number of our people will take in the excursion per steamer North King for Rochester on Thursday. The late D. Campbell's storehouse, now owned by Mr. Baker, of Picton, is undergoing a thorough state of repairs and is nearly completed; also the dock will undergo a lot of repairs. Searls Bobbit and family, of New York, arrived here on Tuesday evening and will spend the remainder of the summer months. Another travelling photographer has struck the town known as S. M. Brown. Great preparations are being made for the dinner to be given on the 8th of July, the day set for the laying of the corner stone of the Methodist church.

Messrs. P. McLean and Thomas Connor, of Picton, were guests at the hotel Wellman on Friday last. T. A. Rankin has enclosed his lot with a new patented wire fence of A. A. Morden's. Mrs. Campbell, widow of the late D. Campbell, for some days visiting her brother at Picton arrived home on Saturday. Rosco Burlingham, Miss Molly Cronk, Katie Boyd, Garnet Morden and others went to Roblin's Mills to write on their entrance examination. Elgin and Mrs. Jackson, of West Lake, were the guests of S. M. Brown on Sunday.

Mrs. D. H. Taylor and daughter, of Glenn Falls, N. Y., are here visiting her mother, Mrs. J. T. Dorland, during the summer months. Mrs. C. K. Rankin and little grandson Master Clair, of West Lake, were visiting friends and relatives here last week. Mr. and Mrs. Ryerson Rankin and daughter, Mrs. T. Doney, of Demorestville, were the guests of Mr. and Mrs. D. Hick on Sunday last. Mrs. Flemming, of Montreal, and Clarance Jakes and Frank Clark, Trenton, are the guests of Mr and Mrs. and Charley Squire. Miss Hodden and friend of Picton, are the guests of Mrs. Rorabecks. Dr. Broad's brother, of Lindsay, is visiting him for a few days. Dr. and Mrs. Alton Garratt, of Toronto, are the guests of his parents, Mr. and Mrs. Philip Garratt.

Mr. and Mrs. Elijah Blakely moved to Trenton on Monday. The Methodist Sunday school picnic will be held on Saturday next, the 3rd, leaving Wellington per C.O.RR. at 9:20 am. and proceeding to Twelve O'clock point. Mrs. Danford Trumpour is visiting her sister, Mrs. Mordon, in Toronto. Mr. and Mrs. Henry Hubbs were visiting at John Bells' on Sunday. A bicycle track is being made from our village to connect with that recently started from Picton, and hopes are entertained of their meeting at some particular point in the near future.

### Delegate To The Grand Council.

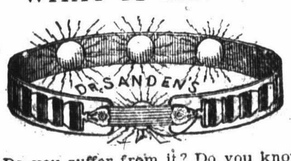
NAPANEE, June 29.—Mrs. Elizabeth Beggs, of North Fredericksburg, died on Saturday last, aged thirty-three years. Deceased was a daughter of Capt. Bartley and leaves to mourn her early demise one little daughter aged eight years. She had been ailing for more than a year with a throat affection, which baffled the best medical skill. The funeral will take place to-day at one o'clock to the Western cemetery vault.

J. W. Bell, M.P. for Addington, will leave for Glasgow, Scotland, on the 3rd of July in company with Clarke Wallace, as a delegate to the triennial grand council of the Orange association of the world. Mr. Bell is the worshipful grand master of Ontario East. C. E. Bartlett took a business trip to Montreal yesterday. Mrs. S. R. Miller still continues very low and her recovery is despaired of.

SARAH SKINNER, 33 Alexander street, Toronto, says: "I have taken one box of Miller's Compound Iron Pills and have been so much benefited that I can now go up and down stairs quite easily and have much less headache. For sale by E. C. Mitchell.

# WEAK, LAME BACK!

WHAT IT MEANS.



Do you suffer from it? Do you know its cause. It generally means a great deal, and should not be neglected. Plasters and medicines hardly ever cure it, but electricity, properly applied, is a positive remedy, as our thousands of cures in this city testify. I have just issued a neat little book which every sufferer from Lame Back should read. It explains the many causes and effects of this annoying weakness, and a rational, positive cure by my wonderful Electric Belt. For

### How Chewing Gum Is Made.

Four million pounds of gum chicle, the product of the Mexican sapota tree, entered the United States during 1895. This entire product, valued at nearly $1,500,000, became the basis of chewing gum. A walk through a leading chewing-gum factory is interesting. Here over 1,000,000,000 pieces of gum are annually produced and shipped to every portion of the world. Three hundred employes are engaged in the manufacture of the gum, the first step of which is the importation of the raw chicle, which is gathered by the peons in Mexico, and exported in bales containing about one hundred and fifty pounds each.

The gum is taken from the bales and chopped into small pieces. These are freed from chips and tree bark by steaming and picking; then it is ground in mills making 3,400 revolutions a minute. The ground gum is subjected to a continuous heat of 140 degrees Fahrenheit in drying rooms. From here the gum is sent to the "white apron'd cook," who adds the purest sugar and freshest cream, granulated pepsin, powdered guru or kola or other desired ingredient to it, and cooks it in a steam jacketed cauldron, where it is turned and mixed by an ingenious double-acting heater or rotating paddle until it has assumed the consistency of bread dough.

Now the "dough boys" take hold of it and knead it in finely powdered sugar, passing it to the "rollers," where it is rolled between steel rollers until it is the proper thickness, when it is whisked away to the "markers." The markers are steel knived rollers, which leave their impress upon the long sheets of appetizing gum before it goes to the "seasoning room," after which it is broken on the lines left by the markers. Now the gum finds its way to the "wrapping room." The nimble fingers of 150 dainty maidens are here at play. Under their deft touch waxed paper, tinfoil and pretty wrappers envelop the gum quick as a wink, and in another moment the "packers" have the gum to place in jars and boxes, wherein it is shipped for sale to the general public.

### The Soudan Expedition.

As was generally expected, the British-Egyptian expedition in the Soudan is now to be farther prosecuted. The season when the Nile rises and becomes navigable is again at hand, and Britain is resolved to take advantage of it in order to finish the work so well begun, and re-acquire the whole Soudan for Egypt. All British officers now on leave from Egypt have been ordered to return to their posts immediately, as a movement is to be made early next month.

The progress of the expedition and its series of successful exploits last season must still be fresh in the recollection of all. Since then the advance from Dongola toward Abu Hamed has been made without trouble as far as Merawi and will be steadily pressed to completion. After Abu Hamed will come Berber, and then Metemneh, Khartoum and Omdurman. From Merawi to Abu Hamed is 150 miles, and though there are several cataracts, gunboats can, at this season be got past them. Once Abu Hamed is occupied a railroad will be built thither across the plains of the Nubian desert from Korosko. Then from Abu Hamed to Khartoum the distance is 300 miles, and the river is easily navigable the whole way, while the roads along its banks are good. Again when Metemneh is reached a railway will be built to it from Dongola. By that railroad the bulk of the army is to be sent across the Bayouda desert, shortening the distance by 100 miles. Thereafter, with 25,000 British and Egyptian troops, the taking of Khartoum and Omdurman will be easily accomplished.

ANNIE BISHOP, Lynden P. O., says: "My husband was bad with rheumatism; he took the first box of Miller's Compound Iron Pills with great benefit; and the second box has nearly cured him. For sale by E. C. Mitchell.
