In future, Reporters of the Press are to be admitted to the meetings of the several Committees of the Montreal City Council. Magnanimous, but does it please the reporters.

How is it that when the military get into difficulty with civilians public sentiment is against them, right or wrong? The principle is as mysterious as that which urges people to take sides against the police in a street fracas.

The new city lockup at the Tete du Pont will be convenient to receive straggling vagrants around Place de Armes. But will the officious military guards do the packing up. They would not surely rush valiantly on women with fixed bayonets.

Hamilton is made up of mechanical geniuses. One is perfecting a velocipede canoe—to be called the "velocipaddle." Another has improved a three wheeled concern of the genus velocipede to run errands with and carry parcels. What next? Come on.

One prophet less—Michael Rogan, a well known insane man, who tramps the streets under the impression of being a prophet, has been sent to gaol that his case might be investigated with a view to his being admitted into the Lunatic Asylum. He has lately taken to pilfering, which is rather incongruous with preaching the gospel.

The city scavengers began their work on Princess street yesterday, and were up to their knees in work, as might be expected, after the rain. Where does all the dirt accumulate from? A day or two will witness a vast improvement in the streets, and this early step on the part of the Committee on Streets cannot be too highly commended.

We could fill this column with grievances, but prefer to submit only two just now. The first is, the absence of a proper crossing on Princess street, at the Medical Hall, where the mud is ankle deep, and the state of the street disgraceful; the other, the need of a plank walk from Barrie street, to the west corner of the Court House, perhaps the most useful and frequented thoroughfare in the city. The City Fathers should do something in these matters.

NEWS OF THE DAY.

TUESDAY MORNING, APRIL 20, 1869.

QUEEN STREET WESLEYAN CHURCH.—For some time past the interior of Queen Street Wesleyan Methodist Church has been undergoing alteration and improvement, and the customary services have in consequence been conducted in the basement of the edifice. Last week the work was completed, and on Sunday evening worship was resumed in the proper place, the occasion being appropriately used for special re-opening services, at which the Rev. George Cochrane, of Toronto, officiated. As the outlay for making the improvements has to be provided for by voluntary offerings, and to make the burden lighter, a public festival was held last evening. The work, which has constituted this Church the best finished internally of all in the city, has been performed by Mr. W. H. G. Savage, of this city, and reflects credit on his profession. Mr. W. H. G. Savage, the son of a good artist, has exhibited marks of his proficiency in the Decorative Art, by the able manner with which he has executed the Fresco Paintings in this Church. It was once thought that no Fresco Painting could not be done in Kingston by a Kingston Artist, but Mr. Savage has shewn them the contrary, for the paintings by him are extremely beautiful, and would do credit to a Metropolitan Artist.

THE LATE MR. SMYTH.—On Sunday afternoon the remains of Mr. Archibald Smyth, Clerk of the Market and Harbor, Master, were committed to their last resting place, in the presence of a large attendance of public and private citizens friends and acquaintances. The Funeral took place from his late residence, and was attended by the Mayor and City Aldermen, with the City Officials in a body. This honor was very properly accorded to one who has for 21 years held the position of an officer of the Corporation, and earned the esteem of the public at large. The deceased was also one of the oldest citizens, and an honored landmark. Owing to Mr. Smyth's long illness his decease did not occur unexpectedly. For some time his duties have been performed by his brother, Mr. A. Smyth, who doubtless will be continued in the office.

At the Funeral his worship the Mayor, the Police Magistrate, the Sheriff, the Chairman of the Board of Common Schools, the Deputy Warden of the Provincial Penitentiary, and Mr. Ald. Allen officiated as pall-bearers.

THE VELOCIPEDE CHAMPIONSHIP.—The contest consequent on the surrender of the champion medal by Mr. Havens came off at the Velocipedrome, King Street Rink, on Saturday night. Six riders came to the fore, all of whom had a share in the first contest. They ran in the following order, and in the time stated, minutes and seconds:—

		Previous Time.
Breck	4.33¼	4.40
S———	4.53¼	4.52½
McWhirter	4 40¼	5.00¼
Frazer	4 44¼	4.50
Grant	4.31¼	4.47
Kearnes	4.43¼	4.52¼

The winners time in the last contest was 4:38.

The principal subject of remark was the noticeable improvement in guiding and running, which gives promise of still more flattering results. McWhirter again had the misfortune to sustain a fall. Taking the 10 or 12 seconds he lost thereby from his time, his record may be placed first.

One of the stated rules of the race was that three seconds would be added to the time of the rider each time he crossed the black line that marked the circle. It was admitted that Grant, the first on the list, crossed it once, which would make his time 4.34¼, thus placing him behind Breck. On the other hand it was claimed that Breck also crossed once, but on this point there was a diversity of opinion. So the Judges decided that Grant and Breck should run once more to decide the affair satisfactorily. On merit, Grant was the winner, as the simple crossing once or twice does not make any difference in the time. The penalty is altogether too heavy. In the second heat Breck scored 4.35½ (losing 2 seconds), and Grant 4.30¼ (gaining one second) and won the race. He was then presented with the champion medal, which he holds until wrested from him under the rules already published. The champion is but a boy, and this is all the more to his credit. The interest felt in the race was fairly indicated by the liberal pooling carried on.

Mr. Duguet, Editor of Progres de Levis, Quebec, challenges, for $100, the fastest velocipedist in the Dominion to ride against him at the ancient capital. If it were not so far off we could find our brother a Kingston amateur, or perhaps two or three of the class, to test matters with him.

14TH P. W. O. RIFLES.—The Battalion is under orders for a march out to-morrow evening, if the weather is at all propitious. The Band will of course turn out.

POLICE COURT, Monday.—This morning again there was a crowded auditorum in anticipation of something interesting, apropos the late fracas between the police and military. No enquiry has yet been ordered, so that, like Saturday, the unshaven and unshorn had to put up with a very mild relish. This was the business: Susan Brickwood, a well-known demirep, was charged with vagrancy. She was let off on her father's requisition to take her to Wolfe Island and obtain work for her. At times she shows some signs of steadiness, but sooner or later relapses to her normal condition. Robt. Elliott, an old stager, who was charged with drunkenness and vagrancy, could hardly express his detestation of the conduct of the police in arresting him, and the Magistrate was pleased that he could not. He felt, he said, like striking the peeler, but he did not, and is as well so. His air of injured innocence scarcely becomes Robert. Admonished and discharged. A charge of selling liquor without license was preferred against Mrs. Tracey, and admitted by the defendant. Fined $20 and costs. All over: the curtain falls; exeunt omnes.

Dr. Wistar's Balsam of Wild Cherry.

In the whole history of medical discoveries no remedy has performed so many or such remarkable cures of the enumerous affections of the Throat, Lungs, and Chest, as this long tried and justly celebrated Balsam. So generally acknowledged is the superior excellence of this remedy that but few of the many who have tested its virtues by experience fail to keep it at hand as a speedy and certain cure for sudden attacks of Cold—fully believing that its remedial powers are comprehensive enough to embrace every form of disease from the slightest cold to the most dangerous symptom of pulmonary complaint.

Unsolicited Testimony.

From Rev. Francis Lobdell, Pastor of the South Congregational Church, Bridgeport, Connecticut.

'I consider it a duty which I owe to suffering humanity to bear testimony to the virtues of Dr. Wistar's Balsam of Wild Cherry. I have used it—when I have had occasion for any remedy for Coughs, Colds or Sore Throat—for many years, and never in a single instance has it failed to relieve and cure me. I have frequently been very hoarse on Saturday, and looked forward to the delivery of two sermons on the following day with sad misgivings, but by a liberal use of the Balsam my hoarseness has invariably been removed, and I have preached without difficulty.

I commend it to my brethern in the ministry, and to public speakers generally, as a certain remedy for the bronchial troubles to which we are peculiarly exposed.'

Grace's Celebrated Salve.

From Mr. E. Tucker, Depot Master at Salisbury, Mass.

'I have been troubled for years with a bad humor: sometimes outward and sometimes inwardly. During the past summer it manifested itself more than usual outwardly, and I used your Salve. All signs of it have since disappeared, without affecting me inwardly, indicating, I think, the eradicating nature of the Salve.

A correspondent of the Brampton Times thus writes to that journal: "Some time ago I was attacked with Inflammatory Rheumatism in both limbs and feet, and confined to the house for several weeks. It took all the soreness out of my feet, and I am now able to walk nearly as well as ever. I will always recommend it as the best thing I ever used for that disease."

The high praises emanating from people in all parts of the world that have derived benefit from the use of RADWAY'S REMEDIES, proves their title to confidence. There is no pain so severe no disease so malignant or swift in its destruction of life, but that the READY RELIEF will stop the pain and arrest it in its progress. Every one has heard of it, if not tried it. Let those who have not used it, if sick, give it a trial. A few minutes will prove its power of stopping pain.

PATENT IRON-CLAD

PIANO FORTES!

John Breden, Jr.,

MANUFACTURER.

The only Purchaser and Proprietor of John C. Fox's Patents).

At the original and principal Factory,

Corner Princess & Ontario Sts.,

KINGSTON, ONT.

THE reputation of these Pianos is fully established and their qualities appreciated throughout the Province, and still further improvements have been introduced in the action which renders them unparalleled for BRILLIANCY AND EQUALITY OF TONE, ELASTICITY AND INSTANTANEOUS REPETITION OF TOUCH, which last is of much importance in the performance of rapid passages. In addition to these the Aigraffe system has been introduced, extending throughout the Scale.

Another great improvement in the action of these Pianos is the bushing of all pivot bearings, which renders the action perfectly noiseless after being in use for years.

The public and intending purchasers are respectfully invited to visit the Factory and inspect the instruments, which will bear the examination and give satisfaction to the most critical judges.

This Manufactory possesses the following advantages:—THE EXCLUSIVE USE OF Fox's IRON-CLAD SOUNDING BOARD, the adoption of every known, and the introduction of many original improvements, and first-class workmen.

Each Piano is guaranteed by a written warranty, and references can be given to parties throughout the Province who have been purchasers.
