POST OFFICE.—The report of the Postmaster General, for the year ending 10th of June, 1867, has been laid before the House. The postal revenue for the year was $914,783; the revenue for the year 1852, the first annual period after the transfer of the Post Office to Provincial control, was $230,000. The number of letters in 1852 was 3,700,000; in 1867, 14,200,000. Postal expenditure in 1852, $276,000; 1867, $924 319. The annual exchange of correspondence with us, has largely increased. Postage in 1868, $183,836; 1867, $346,221. Parcels sent by post, 11,700. Postage on those parcels, $3,600. Registered letters in 1868, 550,000, and in 1867, 600,000. Registered letters miscarried during the year, 33. Dead letters, 269,952, of this number 905 were registered letters. Net revenue from money, $11,608. Passengers arrived by mail steamers from Liverpool:—To Portland, 2,940; to Quebec, 3,254, and from Quebec to Liverpool, 1,100, from Portland, 3,020.—Globe of Friday.

A Queer Story.

The N. Y. Herald says:—An interesting bit of secret history connected with the French expedition has just leaked out. It appears that while our Government was declared to be openly opposed to the French invasion it was secretly furnishing aid by supplying the French army with mules to enable them to convey their military baggage to the interior. This was done through Secretary Seward, who authorized Gen. Butler to supply the French with all the mules they required.

Draining the Lakes.

Leavenworth paper broaches a grand project, by which Chicago promises to distance all its rivals. A ship canal 100 feet broad and sixty feet deep is to be contructed across the State of Illinois to some point on the Mississippi River, enough below the level of Lake Michigan to admit of a steady flow of water into the Mississippi. The following are the results to ensue: The River St. Lawrence will become but a brook. Niagara Falls will stand a damp wall of rock, if indeed the water does not flow back over them, forced by the tremendous suction of Chicago. Buffalo Cleveland, Toledo, Detroit and Milwaukee will be sixty feet above the present high water mark, and millions of acres of new land will appear in the shallows of the lakes. New York would be nowhere. The largest vessels in the world would navigate the Mississippi, "and steam tugs of extraordinary power"—we quote the Leavenworth paper—"would bring sailing vessels from New Orleans to Chicago in four days." This work will cost 884,000,000. The money is not yet raised nor is the survey complete, but as Chicago and Leavenworth have pronounced in favor of it, it will be accomplished.

Fearful Accident at Hamilton.

EXPLOSION AT THE ROLLING MILLS.

Hamilton, April 28.

At six o'clock this evening the boiler in the Great Western Railway Rolling Mills exploded with a terrible report, heard in all parts of the city. Buildings in the lower part of the city were jarred by the concussion, like as if an earthquake had occurred. The works were filled with workmen busily employed at the time, and it is miraculous that the loss of life was not terrific. The night watchman, named J. Burns, who had just entered the mills, was killed instantly. Seven persons, as far as known, are seriously wounded, a number of whom cannot survive. The manager of the mills, Wm. Matthias, is among the injured and is terribly cut about the head. William Murray, assistant engineer, is badly injured about the head and face. The gallant fellow staggered up and stopped both engines after the accident. An old man, name not known, in looking at the works, was mortally injured. A boy named Fox was seriously injured. There are six boilers furnishing power for the mills, the one that exploded being an auxiliary. A portion of the north side of the mill was blown out, and the works injured in all parts. The mills were being run on extra time, the work being very pressing at present.

Help the Emigrant.

Emigrants are already arriving in considerable numbers, and many more will speedily follow. It is the duty of the people of Ontario to help them by every means within their reach. We do not mean that charity should be bestowed upon them. On the contrary the sooner the emigrant is taught that he has come to a country in which, by his own exertions, he can obtain food and shelter for himself and his family, the better for himself as well as for the country to which he has come. But, without bestowing charity, much can be done to help the newly-arrived. Advice—but above all employment—is what he needs; and therefore, we say to the inhabitants of town and country alike, put yourselves out of your ordinary way to assist emigrants. Make them feel that they are among friends, who are interested in their welfare, and that they are of value to the country in whose fortunes they desire to have a share. Make them feel that, however it may be in the country which they have left, in Canada willing hands are of value and certain to find a recompense for their labour. See whether profitable work cannot be devised in your own establishment, and, if it cannot, send the applicant on to your neighbour who needs help.

ARCHBISHOP MANNING AND THE CONVENT CASE.—Archbishop Manning has consented to become chairman of the committee formed to collect subscriptions for the purpose of defraying the cost of the late trial, "Morris vs. Starr," and has addressed the following letter to the present reverend mother of the Hull Convent:—"2, York place, W., March the 19th, 1869. Reverend Mother,—With all my heart I give full permission that collections may be made in this archdiocese to aid in defraying the costs of the trial to which your convent has been subjected. You may also put my name on the list of the committee, and I shall be happy to assist you to the utmost of my power. Do not be cast down at this trial. It will assuredly turn not the hindrance, but to the furtherance of faith, and to the vindication of our convents from the false accusers who in your case have been signally disappointed. The public opinion of the country is just and generous, and we have no fear to stand in the light of day. May the blessing of God be upon you and upon your sisters.

CORN.—The yield of the Lake Superior Copper Mines, in 1868, was little short of 10,000 tons, and it is believed that it will be doubled this year, under the influence of the high protective tariff of 5 cent. per pound, which became law in the United States, last February. While the supply from Chili is falling off, the rapid extension of the railway system in the republic is creating a prodigious market for this metal.

THE PERSIAN BILL.—By means of this measure, Lord Russell has done something to keep his name a few years more before the public. If the Bill does become law, the first thing we shall, thereupon, in all probability hear, will be the gazetting of a number of eminent colonists—from India, Australia and the Dominion of Canada—to life peerages; thus, by mandamus of the Crown realizing the dreams and expectations of those who have always prayed for Colonial Representation in the British Parliament. Lord Cartier and Lord Macdonald are names which we shall all look for in an early issue of the London Gazette.—Telegraph.

NEWS OF THE DAY.

SATURDAY MORNING, MAY 1, 1869.

MILITARY STORES.—Yesterday morning the steamer Passport shipped at H.M. Dockyard, Point Frederick, about 100 tons of military stores, principally gun carriages, which she will transport to Montreal to-day.

FOR PENITENTIARY.—Sheriff Smith and deputies, of Barrie, have arrived having in charge Patrick Daley, sentenced at the last Simcoe Assizes to some five years in the Kingston Penitentiary on conviction of arson, and Anthony Woonch and John Shell, sentenced to durance vile for a period of two years, on conviction of burglary.

SOLDIERS VS. POLICEMEN.—They are having a similar difficulty at Toronto between the soldiers and the police to that which has been lately quieted in Kingston. Some troopers of the Hussars committed a cowardly assault on Sergeant Major Hastings, well known in connection with the city police, and severely injured his arm with a heavy stone, thrown by the hand. Whether any altercation took place is not stated. The offenders have been brought before a military tribunal, but no decision has been given so far.

HALF-YEARLY INSPECTION. — The Montreal papers say that Colonel Radcliffe, commanding the Royal Artillery in Canada, is about to inspect the Artillery in Kingston and the 1st Military District, previous to his departure with the 4th Brigade for England.

INSPECTION.—Brigade Major Shaw is still engaged in his tour of Inspection of this immediate district. To-day he scrutinizes the Napanee Battery of Volunteer Artillery.

THE PROVINCIAL PENITENTIARY.—The report about town, that the Warden of this Institution has sent in his resignation, is probably correct. Mr. Æneas Macdonell is an aged man, and his resignation of the office he holds, and which he has so long and so ably filled, has been expected for some time, and we heartily trust that his old age will be amply provided for by the Dominion Parliament. It is also reported, and we hope truly, that Mr. Ferris, one of the Directors, will be appointed Warden in Mr. Macdonell's place. The Penitentiary Act provides for such a change.

EMIGRATION MATTERS.—Of the 795 emigrants who arrived by the steamship Nestorian, about 500 shipped for Ontario and the Western States, 200 to New York and Boston, and 50 remained at Montreal. Seven carloads (480 souls) arrived at Kingston station, and of these, as is already known, only 37 got off here. A few others will remain in Toronto, but the larger proportion are to proceed, through to Chicago and other places in the West. Though there is considerable to regret on this last account, there is reason to be thankful that this is not as bad as preceding years have been, when few, if any, emigrants stopped in this country, though hundreds passed through daily.

The steamship Germania has arrived at Quebec with another large instalment of emigrants to Canada. Of these a certain portion will be sent on to this section, and parties wanting to engage servants or mechanics would do well to consult Mr. Macpherson, the energetic Immigration Agent at this city, on the subject.

LIQUOR CASES.—Considerable interest was awakened last week in the other quiet town of Napanee, through several persons of the township of Richmond being brought before the Mayor's court for violating the Dunkin Act of 1864, commonly known as the Temperance Act. That law it appears is still in force in that highly favoured part of this country. The result was that five trespassers on the legal code were fined each in $20 and costs, and there is in consequence considerable lamentation in that quarter.

THE OLDEST MASON.—This odd individual has been found at last. For some months, correspondents in the Globe have claimed for various persons the honor of being the oldest Mason in Canada, none of whom, however, came within several years of that distinction. A reliable correspondent has published to the world through the Telegraph, producing proof by way of a copy of the proper certificate of the craft, that Bro. Wm. Anderson, of Reduersville, Prince Edward county, is entitled to the patriarchal title. He was entered apprentice Mason on the 28th day of March, 1806, and was raised to the sublime degrees of Master Mason on the 19th day of November, 1806. He is almost 84 years of age, and is father of William Anderson, jr., late M.P., for the County of Prince Edward. Who is the next oldest Mason?

Sporting Matters.

On Union Course, New York, on a good track, the best mile on the velocipede was made in 3.57 with a 40 inch machine. There were numerous entries, and very close running. The planks in our Skating Rink are evidently more advantageous to run on than a race course ground.

The best time yet made in Kingston in public has been 4:30; in private 4,26—both by Grant.

Frank Swift accomplished a fifty mile race at Oswego on the bycicle as follows: Actual time, 4 hours, 17 minutes; including rests, 5 hours, 42 minutes; last mile made in 4 minutes, 12 seconds.

The Kingston LaCrosse Club begins practice on Monday morning. The Pittsburg LaCrosse Club is again organizing for the season with renewed vigor and determination to gain a name and fame for themselves. As soon as the early season's work is over, they will take up the sticks again, and then look out.

POLICE COURT, Friday.—Catharine Vaughan, who was released on her parole of honor a second time to leave the city, no sooner was free than she renewed her friendship with the black bottle. The consequence was she was cast into durance vile. This morning her pleading and promises were in vain; the die was cast, and to gaol she walked for 30 days.

The Last Crowning Success.

Mrs. S. A. ALLEN'S IMPROVED HAIR RESTORER

FAVORITE HAIR DRESSING

New Style in one Bottle

BY ITS USE

Gray or Faded Hair is quickly restored to its youthful color and beauty, and with the first application a beautiful gloss and delightful fragrance is given to the Hair.

Manufactured by

S. R. VAN DUZER & CO.

Wholesale Druggists,

35 Barclay Street and 40 Park Place, New-York, and

266 High Holborn, London, Eng.

IRON IN THE BLOOD.

The necessity of a due proportion of iron in the blood is well known to all medical men; when it becomes reduced from any cause whatever, the whole system suffers, the weakest part being first attacked, and a feeling of languor, lassitude, and "all goneness" pervades the system. Stimulants only afford temporary relief, and have the same effect as giving a tired horse the whip instead of oats. The true remedy is to supply the blood with the necessary quantity of iron. This can be done by using the

Peruvian Syrup,

a protected solution of the protoxide of Iron, which is so prepared that it assimilates at once with the blood, giving strength, vigor and new life to the whole system.

To take medicine to cure diseases occasioned by a deficiency of IRON IN THE BLOOD, without restoring it to the system, is like trying to repair a building when the foundation is gone.

An eminent divine says: "I have been using the PERUVIAN SYRUP for some time past; it gives me new vigor, buoyancy of spirits, elasticity of muscle."

Pamphlets containing certificates of cures, and recommendations from some of the most eminent physicians, clergymen and others, will be sent free to any address.

The genuine has PERUVIAN SYRUP blown in the glass.

J. P. DINSMORE, Proprietor
No. 36 Dey St., New York.

Sold by all Druggists. 95

Arnot's Arnica Anodyne.

A correspondent of the Brampton Times thus writes to that journal: "Some time ago I was attacked with Inflammatory Rheumatism in both limbs and feet, and confined to the house for several weeks. Hearing of ARNOT'S ARNICA ANODYNE, I got a bottle, and after using it a few times obtained the greatest relief. It took all the soreness out of my feet, and I am now able to walk nearly as well as ever. I will always recommend it as the best thing I ever used for that disease."

R. MENZIES.

A. A. A. is fast becoming a household remedy throughout Canada, and superseding the other so-called Ready Reliefs and Pain Killers to which sufferers have long resorted. See advertisement. 48

APHONIA CURED.

FELLOWS' COMPOUND SYRUP

Aphonia or Loss of Voice, is remedied in a short time, no matter whether the cause be from inflammation of the living membrane, from cold, or from nervous derangement.

MR. FELLOWS:—

Dear Sir,—Some three months ago one of my daughters lost her voice, and was for a long time was unable to speak above a whisper; it continued so long we became anxious, and resorted to every means we could hear of, but without any good effect. She was advised by a friend to use your Compound Syrup, and strange to say, one hour after taking the first dose her voice was completely restored.

Yours truly,
J. S. ARMSTRONG.

Greenhead, N. B., January 1867.

Sold by Apothecaries. Price $1.50 per bottle, or 6 for $7.50.

JAMES I. FELLOWS, Chemist, St. John, N.B.
FRANCIS CUNDILL & CO. Wholesale Agents, Lemoine Street, Montreal. 91

R. R. R.

The high praise emanating from people in all parts of the world that have derived benefit from the use of RADWAY'S REMEDIES, prove their title to confidence. There is no pain so severe no disease so malignant or swift in its destruction of life, but that the READY RELIEF will stop the pain and arrest it in its progress. Every one has heard of it, if not tried it. Let those who have not used it, if sick, give it a trial. A few minutes will prove its power of stopping pain. See Dr. Radway's Almanac for 1868.

A. A. A.

Arnot's Arnica Anodyne!

THE NEW PAIN RELIEVER,

IS THE MOST RELIABLE REMEDY for all Pain, of whatever kind, whether internal or external. It is a certain cure for

NEURALGIA, TOOTHACHE, RHEUMATIC AFFECTIONS, INFLAMMATORY SORE THROAT, DIARRHŒA, COLIC, DYSENTERY, CRAMPS, COLDS, DYSPEPSIA, FLATULENCE,

And all Complaints of the Stomach and Bowels.

It is not a weak or untried Medicine, rashly or carelessly intruded on the public attention, but has been used by thousands in this immediate vicinity, as well as elsewhere through Canada, and in every case, as far as known, with the best results. Dr. ARNOT, the eminent Physician whose name it bears, was well known as one of the most distinguished Medical Practitioners in the Empire, and this remedy has been pronounced by all who have experienced its wonderful curative powers as well worthy its author's reputation.

No one need continue a sufferer from pain when by the timely and proper use of A. A. A. the suffering is sure to be alleviated immediately, and entirely banished after a few applications. Its taste and odour are both agreeable, so that when taken it gives no offence to the most delicate palate, and when inhaled through the nostrils it refreshes and stimulates the olfactory nerves more than the best Eau de Cologne.

If you suffer from NEURALGIA, use A. A. A.
If you are a master to TOOTHACHE, use A. A. A.
If you are afflicted with RHEUMATISM, use A. A. A.
If you are attacked by DIPTHERIA, use A. A. A.
If you have been BURNT, or SCALDED, or STUNG, or FROST BITTEN, or BRUISED, use A. A. A.
If you have CHILBLAINS on your feet or hands, use A. A. A.
If you are troubled with DIARRHŒA, or COLIC, or CRAMPS IN THE STOMACH, use A. A. A.
If you suffer from any painful affection in any part of the body, internal or external, use ARNOT'S ARNICA ANODYNE, and you will not be disappointed

For sale in Kingston by J. G. King, Heath & Gunn, G. S. Hobart; Bath, J. G. McTavish Ross; Gananoque, S. McCammon; Napanee, Lettor & Scott.
