NEWS OF THE DAY.

TUESDAY MORNING, MAY 11, 1869.

MILITARY SCHOOL.—The following cadets obtained certificates during the [illegible]:—2nd class, James Davis, [illegible]; William Lennox, do; John B. Ireland, do; Samuel Cook, do; Joseph H. Sommerville, do; James K. Campbell, Barriefield. 1st class, Alexander Smith, Kingston.

REMARKABLE CASE OF SYMPATHY IN A HORSE.—"A traveller" writes to us:—On entering the city on Saturday last I observed an individual toiling with great difficulty up Princess Street upon a mule. cipede. My horse twigged him also, and suddenly wheeled around towards the object of attention, and endeavored to stop in front of the machine, evidently with the purpose of assisting the toiler. What sympathy! Who says the horse is not a noble animal?"

BEAUTIFUL FURNITURE.—We direct attention to Mr. George Brand's Special Notice in to-day's issue.

THE LICENSE LAW.—Notwithstanding the careful diffusing of information, some misapprehension exists concerning the new liquor law, as regards appeals from the Police Magistrate's decision. For parties convicted of selling liquor without license there is no appeal. Licensed dealers still appeal if they choose, but the appeal is now to the Bench alone (the County Judge in Quarter Sessions), and not to a jury formerly. The police are authorized to enter the premises of any licensed dealer, or any premises in which, according to common report, liquor is being sold, whether with or without license.

FATHER McMAHON.—His Grace the Archbishop of Halifax has had an interview with His Excellency the Governor General, respecting the release of the Rev. Mr. McMahon. The interview was of a pleasing character. It was with the object of interposing on Mr. McMahon's behalf that the Most Rev. Dr. Connolly visited Ottawa, and certainly no voice could accomplish more towards the release of Mr. McMahon than his.

ARRIVAL.—The Canadian steamship Austrian arrived at Quebec on Sunday. Mails arrived here last evening. In this connection we may mention an incident of the Kingston Post Office. When the mails by the Nestorian were opened the week before last, mail matter was found in it only nine days from Dublin! This is demolishing space with a vengeance.

ENTERTAINMENT.—This evening in Wesley Hall—we beg pardon, the City Music Hall, will be given another of the popular entertainments, of which two have been held so successfully, in aid of local charities. "Good wine needs no bush." The character of the entertainment does not require praise from us, for all who love good music (and who does not?) will make it a point to be present.

APPOINTMENTS.—There are two fresh [illegible] in the Canada Gazette, on which we must congratulate the country. The one is that of Mr. Ferris as Warden of the Penitentiary, who is a good and honest man, and will make an excellent disciplinarian; and is moreover the most fitted person to supply the place of Mr. McDonell, retiring from old age. The second is that of Lt.-Colonel Robertson-Ross as Adjutant-General of Militia. Of this gentleman we know nothing, certainly nothing to his disadvantage; but as he takes the place of a very indifferent public officer, the country must be the gainer. We hope Col. Robertson-Ross won't be so exact as his predecessor, who working at a high salary for a couple of years, wanted an increase of pay, and not getting it, applied for six months' leave of absence, (under full pay,) at the end of which he resigned. Who would not be an Adjutant-General of Militia, when he can and did do what no Civilian with twenty years of hard service could obtain? Had Col. McDougall been an Englishman, Irishman, or even a Canadian, he never would have been allowed such favors and such a privilege. It is well that the country is rid of him.

CRICKET.—The first practice of the K. C. C. took place on Saturday last. On the tapis, a local match for Saturday afternoon next.

POLICE COURT, Monday.—The Court opened with a poor show, and its progress did not disclose any improvement on these appearances.

The adjourned case of selling liquor without license against Mrs. Walker was further adjourned, the witness being not est inventus. A similar case against George Mink was dismissed for a similar cause. This, however, is not the end of the chapter, at least the Inspector says so.

Wm. Marcham, brought a charge of malicious injury to property against a bandsman Saturday night week, and on the day man of the R.C.Rifles, named Dewkesbury, following four window sashes, two doors, and 43 panes of glass were destroyed. The defendant was charged with being in the house on Saturday night, with men and women companions, and perpetrating the damage. He denied the charge in toto, and desired to prove an alibi. The evidence against him was mere hearsay admission, which Mr. Creighton would not receive, it having gone the common round-about or "Mrs Mullins told me that she heard it from Mrs. Snookes, and she she ought to know, for is'nt she great friends with Biddy Connolly, who heard husband telling Private Pipeclay, how that man there had boasted of it all in the barrack room, Sir, your honor." Five boys, young scions of Pickard street democracy, were charged with having committed additional depredations on Sunday, but all that could be proved against them was that one of them had broken three panes with a stone bruiser. The case was adjourned for one week, for more satisfactory evidence to be produced. David Rogers was charged with assaulting James Hogan. The facts as disclosed and admitted are—a controversy began over selling qualities, progressed well into 'you're another,' 'you're not able,' &c.—when Rogers warmed Hogan's cheeks for him twice. Hogan gave him a return of a gentle tap on the head with a cord wood stick which mesmerized him for fully ten minutes. He did not feel much like fighting after that, but a few hours later he "went" for Hogan, leaving an indelible mark on his frontispiece. Mr. Creighton considered that Rogers gave provocation in two instances, and fined him $5 and costs.

Julia Ann Mullett, a frail piece of humanity, charged with being drunk and a vagrant, requested an incarceration of two weeks to get herself cleaned up, and badly she needed it, prior to going home; but Mr. Creighton could not make the good an accommodation, and offered an immediate passage home, or two months' imprisonment. The first offer was accepted. The house where the girl stopped, on Barrie street, was reported by Policeman Lane, supported by others, as one of an extremely bad, disorderly character. Breakers ahead!

IRON IN THE BLOOD.

The necessity of a due proportion of iron in the blood is well known to all medical men; when it becomes reduced from any cause whatever, the whole system suffers, the weakest part being first attacked, and a feeling of languor, lassitude, and "all goneness" pervades the system. Stimulants only afford temporary relief, and have the same effect as giving a tired horse the whip instead of oats. The true remedy is to supply the blood with the necessary quantity of iron. This can be done by using the

Peruvian Syrup,

a protected solution of the protoxide of Iron, which is so prepared that it assimilates at once with the blood, giving strength, vigor and new life to the whole system.

To take medicine to cure diseases occasioned by a deficiency of IRON IN THE BLOOD, without restoring it to the system, is like trying to repair a building when the foundation is gone.

An eminent divine says: "I have been using the PERUVIAN SYRUP for some time past; it gives me new vigor, buoyancy of spirits, elasticity of muscle."

Pamphlets containing certificates of cures, and recommendations from some of the most eminent physicians, clergymen and others, will be sent free to any address.

The genuine has PERUVIAN SYRUP blown in the glass.

Arnot's Arnica Anodyne.

A correspondent of the Brampton Times thus writes to that journal: "Some time ago I was attacked with Inflammatory Rheumatism in both limbs and feet, and confined to the house for several weeks. Hearing of ARNOT'S ARNICA ANODYNE. I got a bottle, and after using it a few times obtained the greatest relief. It took all the soreness out of my feet, and I am now able to walk nearly as well as ever. I will always recommend it as the best thing I ever used for that disease."

R. R. R.

The high praises emanating from people in all parts of the world that have derived benefit from the use of RADWAY'S REMEDIES, prove their title to confidence. There is no pain so severe no disease so malignant or swift in its destruction of life, but that the READY RELIEF will stop the pain and arrest it in its progress. Every one has heard of it, if not tried it. Let those who have not used it, if sick, give it a trial. A few minutes will prove its power of stopping pain. See Dr. Radway's Almanac for 1868.

The New Remedy for Worms in Children or Adults.

BARKER'S WORM SYRUP.

GREAT difficulty has been experienced in obtaining a medicine that can be administered to young Children in a convenient form. Lozenges, Candy, &c., have not been found to answer the purpose, on account of children refusing to eat them; also on account of the number of worthless preparations now before the public. Thousands of lives are sacrificed for the want of a certain and reliable medicine.

The want of a convenient, and at the same time an effectual medicine, has been long required. This WORM SYRUP will supply that want, and having paid particular attention to its preparation, the Proprietor can with confidence recommend it to the public as a certain, safe and sure remedy for destroying Worms in Children or Adults. It can be administered with perfect safety to the most delicate children, and on account of its pleasant taste children will take it freely. A large number of certificates have been received from parties who have used this Syrup with the greatest success; also from several Physicians, recommending its use.

The symptoms of worms are so well known that it is not necessary here to describe them; but it is a well known fact that thousands of children are hurried to an early grave for want of proper attention.

THE reputation of these Pianos is fully established and their qualities appreciated throughout the Province, and still further improvements have been introduced in the action which render them unparalleled for BRILLIANCY AND EQUALITY OF TONE, ELASTICITY AND INSTANTANEOUS REPETITION OF TOUCH, which last is of much importance in the performance of rapid passages. In addition to these the Aggrafe system has been introduced, extending throughout the Scale.

Another great improvement in the action of these Pianos is the bushing of all pivot bearings, which renders the action perfectly noiseless after being in use for years.

The public and intending purchasers are respectfully invited to visit the Factory and inspect the instruments, which will bear the examination and give satisfaction to the most critical judges.

Arnot's Arnica Anodyne!

THE NEW PAIN RELIEVER,

IS THE MOST RELIABLE REMEDY for all Pain, of whatever kind, whether internal or external. It is a certain cure for
NEURALGIA, TOOTHACHE, RHEUMATIC AFFECTIONS, INFLAMMATORY SORE THROAT, DIARRHŒA, COLIC, DYSENTERY, CRAMPS, COLDS, DYSPEPSIA, FLATULENCE,
And all Complaints of the Stomach and Bowels.

It is not a weak or untried Medicine, rashly or carelessly intruded on the public attention, but has been used by thousands in this immediate vicinity, as well as elsewhere through Canada, and in every case, as far as known, with the best results. DR. ARNOT, the eminent Physician whose name it bears, was well known as one of the most distinguished Medical Practitioners in the Empire, and this remedy has been pronounced by all who have experienced its wonderful curative powers as well worthy its author's reputation.

No one need continue a sufferer from pain when by the timely and proper use of A. A. A. the suffering is sure to be alleviated immediately, and entirely banished after a few applications. Its taste and colour are both agreeable, so that when taken it gives no offence to the most delicate palate, and when inhaled through the nostrils it refreshes and stimulates the olfactory nerves more than the best Eau de Cologne.

If you suffer from NEURALGIA, use A. A. A.
If you are a martyr to TOOTHACHE, use A. A. A.
If you are afflicted with RHEUMATISM, use A. A. A.
If you are attacked by DIPTHERIA, use A. A. A.
