OTTAWA.

The Banking Policy—John Sandfield and the Grits—Mr. Howe in the House.

Ottawa, May 13.

The Toronto deputation from the Board of Trade had an [illegible] to-day with Sir John A. Macdonald [illegible] the banking and insolvency question, and urged on him the propriety of not interfering with the bank circulation, as the system worked well and was best adapted to the wants of a protuting country.

A conference was held to-day between members and ministers on the banking question, and it is supposed that the Government will recede from the condition taken.

Much amusement was created in the House to-night by Mr. Sandfield Macdonald's scarifying of the Grits. He kept the House in roars of laughter, making hit after hit, but the hour was too late for a full report. Poor McKenzie quailed under his criticism and the House was fairly convulsed with merriment.

There was a fuller audience than usual in the galleries to witness the introduction of Mr. Howe on his re-election for the country of Hants. Mr. Howe entered during the presentation of petitions, being introduced by Sir John A. Macionald and Sir George Cartier, and took his seat amidst clapping of hands. The hon. gentleman occupies the seat furthest up in the front Ministerial row, being that hitherto occupied by Mr. Ross, who removes to the [illegible] Mr. Langevin, immediately [illegible] Sir George Cartier. The seat taken by Mr. Ross has been recently vacated by Mr. McDougall, who now occupies the desk in the front row beside Mr. Tilley, formerly occupied by Mr. Howland.

NOVA SCOTIA.

The Ballot.

The Legislative Assembly passed the resolution approving of a ballot, by a large majority, seven members only being opposed to it. The Provincial Secretary voted against the resolution. All the other members of the Government voted for it.

The Provincial Secretary said that he was a true and loyal subject to the Queen's, and had no sympathy for annexation, much as he felt aggrieved in the matter of Confederation.

Mr. Troop made a somewhat violent speech, and said that if asked whether he were a loyal subject of Great Britain he should hardly be able to answer the question.

A member said it was strange to hear an adviser of His Excellency the Governor speaking in that way.

Mr. Troop replied that he meant what he said.

The tone of the Provincial Secretary's remarks proves that there is a division in the Government.

General News.

Mrs. Harriet Beecher Stowe is in Montreal.

Counterfeit ones on the Royal Canadian Bank are floating in London.

The Cholera is said to have broken out in St. Louis. Prognostigators and seers say that thunder storms at so early a date as we have had them this spring are sure forerunners of the terrible scourge.

The Herald's Cuban letter says:—A Revolution of some magnitude is reported to have broken out in Porto Rico. Several British men-of-war were moving about the Gulf, and the squadron was being increased.

The American Press generally admits that their sea board, forts, harbours and all, would be defenceless in the present state of the U. S. Navy and armaments. The Hercules alone could thrash the whole American fleet and then call for more.

It appears, according to recent accounts, that the rebel natives in New Zealand have committed further outrages upon settlers, for which they have been severely punished. It had been resolved at a great meeting of the colonists to petition the Queen for aid.

The Percheron Stallion imported for the Agricultural Society in the county of St. Hyacinthe died on the passage to New York. A lot of five Stallions imported for several others society by Mr. Joseph Perrault has also come to grief. Two have died and two others are dangerously ill.

Owing to the high charges by the authorities of St. Thomas for the use of a U. S. coal depot at that station, government has taken measures to transfer the coaling station to Samana bay.

Information has been received by the American Government from reliable sources, showing that the Cuban insurgents are not making any headway; that the Spanish army will, in a very short time, put an end to the insurrection, and that nothing remains of the Cuban forces but detached parties acting as guerrillas.

Here's something like a fire:—Six Steamboats were burned at Cincinnati Wednesday morning. The fire originated in the chamber maids room on board the Clifton, by the upsetting of a coal oil lamp. Fourteen kegs of gunpowder on the Cheyenne exploded, and scattered the flames to the Westmoreland, on which there were 25 barrels of coal oil. There were 200 barrels of coal oil on the Cheyenne. Insurance amounts to $812,500. [illegible] lost.

LATER.

Two prominent Americans dead—The Hon. John J. Phelps and Professor Hamilton.

A private letter from Cuba states that it is impossible for the Spanish troops to regain the land now held by the insurgents. Several British men-of-war were moving actively about the Gulf, and the squadron has been increased.

A despatch from Sacramento, California announces the arrival of a train of Springfield cars, which were the first to cross the continent.

The foreign diplomats at Washington are excited over the rumors that England, France, and Spain propose the alliance against the United States, which they say will make Prussia and Russia American allies.

Ecclesiastical.

BISHOP COLENSO.

Three eminent English lawyers, the Solicitor General, Sir Roundell Palmer, and Dr. Deane, having been asked whether, supposing Bishop Colenso to have been guilty of an ecclesiastical offence, any steps can be taken to bring him to trial, have arrived at the opinion that no means at present exist for trying before any tribunal competent to decide the question whether or no he has advocated doctrinal opinions not in accordance with the doctrines held by the Church of England; and, assuming the present Bishop of Natal to have been guilty of an ecclesiastical offence, no steps can be taken to bring him, as such Bishop, before any tribunal. But still there is a probability of Bishop Colenso being called to account before the Ecclesiastical Courts. Mr. Bennett, of Frome, published a pamphlet in London containing very strong language on the subject of the Eucharist. He is a beneficed clergyman in another diocese; but the Bishop of London was called on to promote proceedings against him, on the ground that the publication constituted an offence committed within the Metropolitan diocese. This application has been successful. The case has been sent for trial to the Arches' Court; and it is believed that Dr. Colenso can be got at, in a similar manner, for his book on the Pentateuch.

Western Wheat Crop.

Chicago, May 13.

Reports received in this city from various parts of the Northwest are to the effect that the new wheat crop is in an excellent condition and promises an abundant harvest. A much greater breadth of land has been put into wheat this year than ever before. If no unfortunate disaster occurs the crop will be unprecedented.

VIBRATION OVER THE CONTINENT.—An interesting incident occurred on Monday last, regulating the driving of the last spike in completing the line of the great Pacific Railroad. Many of the principal telegraph offices in the States and Canada were so connected together with the wires that the all driving the last spike was made to complete the electric circuit, and the electric flash was sent over the whole continent at each successive stroke of the hammer. Five or six distinct strokes were observable in the office of the Montreal Company at Toronto. In many of the American cities the bells were set pealing simultaneously with the commencement of driving the spike.

NEWS OF THE DAY.

SATURDAY MORNING, MAY 15, 1869.

NICE.—The hot weather has induced a state of torpidity in the workers of iniquity, so that the Police Court and its votaries are now luxuriating in the delightful employment, 'nothing to do.' We hope they will not fatigue themselves at it, for the longer it lasts the better it will be for the town.

HONORS GAINED.—Mr. T. D. Lucas, of Centreville, Camden, who has been for some years past attending McGill University, Montreal, was succeeded in gaining the highest honor in the gift of the institution, viz., the Holmes Gold Medal. The Holmes Gold Medal was founded five years ago, and this is the first time the honor has been gained by a gentleman from Ontario, Lower Canada has gained two, Newfoundland one, and Kentucky, U. S., one. The readiness and accuracy with which Mr. Lucas answered every question elicited the highest praise of the professors; and at the end of the contest, out of a maximum of twelve hundred points, Mr. Lucas was four hundred and eighteen ahead.

ANOTHER MILITIA GRIEVANCE.—Will some kind member of the House of Commons, enquire in his place, of the Minister of Militia, what hitch it is that prevents the payment of the Sub-Officers who took the census some time ago. A number of them gave a week or more of their time, at a period of the year when in some cases was a very laborious duty, and cannot afford to wait for their money, month after month. It is this carelessness, and ill treatment of the Militia, which has disgusted so many with what promised at one time to be a popular institution.

PRINCE ARTHUR.—His Royal Highness' tour in Ireland has been completed, and the next possible move may be "on to Canada." The "Prince Consorts Own Rifle Brigade," is the regiment Prince Arthur is to be attached to while in Montreal. The Colonel of the Battalion, Lord Alexander Russell, is now on leave of absence in England, and will shortly return, so it is rumored, with the Prince.

MORE OF THE RIGHT CLASS.—On April 30th, 320 dockyard and arsenal artisans embarked at Portsmouth, England, for Canada. About 230 of the emigrants by the Dacia are families of mechanics and laborers from London and Woolwich. They all proceeded west to Toronto, Hamilton, &c.

MAY IN TEARS.—A soaking rain fell during Thursday night and yesterday morning, and all nature seemed refreshed. Gardeners breath a grateful blessing, the rain having given vegetation a beautiful start. Field and garden operations can now be resumed with renewed vigor.

Vessel Accidents.

On Wednesday night the schr. Peerless, from Clayton, went ashore at Knapp's Point, Wolfe Island. Next morning the tug William got her off; no damage.

On Wednesday morning, Messrs. Calvin & Breck's steamer John A. Macdonald, lying at Montreal, went up the river above the Victoria Bridge to tow a raft from the Laprairie side, but having gone too near the bank, ran aground, and notwithstanding the efforts of several steamers to get her off, still (Thursday evening) remains where she first grounded.

LATER.—The str. Hiram A. Calvin went to the John A.'s assistance and got her off without trouble.

The prop. Colonist, which arrived in Kingston on Thursday afternoon, reported having been run into by the schooner Wanderer, laden with cord wood for Toronto, when abreast of Port Hope. At nine o'clock the previous night, when bound down, the schr. Wanderer bound up, ran into her port side, damaging her bulwark and a portion of her cabin. The Captain of the Colonist attributes the blame to the schooner, as he complied with the rules of navigation. The Colonist stood by, and at the request of the Wanderer towed her into Port Hope.

Sporting News.

The Colborne Cricket Club has been "set a rolling."

A trial of velos vs. nag came off, amidst considerable excitement, this week, between Walter Brown, the oarsmen, on a velocipede, and the horse John Stewart—Brown to go five miles, and the horse in harness, ten. The race was won by Brown, who completed his five miles in 27:30; the horse doing nine miles in 26:35. Brown's best mile was done in 4:29, and Stewart's in 2:47. Scene Boston.

A meeting of the Kingston Butchers' La Crosse Club was held at Spotten's Hotel on Thursday evening last. In the absence of the President, Mr. W. McCammon, Captain, took the chair. The election of Officers for 1869 then took place, when the following were chosen:—

Wm. Elliott, Sr., President.
Hugh Cumellings, Vice-President.
Wm. McCammon, Captain.
W. G. Elliott, Secretary.
W. Waddington, Treasurer.
A. Jones, Field Captain.
W. Jones, Goal Keeper.

Messrs. W. Elliott, Jr., J. McCammon, M. Walsh, J. Haffner and W. Reid were chosen as a Committee.

The days for practice are on Tuesdays, Thursdays and Saturdays at 5 p.m. Practice has already been begun, and the Club will soon launch into the spirit of the game, by engaging in friendly contest with some other Club.

The first game of Cricket of the season comes off this afternoon on the Cricket Ground, being a scrub match between members of the K.C.C.

SILVER.—Montreal has a plethora of silver. The Star says that there is hardly any possibility of getting off the metal. Discount is 5 per cent.; brokers' shops are deluged, and further receipts interdicted. This flood is very embarrassing. We have the same so-styled nuisance in Kingston, but if you think we won't take silver at par try us.

IRON IN THE BLOOD.

The necessity of a due proportion of iron in the blood is well known to all medical men; when it becomes reduced from any cause whatever, the whole system suffers, the weakest part being first attacked, and a feeling of languor, lassitude, and "all goneness" pervades the system. Stimulants only afford temporary relief, and have the same effect as giving a tired horse the whip instead of oats. The true remedy is to supply the blood with the necessary quantity of iron. This can be done by using the

Peruvian Syrup,

a protoxide solution of the protoxide of Iron, which is so prepared that it assimilates at once with the blood, giving strength, vigor and new life to the whole system.

To take medicine to cure diseases occasioned by a deficiency of IRON IN THE BLOOD, without restoring it to the system, is like trying to repair a building when the foundation is gone.

An eminent divine says: "I have been using the PERUVIAN SYRUP for some time past; it gives me new vigor, buoyancy of spirits, elasticity of muscle."

Pamphlets containing certificates of cures, and recommendations from some of the most eminent physicians, clergymen and others, will be sent free to any address.

The genuine has PERUVIAN SYRUP blown in the glass.

MELANCHOLY.

When the nervous system loses its tone and vigor the whole body suffers in consequence; not unfrequently some one organ suffers more than the rest, hence the origin of Heart Disease, Consumption, softening of the Brain, &c. The most direct method of cure lies in restoring the vital principle to the nerves, which is most easily accomplished by using

FELLOWS' COMPOUND SYRUP.

The high praises emanating from people in all parts of the world that have derived benefit from the use of RADWAY'S REMEDIES, prove their title to confidence. There is no pain so severe no disease so malignant or swift in its destruction of life, but that the READY RELIEF will stop the pain and arrest it in its progress. Every one has heard of it, if not tried it. Let those who have not used it, if sick, give it a trial. A few minutes will prove its power of stopping pain. See Dr. Radway's Almanac for 1868.

Arnot's Arnica Anodyne.

A correspondent of the Brampton Times thus writes to that journal: "Some time ago I was attacked with Inflammatory Rheumatism in both limbs and feet, and confined to the house for several weeks. Hearing of ARNOT'S ARNICA ANODYNE, I got a bottle, and after using it a few times obtained the greatest relief. It took all the soreness out of my feet, and I am now able to walk nearly as well as ever. I will always recommend it as the best thing I ever used for that disease."

Arnot's Arnica Anodyne!

THE NEW PAIN RELIEVER,

IS THE MOST RELIABLE REMEDY for all Pain, of whatever kind, whether internal or external. It is a certain cure for

NEURALGIA, TOOTHACHE, RHEUMATIC AFFECTIONS, INFLAMMATORY SORE THROAT, DIARRHŒA, COLIC, DYSENTERY, CRAMPS, COLDS, DYSPEPSIA, FLATULENCE,

And all Complaints of the Stomach and Bowels.

It is not a weak or untried Medicine, rashly or carelessly intruded on the public attention, but has been used by thousands in this immediate vicinity, as well as elsewhere through Canada, and in every case, as far as known, with the best results. Dr. ARNOT, the eminent Physician whose name it bears, was well known as one of the most distinguished Medical Practitioners in the Empire, and this remedy has been pronounced by all who have experienced its wonderful curative powers as well worthy its author's reputation.

No one need continue a sufferer from pain when by the timely and proper use of A. A. A. the suffering is sure to be alleviated immediately, and entirely banished after a few applications. Its taste and odour are both agreeable, so that when taken it gives no offence to the most delicate palate, and when inhaled through the nostrils it refreshes and stimulates the olfactory nerves more than the best Eau de Cologne.

If you suffer from NEURALGIA, use A. A. A.
If you are a martyr to TOOTHACHE, use A. A. A.
If you are afflicted with RHEUMATISM, use A. A. A.
If you are attacked by DIPTHERIA, use A. A. A.

The New Remedy for Worms in Children or Adults.

BARKER'S
WORM SYRUP.

GREAT difficulty has been experienced in obtaining a medicine that can be administered to young Children in a convenient form. Lozenges, Candy, &c., have not been found to answer the purpose, on account of children refusing to eat them; also on account of the number of worthless preparations now before the public. Thousands of lives are sacrificed for the want of a certain and reliable medicine.

The want of a convenient, and at the same time an effectual medicine, has been long required. This WORM SYRUP will supply that want, and having paid particular attention to its preparation, the Proprietor can with confidence recommend it to the public as a certain, safe and sure remedy for destroying Worms in Children or Adults. It can be administered with perfect safety to the most delicate children, and on account of its pleasant taste children will take it freely. A large number of certificates have been received from parties who have used this Syrup with the greatest success; also from several Physicians, recommending its use.

The symptoms of worms are so well known that it is not necessary here to describe them; but it is a well known fact that thousands of children are hurried to an early grave for want of proper attention.

FOR SALE OR TO LET.

The Chequered Hotel.

THIS long established Hotel is situated on Ontario Street, Kingston. The premises are large, and well adapted for Boarders, being opposite to the Shippard and Foundries, and near the principal Steamboat Landings, and is a good opening for an active person wishing to commence the business. A General Grocery would do well. There are three additional tenements on the property, at present rented.

The owner wishes to retire from the business.

For terms apply to the Subscriber on the premises.

Farm property will be taken in part payment.
