The News.

The Dominion Rifle Association will give for competition prizes to the value of $4,500 at the annual matches on the 17th August at Halifax. The Governor General donates several valuable prizes.

Both parties to the struggle now going on in the Island of Cuba have declared their intention of leaving it a mountain of ashes, rather than permit one or the other to possess it. This seems to be a devilish spirit, and it is only too much to be feared that between the parties, the island will be utterly destroyed.

American despatches hint at what has been well known, though unexpressed, that in the event of a war with Great Britain, the Southerners would take the opportunity to re-assert their independence.

Lord Albemarle has introduced a bill into the House of Lords, to abolish property qualification of Justices of the Peace.

A law has been passed in the State of New York, permitting persons accused to be sworn and give testimony in their own behalf. It is said to have given great satisfaction in the few cases tried in New York.

The Montreal Volunteers were not called out on the Queen's Birthday, in consequence of so many of them being without clothing.

The English prisoners captured by the Spanish authorities in Cuba, have been released.

The N. Y. Tribune asserts that all the members of Grant's Cabinet are agreed on the Alabama question.

Some miscreant cut a boom near Moose Lake and let out a million feet of logs, the property of Mr. Clarke, of Brampton, nearly the whole of which is lost.

Notabilities at Montreal:—Hon. Nicholas Stabb, Hon. P. G. Tessier, Hon. J. Kent, Hon. W. Whiteney, Delegates from Newfoundland to Ottawa; Senator Miller, from Nova Scotia; Senator S. C. Pomeroy, from Washington, D. C.; Lord Waterpark and Lord Berkeley Paget, from England.

Another disgraceful meeting of the City Council of Quebec has been held. The members got to calling each other liars, and the Mayor left the chair, and adjourned the meeting, finding it impossible to keep them in order.

It is proposed to raise a fund at Montreal for the relief of the women and children connected with the Battery of Royal Artillery, which was on board the Grecian at the time of the late accident to that vessel, and by which they lost their clothing and other necessaries.

The latest report says that Mr. Motley's instructions do not contemplate any speedy action on his part, with regard to the Alabama and other claims, in view of the present sentiment in England upon the subject, if for no other reason. Friendliness is desired.

BREAKFAST.—A SUCCESSFUL EXPERIMENT.—The Civil Service Gazette has the following:—"There are very few simple articles of food which can boast of so many valuable and important dietary properties as cocoa. While acting on the nerves as a gentle stimulant, it provides the body with some of the purest elements of nutrition, and at the same time corrects and invigorates the action of the digestive organs. These beneficial effects depend in a great measure upon the manner of its preparation, but of late years close attention has been given to the growth and treatment of cocoa, that there is no difficulty in securing it with every useful quality fully developed. The singular success which Mr. Epps attained by his homœopathic preparation of cocoa has never been surpassed by any experimentalists. Far and wide the reputation of Epp's Cocoa has spread by the simple force of its own extraordinary merits. Medical men of all shades of opinion have agreed in recommending it as the safest and most beneficial article of diet for persons of weak constitutions. This superiority of a particular mode of preparation over all others is a remarkable proof of the great results to be obtained from little causes. By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Inaw23.

Dr. Wistar's Balsam of Wild Cherry.

Where this article is known it is a work of supererogation to say one word in its favor, so well is it established as an unfailing remedy for Coughs, Colds, Bronchitis, Croup, Whooping Cough, Asthma, diseases of the Throat, Chest and Lungs, as well as that most dreaded of all diseases, Consumption, with high medical authority has pronounced to be an incurable disease, those who have used this remedy know its value; those who have not, have just to make a single trial to be satisfied that of all others it is the remedy.

The Rev. Jacob Sechler,

well known and much represented among the German population of this country, writes as follows:

Hanover, Pa., Feb. 16, 1856.

Messrs. S. W. Fowle & Son, Boston.

Dear Sirs:—Having realized in my family important benefits from the use of your valuable preparation—Wistar's Balsam of Wild Cherry—it affords me pleasure to recommend it to the public. Some eight years ago, one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of it there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefited by it. I would, however, caution the public against imposition because there is a good deal of spurious Wistar's Balsam of Wild Cherry throughout the country.

BRONCHITIS.

MR. JAMES I. FELLOWS:—

SIR,—In the winter of 1866 I was afflicted with a severe attack of Bronchitis, and althe' our Doctors were very attentive, and used all the means in their power, they failed to afford me much relief. Hearing of your Hypophosphites and Cod Liver Oil, I procured a bottle, and found no benefit from that. I then obtained a bottle of your Compound Syrup, and took it until it made a permanent cure.

Respectfully yours,

MENDAL CROCKER.

Arnot's Arnica Anodyne.

A correspondent of the Brampton Times thus writes to that journal: "Some time ago I was attacked with Inflammatory Rheumatism in both limbs and feet, and confined to the house for several weeks. Hearing of ARNOT'S ARNICA ANODYNE, I got a bottle, and after using it a few times obtained the greatest relief. It took all the soreness out of my feet, and I am now able to walk nearly as well as ever. I will always recommend it as the best thing I ever used for that disease."

Grace's Celebrated Salve.

From Mr. James Curling, of Amesbury Mass.

"I was afflicted with a severe felon on one of my fingers, and tried many remedies without relief. My friends induced me to apply your Salve. In two days it extricated the inflammation from my finger so as to enable me to resume my work. I can almost say that the Salve worked like magic, for it effected a cure without leaving a scar. I unhesitatingly pronounce Grace's Salve an excellent remedy and do not doubt it will be appreciated throughout the land."
