A MONTANA CITY PAVED WITH GOLD.—It may with truth be said that the streets of Helena are paved with gold. Men are to be seen on all the vacant lots panning or carting away the dirt to sluice it. A large majority of them make big money out of a day's work by this means. One man, we have been informed, got $300 out of a single panful of dirt. Another we observed have a large quantity of gold dust and black sand in a prospect pan, the result of a few hours' labor. He was offered a $50 greenback for it, but he refused that amount. On passing down and cleaning it there was $115, all told. Yesterday a lucky hombre $100 to the pan; not however, in gold, but greenbacks. The lot on Bridge street, on which Sam Greer's saloon formerly stood, was likewise the scene of active operations, and a gang of men were hauling away the dirt by the wagon load to wash it. Men and boys are reaping a golden harvest by this means, and making hay while the sun shines; the only difficulty is that their field of operations "grows small by degrees and beautifully less" every hour by the magic celerity with which new buildings are being put up on the site of the old ones.

A Yankee Mode of Dunning Delinquent Subscribers.

FAIR NOTICE!

We have frequently during the past two or three years, forwarded bills to a large number of patrons in various portions of the country, who were in arrears for advertising in and subscriptions for the Banner; and in almost every instance our polite appeals have been treated with profound silence.

We have been silently, but industriously inquiring into the pedigree and present character of these silent delinquents, and have succeeded, in many cases, in procuring scraps of history, the publication of which will make their faces crimson. We desire to wrong to injure no man; but are determined not to be robbed, and then insulted without redress.

We therefore kindly warn them, that if they will "Render unto Cæsar the things that are Cæsar's"—promptly pay us our dues—they may depart in peace, and the world will never be the wiser by perusing what we denominate the "Black Roll!"—Georgian Banner.

UNITED STATES.

EXPLOSIONS—FIRES.

Cincinnati, May 25.

The gasometer of the city gas works exploded yesterday, killing Pat McKenzie, an employee, and burning Dick and Pat Sheridan and two horses. Loss $75,000.

New York, May 25.

Weeks & Co's oil works at Bulls Ferry, N. J., were destroyed yesterday. An explosion occurred in the pan room, which was followed by a conflagration. Twenty men were more or less injured, several, it is feared, fatally. Loss $100,000.

This morning the boiler of the steam tug Wm. Parks exploded while the vessel was lying at the foot of Wall street. Four men were killed.

D. Evos & Pratt's oil factory at Hunter's Point, L. I., was burned this morning. Loss $100,000. Several adjoining buildings and a brig lying at the dock was also burned. The total loss was about $1,000,000.

Later—The fire at Hunter's Point is still raging over four acres surface of property. Eight propellers and other vessels have been burned so far. The oil tanks on the dock are now burning. It is expected they will burst. They are iron surrounded by wood. Several dwellings in the neighborhood have been burned.

NEWS OF THE DAY.

FRIDAY MORNING, MAY 28, 1869.

VACCINATION.—The new Vaccination Act provides that Municipal Corporations shall appoint for every county, city or town, one or more legally qualified and competent medical practitioner for the vaccination of all persons resident within a prescribed locality; that these practitioners shall appoint a convenient place for the performance of vaccination once in every month, and give due notice of the same; that every child born in Canada shall within a period of six months after birth be taken for vaccination; that proper certificates shall be given of the fitness or unfitness of the child for the operation, and of its due performance; and that any contravention of the Act shall subject the offender to a fine of five dollars.

ROYAL ARTILLERY.—The brigade of Royal Artillery at Montreal is being transferred to Toronto. The first detachment, about 60 men and 22 horses, passed Kingston last evening, in the steamer Passport. Two detachments are to follow. The first instalment of the relieving brigade, from Toronto, passed down in the steamer Champion yesterday morning. It consisted of 50 men and 30 horses. By Saturday the exchange and transfer of the brigades will be concluded.

CORPUS CHRISTI.—This Festival was observed yesterday in Quebec Province. Parliament did not sit.

ST. JOHN'S CHURCH, PORTSMOUTH.—At a special Vestry meeting held on Tuesday evening, James Moir Ferres, Esq., was unanimously elected lay delegate to represent the congregation at Synod in lieu of the outgoing delegate.

ONTARIO HALL.—A palpable error crept into our City Council report yesterday, through styling the City Music Hall Victoria Hall, instead of Ontario Hall.

WARD IMPROVEMENTS.—Cataraqui Ward has set the initiatory in the ward improvements this spring, by laying down a much-needed new board-walk in Ontario street. The new walk commences at Messrs. Hendry & Co's. store, and extends to the Tete du Pont Barracks. Messrs. Hendry & Co. and Mr. McMillan have added to the improvement by laying new planks in their stores and gateways level with the new planking, which adds much to the general appearance. The City Engineer calls for tenders for the construction of plank-walks in Rideau and St. Lawrence Wards, to be received until the 4th June. The grading of Princess street has been finished. Altogether $7,013 is to be spent this summer on the improvement of the streets.

RETURNED.—The Rt. Rev. Dr. Horan, Bishop of Kingston, has returned from Quebec.

EMIGRATION.—The rush of emigration is heavier this year than ever known before, and a larger proportion of the newly arrived are remaining in the Dominion. Twelve thousand three hundred and twenty-eight emigrants, from Europe, have arrived at Quebec since the opening of navigation, to date.

INSPECTION.—If the debate on Water Works matters in the City Council on Tuesday evening was productive of no other good, it has at least accomplished one thing. On Wednesday evening the Committee on Fire, Water and Gas visited and personally inspected the street hydrants of the city, in company with the hydrant keeper. They found them nearly all in an efficient state, and ordered a few needful repairs. The city has control of the hydrants, and of course is required to keep them in order. Neglect to do this has often brought undeserved censure on the Water Works Company.

EMIGRANT SHED.—The Government of Ontario has decided to give to the city of Ottawa $350 to erect an emigrant shed, on condition that the Municipality furnishes the site. The work will at once be proceeded with. How is it Kingston does not receive the same offer? Give us a sight.

ROYAL CANADIAN BANK.—The bills of this bank are bought by the brokers at 90c and occasionally at 92c. In Toronto buyers are offering from 85 to 95c with very few sellers at lower than 90c.

SEDUCTION.—Mr. Morris' bill respecting seduction provides that a seducer under promise of marriage of an unmarried female of previous chaste character shall be punished by fine or imprisonment, or both, at the object of the court, but he shall not be condemned on the sole evidence of the female. Similar laws are in force in almost every civilized country except Great Britain.

NAPANEE.—The Napanee Quarterly Fair for June will be held on Tuesday next.

The body of the new Presbyterian Church is nearly completed, and will be opened for Divine worship on Sunday, June 6th.

The 24th was celebrated right heartily—Parade, games, and physiognomonopochriphal display. The only casualty to record in connection is that of a boy named Challis, who was badly burned by fire-crackers. He had a large bunch of them in a pocket in his pants, and some evil disposed boy conceived the idea of setting fire to them, which he accomplished by dropping a lighted match into the pocket. The plan was only too successful, as the crackers soon began to explode. Challis got one of his hands and one of his legs burned to a frightful extent.

A disastrous fire occurred on Tuesday morning in the west end of the town, by which Mr. Harris Conger lost his dwelling house and barn, both new buildings, the house being still unfinished. The fire originated in the barn through childrens' playing with matches. The furniture was all saved. Mr. Conger's loss is about $500. No insurance.

POLICE COURT, Wednesday.—Patrick Keefe, a discharged soldier, was brought up for one of the little irregularities incident to a soldier's life—getting drunk. This being the first time he had incurred magisterial displeasure, he was discharged.

Yesterday (Thursday) there was one prisoner, Jas. Boyle, for the same offence. Being able to pay a fine, he got off with a pecuniary sacrifice. Mary Cochrane, corner of King and Barrack streets, was charged with selling liquor without license by Inspector Mostyn. Case not proven, and dismissed. On Wednesday some cattle of Michael Collins' and others got into Robert Spencer's lot, near Montreal street. Spencer endeavored to take the animals to the pound, but Collins followed with a stout whip, and threatened him with violence if he persisted in taking them off. Finally Collins got the cattle away, and Spencer laid a charge against him, which was declared to be settled when called up in Court to-day.

Dr. Wistar's Balsam of Wild Cherry.

Where this article is known it is a work of supererogation to say one word in its favor, so well is it established as an unfailing remedy for Coughs, Colds, Bronchitis, Croup, Whooping Cough, Asthma, diseases of the Throat, Chest and Lungs, as well as that most dreaded of all diseases, Consumption, with high medical authority has pronounced to be an incurable disease, those who have used this remedy know its value; those who have not, have just to make a single trial to be satisfied that of all others it is the remedy.

The Rev. Jacob Sechler,

well known and much represented among the German population of this country, writes as follows

Hanover, Pa., Feb. 16, 1859.

Messrs. S. W. Fowle & Son, Boston.

Dear Sirs:—Having realized in my family important benefits from the use of your valuable preparation—Wistar's Balsam of Wild Cherry—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of it there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefited by it. I would, however, caution the public against imposition because there is a good deal of spurious Wistar's Balsam of Wild Cherry throughout the country.

Grace's Celebrated Salve.

From Mr. James Curling, of Amesbury Mass.

'I was afflicted with a severe felon on one of my fingers, and tried many remedies without relief. My friends induced me to apply your Salve. In two days it extricated the inflammation from my finger so as to enable me to resume my work. I can almost say that the Salve worked like magic, for it effected a cure without leaving a scar. I unhesitatingly pronounce Grace's Salve an excellent remedy and do not doubt it will be appreciated throughout the land.'

Arnot's Arnica Anodyne.

A correspondent of the Brampton Times thus writes to that journal: "Some time ago I was attacked with Inflammatory Rheumatism in both limbs and feet, and confined to the house for several weeks. Hearing of ARNOT'S ARNICA ANODYNE, I got a bottle, and after using it a few times obtained the greatest relief. It took all the soreness out of my feet, and I am now able to walk nearly as well as ever. I will always recommend it as the best thing I ever used for that disease."

BRONCHITIS.

MR. JAMES I FELLOWS:—

Sir,—In the winter of 1866 I was afflicted with a severe attack of Bronchitis, and altho' our Doctors were very attentive, and used all the means in their power, they failed to afford me much relief. Hearing of your Hypophosphites and Cod Liver Oil, I procured a bottle, and found no benefit from that. I then obtained a bottle of your Compound Syrup, and took it until it made a permanent cure.

Respectfully yours,
MENDAL CROCKER.

The high praise emanating from people in all parts of the world that have derived benefit from the use of RADWAY'S REMEDIES, prove their title to confidence. There is no pain so severe as disease so malignant or a wrt in its destruction of life, but that the READY RELIEF will stop the pain and arrest it in its progress. Every one has heard of it, if not tried it. Let those who have not used it, if sick, give it a trial. A few minutes will prove its power of stopping pain. See Dr. Radway's Almanac for 1868.

The New Remedy for Worms in Children or Adults.

BARKER'S WORM SYRUP.

GREAT difficulty has been experienced in obtaining a medicine that can be administered to young Children in a convenient form. Lozenges, Candy, &c., have not been found to answer the purpose, on account of children refusing to eat them; also on account of the number of worthless preparations now before the public. Thousands of lives are sacrificed for the want of a certain and reliable medicine.

The want of a convenient, and at the same time an effectual medicine, has been long required. This WORM SYRUP and supply that want, and having paid particular attention to its preparation, the Proprietor can with confidence recommend it to the public as a certain, safe and sure remedy for destroying Worms in Children or Adults. It can be administered with perfect safety to the most delicate children, and on account of its pleasant taste children will take it freely. A large number of certificates have been received from parties who have used this Syrup with the greatest success; also from several Physicians, recommending its use.

The symptoms of worms are so well known that it is not necessary here to describe them; but it is a well known fact that thousands of children are hurried to an early grave for want of proper attention.
