NEWS OF THE DAY.

SATURDAY MORNING, JULY 17, 1869.

Emigration.—The returns from the emigration office at Toronto show that during the first six months of the present year 5,038 emigrants arrived to settle in Canada, being an increase of 3,464 over the same period last year.

Inspection of Measures.—On Thursday the Inspector of Weights and Measures, assisted by the Clerk of the Market, made an inspection of the various measures used by farmers and others on the market. Altogether the inspection was satisfactory, as out of about thirty sets tested only six were found defective.

Drowned.—George Haight, a sailor on the schr. Jessie McDonald, was drowned in Coburg harbor on Wednesday night. Late at night Haight was seen going towards the wharf, and the captain of the Magdala heard a splash in the water, followed by a cry. A search was made, but no appearance of anybody in distress could be found. The finding of Haight's hat next morning placed his drowning beyond a doubt. The body is being grappled for.

Christian Brothers' School.—The distribution of prizes to the pupils of the Brothers' School, accompanied with recitations and music, will take place on Monday evening next.

Arrival.—James Quinn, who was convicted and sentenced to death at the last term of the Court of Queen's Bench at Quebec, for murder, and whose sentence has been commuted to imprisonment for life, has arrived here, and been received into the fold of the Warden at the Kingston Penitentiary.

Dominion Rifle Association.—The Committee of Management of the Dominion Rifle Association in arranging for the approaching matches, have decided to give the command of each firing squad to one officer throughout the match; twenty volunteer officers to be selected for this service. A new feature in the programme will be added, in the shape of theatrical performances in camp, in the evenings; large tents to be provided for this purpose. Telegraph officers are also to be established on the grounds. The citizens of Toronto will contribute $3,000 of the estimated expense for holding the match, and also offer a prize of $200. The whole of the funds in the hands of the Association ($5,000) will be offered in prizes.

☞ The Hon. Mr. Macdougall is at Toronto.

Mad Dogs—The dog days have arrived and our contemporaries are engaged in discussing hydrophobia with all its unengaging features. A Montreal contemporary states "that the heat of the coming season will doubtless produce numbers of mad dogs." This is a popular fallacy, and one likely to lead to a good deal of cruelty. It is a well known fact that more dogs go mad in winter than in the hottest weather in summer. It is too often taken for granted that because a dog goes about with his tongue hanging out, covered with saliva, that he is mad, and the poor doggie found in this condition is treated to sundry raps on the head, which put an end to his existence. It would be far more humane under such circumstances to treat him to a good dish of cold water, which would allay the heat which causes him thus to perspire. It should be remembered that dogs do not as is the case with human beings, and several other animals, perspire through the skin, but that the whole system of perspiration is carried on in the mouth, through the tongue.

Readers, Think on It.—An exchange aptly and truthfuly says of local papers, that they enhance the value of property; they benefit particularly merchants and real estate owners thrice the amount they pay for their support.—There is nothing that would do a place more harm than to be without a newspaper. This every sensible man knows. A local paper is a necessity. It is a sacred duty to report your local newspaper. You need not think that the publisher of a paper can run it for your benefit, and pay expenses out of his own pocket. Give your home paper a good advertising patronage and a reasonable list, and you will then have just such a paper as you wish.

La Crosse.—A movement is on foot which is destined to encrease the rage for this purely national sport. There is being organized a new club on a national footing, like the Shamrocks of Montreal and Ottawa, which it is expected will number very strong. This year will be spent mainly in organization and practice, and next year we trust to hear of the new club contributing honor and conventionality to the noble game.

Police Court, Friday.—If a solitary bacchanalian had not interposed his uninviting presence, this day would have been a dies non. The appearances last night were so favorable to a holiday, that an excursion for all hands was proposed, and came within an ace of being carried out. What a jolly time it would be without any police authorities to interfere with a fellow, you know.

Welcome!

St John, N.B., July 13

The Paris crew leave here to-morrow morning to attend the Montreal regatta. They take their boat with them.

Dreadful Accident.

Lawrence, Kansas, July 14.—A special train with an excursion party of the Eastern Railroad men, on the Kansas and Pacific Railroad, broke through a bridge 18 miles east of here, this morning; the engineer and fireman were instantly killed, and some 12 or 15 others injured.

Among the many restoratives which nature has supplied to relieve the afflictions of humanity, there is no more favorite one for a certain class of diseases than the "medicinal gum" of the Wild Cherry Tree; but however valuable it is, its power to heal, to soothe, to relieve and to cure, is enhanced tenfold by scientific and judicious combination with other ingredients, in themselves of equal worth. This happy mingling exists to a remarkable degree in

DR. WISTAR'S BALSAM OF WILD CHERRY,

whose value in curing Coughs, Colds, Bronchitis, Whooping Cough, Asthma, Pulmonary Affection, and Incipent Consumption is inestimable.

Strong Testimony.

From Benjamin Wheeler, Esq., Depot Master of South Royalston, Mass.

"In the spring of 1858 I was most severely afflicted with a hard dry cough, with its usual accompaniment of night sweats, completely prostrating my nervous system, and producing such a debilitated state of health that, after trying medical aid to no purpose, I had given up all hopes of ever recovering, as had also my friends. At this stage of matters I was prevailed upon through the influence of a neighbor to try Wistar's Balsam, of Wild Cherry, and, before using two bottles, the effect was almost magical. My cough entirely left me, the night sweats deserted me, hope once more elated my depressed spirits, and soon I had attained my wonted strength and vigor. Thus has the Balsam, as has often been remarked by persons conversant with the above facts, literally snatched me from the yawning grave. You are at liberty to use this for the benefit of the afflicted."

Prepared by SETH W. FOWLE & SON, 18 Tremont St., Boston, and for sale by Druggists generally.

Arnot's Arnica Anodyne.

A correspondent of the Brampton Times thus writes to that journal: "Some time ago I was attacked with Inflammatory Rheumatism in both limbs and feet, and confined to the house for several weeks. Hearing of Arnot's Arnica Anodyne, I got a bottle, and after using it a few times obtained the greatest relief. It took all the soreness out of my feet, and I am now able to walk nearly as well as ever. I will always recommend it as the best thing I ever used for that disease."
