THURSDAY MORNING, JULY 22, 1869.

To Night.—Haverley's Minstrels, not unknown to fame in Canada, will give an entertainment at Ontario Hall this evening. The troupe is said to be the best in the country, and it will undoubtedly call out a large audience here, as it has done everywhere on its route. From a multitude of notices of the troupe, we select the following at first glance:—

Tweddle Hall was jammed last night. Just as might be expected when the famous Haverleys, with Pettengill, Reynolds, Belmont and other leading lights of the profession are announced to appear. This is the most popular band of the day. The whole programme was new. To-night go early if you don't want to stand out in the cold. The Haverleys draw like a magnet. —Albany Knickerbocker.

Haverley's Minstrels, now performing at the National Theatre, where they will remain this week only, deserve a liberal support, for they are certainly one of the best troupes we have ever had in Washington. They have a number of excellent vocalists, and some very fine instrumental performers. Their solos and choruses are well rendered, and their Ethiopean comical ties and dances very comical. These minstrels hail from Chicago, where they acquired great popularity, and those of our readers who desire to enjoy a hearty laugh should not fail to see them at the National.—Washington Chronicle.

A Special Notice.—To-morrow, at one o'clock, Mr. J. J. Linton will sell some very valuable Property, in King Street, to which particular attention is directed.

A Change.—We only dreamed of fair weather for a day or so, but yesterday found sunshine again enveloped in clouds. We shall soon begin to think that the weather prophets who have predicted that the summer would not open until after the August eclipse, were about right in their premises. We would like to have their assurance that we are to have our three months' summer at some period of the year 1869.

Accident.—We are sorry to record an accident which happened to Mr. James Gardiner, butcher, of this city, on Monday evening. Mr. Gardiner was chasing some stock upon his farm on the Cataraqui road, when his foot slipped and he fell heavily, and upon attempting to rise he discovered that the bone of his leg just above the ankle was broken.

Harbor Notices.—Mr. A. Smyth, harbor master, has been supplying a want long felt in placing up new notices of the harbor regulations. One is placed at the shipyard wharf, and another at the wharf of the M. T. Company. Mr. A. Smyth has also been using exertions in consequence of numerous requests of captains of vessels, to prevail upon the Corporation to illumine the clock upon the city buildings, which was formerly found so serviceable as a beacon. In the latter he has been quite successful.

The Velocipede Nowhere.—Two velocipedestrians were sporting themselves on Monday on the Montreal Road, and seemed proud of their noble steeds. There was an old resident of 51 years of age, named Kearns, who cherished a contempt for the machines, and in a controversy which might be supposed to arise quite naturally, a match on a small bet was made between Kearns and the riders, the latter to race, and the former to run to Quinlan's at the depot, and back, a distance of 2½ miles. Well, they run. The hyenas did not speed so readily over the rough road, and their rival was too old a runner to make a poor show. On the contrary, he ran the distance with great pluck, and came in finally only a few feet ahead; and as soon as he recovered his temporary exhaustion, enjoyed a hearty laugh over the machines which were to do such wonders in travelling. One thing is decided, velocipedes are not intended for use on common roads.

It is no wonder that invalids lose faith in all specifics, when so many worthless medicines are advertised for the cure of various diseases; but which, when tried, are found wanting. We have yet to learn, however, of the least failure of Dr. Wistar's Balsam of Wild Cherry, to cure coughs, colds, and pulmonary disease.

A Usurpation of Power

Secretary Fish, the telegraph informs us, has undertaken to give permission to the French Atlantic Telegraph Company to land their cable on the coast of Massachusetts. If this report is true, the honorable Secretary has been guilty of a most flagrant usurpation of a power not delegated to him.

A curious phenomenon on Lake Huron has been brought to notice. On Saturday last, a couple of hours before the storm, with a strong southern wind blowing, the lake suddenly rose three feet six inches, causing quite a commotion among those engaged in loading timber at the dock. The water came into the harbor in three huge waves, one following the other in quick succession. The rise lasted about 30 minutes, when it again fell to its usual level.

The shareholders of the 'Quebec and Lake Superior Mining Association' held their annual meeting in Quebec on Monday week. The company have 26,000 acres of land, but are in such hopeless poverty as not to be able to pay the Government tax of two cents per acre, much less develop the property. In this extremity the directors anticipate a forced sale of the Company's territory, or its division by lot among the shareholders, when each may pay his share of the tax or abandon the land at pleasure.

When the builder of the steamship Great Eastern intended her he supposed she would be the marvel of the commercial world. In this capacity she proved almost a complete failure, and a ruinous loss to all who had a pecuniary interest in her; but her mission upon the waters has been found to be vast capacity to lay the chain that binds the entity together — an ocean-water highway that makes the nations of the earth a common brotherhood. Her name should be changed from the Great Eastern to that of the Great World.

Twice Unfaithful.

ONLY A MONTREAL ROMANCE.

A young man, a trader, residing in Lusignan street, who during the past winter was paying his addresses to a young woman in this city, with a view to marriage, resolved a few months ago to leave Montreal and proceed to the United States, where he hoped to accumulate money more rapidly and thus hasten on the marriage day. Accordingly he left Montreal in the spring and with the hopeful prayers of his betrothed still ringing in his ears he arrived in Boston, where he began trading in a small way. Letters of course were passing almost daily between the two lovers, and affairs in Boston had considerably improved the state of the young man's finances, and about two weeks ago he wrote his engaged to say he would soon be in Montreal, when their marriage would take place. In view of this solemn event, the fair young bride elect borrowed $50 from the young man in Boston, and on receipt of the cash, she went and got married on Thursday week last to an old sweetheart. The news traveled fast, and tidings soon reached Boston of the girl's duplicity. The disappointed bridegroom elect arrived in Montreal, and last Tuesday the faithless woman left her husband's home, and eloped to Boston with her lover from that city.

Newfoundland.—It is pleasing to watch the progress of Union sentiment in Newfoundland. Three years ago the Island was opposed wholly to Confederation. Since then what a change has taken place. Its opponents have kept dwindling down in numbers and shrivelling in influence, whilst its advocates have as constantly advanced in power and vigor until now they form not only the majority, but include the great mass of the people. The Newfoundlander, in an able article of the 2nd inst., shows that the old cries of the obstructionists are exhausted and laid low, as clearer light has enabled the people to distinguish between fiction and fact, prejudice and reality.

Not in Favour of it.—The Hamilton Times says with regard to the question of a Double Chamber for Ontario, the article to which reference has been made appeared in its columns during the absence of the responsible editor, and was not in accordance with the tone of that paper upon the subject. The Times says: 'We should look upon the adoption of the Double Chamber in this Province as an exceedingly grave political blunder and a most serious misfortune.'

Nova Scotia.—Great reports are being made to form a strong annexation party in the Province. The great majority of the more influential voters in the counties where coal bounds are violent Annexationists. In the coming contest in Colchester the annexation question will come up. Archibald's opponent will undoubtedly declare himself for annexation. Neither Archibald nor any other candidate has yet appeared publicly.

Among the many restoratives which nature has supplied to relieve the afflictions of humanity, there is no more favorite one for a certain class of diseases than the "medicinal gum" of the Wild Cherry Tree: but however valuable it is, its power to heal, to soothe, to relieve and, to cure, is enhanced tenfold by scientific and judicious combination with other ingredients, in themselves of equal worth. This happy mingling exists to a remarkable degree in

DR. WISTAR'S BALSAM OF WILD CHERRY,

whose value in curing Cough, Colds, Bronchitis, Whooping Cough, Asthma, Pulmonary Affection, and Incipient Consumption is inestimable.

Strong Testimony.

From Benjamin Wheeler, Esq., Depot Master of South Royalston, Mass.

"In the spring of 1858 I was most severely afflicted with a hard dry cough, with its usual accompaniment of night sweats, completely prostrating my nervous system, and producing such a debilitated state of health that, after trying medical aid to no purpose, I had given up all hopes of ever recovering, as had also my friends. At this stage of matters I was prevailed upon through the influence of a neighbor to try Wistar's Balsam, of Wild Cherry, and, before using two bottles, the effect was almost magical. My cough entirely left me, the night sweats deserted me, hope once more elated my depressed spirits, and soon I had attained my wonted strength and vigor. Thus has this Balsam, as has often been remarked by persons conversant with the above facts, literally snatched me from the yawning grave. You are at liberty to use this for the benefit of the afflicted."

Arnot's Arnica Anodyne.

A correspondent of the Brampton Times thus writes to that journal: "Some time ago I was attacked with Inflammatory Rheumatism in both limbs and feet, and confined to the house for several weeks. Hearing of Arnot's Arnica Anodyne, I got a bottle, and after using it a few times obtained the greatest relief. It took all the soreness out of my feet, and I am now able to walk nearly as well as ever. I will always recommend it as the best thing I ever used for that disease."

S. A. COHN

begs respectfully to announce to the citizens of Kingston that he has just arrived from England, Australia and California and would inform them that they will save money by sending their CLOTHES TO BE RENEWED at his Store in Merrill's Block, Princess Street (lately occupied by Mr. R. L. Jordan) and the Clothes will look as good as a sewing Machine establishment. By his process of cleaning Clothes, grease or paint spots, &c., can be entirely removed without injury to the cloth. Tailoring and Repairing done in the neatest style. Cast-off Clothing bought and sold.

☞ TO THE LADIES.—S. A. COHN would inform the Ladies that their Velvets can be renewed and cleaned in a superior manner, and pledges himself to give entire satisfaction, or the money refunded. Ornaments and Fancy Goods, consisting of Vases, Cactus, Ear-Stands, Card-Racks, Sugar Bowls, Tea Caddies, Pickle Stands, Cake Baskets, Fruit and Card Baskets, Tea, Table and Dessert Spoons, Knives and Forks, Bouquet Holders, and a great variety of other Goods, which he warrants to be the pure English Electro-plate; also a pure lot of China Toilet Sets. He requests the Ladies to notice that he will exchange these Goods for Cast-off Clothing of Ladies' and Gentlemen's wear.

☞ Please call at my Store and leave your Orders. All Orders promptly attended to. ☜
