Common School Examinations.

The annual examinations of the Common Schools closed yesterday afternoon, with that of the High School, Johnson Street. The latter was a most brilliant one, and very gratifying to those who promoted the establishment of the School. Notices of the examinations together with the Cards of Merit awarded in the Male Departments of Wellington Street School and all the Departments of Johnson Street, will appear on Monday and Tuesday next.

AN IMPROVEMENT.—Hitherto the Cricket Ground has been kept as if strictly private, by reason of the gates always being locked, by which means the very many young men who find a great pleasure and advantage in exercising on the ground have had to accustom themselves to a vigorous climbing and a long leap, in order to scale the high and formidable fence barrier. Now two new gates have been made, quite secure against the intrusion of cattle, and at all times open for public entrance.

THISTLES.—If the energetic Alderman of Victoria Ward will set his scythe at work amongst the thistle crop in Barrie, Bagot and Sydenham streets, when he gets through with the Corporation hay in the Park and Cricket Ground, he will deserve the thanks of the community. The Court House grounds are a disgrace to the city. The building will soon be hidden amongst the weeds surrounding it.

THE PIC-NIC.—Again we remind our readers not to let slip the memory of the Pic-nic of the St. Vincent de Paul Society at Carleton Island, on Monday next. It will be well attended, (weather agreeable) well managed, and sufficiently attractive. The season is such a favorable one for outdoor gatherings that people should enjoy it while it is now in its height.

An order in Council has been issued instructing a competent person to report upon its adaptability to the purpose proposed.

It now forms one of the assets of the Province of Quebec.

THE PREMIER.—Sir John A. Macdonald and Sir Francis Hincks left Montreal yesterday for Ottawa.

A CHILD SCALDED.—A little girl about two years of age, daughter of John Sisson, carter, Montreal street, was badly scalded yesterday morning through pulling a kettle of boiling water off the stove upon her person.

SENT TO THE PENITENTIARY.—The man Rathbun, who stole the horse and buggy from Mr. Wilson, and was arrested at Napanee on Sunday last and lodged in the gaol at Brockville, has been tried under the new Act for the offence for summary convictions, convicted, and sentenced to three years in the Penitentiary, where he was received on Thursday night.

A great discovery is said to have been made recently by a Surgeon of the British army in China, in the way of an effectual cure for small-pox. The mode of treatment is as follows: When the preceding fever is at its height, and just before eruption appears, the chest is rubbed with croton oil and tartaric ointment. This causes the whole of the eruption to appear on that part of the body, to the relief of the rest. It also secures a full and complete eruption, and thus prevents the disease from attacking the internal organs. This is said to be now the established mode of treatment in the English army in China, and is regarded as a perfect cure.

Among the many restoratives which nature has supplied to relieve the afflictions of humanity, there is no more favorite one for a certain class of diseases than the "medicinal gum" of the Wild Cherry Tree; but however valuable it is, its power to heal, to soothe, to relieve and to cure, is enhanced tenfold by scientific and judicious combination with other ingredients, in themselves of equal worth. This happy mingling exists to a remarkable degree in

DR. WISTAR'S BALSAM OF WILD CHERRY,

whose value in curing Coughs, Colds, Bronchitis, Whooping Cough, Asthma, Pulmonary Affection, and Incipent Consumption is inestimable.

Strong Testimony.

From BENJAMIN WHEELER, Esq., Depot Master of South Royalston, Mass.

"In the spring of 1858 I was most severely afflicted with a hard dry cough, with its usual accompaniment of night sweats, completely prostrating my nervous system, and producing such a debilitated state of health that, after trying medical aid to no purpose, I had given up all hopes of ever recovering, as had also my friends. At this stage of matters I was prevailed upon through the influence of a neighbor to try Wistar's Balsam, of Wild Cherry, and, before using two bottles, the effect was almost magical. My cough entirely left me, the night sweats deserted me, hope once more elated my depressed spirits, and soon I had attained my wonted strength and vigor. Thus has this Balsam, as has often been remarked by persons conversant with the above facts, literally snatched me from the yawning grave. You are at liberty to use this for the benefit of the afflicted."

Prepared by SETH W. FOWLE & SON, 18 Tremont St., Boston, and for sale by Druggists generally.

Arnot's Arnica Anodyne.

A correspondent of the Brampton Times thus writes to that journal: "Some time ago I was attacked with Inflammatory Rheumatism in both limbs and feet, and confined to the house for several weeks. Hearing of ARNOT'S ARNICA ANODYNE, I got a bottle, and after using it a few times obtained the greatest relief. It took all the soreness out of my feet, and I am now able to walk nearly as well as ever. I will always recommend it as the best thing I ever used for that disease."

THE AGE OF RAILROADS AND THE TELEGRAPH.

Gives rise to fast living, and increases the desire for making rapid fortunes—some wishing to outstrip, and other to be at least equal to to their neighbors. In order to keep up with this eager and unequal contest, the brain is taxed to its utmost power, while humanity is rendered an easy prey to disease. The heart, Liver, Stomach, Lungs, or Nervous System becomes afflicted, and sickness in the form of Heart disease, Jaundice, Dyspepsia, Bronchitis, Consumption, Paralysis, or Mania, is the result. The use of FELLOWS' COMPOUND SYRUP will enable the mind to sustain a greater strain unfettered by conflicting thoughts and unwearied by continued study. It imparts power of concentration. What before seemed difficult of solution becomes comparatively easy, and the body is physically stronger under its use.

Sold by Apothecaries—price $1.50 per bottle or 6 for $7.50.
