WEDNESDAY MORNING, AUG. 11, 1869.

Civic Holiday.

This is something which the citizens are inclined to enjoy, and the City Council disposed to grant. On Monday evening at the meeting of the City Council, Alderman Drennan brought up the subject, pointing out that London, Hamilton and Toronto, and many of the large towns west, have held, or are about to hold, their holidays, and he believed that it was the wish of the public to have one day appropriated to recreation and enjoyment before the season closes. The Council was in favor of the holiday, provided it was the expressed wish of the citizens that it should be held. The City Fathers therefore resolved to await some action on their part.

No time should be lost in getting up a requisition to His Worship the Mayor asking him to convene a meeting of the Council to grant this boon to the citizens three-fourths of whom will join in the request after the initiative is taken. We have reason to believe that the Mayor will second their efforts in this behalf by calling a special Council meeting to-morrow, if necessary. The suggestion to hold the holiday on Thursday, the 19th, or other day on which the Kingston Regatta is appointed to be held, is worthy of attention. The Regatta is being managed on a scale worthy of Kingston's former reputation for aquatic sports, which in saying a good deal, and we are told that the attractions to be afforded will attract visitors from all directions, have being reduced on all the lines leading to the city for the occasion. The sights which will attract visitors merit local attention, and let us have the holiday on that day by all means, and the attendance of the St. John's Paris crew as well, if it is possible to obtain them.

Sporting News.

A match is on the tapis between the Pittsburg La Crosse Club and the Kingston Butchers' Club, to come off between the 25th of August and 1st of September.

The Oswego Palladium reports a La Crosse match, and for want of a better term designates the player's crosse 'the implement.'

CRICKET.—The Garrison Match will be played to-day, commencing at 11:30 a.m. The Band of the Royal Canadian Rifles will be on the ground from half-past three until six o'clock. We hope the clerk of the weather will kindly provide some sunshine, so that the lovers of music and cricket may have an opportunity of enjoying a good feast of both.

APPOINTMENT.—Mr. R. Deacon, jr., has been appointed to a position in the Kingston Post Office.

THOMAS MULHALL.—We know that this man, once so well known in Ontario street, Kingston, is not the same Thomas Mulhall who is now in the Ohio Penitentiary for murder. The Kingston man is, we are glad to learn, sailing on the lakes on the "Netty Weaver," and letters have been received by his son of a very late date. We took the proper steps to obtain correct information in the case long since, but could determine nothing until this information reached us yesterday.

OSWEGO VISITORS.—On Friday morning the "Alvin Benson" Fire Company, of Oswego, will arrive here on an excursion to Canadian soil. They proceed on to Belleville to be licensed there, and will return to Kingston on Saturday to partake of the hospitalities of the Kingston Fire Brigade, who it will be seen elsewhere, have asked the City Fathers to assist them in their reception, and have received a prompt and generous response. The company is 30 strong, being attached to a steam fire engine, and is an excellent organization. The Fire Brigade met on Monday evening and arranged the manner of receiving their visitors, and of making their stay as agreeable as possible.

THE PARK.—Mr. Alderman Allen made some remarks and suggestions at the City Council meeting on Monday night worthy of approval and notice. He argues from the popular view, that the Park is for the public use and benefit, and not to be staked out for purchasers of the grass, which is kept with such scrupulous care that the citizens, their wives and children, are compelled to forego the pleasure of a ramble through it, and the delightful boon of an ample shade afforded by the healthy foliage. He is in favor of voting the care-taker a higher salary, to secure his undivided attention for the Park; he would have the grass cut down frequently to allow ease and freedom in walking on it; and further he is in favor of converting the north west angle of the Park, latterly used as a garden, into a nursery for young trees to be propagated for street shade and ornament, and to be distributed gratis to those who will plant and nourish them. This last suggestion if not very generally approved, has the virtue of being original, and will be found worthy of the consideration of the committee controlling the Park, who are to meet shortly to devise some scheme to regulate the Park more firmly in keeping with the public interest and requirements.

VESSEL SALE.—To-day the fine barque "Jessie Drummond" now lying in port, is to be put up at auction, at Messrs. J. Henderson & Co's. wharf. One half the interest is to be sold peremptorily, and the other half will be offered at a fair upset price.

THOSE THISTLES AGAIN.—We are informed that the Thistle lot on Bagot street near William Street, is in possession of Mr. Sullivan. We are glad that it is so, for we are sure that an appeal for the common weal to the generous heart of Mr. Sullivan will not be without its willing response.

EMIGRANTS.—Yesterday afternoon two hundred and fifty emigrants (Norwegians) passed westward for Illinois in the str. Passport.

IN STATU QUO.—Peter Rice, arrested on suspicion of larceny, is still in gaol on remand. The O'Neil-Milane assault case is virtually ended, the plaintiff and injured man having recovered. All parties are on bail to appear when required to do so.

THE BAND.—The following is the programme for the Band on the Cricket Ground this afternoon at half-past three o'clock:—

Overture—Il Barbiere.....Rossini
Quadrille—De Palais de l'industrie.....[Croisez
Selection—Zanetta.....Auber
Valse—Sylvia.....F. Godfrey
Fantasia—All the Rage in London..Riviere
Galop—Hit and Miss.....Herve
GOD SAVE THE QUEEN.

DENIAL.—The liberated Fenian McMahon writes a letter to the British Whig, denying the authorship of the letter copied from the New York Tablet, and further states that Bishop Horan never offered him a Parish. How did the Whig obtain its information respecting the Parish business? It was in that paper the announcement was first made that McMahon had been offered a Parish, and as it seemed to be an authorized announcement, it was generally believed to be true. If that was not correct, what reliance can be placed upon the statement that McMahon had never left Kingston? While McMahon was about it why did he not deny that he had left Kingston in company with Bishop Horan?—Belleville Intelligencer.

*** Thus the Intelligencer is at it again. Speaking of authority, what grounds has the Intelligencer to say that we made an authoritative announcement of Father McMahon's having been offered a Parish? While contradicting the false report of his having left Kingston, which everybody here knew well to be a fiction, we added a rumor, expressed in the shape of an on dit, ever an unreliable authority, given however on the strength of a bogus letter, then believed to be genuine, in the belief that it would be interesting. No confidence was shown in its authenticity. In truth we knew nothing of it, for in anything we have written, we have not solicited or obtained the knowledge or assurance of Father McMahon, or any one who directly or indirectly represented him. The further denial desired by the Intelligencer from Father McMahon no doubt would have been accorded in his letter had he but placed as high a consequence on that paper's reckless assertions as we unwillingly have done in these matters.

LARCENY.—Yesterday afternoon, James Howard, a frequent inmate of the cells of late, was arrested on a charge of stealing some clothing from James Adamson. He will be examined this morning.

A TEST CASE.—The Market By-law is again the subject of dispute. At the Police Court on Monday, Mr. Wm. Draper, lessee of No. 2 market, charged Mr. James Campbell with refusing to pay toll upon a scow load of wood which he had sold to Capt Putnam, of the M. T. Company. Mr. Campbell claimed exemption from the imposition of the toll from the fact that the scow load was bought by Capt. Putnam at his (Campbell's) wharf, which was a regular wood depot. The Magistrate, having taken the evidence, which did not contain anything whatever of interest, reserved his judgment until yesterday, when he decided the case against the defendant, fining him $5 and costs.

Among the many restoratives which nature has supplied to relieve the afflictions of humanity, there is no more favorite one for a certain class of diseases than the "medicinal gum" of the Wild Cherry Tree; but however valuable it is, its power to heal, to soothe to relieve and to cure, is enhanced tenfold by scientific and judicious combination with other ingredients, in themselves of equal worth. This happy mingling exists to a remarkable degree in

DR. WISTAR'S BALSAM OF WILD CHERRY,

whose value in curing Coughs, Colds, Bronchitis, Whooping Cough, Asthma, Pulmonary Affection, and Incipient Consumption is inestimable.

Strong Testimony.

From BENJAMIN WHEELER, Esq., Depot Master of South Royalston, Mass.

"In the spring of 1858 I was most severely afflicted with a hard dry cough, with its usual accompaniment of night sweats, completely prostrating my nervous system, and producing such a debilitated state of health that, after trying medical aid to no purpose I had given up all hopes of ever recovering as did also my friends. At this stage of matters I was prevailed upon through the influence of a neighbor to try Wistar's Balsam of Wild Cherry, and, before using two bottles the effect was almost magical. My cough entirely left me, the night sweats deserted me, hope once more elated my depressed spirits, and soon I had attained my wonted strength and vigor. Thus has this Balsam, as has often been remarked by persons conversant with the above facts, literally snatched me from the yawning grave. You are at liberty to use this for the benefit of the afflicted."

Prepared by SETH W. FOWLE & SON, 18 Tremont St., Boston, and for sale by Druggists generally.

We learn wisdom from experience. When the complexion is pale or sallow color, it denotes vitiated Blood and unhealthy secretions. By using Fellows' Compound Syrup regularly, and observing the directions accompanying each bottle for a few weeks, the blood becomes pure, the Secretions of the body healthy, the skin transparent, the features assume the appearance of youth, while buoyant spirits indicate the return of health, to which the patient has perhaps been a stranger many years.

A. A. A.
Arnot's Arnica Anodyne!
THE NEW PAIN RELIEVER,

IS THE MOST RELIABLE REMEDY for all Pain, of whatever kind, whether internal or external. It is a certain cure for
NEURALGIA, TOOTHACHE, RHEUMATIC AFFECTIONS, INFLAMMATORY SORE THROAT, DIARRHŒA, COLIC, DYSENTERY, CRAMPS, COLDS, DYSPEPSIA, FLATULENCE,
And all Complaints of the Stomach and Bowels.

It is not a weak or untried Medicine, rashly or carelessly intruded on the public attention, but has been used by thousands in this immediate vicinity, as well as elsewhere through Canada, and in every case, as far as known, with the best results. Dr. ARNOT, the eminent Physician whose name it bears, was well known as one of the most distinguished Medical Practitioners in the Empire, and this remedy has been pronounced by all who have experienced its wonderful curative powers as well worthy of its author's reputation.

No one need continue a sufferer from pain when by the timely and proper use of A. A. A. the suffering is sure to be alleviated immediately, and entirely banished after a few applications. Its taste and odour are both agreeable, so that when taken it gives no offence to the most delicate palate, and when inhaled through the nostrils it refreshes and stimulates the olfactory nerves more than the best Eau de Cologne.

If you suffer from NEURALGIA, use A. A. A.
If you are a martyr to TOOTHACHE, use A. A. A.
If you are afflicted with RHEUMATISM, use A. A. A.
If you are attacked by DIPTHERIA, use A. A. A.
If you have been BURNT, or SCALDED, or STUNG, or FROST BITTEN, or BRUISED, use A. A. A.
If you have CHILBLAINS on your feet or hands, use A. A. A.
If you are troubled with DIARRHŒA, or COLIC, or CRAMPS IN THE STOMACH, use A. A. A.
If you suffer from any painful affection in any part of the body, internal or external, use ARNOT'S ARNICA ANODYNE, and you will not be disappointed.
