TOWN OF THE DAY.

MONDAY MORNING, AUG. 23, 1869.

ARNPRIOR MARBLE.—This beautiful stone is viewed with much favor in Kingston in the selection of ornamental and monumental stones, and it will be a source of pleasure to many to know that a well selected stock will soon be within their reach. Neilson's Arnprior Weekly says:

"Mr. R. Tandy, engaged in the marble trade in the City of Kingston, has been in Arnprior during the past few weeks superintending the quarrying of a lot of Arnprior marble, suitable for monuments, &c., for which he finds great demand, as the Arnprior marble is greatly thought of. We trust ere long that steps will be taken to form a company to take out and ship our beautiful marble on a more extensive scale than has ever yet been done."

The stone is shortly to arrive here, and may soon be viewed at Mr. Tandy's new stand, of the opening of which the public will be fully advised.

☞ The Intelligencer has heard tell of a prominent American Fenian being about Belleville. What is his business? Spot him

RIFLE ASSOCIATION MATCHES.—The annual rifle meeting of the 14th Princess of Wales' Own Rifle Association will be held on Wednesday next on Barriefield Common. A Committee of Management has been quite active in arranging prizes and soliciting subscriptions from the citizens, a large number of whom have given liberal contributions. There are six matches—1st, for Volunteers of the 14th, offering 50 prizes; 2nd, Company Match, 3 liberal prizes; 3rd, Battalion Match, of 23 prizes; 4th, All Comers' Match; 5th, Military Match; and 6th, Consolation Match of 10 prizes.

COMPENSATION.—The Canada Navigation Company behaved very handsomely to the soldiers of the Royal Artillery, who were on board the "Grecian" when she foundered in the Cascade Rapids on the 19th May last, as immediately on a statement of the loss incurred by them being furnished to the Company, they remitted the amount to the Colonel who ordered the same to be paid to the respective parties on arrival at their destination in Ireland.

CALVIN VS. PROVINCIAL INSURANCE CO'Y.—This case is dragging its weary length along. In Common Law Chambers on Friday, Mr. Myers obtained a summons to plead several matters.

POLICE COURT, Saturday.—Peter Rice signalized his release from durance vile by a big drunk, for which of course he was called to account, and fined $2, which, being flush of late, he paid. Margaret Watson, drunkenness, was also fined $2. The case against the Capt. of the steamer St. Helen, for running his boat without a competent engineer, was adjourned until next Saturday, all the witnesses not being present.

BOATING IN ENGLAND.—Boating is done more thoroughly here, writes a London correspondent, than we have ever had an idea of. I think that some babies here have been cradled in rowing cutters and fed with spoon oars. I saw a four-oared boat on the river a few days ago manned as follows:—Bald-headed old gentleman pulling stroke; two daughters amidships, small boy bow, and a very small boy coxswain. They were pulling well—a good stroke—clean through the water, and in a narrow boat, too.—I think it was a shell.—There is very little boating done in the United States outside of the colleges and the professional watermen. We do not see in any of our waters dozens of houses filled with boats—and gentlemen of all ages and from all parents coming down in the evening to pull. While base ball has thousands on its rolls, you can count boating men by the dozen, and though I admire the national game, I think that there is much more health and strength to be developed on the end of the oar than on the end of a bat.

FROM HALIFAX.

The Opening of the Windsor and Annapolis Railway.

Halifax, Aug. 19.

The Opening of the Windsor and Annapolis Railway yesterday, came off with great eclat. Speeches were made by the Governor General, Lieut.-Governor Doyle, Sir Geo. Cartier and others. The only reference to politics was the following by Lieut.-Governor Doyle:—"We are far away from the din of war and the atmosphere of politics. I do not intend to recede from the position which I have taken, that we ought not to talk politically here; but I am called upon, being now here in the western part of the county, to offer an explanation—no political harangue, but an explanation merely. When I was recently at Digby, I received a loyal address to which I responded as I best could. In answer to that address I made use of certain expressions to the effect that I was particularly anxious to get rid of disloyal and discontented people. Some persons have thought that I was anxious to get rid of those who differ from me in politics—God forbid. (Cheers.) A fair opposition is always essential to good government. I do not intend any disrespect to the United States. I have been all over their country. I admire their men, and especially the General who is now their President, and I trust in God that we may forever be at peace with their country. Do not let it be supposed that in the remarks I made, I intended any disrespect to the United States. I repeat now what I said at Digby, that I do wish that everybody who does not desire to live under the British flag should move out of this Province. (Loud and repeated cheers.) I thank you gentlemen for those cheers. I knew that I was in the midst of loyal spirits. I have been told that I am too loyal. Well, gentlemen, I imbibed loyalty with my mothers milk. It is my bones and marrow, and any one who desires to cure me of that complaint will have to proceed to extremities. A good deal of blood letting will have to be done, and I will only be cured of my loyalty when I part with the last droop of blood. I do not wish to see those who differ from me in politics leave the Province, but I do wish to see every disloyal man out of it." (Cheers.)

The Governor-General, Sir Hastings Doyle, Sir George Cartier, Bishop Connolly, and a large party from Halifax, were present. Luncheon was served in the car shed at Kentville. The Archbishop of Halifax, Sir Hastings Doyle, and Sir George Cartier and party, returned to Halifax at 8 p.m.

The Sheriff of Colchester has received the writ of its election. The nomination will be on Thursday, the 2nd of September.

SOMETHING NEW.—The last watering novelty, for which we believe the Hub is responsible, is a 'sheet and pillow case masquerade.' At North Conway this week could be seen a belle of New York, with her rival from Philadelphia becomingly arrayed in the white drapery of a common sheet, and they seldom look better. Just try it! Array yourself; drape the shoulders, loop up the folds with a bit of grey ribbon; festoon on a little green vine, and confess it is more becoming than heavy silk or satin. And here is the wardrobe of the lords of creation, painted by the correspondent of the Boston Transcript:

'Borrow a waterproof, put the hood over your head, tie on a simple birch bark mask, and you are presentable; and my word for it, my gay Lothario, you'll have better fun than when decked in 'swallow-tail and 'white kids,' you join the dancers at Papanti's.

A Very Obtuse Witness.

Pat. Fogerty went all the way from Manchester to London, to trash Mick Fitzpatrick, winding up the performance with the assistance of an 'awful horse shoe.' He was detected and brought before a justice. A part of the examination is annexed.

Court, Well, sir, you came from Manchester did you?

Pat—Your honor has answered correct.

Court—You see the complainant's head; it was cut with a sharp instrument. Do you know what cut it?

Pat—Aint your honor after saying a sharp instrument did?

Court (becoming restive)—I see you mean to equivocate. Now, sir, you cut that head; you came here to cut it, did you not? Now, sir, what motive brought you to London?

Pat—The locomotive, sir!

Court (waxing warm)—Equivocating again, you scoundrel; (raising up the horse shoe and holding it before Pat) do you see that horse shoe, sir?

Pat—Is it a horse shoe, your Honor?

Court—Dont you see it is, sir? Are you blind? Can you not tell at once it is a horse shoe?

Pat—Bedad, no, your honor.

Court (angrily)—No?

Pat—No, your honor; but can yerself tell?

Court—Of course I can, you stupid Irishman!

Pat (soliloquizing aloud)—Oh glory be to goodness, see what education is your honor; sure, a poor ignorant creature like myself wouldn't know a horse shoe from a mare's.

General News.

The last mail from the Cape of Good Hope has brought the news that more diamonds have been discovered there. One is reported to be worth 80,000l.

A Mexican church was robbed of its silver. The thief afterwards returned the articles, requesting a grand mass in consideration of his penitence. His request was complied with.

There is a rumour that Mr. A. J. Stephens, Q. C. has been instructed by the Irish archbishops to draw up a 'Constitution' for the Free Church.

The London Spectator calls the late British baby show 'a melancholy exhibition of pulpy, cellular tissue.'

Some of the observations made with the spectroscope during the eclipse, show that the sun is a rather large collection of minerals.

A terrible warning to children is the case of little Miss Frost of Cleveland, who stole some pie from the cupboard, ate it, and then discovered it was poison for the rats.

Prior to the recent divorce suit, the Marquis of Waterford intimated to Capt. Vivian his intention of marrying Mrs. Vivian as soon as the law would allow him. Whether he will fulfil his promise remains to be seen.

There is a gentleman in Bangor, Me., who is so absent minded that meeting his son on the street a day or two since, he extended his hand and inquired: 'How do you do? When is your father coming home?'

Another of the after-results of the passage of the Irish Church Bill is now seen in the movement on foot for dis-establishing the Irish Church in Wales, and applying its revenues to a non-denominational system of education.

They are going to make a full-sized flying machine in California. Thanks New York has been guilty of that enterprise twice within twenty years, and nothing floated but the capital of the builders. This is still flying where they will never catch it.

General Thomas says that the military force stationed in Alaska 'produces little or no result, except chronic rheumatism, which spoil in a single year two-thirds of the troops unfortunate enough to be stationed in that land of fogs and chills.' It is to be feared that that little speculation of Seward's will never pay expenses.

A French paper says:—A woman formed a frightful idea of burning herself alive. She constructed in the middle of a field, with straw and faggots, a funeral pile, on which she placed herself and set it on fire. The corpse was found completely calcined. The deceased was about 55 years of age, and had long suffered from an incurable malady.'

BOILS.

Like the volcano, Boils give issue to the foul and fiery contents of the deep interior. To remove the cause of such suffering it is only necessary to vitalize the Blood by supplying it with its Life Element, Iron.

THE PERUVIAN SYRUP,

(a protected solution of the Protoxide of Iron) will do this effectually, and give strength, vigor and new life to the whole system.

Extract of a Letter from Rev. Richard S. Edes, of Bolton, Mass.

"For years I was a sufferer from Boils, so that my life became wearisome through their frequent and persistent recurrence; finally a carbuncle formed in the small of my back. During its progress large pieces of decomposed flesh were every day or two cut, and the prostration and general disturbance of the system were great. Before I had recovered from this attack two smaller carbuncles broke out higher up, and I was again threatened with a recurrence of the sufferings to which I had so long been subjected. It was at this time that I commenced taking the PERUVIAN SYRUP. I continued taking it until I had used five bottles; since then I have had nothing of the kind. For years I was one of the greatest sufferers. Other medicines gave me partial and temporary relief, but this remarkable remedy, with a kind and intuitive sense, went directly to the root of the evil, and did its work with a thoroughness worthy of its established character."

A 32 page Pamphlet sent free. The genuine has "PERUVIAN SYRUP" blown in the glass.

A. A. A.

Arnot's Arnica Anodyne!

THE NEW PAIN RELIEVER,

IS THE MOST RELIABLE REMEDY for all Pain, of whatever kind, whether internal or external. It is a certain cure for

NEURALGIA, TOOTHACHE, RHEUMATIC AFFECTIONS, INFLAMMATORY SORE THROAT, DIARRHŒA, COLIC, DYSENTERY, CRAMPS, COLDS, DYSPEPSIA, FLATULENCE,

And all Complaints of the Stomach and Bowels.

It is not a weak or untried Medicine, rashly or carelessly intruded on the public attention, but has been used by thousands in this immediate vicinity, as well as elsewhere through Canada, and in every case, as far as known, with the best results. Dr. ARNOT, the eminent Physician whose name it bears, was well known as one of the most distinguished Medical Practitioners in the Empire, and this remedy has been pronounced by all who have experienced its wonderful curative powers as well worthy of its author's reputation.

No one need continue a sufferer from pain when by the timely and proper use of A. A. A, the suffering is sure to be alleviated immediately, and entirely banished after a few applications. Its taste and odour are both agreeable, so that when taken it gives no offence to the most delicate palate, and when inhaled through the nostrils it refreshes and stimulates the olfactory nerves more than the best Eau de Cologne.

If you suffer from NEURALGIA, use A. A. A.
If you are a martyr to TOOTHACHE, use A. A. A.
If you are afflicted with RHEUMATISM, use A. A. A.
If you are attacked by DIPTHERIA, use A. A. A.
If you have been BURNT, or SCALDED, or STUNG, or FROST BITTEN, or BRUISED, use A. A. A.
If you have CHILBLAINS on your feet or hands, use A. A. A.
If you are troubled with DIARRHŒA, or COLIC, or CRAMPS IN THE STOMACH, use A. A. A.
If you suffer from any painful affection in any part of the body, internal or external, use ARNOT'S ARNICA ANODYNE, and you will not be disappointed.

For sale in Kingston by J. G. King, Heath & Gunn, G. S. Hobart; Bath, J. G. McTavish Ross; Gananoque, S. McCammon; Napanee, Detlor & Scott.
