NEWS OF THE DAY.

FRIDAY MORNING, SEPT. 3, 1869.

SUMMARY TRIAL.—Yesterday morning the prisoner Cooper, committed to gaol on a charge of larceny, was brought before His Honor Judge Burrows, and tried under the Speedy Trials Act. He pleaded guilty, and was sentenced to three months' imprisonment in gaol. His crime was stealing goods from the store of Mr. G. S. Hobart, and was arrested scarcely a week since.

A NUISANCE.—The steps taken by the City Council in declaring the vacant lot on Bagot street, near the Court House, a nuisance, is not at all premature. In this lot, near the sidewalks, lies a most sickening collection of dead matter, the carcases of cats and dogs, being piled up promiscuously. Where is the Board of Health?

A STRANGE VISITOR.—Crowds of people were attracted to Mr. Kinghorn's Wharf yesterday morning, and joined the throng which collected around a large package reported to contain a young Giraffe, a late importation from its natural clime for the benefit of Van Amburg's Menagerie. Our reporter could not get near enough the object to verify this fact, but he accepts it as correct.

THE EFFECT.—One of the police in walking down the street, since that speech was made by Sir Allan, detected a citizen with a razor displayed from his pocket, and concluded he object, with the purpose of placing such a dangerous weapon out of the reach of harm, if necessary. Imagine his surprise when told that it was procured, in lieu of a revolver, for the bearer to protect himself against those terrible fellows the police. Fact.

IN PERIL.—A spotted pig is in pound, and Peter Tolan wants to know who owns her. There is a prospect of a sale.

TOBACCO WINE.—Our early lease of winter has given out, and we are enjoying the camp meeting in a happy return of the season. Pleasant.

The Toronto School of Medicine heads its announcement of the opening of its 27th session with a list of professors, which, for varied talent, is not exceeded by any similar institution in the world. It is with just pride that we call attention to the advantages which the School offers to students of the healing art.

We are happy to hear it reported that Prince Arthur will accompany the Governor General on his visit to the Provincial Exhibition at London. Ontario is seen at its best at the great annual gathering of its agriculturists and there is no better place for the show than the Forest City.

Gold.

REPORTS IN AUSTRALIA—NATAL A FAILURE.

Australian despatches contain cheering intelligence from the gold fields. Several important discoveries have just been made. A rush has already set in from the other gold fields. Some idea of the auriferous richness of the newly-discovered regions may be formed from the fact, that from a place called Beechfort, three banks lately despatched for Melbourne no less than 18,000 ounces of gold.

The gold diggers who were induced to emigrate to Natal by the glowing descriptions given of the extent and richness of the gold fields of South Africa, are generally returning to this country sorely disappointed.

The Quebec Colonization Society has voted the sum of $200 for the relief of those thirty Breton families who are to arrive here next spring—the money will be handed to the Patrie Template for that purpose. It is said the Society will petition the Government to obtain 20 lots of ground in order to settle these families, and that the ground will be cleared for them this fall by the Rev. Fathers who have offered their services to the Society.

BOILS.

Like the volcano, Boils give issue to the foul and fiery contents of the deep interior. To remove the cause of such suffering it is only necessary to vitalize the Blood by supplying it with its Life Element, Iron.

THE PERUVIAN SYRUP,

a protoxide solution of the Protoxide of Iron) will do this effectually, and give strength, vigor and new life to the whole system.

Extract of a Letter from Rev. Richard S. Eden, of Bolton, Mass.

"For years I was a sufferer from Boils, so that my life became wearisome through their frequent and persistent recurrence; finally a carbuncle formed in the small of my back. During its progress large pieces of decomposed flesh were every day or two cut, and the prostration and general disturbance of the system were great. Before I had recovered from this attack two smaller carbuncles broke out higher up, and I was again threatened with a recurrence of the sufferings to which I had so long been subjected. It was at this time that I commenced taking the PERUVIAN SYRUP. I continued taking it until I had used five bottles; since then I have had nothing of the kind. For years I was one of the greatest sufferers. Other medicines gave me partial and temporary relief, but this remarkable remedy, with a kind and intuitive sense, went directly to the root of the evil, and did its work with a thoroughness worthy of its established character."

A 32 page Pamphlet sent free. The genuine has "PERUVIAN SYRUP" blown in the glass.

GREAT GOLDEN MENAGERIE.
HENRY BARNUM.....MANAGER

The Largest Exhibition in the known World.

This gigantic Establishment contains the most varied, comprehensive and interesting collection of rare and wonderful animals ever seen in a travelling Menagerie on either hemisphere. It has been the leading Show of America for nearly half a century, and for nearly twenty years, the only exhibition on this continent of zoological character unaccompanied by objectional circus performances. It is exclusively a

Congress of Animated Nature!

Composed of a vast array of the most beautiful animals ever seen in a Menagerie. Words are inadequate to do justice to this greatest of all American Institutions for propagating and encouraging that

GREAT STUDY OF NATURAL HISTORY!

Which should and justly is commended by the press, pulpit and every class of readers of modern times, being organized and perfected on a scale of immensity hitherto unknown in any country. It necessarily contains living specimens of

THE GREAT CREATOR'S HANDIWORK

From all the known countries on the face of the earth, obtained only after great privations, difficulties, dangers and an expenditure of nearly

LIVING LION LOOSE in the STREET UNCHAINED.

And subject to no restraint whatever, except the ever watchful eye of his keeper, mounted on the very summit of

The Great Golden Car of Egypt,

That magnificent mass of golden splendor, modeled after ancient Egyptian designs, and constructed on a scale of magnificence absolutely unequaled in the world, except by

The Colossal Golden Chariot,

Which for gorgeous grandeur and magnificence is utterly unparalleled in any country on the face of the globe, and it may be as well here to state the correctness of which is beyond dispute, that

The Vans, Dens & Cages

Belonging to the Great Golden Menagerie are constructed and ornamented with a style and finish entirely new and original with the great Menagerie Company, and undeniably surpassing in point of dazzling brilliancy and artistic execution anything the world ever dreamed of. On the sides and ends of the carriages containing the animals and paraphanalia are paintings selected from designs by that world-renowned Parisian Artist, Gustav Dore, and are faithful copies of his incomparable

ILLUSTRATION OF THE HOLY BIBLE!

This exhibition being purely zoological, cast and does have every department conducted on a strictly moral principle, and is unquestionably the grandest exhibition of any age or country.

THE ONLY COMPLETE MENAGERIE ON THIS CONTINENT.
