THURSDAY MORNING, SEPT. 30, 1869.

NEWS OF THE DAY.

News of the Day.

On Friday last, a sailor was drowned off one of the Prescott wharves. Deceased was a stranger who had been allowed to work his passage to Oswego on one of the N. T. Companys' propellers. At Prescott he jumped off with a line, but missed his footing and fell into the River. His body was recovered within 10 minutes, but life was extinct.

Mr. James Gibb, of the firm of Gibb, Lane & Co., merchants, Quebec, who died on Saturday, has left $100,000 to the different charities of the city, both Catholic and Protestant.

A Cornwall telegram says that excitement in the Allen matter still continues. Owing to a certain informality in the Record, the suit of Allen vs. Vankoughnet has been postponed to the next sitting of the Court of Assizes.

Mr. Desbarats is about to resign his position as Superintendent of the Dominion Government Printing.

Ground has been broken on the Portland and Ogdensburg Railroad, and men are at work on the section near Portland.

Whiskey Mason has served the Mayor of Toronto with a summons to appear at the police court in a liquor case, but he won't come, and the magistrate declines to enforce his attendance.

The Rev. W. Morley Punshon visits Picton on the 28th October to deliver an address, and solicit subscriptions in behalf of Victoria University.

Mr. Alex. Begg, of the Inland Revenue Department, has been appointed to the North-West to organize the Inland Revenue and Customs Departments of that territory.

An order of the Lieut.-Governor in Council extends the time for the renewal of timber licenses for the present year to the 1st November next.

COLLISION.—Yesterday morning, about one o'clock, the brig New York, in an endeavor to reach the wood wharf near the Water Works, ran into the barque Arabia, lying in front of Messrs. J. H. Henderson & Co's. dock, and inflicted considerable damage on both vessels. The night was quite light, and the Arabia was just preparing to ship around to the elevator, but had not moved, when the New York came very fast upon her, either missing stays or being handled carelessly. The first contact occurred between the Arabia's jib-boom and the New York's mainsail, the result of which was the utter demolition of the latter, and of the Arabia's head gear. The New York came broadside against the Arabia, and pounded against her there in the sea until the Arabia's lines parted and both vessels drifted off, the Arabia's anchor having a firm "catch" on the New York. They were rescued from imminent risk of stranding on Point Frederick. Both boats were yesterday repairing damages. Besides her head gear being injured, the Arabia's quarter is damaged. The New York has her port quarter and cabin smashed, main boom broken, and seven stanchions forced in, besides the loss of her mainsail.

FALL.—A patient in the Kingston General Hospital, named Morrison, who came from Perth, and has been under treatment for four months on account of an affection of his eyes, which has nearly destroyed his sight, fell off the lower balcony on Monday night, a distance of nine feet, to the stone pavement underneath, and was badly injured, though no bones were fractured. He was allowed liberty for an hour's promenade, but remained some time after his leave expired, and in the darkness was incapable of finding his way back, and stepped off the balcony. Yesterday he was in a favorable way for recovery, and if internal injuries have been sustained there is no evidence of them yet.

LA CROSSE MATCH.—If the weather permits, the contest between the Kingston Club and Kingston Butchers' Club will be decided this afternoon on the Cricket Ground. Ball to be faced for at 2 o'clock.

A GAY LOTHARIO.—A handsome widow with plenty of tin, and lots of youth, tho' nearly sixty years of age, very recently married a gay Lothario of forty-five, (both of this good city,) who are now in the State of New York, spending the happy honeymoon. Alas! that there should be anything to mar the happiness of newly married life. But there is, and facts are stubborn things. Before our Lothario was captivated by the gay and handsome rich widow, he had been under vows (so the lady says,) to another widow of Kingston, not so well off, but quite as buxom. And this other widow, not liking being cast off for one richer but not fairer, has commenced an action for Breach of Marriage Promise. And won't she get heavy damages. Well with Macbeth can the bridegroom exclaim, 'how happy could I be with either, were t'other charmer away.

A Household Remedy. No family should be without some efficacious remedy for the cure of affections, so universally prevalent, as coughs, colds, sore throat, whooping-cough, and croup—some remedy, too, which can be relied upon as safe, sure and certain. Dr. Wistar's Balsam of Wild Cherry combines this desideratum.

Notes.

The motive of Sumner's speech is believed to be the fact that Mr. Sumner fears that the Administration has determined to recognize Cuba, and therefore jeopardize the Alabama question.

Additional rumors were current in Quebec streets, to the effect that another large defalcation had been discovered in the books of the National Bank. The cashier, clerks and directors have been engaged night and day for the past ten days, examining all the books, and additional experienced keepers have been brought in to assist the ordinary clerks.

In St. John, New Brunswick, there lives a man, of unknown name, who abruptly trotted out of Church because the clergyman ventured to offer a prayer for the Dominion. He was foolish and unreasonable. If the Dominion is so bad a thing as he evidently thinks it, he ought to have remained and offered up prayer either for its purification, or, if that were impossible, its absolute destruction.

La Voix du Golfer of the 10th again complains of the encroachments of Americans on Canadian fishing grounds. They even go the length of entering the Bay of Chaleurs to catch mackerel, and a fortnight ago 68 American schooners with 2,200 men entered the Port of Paspebac, and the same day as many were at Port Daniel. As is their way, these gentry conduct themselves with cool audacity throughout. They take not only mackerel but also cod, and fish for herring among the very nets of our fishermen. Not one in fifty of them take out licenses, and they say quiet openly they don't want to do so.

Fire at Port Dalhousie.

A LARGE PART OF THE VILLAGE DESTROYED.

The most disastrous fire that has visited Port Dalhousie for many years, broke out Tuesday morning, at 2 o'clock, in the kitchen of Mr. Richard Cole's hotel, and owing to the highly combustible nature of that building and the neighboring houses, almost the entire block was destroyed. The following is the property destroyed: Walkerly's saloon; Mr. Grogan's dwelling; Mr. Dixon's grocery; Mr. Dacey's saddlery shop; the groceries of Mr. Stanton and Mr. R. Woods; Mr. Wright's dwelling and shoe shop; Lynch's Saloon; Morrison's Livery Stable; Martindale's general store and Post Office, and a barber shop. When it was seen that the fire had got beyond control, word was sent to St. Catharines, but of course nothing could be done in time to avert the disaster. The amount of property destroyed is variously estimated, but it is probably not less than $20,000. Messrs. Walkerly and Woods were partly insured, but not sufficent to cover their entire losses. A number of the other sufferers had no insurance whatever.—St. Catharine Times.

Scraps.

There are two thousand professional thieves in Chicago, besides the unprofessionals.

The Hon. John Morrissey cleared $260,000 in gold exchange, Wednesday.

Bishop Huntington of Central New York has been presented with a house costing $23,500, at Syracuse.

Judge Aaaron Van Wormer of Missouri is declared to be at the head of the legal profession there. He divorced himself from his own wife in his own court.

The Chicago Young Men's Christian Association has just received fifteen tons of tracts from Dublin.

The son of the King of Malabar has been put in jail in London for swindling. He was on the eve of marriage.

The eldest son of M. Chauveau, Quebec Premier, marries, this week, Miss Meagher, daughter of the ex-member for Bonaventure.

Hon. John Hillyard Cameron made his debut as a member of the Lower Canada Bar on Wednesday last.

An irreverent fellow took his velocipede to the Sing Sing camp meeting to get it converted into a two-wheel'd chaise.

Two Scotch gentlemen are at present on the Rhine, accoutred in the real kilt and plaid, having made a heavy wager that they will travel all over Europe in that dress, and not speak any language but the Gaelic.

The June Redpath Exhibition, $100 for one year in McGill College, has been awarded to David W. R. Hodge; the Governor's Scholarship, annual value at about $120, to John D. Cline, for one year; the annual Nelson mathematical prize to Jas Cameron.

NIPPED.—"There is many a slip between the cup and the lip".—An elopement was spoiled in New York a few days ago by a harmless and amusing accident. The young lady was well known and lovely blonde who had been driven to consent to a secret marriage by a cruel and obdurate father. All the necessary arrangements for the escape and wedding were made, and the eventful evening had arrived. The young lady found the promised ladder at her chamber window, and her eagar lover at the bottom of it. She put her delicate foot upon the first rung of the ladder and prepared to descend, when her crinoline caught up the bell handle in the wall, the household was alarmed, and a maid rescued her mistress from her uncomfortable position.

THE SPANISH THRONE.—There are six candidates for the throne of Spain, each with a considerable party of adherents and more or less supported by foreign influence. There are: 1. The Duke of Montpensier; 2. Don Carlos, the Duke of Madrid; 3. The Prince of the Asturias, son of ex-Queen Isabella; 4. The Duke of Aosta, second son of Victor Emanuel; 5. Ferdinand Philippe, Duke of Saxe-Coburg, and the grandson of Louis Philippe; 6. Frederick Charles, nephew of the King of Prussia. Between their conflicting pretensions a choice will be difficult, and Spain will probably remain in its present condition for many years.

WISTAR'S BALSAM OF WILD CHERRY

For the cure of Coughs, Colds, Hoarseness, Asthma, Influenza, Croup, Whooping Cough, Bronchitis, Predisposition to Consumption, &c., &c.

This great remedy is too well known and is performing so much good to make it necessary to go into an elaborate discussion of its merits. Suffice it to say that it still maintains its supremacy in curing diseases of the most obstinate character, and that all who suffer from the above complaints, after having tested this remedy, seldom have occasions to resort to other appliances to insure a perfect restoration to health.

Testimony of Mr. Peter Shaw.

West Winfield, N.Y., Dec. 10, 1860.
Messrs. S. W. Fowle & Son, Boston.

Gentlemen—During the winter of 1858 I was very much out of health afflicted with a severe Cough, Pain in the side and Lungs and a general depression of health to such an extent as greatly to alarm myself and friends as to the result. During this time I tried several highly recommended remedies, with little or no good result, and had concluded to try the effect of a Southern climate upon my health; but, before carrying this resolution into effect I was induced by the urgent solicitation of your agent, Mr. Stanley, to give Dr. Wistar's Balsam of Wild Cherry a trial. I did so, and, to my great joy found immediate and permanent relief by the use of only one bottle, and I am now in as good health as ever. I believe your Balsam one of the best remedies, for Coughs, Colds and all Lung Diseases, now in use, and conscientiously recommend it as such.

Yours truly,
PETER SHAW.

GRACE'S CELEBRATED SALVE.

We are constantly hearing favorable reports from those who have tried this remedy. Amy Anthony, wife of Mark Anthony, of this city, and living at No. 6 Locust Street, afflicted with a felon on the finger, was recently induced to make a trial of the Salve. Almost instantly she experienced a relief from the pain, which had been almost unendurable. Every other remedy but this proved unavailing. Those who have tried it once are satisfied of its merits, and nothing will induce them to be without a supply.—Fall River News.
