WEDNESDAY MORNING, OCT. 13, 1869.

NEWS OF THE DAY.

CRICKET.—A very spirited little match at this manly game was played on Saturday last, between the first eleven of the Kingston County Grammar School and a similar team from the Johnson Street High School. After three or four hours of capital play on both sides, the High School boys were conceded to be victors, having beaten their rivals in each innings, the total score standing thus:

1st Innings.		2nd Innings.	
Grammar School	30	Grammar School	34
High School	41	High School	43

We learn that the High School Club is prepared to extend a friendly challenge in Cricket, or La Crosse either, to the other Common Schools combined, or to the Grammar School, for any Saturday before the season closes.

TOURISTS will find the American House, Boston, the best point from which to visit neighboring places of interest. Cafe, billiards, passenger elevator, suites of rooms, baths, &c.

HAMILTON REGATTA.—Hamilton had a Boat Race, and the Times thus accounts for it:—"Burlington Bay, unlike the island-studded harbor of Kingston, gives a clear field to vessels of all rigs, whether they are of native growth or foreign importation. Since the defeat of the Restless at Kingston, a few weeks ago, grave doubts were entertained as to her sailing qualities, and a regatta was decided upon with a view to test her speed with the favorite little sloop Zouave, which has won many a race in years gone by." The Restless won, and was protested against for unfair use of her rudder. But listen what the Times said in another column of the impartiality to be obtained at Hamilton:

"The crew of the Restless complain that a drag, composed of a canvas bag stuffed with pig iron and other material, was tied to the bottom of their vessel last night."

14TH P.W.O. RIFLES.—This Battalion paraded at the Drill Shed on Monday evening, in order to commence the annual drill for the year 1869-70. Having been put through squad drill for upwards of an hour, the order relative to the necessity of every man holding himself in readiness for active service at the shortest notice was read by the Adjutant, after which the men were addressed by Lieut. Col. Callaghan. He inforched the men of the course he intended to adopt in his responsible position; he wished all orders to be implicitly obeyed; every man would have the utmost fair play; they came there to learn the duties of a soldier, not for fun; he believed they had good fighting material among them, which, if due attention is given to duty now, would not be found wanting when they would be required to face the enemy. At the conclusion of the address, a private called for "three cheers for our new Colonel," which was responded to in the most enthusiastic manner. During the evening, Col. Callaghan received the compliments of the officers on parade, congratulating him on account of his promotion to the position of commander of the Battalion. Among the other promotions is that of Capt. Herchmer to be Major, Lieut. King to be Paymaster, &c. The 14th never felt better for active service than to-day; and should it be necessary, when duty calls, it will be found ready.

CHALLENGE.—The Shamrock La Crosse Club has challenged the Butchers Club to a friendly contest on the 25th, Monday week. The championship therefore, is still undecided, and the issue quite uncertain. From what we hear the Shamrocks Club may also expect another challenge shortly.

ACCIDENTAL DROWNING.—Another case of drowning, happening very closely after that of the unfortunate man Hill, occurred on Monday night. A sailor, named James Murphy, attended a dance at Luke Wraslin's, Ontario Street, and left late at night in company with his cousin, Captain of the schr. Perry Hannah, with whom he sailed. He was somewhat under the influence of liquor, and meeting another sailor outside, from whom he received an affront, struck him three times. They were parted, and the Captain and Steward of the vessel took Murphy off—He went with them as far as the Anglo American Hotel, and then refused to proceed a step further.—The Steward directed him to the British American Hotel, and he walked off but instead of going up Clarence Street turned down, and walked across the railway track to the Commercial wharf, and directly into the water. The Steward was not far off, and hearing the splash, hurried down, and jumped into the water after him. His effort to save his comrade was futile, though, and it required the exertions of the Police and others, who were attracted to the spot, to rescue the Steward. Yesterday morning at 9 o'clock the body was recovered, and removed to the dead house near by, where it was viewed shortly afterwards by a jury empanelled by Coroner Shaw. The jury sat in the Police Station, and, after hearing the evidence adduced, brought in a verdict of accidental drowning. The deceased belonged to Cleveland, and was here but temporarily with his vessel. The captain of the vessel took charge of the remains. The captain's name is Keelin, and that of the Steward Kelley. The deceased was 25 years of age, and leaves a mother in Ireland dependent on him for support. The body was found only a few feet from the wharf, and it seems that he sunk almost immediately after his immersion, and with very little struggling ceased to exist.

We learn from the country districts that the potatoe rot is still extending.

During the past week large numbers of wild geese have been flying south; a sign it is said of open weather.

Ottawa produced their political welcome to Prince Arthur on Monday. For merit that written by Mr. Charles Sangster, and given elsewhere, stands alone.

His Lordship the bishop of Kingston leaves for Rome, to sail by the Allen steamship of the 23rd, in the company of the Archbishop of Quebec.

Chief Penton, and Detectives Cullen and Murphy, of Montreal, left for Ottawa by the train which took up the Prince. Fenian business is the object.

His Lordship the Bishop of Toronto has appointed Sunday the 24th inst. as a day of public thanksgiving in his diocese. The bishop of Montreal has named the 14th for thanksgiving.

Two months' leave of absence in extension from the 31st has been granted to Lieut.-Col. Jarvis, D. A. General Militia District No. 2.

*** Who would not be a pet of the Adjutant General of Militia? What service has Lieut.-Col Jarvis rendered Canada, that he should be thus favored, receiving five months' pay for doing nothing?

POLICE COURT, Tuesday.—John Leadbeater, whose valor in the wife beating line earned him a fresh laurel on Monday was still further remanded to await his wife's recovery, in order that she may appear against him. William Proctor, a degraded specimen of humanity, was charged with drunkenness, and sent to gaol for 21 days. Considering his age, for he is quite young, there are few indeed so abandoned as he is.

A CHASE.—The people living in the neighborhood of Bagot and Earl Streets, yesterday, about noon, enjoyed a sensation of the most hearty description. Policeman Porter was escorting the well-known gaol bird, William Proctor, back to quarters equally familiar and congenial, when the prisoner took advantage of an unguarded position of his escort, and kicking off light shoes he had on, bolted along Bagot street at a pace which would not have disgraced the best pedestrian club extant. The guardian of the peace gave chase, and proved himself a lithesome, active, and competent guardian, by bringing the stampede to a close on Wellington street, about three blocks from the starting place, and a considerable distance from the goal it was expected that Proctor was making for. The disgust of the street arabs, who were enjoying the sport highly, at this premature conclusion was intense. Policeman Porter took a firm grip of his charge, and if a triumphant smile enveloped his countenance as he tramped onward to the gaol, it was an excusable piece of vanity on his part. As a man well advanced in years he deserves credit for having worsted a pair of legs so much younger and lighter than his own. It would not have grieved the Police greatly though had Proctor made good his escape, and covered it by a permanent retirement from the city.

HOW TO BUILD UP A PLACE.—Some remarks which ought not to be lost on Kingston.—If you wish to kill a town put up no more buildings that you are obliged to occupy yourself. If you should have an empty building, and any one should wish to rent it, ask about three times its value. Look at every new comer with a scowl. Turn a cold shoulder to every business man who seeks a home among you. Go abroad for your wares, rather than purchase of your own merchants and manufacturers at the same prices.

Refuse to advertise, so that persons at a distance will not know that any business is being done in your city.

Religious.

London has over 90 Roman churches.

The six Methodist branches in England have 642,822 members.

The Unitarians have 815 societies and 383 ministers in the United States.

Friday is the only day which has not been used by some religion as the Sabbath.

The Roman Catholics are preparing to erect free chapels in New York for colored people.

Only seven rectors in the Episcopal Church in Ohio are now in the charges which they occupied twelve years ago.

Five Irish Roman Catholic priests have, during the last month, been received into the Episcopal Church in Dublin.

The Moravian statistics show 4,895 communicants are in Germany, 3,208 in Great Britain, and 6,758 in North America.

The Episcopal Church in Scotland is about to admit lay representation, but the laity were not to vote upon questions of doctrine.

The Catholics of Meriden, Con., are in a high state of excitement over the refusal of Rev. Father Walsh to read services over the remains of Robert Saras, a prominent man of his congregation. The grounds of refusal are that the funeral was attended by a long line of carriages against the Rev. Father's command, he having decided to discountenance all display at funerals, and to limit the number of carriages proper at such a time to four. The man was buried without aid of priest or sexton.

North Lanark.

The Reform Convention for this County was held on Saturday at Almonte. Nine delegates were present, Mr. Scott, of Almonte, was the first choice of the meeting. He asked time to consider whether he should accept the nomination, and if he declined, the Hon. Malcolm Cameron would be the next choice. Mr. Cameron was before the Convention, and pledged himself to abide by its decision.

The Tidal Storm.

The late tidal storm has raised the water of the St. Lawrence nearly three feet; its tributaries are flowing flood full. Additional news respecting the damage done by the storm is coming from country parishes every day. A correspondent from Gaspe says:—It commenced here about half-past nine, and continued until about two the next morning. Great damage was done on the coast by the loss of stages, boats, &c. There are upwards of twenty boats destroyed between Grand Greave and Shiphead, one person losing upwards of $500 in stages, boats, &c. The roads are nearly impassable with fallen trees. In every direction fences are blown down, and much damage has been done to several buildings along the coast.

DEBILITY.

Every one at times feels the necessity of something to tone up the system depressed by mental or bodily exhaustion. At such times let every one, instead of taking alcoholic or medical stimulants, which afford only a temporary relief, reinvigorate his debilitated system by the natural tonic elements of the

PERUVIAN SYRUP,

or Protected Solution of the Protoxide of Iron, which Vitalizes and enriches the blood by supplying it with its Life Element Iron.

Being free from Alcohol in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing a strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.

Wm. C. Sterling, Esq., of Poughkeepsie, N. Y., says: "Since taking the Peruvian Syrup I feel better, my strength is improved, my bowels are regular, my appetite first rate.

There is an old Physician in this city (older than I am), used the Syrup for three months, and gives it as his decided opinion that it is the best Alterative Tonic Medicine he ever knew."

For Dyspepsia, Debility, and Female Weaknesses, the Peruvian Syrup is a specific. A 32 page pamphlet sent free. The genuine has "Peruvian Syrup" blown in the glass.

A. A. A.
Arnot's Arnica Anodyne!
THE NEW PAIN RELIEVER,

IS THE MOST RELIABLE REMEDY for all Pain, of whatever kind, whether internal or external. It is a certain cure for NEURALGIA, TOOTHACHE, RHEUMATIC AFFECTIONS, INFLAMMATORY SORE THROAT, DIARRHŒA, COLIC, DYSENTERY, CRAMPS, COLDS, DYSPEPSIA, FLATULENCE,

And all Complaints of the Stomach and Bowels.

It is not a weak or untried Medicine, rashly or carelessly intruded on the public attention, but has been used by thousands in this immediate vicinity, as well as elsewhere through Canada, and in every case, as far as known, with the best results. DR. ARNOT, the eminent Physician whose name it bears, was well known as one of the most distinguished Medical Practitioners in the Empire, and this remedy has been pronounced by all who have experienced its wonderful curative powers as well worthy of its author's reputation.

No one need continue a sufferer from pain when by the timely and proper use of A. A. A. the suffering is sure to be alleviated immediately, and entirely banished after a few applications. Its taste and odour are both agreeable, so that when taken it gives no offence to the most delicate palate, and when inhaled through the nostrils refreshes and stimulates the olfactory nerves more than the best Eau de Cologne.

If you suffer from NEURALGIA, use A. A. A.
If you are a martyr to TOOTHACHE, use A. A. A.
If you are afflicted with RHEUMATISM, use A. A. A.
If you are attacked by DIPTHERIA, use A. A. A.
If you have been BURNT, or SCALDED, or STUNG, or FROST BITTEN, BRUISED, use A. A. A.
