WEDNESDAY MORNING, OCT. 20, 1869.

NEWS OF THE DAY

THANKSGIVING.—The Bishop of Ontario having appointed Thursday, the 21st, as a Day of Thanksgiving in the Diocese for the blessings of an abundant harvest, Morning Prayer will be held at the Cathedral at 11 a.m., when the Bishop will preach. Offertory for Mission Fund. Evening Prayer at 3 p.m.

MODEST!—The News of Monday evening announced that the rate-payers of the Village of Madoc had guaranteed a bonus of $10,000 in connection with the new railway project, and does it very modestly, thus:—

"When the fact is published with the present issue of this journal, it may be expected that a general feeling of admiration will be called forth, &c., &c."

The enterprise of the News for early intelligence would be astounding in this instance, had not the British Whig made a plain announcement of the fact, with the expression of the meeting in regard to fixing the terminus at Kingston, in last Thursday's issue—nearly a week since.

Families travelling may secure elegant suites of rooms, by telegraph, at the American House, Boston, with every convenience for comfort or luxury. Messrs. Rice have won an enviable reputation as landlords.

ARREST.—Yesterday morning a telegram was received from Police Magistrate Diamond, of Belleville, to arrest Charles Shepherd, a sheep drover, who was on board the steamer Bay of Quinte, and who was accused of sheep stealing. When the steamer touched the dock, Detective McAulay arrested Shepherd, who had with him a drove of sheep, and he is now in custody at the station house, awaiting the arrival of the owner to identify and prosecute.

FOR ACTIVE SERVICE.—The activity which has been instilled into the volunteers in Canada, is being extended to our infant navy. By order from headquarters the gunboat Rescue, which has been lying idle and dismantled at H. M. Dockyard since last summer, has been fitted up, and made ready, for active service if need be. Yesterday steam was got up, and the Rescue moved over to the St. Lawrence Wharf, where she coaled. At present she is manned only by a few experienced lake sailors and officers, but if occasion required, the Government would not have to make a second call for seamen to man her properly. At present she remains like the Volunteers in readiness for "something to turn up."

THE WEATHER.—Autumn is not at all partial in character just now. It does not present a very glowing aspect or a very genial temperament. On the contrary the weather is chilly and unpleasant, an event courier of the rigorous season approaching us with rapid strides. On Monday it gave us a sign of its coming in the shape of a storm of wind, sleet and snow. The French scientific weather prophets predict a winter of unusual severity. The signs in this country point in the same direction. Corn has an unusually heavy coat of husks, and the birds are moulting earlier than usual.

Boards will soon be permitted to be worn in the army.

New York is in a flutter. Prince Arthur is to visit it next month.

One of the Oxford crew writes to a gentleman in Boston, that the Oxfords will come over next year and row the Harvards on their own waters.

The monument to the Volunteers who fell at Lime Ridge is now in course of erection in the Queen's Park, at Toronto.

Montreal shoemakers possess a surprising unanimity of feeling. Out of 1,000 only 7 opposed the new strike.

Cuba, Ireland, Porto Rico, Canada, and the Fejee Islands are all candidates for American protectorates, according to the New York Sun. We are afraid that the Sun is astray in its motto—it does not shine for all, for its knowledge of Canadian affairs is not very bright.

POLICE COURT, Tuesday.—Michael Barcely, a sailor, got on an awful spree last night, lost $46 at the hand of a fast companion and found himself in the Police station this morning. In consideration of his misfortune Mr. Creighton discharged him, with an admonishment that in future when he got paid off, he must not go upon another land voyage about town. Rose Ann Bain, an old offender who spends most of her time in the country, celebrated a return visit by spreeing it. Mr. Creighton committed her for ten days. Eliza Mills, a stiff more troublesome customer, was sent to gaol for 30 days for vagrancy. Wm. Brown was charged by Mr. Kinghorn, with stealing two sheets and a quantity of linen from the steamer Watertown. Prisoner is a hand on the steamer Gazelle, another of Mr. Kinghorn's boats. He is said to have offered the present of the stolen property to the person who keeps the Rob Roy Inn, but who refused them, and treated the prisoner anything but cavalierly. Prisoner admitted that he had been drunk, took the sheets, and when he recovered himself, returned them. As the evidence was not then available, prisoner was remanded until to-morrow morning.

DEBILITY.

Every one at times feels the necessity of something to tone up the system depressed by mental or bodily exhaustion. At such times let every one, instead of taking alcoholic or medical stimulants, which afford only a temporary relief, reinvigorate his debilitated system by the natural tonic elements of the

PERUVIAN SYRUP

or Protected Solution of the Protoxide of Iron, which vitalizes and enriches the blood by supplying it with its Life Element Iron.

Being free from Alcohol in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.

Wm. C. Sterling, Esq., of Poughkeepsie, N.Y., says: "Since taking the Peruvian Syrup I feel better, my strength is improved, my bowels are regular, my appetite first rate.

There is an old Physician in this city (older than I am), used the Syrup for three months, and gives it as his decided opinion that it is the best Alterative Tonic Medicine he ever knew."

For Dyspepsia, Debility, and Female Weaknesses, the Peruvian Syrup is a specific. A 32 page pamphlet sent free. The genuine has "Peruvian Syrup" blown in the glass.
