THURSDAY MORNING, OCT. 21, 1869.

NEWS OF THE DAY

THE CITY BUILDING.—The Contractor, Mr. Geo Newlands, has begun the work of repairing the City Hall and building, and the work will be speedily pushed on to completion. The want of the Hall for public occasions has been occasionally felt during the past six months, and its shabby condition has long been a standing disgrace.

On a Cruise.

The gunboat Rescue was yesterday made ready for sea, and about four o'clock last evening left on a trial trip around Simcoe Island, having on board Lt.-Col. Macpherson, A. A. G., Lt. Colonel Shaw, R. M., Majors Duff and Phillips and several of the gentlemen of the City.

The Rescue is under command of Capt. Thompson who has a picked and efficient crew under him. All that is now wanted are the gunners and the command to prepare for action.

APPOINTMENT.—Mr. James W. King, of Nova Scotia, has been appointed a Director of Penitentiaries in the place of Mr. James Mair Ferres, lately appointed Warden of the Kingston Penitentiary.

SAD LOSS.—In giving an account of the loss of the schooner Kate Bully, of Cleveland, and four of her crew, which took place on the 4th inst., of Manistee, a small port on the east shore of Lake Michigan, we did not know that the loss of Mr. Thos. Doran, a sailor on board, so deeply effected a family in Kingston. Doran belonged to this city, and sailed from here not long since in the Kate Bully. When the ill-fated vessel capsized, he clung to the wreck with his companions, but became exhausted and fell off, and was drowned. Among those who met their fate with him was Mrs. Maria Wilson, of Clayton, N.Y., who was employed as cook on board; and among the few who survived the accident and the two days' struggle and privation, was the second mate, Heber Turcotte, of Kingston.

We all consider iron the embodiment of strength and power, but how few are aware that it is this same element in the system, that gives us strength and vigor, and that an insufficiency of it causes debility. The Peruvian Syrup, a protoxide of iron, is prepared expressly to supply this vitalizing element.

A piano tuner of Belleville, J. Beswick, hung himself in the police cells there on Tuesday in a fit of delirium tremens.

The sensation in Brockville is a contemplated elopement nipped in the bud by an irate husband.

The new crossings stone of Kingston in London give entire satisfaction, and are compared to Nicholson pavement.

The second "At-home," given by Lady Young at Ottawa, partook of the nature of a merry social, in the games of which Prince Arthur joined with much hilarity. H. R. H. danced with Lady Young, Mrs. Earle, Mrs. Tilley, Miss King, Miss Macdougall, Mrs. Symes, Miss Lee and Miss Powell.

The government has appointed Mr. Charles Foy Emigration Agent to the north of Ireland.

Considerable dissatisfaction is being expressed at the slow progress of the section of the Intercolonial Railroad already under contract, and the belief is general that the work will fall through.

Thomas Murray, candidate for North Renfrew, in opposition to Hincks, contradicts the report of his intended withdrawal. He is determined to contest the election.

Two horse thieves were arrested at Cornwall on October 10th, and lodged in gaol. On Tuesday last, just one week after their arrest, they escaped.

Inspectors Davis of Toronto and Bellemare of Montreal have seized an extensive illicit distillery, in the county of Yamaska, about 18 miles South of Three Rivers.

THE INTERCOLONIAL.—Two hundred and sixteen tenders have been put in for sections eight to twelve of the Intercolonial railway. The commissioners have opened the tenders, but no awards have yet been made public.

POLICE COURT.—Samuel Hunter made a fresh debut this morning, on a charge of drunkenness. In consideration of his faithful services in the army of 19 years, and the liability of old pensioners generally, he was discharged. Mary Killeen, an unoffending body, except when drunk, was fined $2 for breaking out of bounds. Charles Shepherd, who was arrested here yesterday under authority from Belleville of a telegram, on a charge of sheep stealing, was discharged to-day, and left on the steamer Watertown for Cape Vincent, his destination. Three of the sheep have been returned, and Shepherd will return to Kingston next week to stand his trial if necessary. He will not probably be called upon to answer any question from Belleville as no telegram to the Police Magistrate has failed to procure a response.

THE LATEST ENOCH ARDEN CASE.—Belfast, Me., has an Enoch Arden case of unmitigated interest. Twenty years ago Rodney Steele, a resident then there, went to California, leaving a wife and one child. For a time letters were regularly received, but for the past ten years nothing had been heard from him. His wife believing him dead, about five years ago, married Captain Alexander Nichols, a very respectable citizen of Searsport, by which marriage she has one child. To the surprise of everyone, on Friday week, Mr. Steele landed from the steamer William Tibbets, and inquired for his wife and child. His emotion on learning that she was married again was very great. The son for whom he inquired has grown to a fine young man, and he is mate of a ship.

Drift.

The Grecian Bend has made its appearance in Red River, among the belles.

Vigilance committees in Texas call themselves Regulators, because they regulate the number of violent death in their respective districts at fifty-two a month.

Emigrants are systematically swindled out of their money at Detroit, by their countrymen, who hold honorable positions as hotel runners.

An exchange pesters an egg laid on our table by the Rev. Dr. Smith, which shows that Brother Smith is a layman as well as a minister.

A Boston gentleman named Daniel Sumner jumped for a wager from a third-story window with an umbrella and came down unhurt.

Secretary Seward's treasure were stolen from him in San Francisco. Many a man has his taken from him never home.

The Emperor, they say, has paid off Prince Napoleon's debts on condition that he shall be satisfied with the Regency and not strike for the throne.

The Princess de Metternich is to retire from society in a little while, and is buying lots of edgings, insertions, muslins, and so on, which she is making up into little garments too large for a doll and too small for herself.

Mr. Kinglake, the author of the history of the Crimean war, has lost his seat in Parliament because he obtained it by bribery; and he is threatened with a criminal prosecution besides.

The fields in many parts of Nova Scotia present a midsummer appearance. Buttercups and honey-suckles in full blossom, and fresh strawberries of second growth are picked from the ground.

The proprietor of a cotton factory near Stockholm, Sweden, has purchased a large tract of land in the south-east of Missouri, in which he intends establishing colonies of his countrymen, and to build factories.

It is currently rumored and believed in Quebec by many that the notorious bogus General Stebbins who was tried and fined at the Stadacona Club, was none other than the celebrated Sir Bellenx, of jail-breaking notoriety.

DEBILITY.

Every one at times feels the necessity of something to tone up the system depressed by mental or bodily exhaustion. At such times let every one, instead of taking alcoholic or medical stimulants, which afford only a temporary relief, reinvigorate his debilitated system by the natural tonic elements of the

PERUVIAN SYRUP,

or Protected Solution of the Protoxide of Iron, which vitalizes and enriches the blood by supplying it with its Life Element Iron.

Being free from Alcohol in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.

Wm. C. Sterling, Esq., of Poughkeepsie, N.Y., says: "Since taking the Peruvian Syrup I feel better, my strength is improved, my bowels are regular, my appetite first rate."

There is an old Physician in this city (older than I am), used the Syrup for three months, and gives it as his decided opinion that it is the best Alterative Tonic Medicine he ever knew."

For Dyspepsia, Debility, and Female Weaknesses, the Peruvian Syrup is a specific. A 32 page pamphlet sent free. The genuine has "Peruvian Syrup" blown in the glass.

The New Remedy for Worms in Children or Adults.

BARKER'S
WORM SYRUP.

GREAT difficulty has been experienced in obtaining a medicine that can be administered to young Children in a convenient form. Lozenges, Candy, &c., have not been found to answer the purpose, on account of children refusing to eat them; also on account of the number of worthless preparations now before the public. Thousands of lives are sacrificed for the want of a certain and reliable medicine.

The want of a convenient, and at the same time an effectual medicine, has been long required. This WORM SYRUP will supply that want, and having paid particular attention to its preparation, the Proprietor can with confidence recommend it to the public as a certain, safe and sure remedy for destroying Worms in Children or Adults. It can be administered with perfect safety to the most delicate children, and on account of its pleasant taste children will take it freely. A large number of certificates have been received from parties who have used this Syrup with the greatest success; also from several Physicians, recommending its use.

The symptoms of worms are so well known that it is not necessary here to describe them; but it is a well known fact that thousands of children are hurried to an early grave for want of proper attention.

IS THE MOST RELIABLE REMEDY for all Pain, of whatever kind, whether internal or external. It is a certain cure for NEURALGIA, TOOTHACHE, RHEUMATIC AFFECTIONS, INFLAMMATION, SORE THROAT, DIARRHŒA, COLIC, DYSENTERY, CRAMPS, COLDS, DYSPEPSIA, FLATULENCE,

Dr. ARNOT, the eminent Physician whose name it bears, was well known as one of the most distinguished Medical Practitioners in the Empire, and this remedy has been prepared by all who have experienced its wonderful curative powers as well worthy of its author's reputation.

Its taste and odour are both agreeable, so that when taken it gives no offence to the most delicate palate, and when inhaled through the nostrils refreshes and stimulates the olfactory nerves more than the best Eau de Cologne.
