MONDAY MORNING, NOV. 8, 1869.

PERSONAL.—Mr. M. W. Strange, M. P.P. for this city, has been prevented from attending his parliamentary duties owing to sickness in his family.

WESTERN ASSIZES.—Mr. J. O'Reilly, Q.C., is absent from the city, conducting the Crown business at the Assizes for the Counties of Peterboro and Victoria. The court in the former county commences to-day.

THE WEATHER.—Friday night was very wild, but on Saturday morning all traces of the heavy gale had disappeared. But it carried away with it the charming Indian summer, which people a few days ago were congratulating themselves had arrived. The air has turned cold, and from the cheerless aspect of the weather, we should judge ourselves to be once more at the threshhold of a rigorous season.

☞ Hons. Messrs. Howe and Campbell are expected to be present at the reconstruction meeting of the Cabinet, which will be held in about ten days.

EMIGRATION.—Lt.-Col. Shaw, Brigade Major, of this city, has been appointed Emigration Agent for the Dominion in Scotland. Col. Shaw will leave immediately for his headquarters in Glasgow. The Government have made a most judicious appointment, and we shall anticipate with pleasure the flattering results which must attend this Emigration mission to Auld Reekie. The selection is all the more commendable since it is a recognition of past faithful services.

SEIZURES.—A Napanee telegram says: Mr. Davis, of the Inland Revenue Department, seized two illicit stills to-day, one in Frontenac and the other in Addington. He arrived here this evening with some of the apparatus.

PICTON.—The picturesque little town, we are told by returned visitors from it, is alarmed lest the Kingston and Madoc Railway should affect its increasing prosperity, by drawing trade from it. But there seems to us to be no cause for anxiety on that score. Still a few of the leading minds there have given birth to a new scheme—no less than a Wooden Railway to connect the town with Belleville. The feeling has not yet assumed a practical shape, but a proof of the desire to establish friendly and advantageous relations with Belleville is afforded in the establishment of a new line of stages between the two places.

POLICE COURT, Saturday.—The roll this morning displayed the names of a quartette of revellers. Joseph Padden, a shoemaker (of course, or why pad-on), was sent to gaol for 21 days, this being no new charge against him. Henry Allaly, who said he was not an old offender, was given the benefit of a doubt, but nevertheless fined $2. A third prisoner was fined $2, for being drunk and disorderly. Margaret Spotter, the poorest of les miserables, was sent to gaol for 30 days for vagrancy.

A HOAX.—A few days ago a New York paper started the story that the Gloucester fishermen had armed themselves with Enfield Rifles to fight the British cruisers who may molest them on their fishing grounds. It now turns out that the original story is a hoax.

THE RAILWAY.—It is interesting to hear what other folks, than our own people, have to say of the importance of the proposed Madoc Railway. Therefore we are pleased to see the following in the Montreal Gazette, following a short report of the meeting:—

"This settles the question of a Railway from Kingston to Madoc, a work which will powerfully contribute to the settlement of the back country between the St. Lawrence and the Ottawa, be a valuable feeder to the Grand Trunk Railway system, and stimulate the progress and prosperity of Kingston itself, hitherto one of the "slowest" towns in Canada."

## Father McMahon.

IS INVITED TO DISCUSS HIS IMPRISONMENT.

We cut the following from a New York paper. We are sorry to see Father McMahon off the stump, as we understood in August that the old man was anxious to retire into quiet life, and have no more to do with politics, the public, or the press.

New York, October 22nd, 1869.

Rev. John McMahon, late of Birmingham (?) Jail, Canada;

REVEREND AND DEAR SIR:—The undersigned take this opportunity to congratulate you upon your liberation from a foreign prison, and at the same time to solicit you to meet the citizens of New York and Brooklyn, at such time and place as you may designate, so that they may hear you discuss the justice of your imprisonment, and the cruelties to which you were subjected during your three years and three months incarceration.

If you will consent to act upon this suggestion, the people will be pleased to give you a substantial recognition of their regard for you, and your devotion and sacrifices to the cause of liberty.

FATHER MCMAHON'S REPLY.

To the Hon. A. Oakey Hall, Hon. Horace Greeley, Hon. Richard O'Gorman, &c.

GENTLEMEN: I am in receipt of your favor of the 22nd inst., congratulating me on my release from a Canadian prison, and kindly inviting me to meet with you and the citizens of New York and Brooklyn at early day, to discuss the justice of my imprisonment and treatment. Permit me to assure you that I gratefully appreciate the honor your action is intended to confer on me, and shall be happy to meet you and my fellow citizens of New York and Brooklyn at the Cooper Institute on Thursday evening, Nov. 11, 1869, at which time and place I shall be pleased to discuss the subject you have done me the honor to invite me to discuss.

Very truly your obedient servant,

JOHN MCMAHON.

A monument has been erected to Lord Clyde in the Cathedral at Calcutta, which consists of a cross enamelled on a slab of granite. Above this, on a slab granite, are colossal figures of Canada, China, Jamaica and India, surmounted by a bust, in white marble, of Lord Elgin.

ANOTHER OUTRAGE IN IRELAND.

Dublin, Nov. 4.

While a party of priests and others were returning from a land meeting in Cavan they were attacked by persons lying in wait on the road side, and were brutally beaten. One has since died. The coroner's jury has brought a verdict of murder against seven Orangemen implicated in the affair.

DALMATIA INSURRECTION.

Trieste, Nov. 4.

The troops after a battle which lasted four hours, defeated the rebels, and captured a strong position, which had been occupied by them at Lizzo. Two districts had surrendered to the Austrian authorities.

THE MINISTERIAL CRISIS IN SPAIN.

Madrid, Nov. 4.

The Regent refuses to accept the resignation of Topete, but the Admiral remains firm in his determination to withdraw from the Ministry. It is probable that the whole Cabinet will resign, and that Gen. Prim will form a new one.

THE KAISER IN GREECE.

Athens, Nov. 4.

The Emperor of Austria has arrived here. He was received by the King of Greece with great ceremony and festivity.

A small seam, a few feet in length, was opened by the recent earthquake at Waldboro, Maine, causing great alarm to the inhabitants of the village.

WESTERN METEOR.—The meteor observed in Ohio a few days ago, ranks among the most remarkable on record, if the reports are to be relied on. At Kenton, Hardine county, the phenomena attending were strange and startling. At three o'clock last Wednesday morning the inhabitants of the village were suddenly startled from their slumbers by a terrific noise, accompanied by an oscillating movement of their beds, rattling of doors, windows, and a general shaking up of buildings, causing many to rush out on the street to ascertain the meaning of the strange phenomenon. The earth's undulations were distinctly felt by several persons who happened to be on the streets at that early hour. A few seconds before the report, the northern sky was illuminated as bright as day. The windows of several houses were broken. The meteor proceeded in a north-easterly direction.

The following Remedies are all old and well established and thousands have been benefited by their use. They are for sale by druggists generally.

HOSTETTER'S BITTERS, MISHLER BITTERS, RICHARDSON'S BITTERS, PLANTATION BITTERS, &c.

There is no form in which distilled spirits or diluted alcohol is presented to the public more likely to create confirmed habits of tippling, and a final and fatal slavery to the cup, than in the forms suggested by the heading of this article. These compound are nothing more nor less than whiskey or rum, disguised by the addition of some bitter barks, woods and roots, of which a man (with a tolerable acquaintance with botany might gather a cart-load in almost any patch of woodland in our country. * * * These bitter makers are building fortunes out of the sale of bittered whiskey, and out of the credulity and conscientiousness of thousands in whose impaired nervous systems there is a demand for stimulants or narcotics, and who have yet too much regard for an improved public sentiment, and too much conscience to drink whiskey raw from a whiskey saloon or a bar-room. In a future number of the Advocate I propose to unmask with an unsparing hand of smooth hypocrisy, mock philanthropy and affected sympathy for suffering humanity with which this colored whiskey business is so artfully gilded. In the meantime, let all friends of temperance and lovers of their country and race beware of the whiskey devil disguised as medicine.—Charles Jewett.

"Look here, upon this picture, and on this"—SHAKESPEARE

Copy.

Laboratory of Department of Agriculture,
Washington, Dec. 28, 1868.

A. M. F. Gianelli's (of Montreal) "Wine Bitters," tested in this Laboratory, yielded the following results: "Royal Italian Bitters" (2 bottles examined) specific gravity, 1.0009.

Mean of several determinations

| | | |
|---|---|---|
| Alcohol (by weight) | 15.2 00 | per cent. |
| Sugar (cane) | 3.37 | do. |
| Do. (fruit) | 63 | do. |

The extraction was abundant, and contained several aromatic odors. Upon evaporation, precipitation and re-precipitation with the usual re-agents, it yielded a substance having the reaction "Oinanthine" of Faure. Tartaric acid was separable in appreciable quantity and easily detected.

Solution of Nitrate of Silver was not reduced by the liquid ("Bitters") nor was there any other evidence of the presence of Fusil Oil.

This analysis shows that the ethereal principle of Wine (Oinanthine) is present in considerable amount—that the peculiar acid of Sherry Wine is also present, and that no traces of Fusil Oil can be detected.

From these reactions it is evident that Wine has been used in the manufacture of the "Italian Wine Bitters," and that no whiskey—as this latter is usually sold (i.e., without high rectification), has been used in the manufacture.

The greater portion of the alcohol found, certainly belonged to Wine present in the Bitters, and not to whiskey. (Signed)

THOS. ANTICELL, M.D.,
Chief Chemist U.S. Dept. Agriculture.

To A. M. F. GIANELLI, Esq.

DEAR SIR,—After a fair trial, I take pleasure in recommending your Royal Bitters. It is a very excellent stimulating tonic, acting digestion and giving tone to the digestive organs. In your note you informed me of the ingredients. I think it is a most admirable combination; a pleasant, useful, and reliable tonic.

Yours truly,
R. T. COOKE, M. D.,
New York City.

MADAME RISTORI.

(TRANSLATION.)

PARIS, BOULEVARD DES MALESHERBES, No. 48, 4th July, 1867.

Al Signor Angelo M. F. Gianelli,
Montreal, Canada:

*Gentilissimo Signore:*

Fearing that a former letter which I addressed you, and sent by a gentleman who was going to Montreal, might not have reached you, I beg to—in effect—duplicate it. On my arrival here I opened the two cases of "Tonico Reale" which I purchased from you when in Montreal, and had many opportunities of submitting it to the judgment of very many distinguished persons who have honored me with their attentions during my sojourn here.

I have very great pleasure in acquainting you that the Tonico meets with universal approval, both among Ladies and Gentlemen, and for myself I must say that I have derived great benefit from its use.

An eminent chemist of this city says that you committed a grave error in omitting to send a sample to this great Exposition, feeling assured that it would have received distinguished honors.

As many of my friends are now almost habituated to it, I will thank you to forward by the first steamer, through your agent in New York, five cases, together with the bill for the same, on receipt of which I will immediately remit the amount.

With best wishes of success,

I remain, truly yours,
ADELAIDE RISTORI DEL GRILLO.

In adducing the foregoing unimpeachable testimonials to the salutary properties of my "Royal Italian Bitters," I would earnestly protest against the imputation of being a promoter of the improper use of intoxicating drinks. I believe, indeed, that Wine, as one of the Creator's gifts to man, is good in itself, and its temperate use allowable to all; and, therefore, have no hesitation in admitting it to be an ingredient in my preparation, with as much of the alcoholic principle as is inseparable from its nature. But I am no apologist for drunkenness or drunkards, and believe that those who have not sufficient self-control to avoid running into excess had better abstain altogether from its use.

Kept by the principal Wine Merchants, Druggists and Grocers. Retail price 75c. per bottle.
