WEDNESDAY MORNING, NOV. 17, 1869.

THE BURNETT HOUSE.—This fine Hotel is daily increasing in public favor under the able management of its present proprietor, R. H. Stephens, Esq. The great attention paid to the wants of its numerous guests is a subject of general and well deserved remark by the travelling community, and we trust Mr. Stephens will continue his present excellent management.

A lifetime of careful attention to the needs of the travelling public have won universal commendation to the American House, Boston, controlled for nearly a generation by Lewis Rice, Esq.

In the Belleville Intelligencer we find the following particulars of an accident alluded to by one of our correspondents yesterday:—

MELANCHOLY ACCIDENT.—A very melancholy accident occurred on Saturday evening, which brings home to every one of us the truth of the sentiment that "In the midst of life we are in death." Mr. W. H. Coleman, grocer, was out riding with a party testing the qualities of a horse he was negotiating for, and shortly after coming out of Doyle's yard the horses started suddenly to go into Kyle's yard, when Mr. Coleman caught hold of one of the reins which suddenly drew the horses to outside, causing the carriage partially to upset, and throwing both of the occupants violently on the ground. Mr. Coleman was picked up in an insensible condition and carried into his store close by. Dr. Knight was called, but he was already dead. It was found on examination that the neck was broken, which produced almost instant death. One of his legs was almost broken a short distance below the knee. Mr. W. H. Coleman was about 39 years of age; he was the son of the late T. Coleman, Esq., and was connected with some of the oldest families in this county. His sudden death cast a gloom over the whole town.

## Items of News.

Ladies who wear the shortest skirts somehow always have small feet and nice fitting boots. We suppose it happens to happen so.

Col. Rustem Bey, of the Ottoman army, is in New York. He is buying arms for the Turkish Government, and has just shipped 100,000 Springfield and English rifles.

A disappointed negro woman poisoned a family of five of her own color, one day last week, and one of them died. She now meditates upon her dark crime in prison.

An editor out West became martial and was created Captain. On parade, instead of "Fare paces to front—advance," he unconsciously exclaimed! "Cash—two dollars a year in advance." He was court-martialed and sentenced to read his own paper.

Gold has been discovered in Montgomery county, Md., by a little boy who picked up a stone to throw at a cow, and lo! it was a $150 nugget. All the boys in the vicinity have gone to stoning the cows.

A friend in Ottawa obtained a yield of 2¼ bushels from 1 pound of Early rose potatoes, besides ¼ a bushel which rotted. He made every eye a plant; and we believe cut 60 eyes from 1 pound of potatoes. The yield was certainly very generous. The variety is a very fine one.

A French paper reports that the most brilliant of the stars of song, by which everyone will recognize the Marquise de Caux, has signed a splendid engagement to sing in Russia. It is stipulated in the treaty that the diva promises—you would never guess what—to have no children during the period of her engagement. And henceforward written at the bottom of the contract: 'The above writing is read and approved.'

The Rev. Mr. Tinlow, of East Cambridge, Mass., on Monday performed the double service of a marriage and funeral at the same time and in the same family. The mother dying requested the daughter not to postpone an intended marriage, but to complete the union as soon after her death as possible. By the coffin of the mother the daughter was married, and afterwards a regular funeral service was conducted. It was a sad spectacle to see the lone father there, and his sad state contrasted with that of the daughter.

RED RIVER.—The Hon. Jos. Howe reports favorably as to the settlement question of Red River district. The disturbances which have occurred there recently among the half-breeds have been occasioned by the thoughtless acts of an employee of the Dominion Government. Mr. Howe thinks, however, that Mr. McDougall will quit the difficulties, and lead to the peaceable inauguration of Dominion authority.

It is not likely that the cabinet will be completed until the 1st of December, when the proclamation for the Union of the North West will be issued, and the office of Board of Works become vacant by the appointment of Mr. McDougall to the Governorship of the North West. The reorganization of the Departments, under the reports of the Civil Service, and the reports of the Heads of Departments, will be taken into consideration this week, all of them being in a halting or hesitating state.

TIMBER TRADE.—Large quantities of white oak and rock elm timber are being shipped from the vicinity of St. Mary's to Quebec for vessels building in the old country. One firm expects to send off 200,000 cubic feet this winter, worth $30,000. The trees are generally bought standing—thus a farmer on the outskirts of St. Mary's, the other day, got $300 for 100 trees. White oak are about $6 to $10, and elm about half that price. Special trains are chartered for its conveyance to Toronto, whence it is sent direct to Quebec in rafts of 80,000 to 100,000 cubic feet. It is worth 60 cents per foot when in the British builder's hands, so that the timbers of vessels alone are no inconsiderable items of expense.

The following Remedies are all old and well established and thousands have been benefited by their use. They are for sale by druggists generally.

HOSTETTER'S BITTERS. HOSTETTER'S BITTERS. RICHARDSON'S BITTERS PLANTATION BITTERS &c. &c.

There's so much in which doubtful, spurious or diluted alcohol is used or offered for sale, more likely to create [illegible] than the genuine article. [illegible] cup, than in the form of [illegible] of this fertile source of misery. [illegible] nothing more [illegible] disguised by the addition of some [illegible] woods and roots, of which a many [illegible] erable acquaintance with liquors [illegible] a cart load in almost any patch of woodland in our country. * * * These [illegible] are building for [illegible] of thousands of diluted whisky, and out of the [illegible] scientiousness of thousands [illegible] nervous systems [illegible] lants or narcotics, and who have yet the [illegible] regard for an imperfect, pale [illegible] too much conscience to drink [illegible] from a whiskey saloon or a [illegible]. In a future number of the Advocate I propose to unmask with an unsparing hand some [illegible] hypocrisy, mock philanthropy and [illegible] sympathy for suffering [illegible] this adulterated whiskey. U.S.D.A.
Laboratory of Department of Agriculture,
Washington, Dec. 28, 1869.

A. M. F. Gianelli's (Italian) "Royal Italian Bitters," tested in this Laboratory, yielded the following results: "Royal Italian Bitters" (2 bottles examined) specific gravity, 1.0008.

Mean of several determinations

Alcohol (by weight).....15.2 00 per cent.
Sugar (cane).....3.37 do.
Do. (fruit).....63 do.

The extraction was abundant, and contained several aromatic substances. Chemical composition, precipitation and reagents, [illegible] with the usual reagents, [illegible] substance having the reactions characteristic of Faure. Tartaric acid was [illegible] appreciable quantity and easily [illegible]. Solution of Nitrate of Silver was not reduced by the liquid ("Bitters"), indicating there any other evidence of the presence of Fusil Oil.

This analysis shows that the ethereal principle of Wine (Oenanthe) is present in considerable amount—but the presence of Sherry Wine is also [illegible] that no traces of Fusil Oil [illegible] ed.

From these results it is evident that Wine has been used in the manufacture of the "Italian Wine Bitters," and not as whiskey—as this [illegible] (i.e., without high proof alcohol), has been used in the manufacture.

The greater portion of the alcohol used, certainly belonged to Wine prior to the Bitters, and not to whiskey. (Signed)

To A. M. F. GIANELLI, Esq.

DEAR SIR,—After a fair trial, I take pleasure in recommending your Royal Bitters. It is a very excellent stomachic tonic, exciting digestion and giving tone to the digestive organs. Having never informed me of the ingredients, I do so is a most admirable combination of simple and useful, and in fact unique.

Yours truly,
R. T. COOKE, M.D.,
New York City.

Mr. GIANELLI.

From the World renowned Tragedienne, MADAME RISTORI.

(TRANSLATION.)

PARIS, BOULEVARD DES MARTYRS, No. 48, 4th JULY, 1867.

Al Signor Angelo M. F. Gianelli,
Montreal, Canada:

Gentilissimo Signore:

Fearing that a former letter which I addressed you, and sent by a gentleman who was going to Montreal, might not have reached you, I beg to inform you of the fact that I received the case of "Tonico Reale" which you sent me from Montreal, and had many opportunities of sharing it with the judgment of very many persons that persons who have tasted it with their meals during my sojourn here.

I have very great pleasure in acquainting you that the Tonico met with universal approval, both among ladies and gentlemen, and for myself I must say that I have derived great benefit from its use.

An eminent chemist of this city says that you concocted a grave error in [illegible] to send a sample to the Great Exposition, feeling assured that it would have received distinguished honors.

As many of my friends are now almost habituated to it, I will thank you to forward by the first steamer, through your agent in New York, five cases, [illegible] with the bill for the same on receipt of which I will immediately remit the amount.

With best wishes of success,
I remain, truly yours,
ADELAIDE RISTORI DEL GRILLO.

In adducing the foregoing unimpeachable testimonials to the salutary properties of my "Royal Italian Bitters," I would earnestly protest against the imputation of being a promoter of the unprincipled traffic in intoxicating drinks. I believe, indeed, that Wine, as one of the Creator's gifts to man, is good in itself, and its temperate use allowable to all; and, therefore, have no hesitation in admitting it to be an ingredient in my preparation, with as much of the alcoholic principle as is inseparable from its nature. But I am no apologist for drunkenness or drunkards, and believe that those who have not sufficient self-control to avoid running into excess had better abstain altogether from its use.

Kept by the principal Wine Merchants, Druggists and Grocers. Retail price 75c. per bottle.

A. A. A.
Arnot's Arnica Anodyne!
THE NEW PAIN RELIEVER,

IS THE MOST RELIABLE REMEDY for all Pain, of whatever kind, whether internal or external. It is a certain cure for NEURALGIA, TOOTHACHE, RHEUMATIC AFFECTIONS, INFLAMMATORY SORE THROAT, DIARRHŒA, COLIC, DYSENTERY, CRAMPS, COLDS, DYSPEPSIA, FLATULENCE,

*And all Complaints of the Stomach and Bowels.*

It is not a week or untried Medicine, rashly or carelessly intruded on the public attention, but has been used by thousands in this immediate vicinity, as well as elsewhere throughout Canada, and in every case, as far as known, with the first results. Dr. ARNOT, the eminent Physician whose name it bears, was well known as one of the most distinguished Medical Practitioners in the Empire, and this remedy has been pronounced by all who have experienced its wonderful curative powers as well worthy of its author's reputation.

No one need continue a sufferer from pain when by the timely and proper use of A. A. A. the suffering is sure to be alleviated immediately, and entirely banished after a few applications. Its taste and odour are both agreeable, so that when taken it gives no offence to the most delicate palate, and when inhaled through the nostrils refreshes and stimulates the olfactory nerves more than the best Eau de Cologne.

If you suffer from NEURALGIA, use A. A. A.
If you are a martyr to TOOTHACHE, use A. A. A.
If you are afflicted with RHEUMATISM, use A. A. A.
If you are attacked by DIPTHERIA, use A. A. A.
If you have been BURNT, or SCALDED, or STUNG, or FROST BITTEN, or BRUISED, use A. A. A.
If you have CHILBLAINS on your feet or hands, use A. A. A.
If you are troubled with DIARRHŒA, or COLIC, or CRAMPS IN THE STOMACH, use A. A. A.
If you suffer from any painful affection in any part of the body, internal or external, use ARNOT'S ARNICA ANODYNE, and you will not be disappointed.
