SALE OF PROPERTIES.—Yesterday at noon Mr. J. J. Linton sold a portion of the property advertised on account of the Frontenac Loan and Investment Society. It was the farm of Mr. Corrigan in the Township of Kingston and brought $2,000. The house property on Earl street was afterwards sold, and brought a small figure, only $2,525 being paid for it. Mr. Thomas Moore was the purchaser.

MARCH OUT.—Again yesterday the R. C. Rifle Regiment was out marching, with its Band—its charming Band, we hear every body say.

VICTORIA WARD.—In consequence of resignation of Alderman John Cunningham, a writ was issued yesterday for the election of a new member to take his place at the Council Board. It is understood that James Richardson, Esq., will be elected by acclamation to fill the vacancy.

Victoria Ward will have two new members next year and both will be elected on the same day in order to save the city the expense of two elections.

A Clergyman writing to a friend says, "My voyage to Europe is indefinitely postponed. I have discovered the 'fountain of health' on this side of the Atlantic. Three bottles of Peruvian Syrup have rescued me from the fangs of the fiend Dyspepsia." Dyspeptics should drink of this fountain.

GENERAL HOSPITAL.—The Governors of the Kingston General Hospital acknowledge with thanks the handsome gift of one hundred collars made by John Watkins, Esq., to the hospital funds.

BLACK BEARS.—Two more young bears, killed in the township of Otis, by a farmer, were offered for sale on the market yesterday. The price asked for the two was $30.

ARRIVED.—The steamship Moravian arrived at Portland on Monday, at 9 a. m., with 18 cabin and 131 steerage passengers. Her mails reached Kingston last evening.

PUBLIC ACCOUNTS.—Yesterday was the last day for the reception by the Clerk of the Peace of the Public Accounts, the audit day being next week. We mention this, because with a brimming Treasury, Mr. Treasurer Wood has not yet sent down to Kingston the money for the Public Accounts passed last Audit Day! If Mr. Treasurer Wood could but hear in mind how many poor people are anxiously looking for that money, he might be a little more attentive.

POLICE COURT, YESTERDAY.—

Great Britain.

GLEANINGS FROM ENGLISH MAILS.

A short and stout woman got caught in a squeezing machine, in a Dundee yarn factory recently, and came out flatten, but twelve feet long.

The wife of a laboring man in Liverpool recently presented to her husband five children at a birth. The Queen has sent her £7. Twice she had triplets, and she had 22 children.

The North British Daily Mail states that the Rev. Mr. Stern, the Abyssinian missionary, recently identified Prince Bouba Worke, a son of King Theodore, exhibiting in Wombwell's Menagerie at Dundee.

Murderous outrages are reported in the Irish papers at Borrisoleigh and Castlebar. In one case a blacksmith received a mortal blow from a stone and his assailant has escaped. The occurrence, however, had nothing to do with land.

A case of suicide of an unusual character has occurred at Osmaston, near Derby. A coke merchant, named Hodgers, a man fifty-seven years of age, drowned himself, and from the evidence of his wife at the inquest, it appeared that he had been much depressed of late on account of the great decrease of his business. The jury found him insane.

A Cork correspondent telegraphs:—"To commemorate the deaths of Larkin, Allen, and O'Brien, who were executed at Manchester for the murder of constable Brett, an immense body of Fenians passed through this city last night, led by a band playing the 'Dead March in Saul.' They moved in mighty funeral step, four deep. The number was estimated at 4,000.

Eight British peers are gazetted:—Lord Scottesloe takes the title of Baron Base-head; Lord Lilford, Baron Hale; Lord Howard, Baron Howard; Mr. Fitzpatrick, Baron Castletown; Sir J. Alston, Baron Acton; Mr. Roberts, Baron Roberts; Mr. Glyn, Baron Wolverton; Mr. Grenville Nugent, Baron Grenville.

The concluding service of the High Church revival two days' mission took place in Nov. 28th at St. Albans, Holborn, London, amid a scene of unparalleled excitement. Three hundred penitents walked in procession with lighted tapers, which were kept burning during the whole of the service. The church was thronged with an earnest congregation.

A new department to be called "Commercial Department," has just been created in Great Britain; under which the supply and transport departments of the army are henceforth to be concentrated. The change will tend to prevent those defects in the Commissariat which have too often signalized the beginning of England's wars. It will also advance the cause of economy, four offices being in reality combined in one.

ASSURE WITH A VIEW TO EXTRADITION.—Canada in general, and Montreal in particular have long been places of refuge for refugees from justice, coming from the other side of the line. The decision of Mr. Justice Mondelet, which was rendered on Saturday, in the case of R. E. Caldwell, who was brought before him on a writ of habeas corpus, will, however, make the position of such defaulters less secure. The matter at issue amongst the lawyers in Caldwell's case, and which, we believe, was a most point with the gentlemen of the bar, was—whether Mr. Coursol, as judge of the Court of Sessions of the Peace of this Province, could grant a warrant which might be legally executed in Ontario. This point would seem to be now authoritatively settled—no doubt much to the annoyance of such refugees, but greatly to the satisfaction of the public and those who may hereafter suffer by their runaways from justice.

The present Extradition Treaty works satisfactorily, as far as it goes, and it is understood that there will be an agitation to have its provisions extended, so as to include certain offences now between those which it already covers.—Montreal Witness.

Paraguay.

FLIGHT OF LOPEZ—MORE ALLEGED ATROCITIES.

Washington, Dec. 13.

A courier from Paraguay which arrived at Valparaiso on the 2nd Nov., brings reports that Lopez, on his flight to the Brazilian frontier, committed great atrocities at San Estanislao. He discovered a revolutionary plot among his followers, and caused 100 of them to be shot. His force was reduced to 200 ill-conditioned men, with 12 pieces of artillery, drawn by hand; his army chest is plentifully supplied with the sinews of war, he having in his train twelve carts loaded with money.

A WRECKED VESSEL BURNED.—The schooner John H. Drake, arrived in Grand Traverse Bay, took fire several days since and was burned to the water's edge.

Canadian.

The Local Legislature of Nova Scotia will meet on the 15th of February.

Two young men were drowned near Quebec on the 10th inst., while skating.

Mr. A. Diamond, of Belleville, who had his head seriously injured on Saturday, is somewhat better and there are hopes of his recovery, as well as of the young man Donoghue, who was shot.

Lieut.-Gen. Sir C. A. Wyndham, of Canada, is in Kansas looking after the settlement of large tracts of land he has recently purchased there.

The Quebec Legislature will probably pass an Act this session regulating the sale of photographs, and vesting the ownership of all negatives in the party obtaining the likeness.

Prince Arthur is expected on the 15th to proceed up the Ottawa on a moose hunt, in company with Lieut. Picard and Mr. Campbell McNabb of that place, who will be in charge of the hunting party.

It is not the intention of the Government of Ontario to interfere with the settlers in cutting timber on their own unpatented lands. The recent orders will only be enforced against those who cut the timber on unoccupied lands.

Three Opposition Members forsook their party during the late "Want of Confidence" debate in the Quebec House of Assembly. It is said they are definitively impenitent and will seek the "cold shade" no more.

There is a strong effort making in the States by dealers and shippers to have petroleum oil sold by weight instead of gauge—the latter being a very uncertain method of ascertaining the contents of casks. This change should be made in Canada also.

It is said that since the announcement of the Red River insurrection ten thousand volunteers have offered their services to the Dominion Government to suppress it. This is strong evidence of the importance which the people attach to the retention of the North-West territory.

A large conflagration took place at Point Levi Quebec, on Sunday night, when four houses were burnt. The river presented a scene of unparalleled excitement. Three hundred penitents walked in procession with lighted tapers, which were kept burning during the whole of the service. The church was thronged with an earnest congregation.

THE PRIMATE'S PROGRESS.—We have received a number of letters referring to the recent visit of Mr. Philip Phillips, who came among us as a "Singing Pilgrim," and abused his pilgrimage to advertise his own peculiar wares. Upon the recommendation of many gentlemen in whom we had confidence we were induced to greet him kindly, and aid him, so far as in our power, in what we understood to be a mission of philanthropy. But we confess, to take $100 a night for indifferent singing does not strike us, now that we have gained experience, as any very remarkable exercise of abnegation, while to advertise an American alone in the sacred name of religion gives us but scanty respect for the advertiser. Advertising is good in its place, and religion is good everywhere, but we are old fashioned enough to entertain very decided objection to the grafting of one upon the other. And, as Mr. Phillips is "smart" enough to strike out an original path of trade, we think he is quite capable of pushing his success without further aid from a secular press, and would respectfully invite our contemporaries to agree with us in the premises.—Hamilton Spectator.

Ireland.

CRITICAL CONDITION OF THE ISLAND—CABINET MEETINGS—THREATENED MEASURES PROPOSED.

New York, Dec. 13.

A despatch from London last evening says her Majesty's ministers held three cabinet meetings in Downing street, during the week just ended. The present critical condition of public affairs in Ireland, with the state of the Island generally, was considered and debated at each. At the last meeting it was resolved by the government to proclaim the county of Tipperary, in the province of Munster, with portions of the county and city of Londonderry, in Ulster, as being in a state of insurrection described in the letter act of Parliament providing therefore and as empowering them to act. Five thousand additional troops of the line will be despatched immediately to Ireland, raising the total force of the regular army serving there to about 30,000 men. This is to meet the emergency at present presented. On the assembling of the Imperial Parliament on the 10th of January next a bill will be immediately introduced to empower the government to suspend the writ of habeas corpus in Ireland by executive order, not waiting for an act of the Legislature when it is deemed necessary for the public safety to do so.

TIPPERARY AND LONDONDERRY PROCLAIMED.

At the last meeting it was resolved by the Government to proclaim the county of Tipperary in the Province of Munster, with portions of the county and city of Londonderry in Ulster, as being in a state of insurrection described in the Act of Parliament provided therefore and as empowering them to act.
