Montreal.

A HEARTLESS CASE OF SEDUCTION.

The Montreal Telegraph says: Some weeks ago a man seduced a young girl from her home at St. Hyacinthe and brought her to this city under the pretense that he was going to marry her. It was the old story over again; they lived together a few days when the man disappeared and with him all the hopes of matrimony. Deserted and ruined the girl went to a house of bad repute and there acted as servant until a French member of the legal profession took her under his care and placed her in a house in Sanguinet street. Yesterday the father of the girl half crazy with grief arrived in the city and with the assistance of the Police discovered the whereabouts of his daughter. Then came a strange scene; the girl steadily refused to go home and the father begging for his sake and the sake of all that was dear to her that she would go back with him and all would be forgiven and forgot. Still the girl refused and as she was under age the police arrested her and this morning she left the city with her father. The reason the girl makes for her latter conduct is that being disgraced she could not face them at home, she had so cruelly deserted with her pretended lover. It should be stated that the legal gentleman did all in his power to induce the girl to go to home. His name is known to the police.

Last April, a young man was tried in Ohio on the charge of having murdered his stepfather, and was found guilty. The Court granted a new trial because one of the jury was not a house-holder. The second trial took place last week and the young man was acquitted.

A Chicago woman named Amy Johnson couldn't find any man at home but what had put his property out of his hands, so she went to Pittsburg, and sued E. D. A Bill has been introduced at Washington to amend the Homestead laws so as to require the planting of trees on settlements. The effect would be to benefit the country immensely in the course of a few generations. In districts where timber is scarce people would be laying up wealth for posterity, at small cost or trouble to ourselves, by planting trees—to say nothing of the shelter afforded for cattle, and the picturesqueness added to every landscape.

Dr. Briggs took of every substance known
That ever healed, or stilled a groan,
And soon compiled by skill alone,
His own unrivalled Curative.

The people said, at last was found
A cure for every sore or wound;
They have used it, and were wheland sound
And all their pain has left them.

Afflicted with corns, bunions, or brulse,
Thousands of sufferers heard the news,
The thing was found that met their views
They bought and used the Curative.

No sooner was the sore part dressed,
The pain was eased that spoiled their rest
With tears of gratitude they blest
The man who made the Curative.

All signs of soreness soon went by,
Whether in hand, or foot, or eye,
Let every sufferer likewise try
Dr. Briggs' Modern Curative.

Briggs' Curative the only reliable and most effectual Remedy for the cure of Corns, Bunions, Bad Nails, &c. Sold by Druggists and Country Merchants generally. Dr. J. Briggs & Co., Proprietors. Offices, 208 Broadway, New York, and No. 6 King St. West, Toronto Canada.

Frosted Feet, Chilblains, Corns, Bunions, Bad Nails, &c., are positively cured by the use of Dr. J. Briggs' Modern Curative. This remedy has been compounded with great care, and used as directed, never fails. Sold by E. H. Parker and R. White, Kingston; and all Druggists.

Dr. J. Briggs' Pile Remedy is acknowledged by all who have tried it (and their name is Legion) to be the best, most successful and efficacious Remedy ever used for that disease. Sold by E. H. Parker and R. White, Kingston; and all Druggists.

Dr. J. Briggs' Renovator, the Great Throat and Lung Healer, can, without any exaggeration, safely be said to be the best Remedy for the Throat and Lungs that is manufactured. It heals the diseased mucous surface, restores the lungs, purifies the blood, acts upon the liver and kidneys, and strengthens the system throughout. To the poor Consumptives no greater boon can be offered. Sold by Druggists and Country Dealers. Dr. J. Briggs & Co., Proprietors, 208 Broadway, N. Y., and No. 6 King St. West, Toronto.

Income Tax.

The Ottawa Times devotes its leading column to demonstrating the injustice of making married men pay income tax. As the Times is a semi-official paper, the cheering hope rises that the Government intend to re-arrange the taxation, and show their appreciation of young men who perform the laudable act of getting married. Canada is greatly in want of population; emigrants are being invited here; Miss Rye is diligent in providing future matrons, and now the Government intend to show their contempt for celibacy; and in the favorable light in which they regard these men who hasten to become respectable members of society, we see a glorious future in store for us—a time when the land shall belong to the saints and the saints shall be the married men. Every Jill shall have her Jack; weddings shall be as plentiful as blackberries, and those young gentlemen who live in taverns and boarding houses, and turn up their noses at their sisters' associates shall pay all the taxes. Vivat Regina and both the Macdonalds.—Globe.

*** Very nicely put by the Globe, but it is very singular that whenever a newspaper man quotes Latin he is sure to make a muss of it.

Catarrh, a disease which distresses us and disgusts our friends, can be instantly relieved and quickly cured by using Dr. J. Briggs' Alexantor, an invaluable Remedy for all pain and inflammation. Sold by E. H. Parker and R. White, Kingston; and all Druggists.

Quebec Assembly.

In the Quebec House of Assembly on Tuesday evening, Mr. Turcotte Robinson presented his financial statement. After alluding to certain items in which retrenchment had been effected, he went through the several heads of income and expenditure. The former had amounted to $1,676,152 in the fiscal year, and the latter to $1,331,911, leaving a balance in hand of $344,241. This, added to a balance carried over from the former year, of $318,859, shows a surplus of $663,100, represented by a special deposit in the Bank of Montreal of $350,000, and an ordinary one of $313,100. This, however, had undergone some reduction during the portion of the fiscal year that had already elapsed, but still a sum of $300,000 remained on hand. The hon. gentleman, in conclusion, recommended harmony between the Governments of the Dominion and Provinces, and an attention to manifest duty rather than to "manifest destiny." He deprecated the cry for independence, which would really mean a forced dependence upon the United States, and advocate a loyal trust in the Mother Country.

Ireland.—Something like a crisis has arrived in Ireland. The threats and violence of a portion of the population have led to five thousand additional troops being sent over. Two districts in widely separated parts of the country, are to be proclaimed, and power is to be sought to again suspend the Habeas Corpus Act. It really seems as if Ireland was resolved not to be benefited by her friends. While her long and well-grounded complaints of real grievances are being listened to, and a remedy for her evils is being sought, and in prospect of being speedily applied, a reckless section of her people set up new claims, and make demands which they know can never be conceded. Instead of protection for themselves, they ask for spoliation of others, and instead of fair and equal union, they seek a separation of the parts of the empire. This being the case, their best friends are discouraged, and the national character itself is exposed to be aspersed, as being alike impracticable and ungrateful.

Arnot's Arnica Anodyne!

THE NEW PAIN RELIEVER,

IS THE MOST RELIABLE REMEDY for all Pain, of whatever kind, whether internal or external. It is a certain cure for

NEURALGIA, TOOTHACHE, RHEUMATIC AFFECTIONS, INFLAMMATORY SORE THROAT, DIARRHŒA, COLIC, DYSENTERY, CRAMPS, COLDS, DYSPEPSIA, FLATULENCE,

And all Complaints of the Stomach and Bowels.

It is not a weak or untried Medicine, rashly or carelessly intruded on the public attention, but has been used by thousands in this immediate vicinity, as well as elsewhere through Canada, and in every case, as far as known, with the best results. Dr. ARNOT, the eminent Physician whose name it bears, was well known as one of the most distinguished Medical Practitioners in the Empire, and this remedy has been pronounced by all who have experienced its wonderful curative powers as well worthy of its author's reputation.

No one need continue a sufferer from pain when by the timely and proper use of A. A. A. the suffering is sure to be alleviated immediately, and entirely banished after a few applications. Its taste and odour are both agreeable, so that when taken it gives no offence to the most delicate palate, and when inhaled through the nostrils refreshes and stimulates the olfactory nerves more than the best Eau de Cologne.

If you suffer from NEURALGIA, use A. A. A.
