The Perfection of Prepared Cocoa.

MARAVILLA COCOA.

Sole Proprietors, - - - TAYLOR BROTHERS, LONDON.

THE COCOA (or CACAO) of MARAVILLA is the true THEOBROMA OF LINNÆUS. Cocoa is indigenous to South America, of which Maravilla is a favoured portion. TAYLOR BROTHERS having secured the exclusive supply of this unrivalled Cocoa, have, by the skilful application of their estable principle and elaborate machinery, produced what is so undeniably the perfection of prepared Cocoa, that it has not only secured the preference of homœopaths and cocoa-drinkers generally, but many who had hitherto not found any preparation to suit them, have, after one trial, adopted the Maravilla Cocoa as their constant beverage for breakfast, luncheon, &c.

"A Success Unprecedented."

(See following Extract from the Globe of May 14 1868.)

"Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messrs. Taylor Brothers discovered the extraordinary qualities of Maravilla Cocoa. Adapting their perfect system of preparation to this finest of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For Homœopaths and Invalids we could not recommend a more agreeable or valuable beverage."

Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Original Homœopathic Cocoa and Soluble Chocolate.

SARSAPARILLIAN RESOLVENT.

NEW PRINCIPLES OF CURE

for all Wasting Scrofulous, and Erupt've Diseases of the Fifty Years, 20 Bottles, Tarrant, Ewen, Hood, 33 Main Street, Buffalo.

THE SKIN MADE PURE, CLEAR, SMOOTH, AND BEAUTIFUL.

Dr. Radway's Sarsaparillian Resolvent establishes a new principle of Cure of all Chronic diseases, and refers to the medical world that Consumption and other Scrofulous diseases are curable. This fact has been demonstrated in

Over Ten Thousand Cases of Confirmed Consumption,

when our long is only slightly gone was diagnosed and given up, and in over

50 CASES OF SUSPECTED CONSUMPTION

Dr. Radway, three years since, published to the world his analysis of the Blood in the several stages of Consumption, showing in every stage, that where tubercles have deposited in the Lungs and other organs, as in the Kidneys, Liver, Spleen, Bronchial Glands, Intestines, establishing Consumption of these organs, the Blood is thin, weak, pale, watery, and a deficient of chyle constituents as Fibrin, Albumen, Phosphates, and the rich red globules, the discs of the Blood Corpuscles. In the absence of these constituents in the Blood, the Blood is exhausted of strength and nourishment, and wherever there is inflammation, or tubercles, and disease, or decomposition, it has not the power to hold in solution its animal constituents, and it then forms, Tumors, Cancers, and Virulent Humors are formed, the poisonous which causes inflammation, gathering, and consequent suppuration.

This, reader, is the true nature of the formation of Tubercles and Consumption. Dr. Radway was the first to advance this theory of the cause of Consumption, and claimed that the use of the Radway's Resolvent would supply the Blood with such constituents it was deficient in, throw condition of system, and to give it the nourishment and strength it had not in natural sufficiency for health. Dr. Radway's theory was published in England, France, Germany, and America, and was seized upon by the scientific men of both hemispheres. Some hundreds of medical books have been published by medical writers, claiming to have discovered the cause of Consumption, but have failed to produce the remedy to cure. Dr. Radway was the first to advance this theory, and the first and only one to supply the remedy to cure. Dr. Radway's Sarsaparillian Resolvent the public have a remedial agent that will cure Consumption and all diseases of the Lungs, Bronchial, Kidneys, Bladder, Bowels, Throat, Glands, and Urinary Organs.
