ONLY MANUFACTURER of the original STEEL RING and TOOTH BURRING MACHINES and FEED ROLLS, to be attached to First and Second Breakers and Finishers, of Woolen Carding Machines. The attachment to second Breakers and Finishers is new and very important. These machines are in successful operation, on first Breakers, in most of the principal Woolen Factories in the United States, Canada and Mexico, and are deemed by experienced manufacturers, as the most perfect machines used, and indispensable to the economical and successful manufacture of Wool.
They are in fact the only strong, durable, and successfully operating machines in use. No carding machine should run an hour without them.
The Feed Rolls are strong and durable, and worthy of attention.
Circulars explaining these Machines and Rolls, references to Mills having them in use, &c., may be had by addressing

THE Subscriber grateful for the patronage already extended to him, most respectfully solicits a continuance of the same and still retaining his interest in the Eagle Foundry, he is prepared to supply his friends and customers with Stoves of his own Manufacture, as heretofore. Having added several new patterns, to his already large assortment, he begs to call attention to the following:—
THE KING OF STOVES.
This Stove having an extra large Oven, so arranged that the heat passes twice round it; it is a universal favorite wherever it has yet been introduced.
THE IMPROVED FARMER,

MECHANICVILLE, No. 6. A large, flat top Summer and Winter Stove, working well with wood or coals.
THE FOREST PREMIUM. Three sizes.—This is the best premium Stove that has ever been offered in this market; is as well made and mounted as the air tight Stoves.
MONTREAL STOVE,
Three sizes, very strong, heavy castings.
JEFFERSON AIR TIGHT, A good elevated oven stove for small families.
THE LION STOVE,
Is a large Box Stove suitable for Halls or Churches. The sides are cast in two pieces, not liable to crack.
Air Tight Six Plate,
Four sizes, is the best Box Stove in market, with fluted sides and not liable to crack.

DIARY AND CORRESPONDENCE OF AMOS LAWRENCE.
THE first edition of this deeply interesting work is sold. A Second Edition, which is meeting with a rapid sale by subscription, will be ready for delivery on the 15th instant. Orders will be filled according to priority of application. Canvassers are at work, but houses wishing copies will expedite matters by sending in their orders.
We are authorised to say in this connection that the prospect of furnishing copies at wholesale to our larger and many of our smaller warehouses was started during the past week by a young gentleman—a Boston boy—who is well known among us, and who presents claims, which, aside from the decidedly meritorious character of the publication, should be warmly responded to.
His address is "MERCANTILE, care Lane & Wheeler, 16 State Street, Boston."
Subscriptions placed on this list will be filled immediately, after the publication of the work on Monday next, as it is prior to all others.

Advantages of this Institution.
INCREASING RATES OF PREMIUM
A Table of Rates peculiarly applicable to cases where Assurances are effected for securing the payment of debts, and to all other cases where a Policy may be required for a temporary purpose only, but which may be kept up, if necessary, throughout the remainder of life.
HALF-CREDIT RATES OF PREMIUM.
Persons assured according to these Rates are allowed credit for half the amount of the *first seven annual Premiums*, paying interest thereon at the rate of five per cent. per annum, with the option of paying off the arrears of Premiums at any time, or having the amount deducted from the sum assured when the Policy becomes a claim.
SUM ASSURED PAYABLE DURING LIFE.
A Sum may be secured, payable at the death of the Assured, if he die before attaining SIXTY years of age, but also *payable to the Assured himself, if he attain that age*,—thus combining provision for old age with an assurance upon life.
Orphans' & Children's Endowment Branch.
This Branch has been established for the purpose of affording to parents, guardians and others, the means of having children educated and started in life; thus protecting them from the difficulties and destitution to which they may be exposed by the premature deaths of those on whom they are dependent. Reversionary Annuities may thus be secured to commence at the Parent's death, and to be paid until the child if a son, shall have completed his 21st, or, if a daughter, her 25th year of age.
Policies revived, without the exaction of a fine, at any time within twelve months.
Age of the Assured in every case admitted in the Policy.
Medical Attendants remunerated in all cases for their Reports.
Thirty days allowed for payment of Renewal Premiums.
Ladies and others, to whom it may be inconvenient to appear at the Office, visited by one of the Medical Officers.
