

YELLIN' FOR ELLEN: Popular daytime TV talk show host Ellen DeGeneres was spotted in Georgetown recently at a birthday/anniversary party for a very surprised Rhonda Davison and her husband Paul. Approximately 50 guests attended the get-together to celebrate the couple's 50th birthdays and 25th wedding anniversary. Rhonda's sister Lori Martin donned the Ellen mask for the party and video footage of the encounter has been sent to The Ellen DeGeneres Show in hopes that an invitation for her biggest fan to attend a taping in California might be forthcoming.

WANTED

30 PEOPLE WITH HEARING LOSS

Qualified Participants Needed for Technology Field Test

During this Limited-Time event, we are looking for people like you, who may be experiencing varying levels of hearing loss to evaluate a remarkable new line of digital hearing aids and a rehabilitative process that could be the solution to your difficulties.

Call us toll-free today at one of the numbers below to see if you qualify for this Field Test. Potential candidates will be given a FREE hearing test to determine candidacy.

Participants will be given a FREE in-office demonstration, and the opportunity to evaluate the latest, most advanced hearing aid technology for 30 days at drastically reduced rates. A refund* is available at the end of the test period if you feel your test aids do not improve your hearing.

A full range of sizes are available in this new technology, including the exceptionally discreet open-fit and IIC models shown here:

Similar to choosing between contact lenses or glasses, you can decide with your hearing professional which hearing aid style would best suit you. Both styles have approximately the same performance and functions, but are fitted to the ear differently.

It's almost a shame this technology isn't more visible!

Open-fit and Invisible-In-the-Canal (IIC) hearing aids are smaller and more beautiful than ever, striking the perfect balance between size and performance. The elegant and highly discreet open-fit hearing aid fits perfectly on top of your ear, and the thin tube in your ear canal is designed to disappear against your skin. The new IIC hearing aid--now with wireless technology--provides all of the outstanding features and benefits you want in a digital hearing aid, minus the stigma that came with wearing one in the past.

CALL NOW - Candidates are being selected.

The selection process for this test period will end September 30, 2015.

- Brampton | 7980 Kennedy Road South | 1-888-576-5431
- Brampton North | 108, 2250 Bovaird Drive East | 1-888-579-5602
