Advantages of this Institution.
INCREASING RATES OF PREMIUM
A Table of Rates peculiarly applicable to cases where Assurances are effected for securing the payment of debts, and to all other cases where a Policy may be required for a temporary purpose only, but which may be kept up, if necessary, throughout the remainder of life.
HALF-CREDIT RATES OF PREMIUM.
Persons assured according to these Rates are allowed credit for half the amount of the *first seven annual Premiums*, paying interest thereon at the rate of five per cent. per annum, with the option of paying off the arrears of Premiums at any time, or having the amount deducted from the sum assured when the Policy becomes a claim.
SUM ASSURED PAYABLE DURING LIFE.
A Sum may be secured, payable at the death of the Assured, if he die before attaining Sixty years of age, but also *payable to the Assured himself, if he attain that age*,—thus combining provision for old age with an assurance upon life.
*Orphans' & Children's Endowment Branch.*
This Branch has been established for the purpose of affording to parents, guardians and others, the means of having children educated and started in life; thus protecting them from the difficulties and destitution to which they may be exposed by the premature deaths of those on whom they are dependent. Reversionary Annuities may thus be secured to commence at the Parent's death, and to be paid until the child if a son, shall have completed his 21st, or, if a daughter, her 25th year of age.

Policies revived, without the exaction of a fine, at any time within twelve months.
Age of the Assured in every case admitted in the Policy.
Medical Attendants remunerated in all cases for their Reports.
Thirty days allowed for payment of Renewal Premiums.
Ladies and others, to whom it may be inconvenient to appear at the Office, visited by one of the Medical Officers.

WOOLEN MACHINERY.
C. L. GODDARD,
NEW YORK.
ONLY MANUFACTURER of the original STEEL RING and TOOTH BURRING MACHINES and FEED ROLLS, to be attached to First and Second Breakers and Finishers, of Woolen Carding Machines. The attachment to second Breakers and Finishers is new and very important. These machines are in successful operation, on first Breakers, in most of the principal Woolen Factories in the United States, Canada and Mexico, and are deemed by experienced manufacturers, as the most perfect machines used, and indispensable to the economical and successful manufacture of Wool.
They are in fact the only strong, durable and successfully operating machines in use. No carding machine should run an hour without them.
The Feed Rolls are strong and durable, and worthy of attention.
Circulars explaining these Machines and Rolls, references to Mills having them in use, &c., may be had by addressing

*Tickets only Two Dollars Each.*
HERE an opportunity is afforded for investing Two Dollars with a greater probability of a more valuable return, than ever has, or probably ever will present itself again. That the property put up has not been over valued, a glance at the respectable names attached to the annexed certificate will suffice to satisfy the most sceptical and that the drawing will be conducted honourably and fairly. I need only say that Messrs. Easton, Easton's Corners; J. S. Gilman, Prescott; W. H. Wilson, Brockville; R. E. Mattheson, Perth; J. Shaw, Jr., L. S. Wilson, G. C. Mittleberger, and James Armstrong, Smith's Falls, have kindly consented to act as a Committee of Management, to see that every pledge made to the public shall be fully redeemed. As only a sufficient number of Tickets will be sold to cover the actual valuation of the property each ticket holder will stand an equal chance of drawing either of the capital prizes or any other. Immediately after the drawing a certified statement of the same, will be printed in a newspaper, copies of which will be sent to the Agents in the several localities, which will enable ticket holders to see at a glance whether or not a prize has been drawn to his number. In conclusion, please permit me to refer you to the Agents where you can examine "small bills" and ascertain particulars, and let me advise you to purchase a ticket at once as delays are dangerous"
