CITY AND VICINITY.

THE English mails per the *Scandinavian* arrived here this morning.

POLICE COURT, Friday.—No prisoners to-day, and no business at all, at all.

A CHANGE.—The Postmaster announces a change of hours in connection with the United States and British mails.

POLICE COURT, Thursday.—The police did not haul any prisoners in last night, just to fool the gods of the gallery today. First of April, you know.

OH, SUGAR!—The Napanee *Express* is impatient over the tardy inauguration of real, nice spring weather, and feels sad when it thinks that the maple sugar season will be short and sweet.

ONTARIO DIOCESE.—Rev. C. P. Emery, for some years past incumbent of St. Mark's Church, Pakenham, has left his charge there, having been promoted to the incumbency of Smith's Falls.

THE GOSSIPS about town repeat the lines occasionally now as if in some significance: "Woman, loveliest in her hours of ease—Uncertain Coy and hard to please." It can't mean anything.

RICHMOND & BOYDEN have received, as usual, at this season, an immense stock of Carpets, Hearth Rugs, Door Mats, &c., which they are enabled to sell at very reasonable prices, being all direct from the manufacturers.

THE SITUATION.—Spring had a slight set back this morning, for the air is colder, though the rain of last night has taken away nearly all the snow and ice left in town. Waggons can run without being buried up to the axles in anything but mud.

TAKING.—An Ottawa telegram relates: "Col. Shaw's Colonization scheme is an immense success. A large company is being organized here to open machine shops in the city of Winnipeg, while the various immigration bureaus anticipate a great increase from Europe."

ELECTION EXPENSES.—The expenses of Mr. Thos. Dawson in the recent Frontenac Election are advertised by his agent at $90.11, and those of Mr. J. T. Grange, of Lennox, at $90.44. Twice as much as these two amounts together often has been spent over a ward election.

NOW ON VIEW:—The pianos (Chickering's) sent here by the wholesale agent, Mr. Shaw, for the great sale on Monday, are now on view with samples of the furniture at the Victoria Music Hall. They are very fine instruments, and the sale, despite the hard times, will no doubt be a lively one.

SETTLED.—The slander case of Campbell vs. Campbell, which excited a strong interest, especially among the people of Storrington, was settled to-day in court before the taking of evidence, thus saving a wider scandal. The forbearance of both parties notwithstanding their high feeling, is gratifying.

A SECOND GREAT SALE.—The two prominent local manufacturers and wholesale dealers in furniture and pianos are not disposed they say, to allow Montrealers to flood the market here with their surplus stock, and have arranged a counter sale for next week, making a big announcement elsewhere.

A GRANT.—The General and Marine Hospital of St. Kitts has received a supplementary grant of $2,000 from the Dominion Government. This makes a total of $2,500 voted during the present session. The larger and more useful General and Marine Hospital of Kingston is entitled to at least equal favor, and our Members, we hope, will see to it.

IMPROVING.—Wolfe Island has another racy scandal on hand, to float over on the breeze of public report to a truly moral and pious city. This last is, if rumor speaks authoritatively, worthy of the line of succession. There has been of late months more "Did you ever" talk on the Island than in any other section of the county. We move that the people there join a Sunday school.

THE NOBLE SIX HUNDRED.—Another old subscriber to-day renewed his name at very near the head of our lists. Mr. John Brandon, of Lime Lake, who has taken the BRITISH WHIG continuously for 36 years, paid another year in advance. He had a long opportunity for credit, but he has always paid for his paper in advance. In his old age he is very contented under a good conscience.

It is not a little amusing to read that the *National* is horribly shocked at the publication of the details of the Brockville abortion case, while its main attraction is the considerable humourous power of Jimuel Briggs, the chief point of whose fun is his pleasant defences of whiskey drinking and victims of drink. Such preaching and practice are a trifle inconsistent, if they are "Canada First."

EASTER VESTRIES.—Messrs. J. F. Charles and Samuel Watts were elected wardens and Mr. Morey Spoor delegate to Synod for Trinity Church, Wolfe Island. The congregation, after repairing the church and parsonage last year, are able this year to increase the stipend of the Incumbent, Rev. Mr. Godfrey, by $100 this year. For Tamworth Church Messrs. James Mowbray and C. G. Coxall were chosen Churchwardens, and Messrs. John Kennedy, Robert McDonnell and Andrew Douglass delegates to the Diocesan Synod.

Public School Board.

REGULAR MEETING.—The Board met last evening. Present—Messrs. Fee, McConaghy, Shaw, McRae, Allen, Conley, Pense, Oliver, Yates. Mr. Philip Bajus also took his seat as Trustee for Cataraqui Ward, to fill the vacancy created by the resignation of Mr. Phippen. In the absence of the Chairman, Dr. Yates was called to the chair. The minutes of the last regular meeting were approved.

The Secretary presented a report in detail of all spare, incomplete and broken furniture and moveable properties of the Board in connection with the various city schools. There is a large quantity on hand, and with a small amount of work it can be made serviceable and thus save the purchase of material for the new Williamsville school. The report was referred to the Building Committee and the Committee of the school mentioned.

Mr. Bajus was made a member of several committees in place of Mr. Phippen, and Mr. McCrae was named Chairman of the Printing Committee.

Mr. McCrae reported that the furniture of the Orphans' Home school needed replacing, and moved that the Committee of the School enquire into and report on the liability of the Board to provide new material. Carried.

Dr. Oliver moved that the salary of the Secretary of the Board be fixed at the rate of $400 a year. Carried. Yeas 9, nays 1.

Mr. John Power, architect, reported the completion satisfactorily of the new Williamsville school with the exception of a little finishing work requiring warm weather. The Building Committee were further authorized to put the grounds surrounding it in order.

Mr. Fense, seconded by Mr. Allen, moved a request to the Chairman of the Board to solicit from the Finance Committee of the City Council and the City Chamberlain the payment of the salaries of public school teachers soon after the close of each quarter, the present custom of delaying payments for a month being unjust and inconvenient. Carried.

On motion of Dr. Oliver, the fee of the returning officer and rental of polling book for the Cataraqui Ward election were passed, and the Board adjourned.

TO-DAY'S GLEANINGS.

—England enjoys a revival in Freemasonry.

—Yellow fever is reported epidemic in the Islands of the Florida coast and in Havana.

—The "Faraday" leaves England in a few days to resume the work of laying the direct cable.

—The Manitoba Legislature intends providing for taking the popular vote by ballot.

—Why is the end of a fish's tail like the Prince Imperial of France? Because it is the last of the bony-parts.

—The Public School Association of Baltimore has raised $1,500, in order to erect the long desired monument to Edgar A Poe.

—They haven't a hall large enough to accommodate the crowds that attend the entertainments of the Picton Workingman's Temperance Association.

—Archbishop Manning is the eighth Englishman who has been advanced to the rank of Cardinal since the Reformation.

—Don Pedro of Brazil is about to abdicate in favor of his daughter on account of differences with his Parliament on ecclesiastical matters.

—Samuel Williamson of Milwaukee imitated Weston's attempts to Walk 500 miles in six days, and the imitation was so successful that he failed ridiculously.

—The gallows upon which Gordon and Warner were hanged is regarded by the citizens of Thomaston, Maine, as too good a structure to be destroyed. They are going to transform it into a band stand.

People who like to see things done in the "good old English style" will be pleased to hear that an English Telegraph contractor has failed with liabilities amounting to $12,500,000. They never do things by 'alves in Hingland.

—Rev. Dr. Webster, of Newbury, Ont., author of "Woman Man's Equal" and also of a work of Methodist History, has announced his intention of publishing in pamphlet form a biography of the late Bishop Richardson. He has in his possession a number of papers relative to the early life of the deceased Bishop.

Speaker Anglin.

The Ottawa correspondent of the Halifax *Chronicle* says: Among the many changes caused by the translation of parties, none are more striking than that involved in the elevation of Mr. Anglin to the Speaker's chair. It would be impossible to conceive a greater contrast than between the late speaker, Mr. Cockburn and Mr. Anglin. The late First Commoner was a nice little man; he was so smooth, so soft, so sleek, so intensely pretty in his manners, that one felt in his presence as if he were talking to a very precise, but sentimental old maid. The present speaker, on the contrary, is a man of prominent and strongly marked characteristics. His countenance is of a most decided cast and formerly, in debate, resumed an aggressiveness indicative of the race from which he sprang, and which has been remarkable through all ages for its combativeness. In the chair Mr. Anglin has disappointed his enemies, who, on his election thereto, predicted all kinds of unpleasant things as certainties of his future. Now, not only have these evil prophecies failed, but the prophets themselves have come to admit that few speakers in Canadian Parliaments have presided with more dignity and impartiality than he. When it is remembered that only a short time ago the House of Commons thought fit to censure him for expressing an independent opinion as a journalist, and some members even went so far as to talk about expelling him, it is easy to imagine what a gratifying triumph it must be to him to preside over the same House, while those who were his most blatant enemies are sunk in the obscurity of political defeat and dishonor.

THE CANADA FIRSTERS.—The *Liberal* and the *National* have joined hands across the bloody chasm and are now going for the Canada First Party with the vigor and the healthiness of a hired girl.—More woe.—As though the political cauldron were not bubbling enough, we find the *National*, the real organ of the Canada First Party, denouncing the men who profess to be leaders of that party as "snobs" and "exquisites." What under the heavens is the country coming to?—*Sun.*

LONESOME.—Joe Chenet, a livery stable keeper in Montreal, went up into his loft the other day and found four small boys playing cards. He was just about to lecture them on the evils of card-playing, when the youngest of the four, a bright-eyed little chap of ten summers, spoke up and said: "We wasn't playing keerds, Tom Lester's mother is dead, and we were up here showing him the pictures on the keerds, so he wouldn't feel lonesome."

A CHASE FOR A MURDERER.—The Little Rock *Gazette* says that in a recent chase of a murderer named Brown, the whole country turned out. The desperado took to the water like a duck, and for hours concealed himself in Red River and the bayous with which the country abounds, was pursued from water to canebrake, and from canebrake to forest, and proved himself a fearless swimmer, as fleet of foot as a deer, and a dead shot. A posse of persons surrounded him in a swamp, but in closing in upon him, found that he had flown. He was soon after discovered in the river beside a log, swimming rapidly with the current, holding his shot gun out of the water. Volley after volley was fired at him, but he bore a charmed life. The shots came so thick and fast that he landed on the north side of the river, and with a wave of his hand bid defiance to his would-be captors. Arriving at the top of the bluff he met a small squad of negroes, who opened fire on him, which he returned with accuracy, as one of the men fell badly wounded. He was seen to limp, as he sped away into the brush, and it is supposed he was wounded. At a farm house some distance down the river he exchanged his shotgun for a hat and coat. Nothing further could be learned of his movements. The woodwork of the gun bore the indentations of a dozen bullets.

THE HOUSE.—The neat answers to Mr. Wallace's three questions about prohibition, reciprocity, and importation dues on goods coming from the United States, that the Government would always be ready to sanction abstinence from liquor, and to secure reciprocity with any nation, and that the tariff was such a delicate subject that they did not think it well to disclose their intentions, caused a good deal of amusement.

A BIG JOB.—Donaldson contemplates a balloon voyage from New York to London next autumn, the expenses to be paid by William K. Belknap, of Cincinnati, George L. Bruce, of New York, Nathaniel Gray Hadaway, of London, and Narcisse Pelletier, of Paris. These gentlemen are to provide $40,000 for the expense, and give Donaldson $20,000 if he makes the trip from New York to London within forty-eight hours, or $10,000 if he makes it in seventy-two hours.

CHURCH PARADE.—The Toronto Field Battery, which possesses more true volunteer *esprit du corps* than any other militia organization there, will regularly assembly for Church parade on certain Sundays during the summer. In this intention Major Gray, commanding, has the entire support of the men. The Battery will attend St. James' Cathedral next Sunday, and, if possible, secure the services of the Band of the Grand Trunk Railway Artillery Brigade.

PROHIBITION.—At a caucus of the members held at Ottawa, it was resolved to prepare a temperance address and make arrangements for a general assembly of temperance delegates, to be held in Montreal in September next.

BREAKFAST.—EPP'S COCOA.—GRATEFUL AND COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many doctors' bills."—*Civil Service Gazette.* Made simply with Boiling Water or Milk. Sold by Grocers in packets only, labelled—"JAMES EPPS & Co., Homœopathic Chemists, 48, Threadneedle street, and 170, Piccadilly, Works, Euston Road and Camden Town, London."

MANUFACTURE OF COCOA.—"We will now give an account of the process adopted by Messrs. James Epps & Co., manufacturers of dietic articles, at their works in the Euston Road, London."—See article in *Cassell's Household Guide.*
