Fire Proof Roofing.

THE BEST FIRE PROOF ROOFING ever introduced is said to be that of Mica, Soapstone and Plumbago, combined with other ingredients, which has been patented by the Brockville Mica and Plumbago Company, and which is now introduced into almost every city and town in this Province.
It is warranted to be perfectly proof against fire and also against frost as far as it has been tested during the last two years.
All parties wishing to get a good Fire Proof Roof are invited to my Foundry, corner of Union and Ontario Streets; in this city, where they can see for themselves the ravages made by fire close to my Moulding Shop, while strange to say, it came off comparatively unhurt from the flames.

Daily British Whig

FRIDAY EVEN'G, APRIL 9, 1875.

GREETING.

FROM THE GERMAN.

So many stars that shine in the sky,—
So many winds murmuring by,
So many blessings attend thee!
So many leaflets as dance on the trees,
So many flowers as wave in the breeze,—
Brighter than those, love, and sweeter than these,
The loving thoughts that I send thee.

Were I the golden sun, to shine
Every ray a glad thought of mine,
Loving and true and tender.
I would crown with my beams thy dearest head
From morning golden to evening red:
Deep in my heart lies the thought unsaid,
The love that no speech can render.

Might I guard thee forevermore—
A sheltering roof, a fast shut door,
So safe and strong to hold thee.
In a still room thou dost dwell apart,
Thy spirit pure in my loving heart;
So fair, so dear, so true thou art,
So doth my love enfold thee.

When I send thee a red, red rose—
The sweetest flower on earth that grows!—
Think, dear heart, how I love thee!
Listen to what the sweet rose saith,
With her crimson leaf and her fragrant breath
Love, I am thine, in life and death!
O, my love, dost thou love me?

—Galaxy for April.

To Housekeepers.—The attention of heads of families is respectfully invited to the superior quality of Burnett's Flavoring Extracts. They are entirely free from the poisonous oils and acids which enter into the composition of many of the fictitious fruit flavors now in the market. They are highly concentrated, have all the freshness and delicacy of the fruits from which they are prepared, and are less expensive. Meats, soups, etc., may be greatly improved by Burnett's Extract of Celery.

More Grave Secrets.

—A new book illustrating the career of Lord Byron in Italy, and his relations with the Countess Guiccioli, may be published at no very distant rate. It takes the form of a narrative, written by a lady, of a visit which she paid not long ago to Ravenna and to the Guiccioli palace there, and of her interviews with the secretary of the Guiccoli family, who produced to her several very curious and often amusing documents bearing upon the loves of Byron and the fair Italian Countess. These papers include, for instance, a letter from the Countess to her husband, wherein she confesses her culpability in loving Byron; a long string of minute regulations, of that sort which is specially exasperating to the female mind, drawn up by the Count for the moral and social guidance of his wife after a quasi reconciliation between them had ensued, memorials presented by the Count to the Roman authorities, deprecating or appealing from the decrees of separation and of alimony which the Pope had granted against him; letters from a certain Fanny, the F—— of Moore's "Life" of the poet, who was actually concerned as an intermediary between Byron and the Countess; a letter addressed to Guiccioli announcing the death of the great poet in Greece, &c. There is also a curious anecdote throwing light upon a recent and somewhat painful controversy, a good deal about Shelley, about Byron's daughter Allegra and her mother, and about the light which the new information throws upon passages in Moore's "Life." The work presents a general view of the case hostile to Count Guiccioli and comparatively favorable to his wife and Byron. It cannot fail to prove interesting to a large circle of readers The last requests of the Countess Guiccioli was that all documents relating to her connection with Byron should be published.

LONGEVITY IN GERMANY.—At the last Prussian census, there was found to be living at Berlin 12,251 persons who were born before the end of last century. Among them, 3 men and six women, 92 years; 1 man and 9 women, 93; 10 persons were 94 years of age; 4 women were 96 years old: 2 men and 2 women, 97; 1 man, 98; 1 woman, 99; and another woman, 101. Of the persons between 99 and 100 years of age, 4 were unmarried, 5 married, 57 widowed, and 1 divorced. A widow named Nanjelsky died on February the 10 at Kamionken, near Lotzen, at the age of 103. She is said to have been extraordinary active even at her 100th year. A man died a fortnight ago at the age of 105 at Horzitz, in Bohemias.

—Harper & Brothers, the publishers of the American edition of "Livingstone's Last Journals," have done a generous act in forwarding £1,000 to the children of the missionary traveller, for whose benefit the book is published both in Great Britain and the United States.

A Startling Truth.—Thousands die annually from neglected coughs and colds, which soon ripen into consumption, or other equally fatal diseases of the lungs; when by the timely use of a single bottle of Dr Wistar's Balsam of Wild Cherry their lives might have been preserved to a given old age.

Hemorrhoids (or Piles) are permanently cured by Mathieu's Pile Ointment, or money refunded. Price $1 per Pot, or 6 Pots for $5. Sold wholesale and retail by the Wingate Chemical Company, Montreal, and retail by all druggists, or will be forwarded to any address on receipt of price by Dr. E. Mathieu, 198 Notre Dame Street, Montreal.

Burnett's Cocoaine allays irritation, removes all tendency to dandruff and invigorates the action of the capillaries in the highest degree. The Cocoaine has earned a deserved reputation for promoting the growth and preserving the beauty of the human hair. Ladies dressing their hair elaborately for the evening will find that it imparts a healthy natural gloss to the hair and will cause it to retain its shape for hours.

Bears.—Since Messrs. Perry Davis & Son commenced the manufacture of Bearine, the Canada trapper has found a lucrative business in capturing old Bruin. Messrs. Davis & Son pay a good price for the grease, and the skins are always sought after. Messrs Davis & Son have a mode of refining the grease, perfuming it, &c., making it superior to any others we have ever seen.

☞ Twenty years' experience in using "Bryan's Pulmonic Wafers" haved proved them to be most effectual remedy for coughs, and irritation of the throat, caused by cold, or unusual exertion of the vocal organs; public speakers and singers will find them most beneficial. The entire freedom from all deleterious ingredients renders "Bryan's Pulmonic Wafers" or Cough and Voice Lozenges, a safe remedy for the most delicate person, and has caused them to be held in high esteem by all who have used them. Sold by all medicine dealers at 25 cts. per box.

A Good Horse.—There is much pleasure and profit in the service of a good horse, and but very little of either in a bad one; no person from choice will retain a bad horse; many however, are in possession of such who need not be. We think there are few horses so bad but that their condition can be improved and rendered more valuable and useful for their owners, to effect which, there is nothing equal to "Darley's Condition Powders and Arabian Heave Remedy;" it has effected astonishing results in thousands of cases. Remember the name and see that the signature of Hurd & Co. is on each package. Northrop & Lyman, Toronto, Ont., proprietors for Canada. Sold by all medicine dealers.

ELECTRICITY!

Thomas' Excelsior Eclectric Oil.—Worth Ten Times its Weight in Gold.—"Pain cannot Stay where it is used."

It is the cheapest medicine ever made. One bottle does cure common sore throat. One bottle has cured Bronchitis. Fifty cents worth has cured an old standing Cough. It positively cures Catarrh Asthma and Croup. Fifty cents worth has cured Crick in the back and the same quantity Lame back of eighty years standing The following are extracts from the few of the many letters that have been received from the different parts of Canada which we think should be sufficient to satisfy the most sceptical. J Collard, of Sparta, Ontario, writes: Send me 6 doz of Dr. Thomas' Eclectric Oil, have sold all I had from you and want more now, its cures are truly wonderful." Wm Maguire of Franklin, writes "I have sold all the agent left, it acts like a charm it was slow first but takes splendidly now." M. Cole of Iona writes: "Please forward 6doz. Thomas Eclectric Oil, I am near out; nothing equals it. It is highly recommended by those who have used." J. Bedford, Thamesville, writes, "send at once a further supply of Eclectric Oil. I have only one bottle left. I never saw any thing to sell so well and give such satisfaction." J. Thompson Woodford, writes: "Send me some more Eclectric Oil. I have entirely sold out. Nothing takes like it."
