## COMPOUND SYRUP

—OF—

## SPRUCE GUM

TRADE MARK

AS PREPARED BY THE

**SISTERS OF PROVIDENCE,**

Montreal and Burlington, Vt.

IT is thirty years and upwards since we commenced preparing this Syrup under the present name and during this time we have given away to the poor and sold many thousand of bottles. It has been only at the earnest solicitation of our friends—of all classes and denominations, that we have considered it our duty to put it up in a shape suitable to be sold on the market, by this means reaching all who may need it. The formula of the remedy is well known to medical gentlemen of this city, and approved of by them as one of the best remedial agents known to the medical faculty for the cure of Coughs, Colds, Hoarseness, Pains in the Chest, Disease of the Lungs, and all Pulmonary affections.

Its pleasant taste renders it peculiarly adapted for children, and if carefully administered, according to the directions, may be given to a child of a month old with perfect safety, and will afford immediate relief.

It excites expectoration and causes the lungs to throw off the Phlegm or Mucous, heals the irritated parts and creates a healthy action.

One of our eminent city physicians, Dr. E. H. Trudel, Professor in Victoria Medical College, Montreal, and Head Physician at the Dispensaries of the Sisters of Providence, etc., etc., who has used it extensively in his practice for many a city winter, speaks of it as follows:

"MONTREAL, DECEMBER 1st, 1874.

"It is now eighteen years and upwards that I have been attending physician to the Reverend Sisters of the Providence Asylum. During that period I have prescribed this 'Compound Syrup of Spruce Gum,' not only to the inmates but also to outside patients.

"The valuable properties this Syrup possesses induce me to place it in the foremost rank amongst the remedies known to the Therapeutist in all cases of Coughs, Bronchitis and Consumption, affording those troubled with these complaints the most wonderful relief.

"E. H. TRUDEL, M.D."

In placing this remedy before the public we trust you will believe we are not actuated by any sordid motive. Our object is not gain for ourselves, but that we may increase our means of doing good. We presume you are aware that our doors are supported by voluntary contributions and any increase to our means derived from our industry is devoted to alleviating the wants and sufferings of the afflicted, the aged, the infirm, the friendless, homeless and orphans of all classes and creeds.

We visit the sick and assist the needy to the utmost extent of our means, and, we are sure, that all will bear testimony of our desire to do good. To be ill or in want is sufficient to elicit our sympathy and receive our care.

Trusting to receive your hearty co-operation and support,

We have the honor to be, etc.,

## CITY AND VICINITY

☞ GOLD in New York at 3 o'clock 17.

A BEAUTIFUL drive and a big day's fun awaits you at the Loughboro Pic-nic.

SECURE your passage and ticket to the Loughboro Pic-nic, by Wednesday evening.

WITH the marching away of the volunteers to camp, and the flight of the ministers and their friends to Wolfe Island the city shews signs of partial desertion.

PLEASANT RELATIONS.—A private letter from Brockville speaks of a great popularity won already by the Rev. Mr. Muloch there.

NOTE IT AGAIN.—The R. M. steamers are from this day to leave Kingston for Montreal every morning at five o'clock, half an hour earlier than before.

THE LOUGHBORO PIC-NIC promises to be the event of the season. Thursday next is the day. Carriages will leave Messrs. Wilson & Davis' stables at 7 a.m. sharp.

PERSONS going to Father McWilliams' Pic-nic will have to give in their names at Messrs. Wilson & Davis' office, Clarence street, on Wednesday morning.

PILE UP.—The Oswego *Palladium* puts up this bet: "Ten to one John (Sir John) is premier of Canada within five years. Any takers?" Yes, here is one, sure. Put up or shut up.

ACCEPTED.—The Quinte Hook and Ladder Company, of Belleville, has accepted the invitation of the Victorias of Kingston to partake of hospitalities here on Dominion Day.

IN EARLY.—The mail steamer from Liverpool was signalled yesterday. The *Polynesian* passed Father Point at 4.30 p.m., with 43 cabin and 200 steerage passengers. Her mails will reach Kingston to-morrow morning.

THE HARBOR.—Reported from James Swift's dock: Str City of Kingston left for Ottawa; str Corinthian arrived from Montreal; str Algerian, from Hamilton; prop Russia, from Montreal; prop Alma Munroe, from Toledo; prop Bristol, from Montreal.

LUCKY.—As the election trial which was to have taken place to-morrow has been postponed till September the 15th or much later, the hundreds who received subpœnas to attend it and swear can now join gleefully and conveniently in St. James' excursion.

FOR RAIN.—Yesterday in the Churches prayers were said for moderate showers of rain to refresh the earth in this time of its need. The smoke from bush fires which filled the city on Friday and Saturday was blown back to the Ottawa region yesterday by the south wind.

ARRIVED.—The wild strawberry has made its first appearance on Kingston market for 1875. It must be a very luscious, scarce or peculiar variety this early berry, for it would take a small fortune, (a newspaper one at least, egad) to buy a quart of it. We have always thought the early berries sour.

MARCHING ALONG.—Major White's Volunteer Cavalry Troupe is to march to Camp here, leaving home to-day. It will take two days in the journey and stop in Napanee over night. The corps is full. The Loughboro Troupe was to march in to-day. This morning the Gananoque Field Battery, Capt. Britton, was to leave for Brockville by the road.

CROSSING THE LINE.—The sun is to-day stepping over the mark. This is the longest day of the year, and folks are crowding a good deal of work into it. The day is so exceptionally fine that length can be fully enjoyed and appreciated. But it shortens the night seasons of swinging on the front gates before the moon is up.

ANOTHER HOPE PERISHED.—H. M. steamer *Swallow* returned this morning to St. Johns, Newfoundland, without having found the missing boat of the lost *Vicksburg* or picking up any relics of the wreck. The only hope now left is that the occupants of the small boat were picked up by a vessel en route to Europe. In such case they will not be heard from for many days yet.

DROUGHT.—The dry spell is most severely felt (doubly, so) in the localities where the Dunkin Bill is in force. By the way, a Frenchman has discovered a method by which he can bring down rain whenever it is needed; or, rather, draw moisture from the air. He claims that sprinkling of chloride of calcium upon the surface of the ground is entirely effective. How will it do in a fellow's mouth, however.

DAIRY SALES.—Saturday, according to the *Despatch*, was the banner day for the cheese business since the Board of Trade was established there. Fifty-eight factories were represented, offering 6,103 boxes and fifty one factories disposed of 5,598 boxes, representing a cash value of $42,000. Mr. Wm. Burrowes of Kingston was the largest purchaser, and Mr. George Morton of Kingston followed closely after him. Why do not these merchants purchase more at home?

THE ACCESSION.—Yesterday being the anniversary of the accession of Her Majesty to the throne, the service in the Church of England prayer book specially set apart for the Twentieth of June, was introduced into the morning prayers, and the organs played the National Anthem as a voluntary. In the Presbyterian and Methodist churches special reference was made to the occasion in the extempore prayers. No royal salute was fired, the custom having ended with the departure of the regular soldiers.

## Base BaH.

A keen and exciting game of base ball took place here on Saturday last between two junior clubs of this city, the Beavers and the Young Earls, which terminated in the defeat of the Beavers by a majority of ten runs. The following was the score:

BEAVERS.

| | Runs. | Outs. |

Umpire—Mr. Nailer, of the St. Lawrence Base Ball Club. Scorer—Mr. Jas. O'Neil.

The Young Earls challenge any club in the City of Kingston (without exception) to play a match at base ball, the St. Lawrence to leave out its professionals.

SABBATH AFTERNOON TEMPERANCE MEETING.—The Rev. Dr. Mark was called upon almost at midnight, for it was between 10 and 11 o'clock when he was met on the street on Saturday and asked to speak at this meeting, making good what was said the other evening that there was a thousand ministers in the W.M. Church ready at any moment's warning to rise and speak on temperance. Dr. Mark said it was time that members and all who was interested in the future safety of our country should be ready to do more than speak. He believed in seeking to raise the fallen and degraded drunkard by kind words and feeling an interest in his welfare; by going to them and not waiting for them to come first. He illustrated this by some facts and incidents that he had witnessed, and that there was none so low or fallen, but might be reached by kindness. The Rev. Mr. Reynolds said that he was a teetotaller, for he had to yet take his first glass. From what he had seen of the destruction of families and individuals, how many of those he had known had been ruined body and soul, because there was no hope in a drunkard's death, he was an earnest worker in the cause. He believed that it was as much the work of the church as any other department that the church worked in. The time had come for all to work and victory was not far off. The Rev. Mr. Smith led in prayer; Bro. Galloway presided.

DOWN THE RIVER.—This is an off-day with the clergymen attending conference. This morning by the invitation of the trustees of the C. M. Churches here they left by the steamer *Maud* at 10:30 on an excursion trip down the river to Wolfe Island, where the camp meeting Association has its park, and where they were to be welcomed by the officers of the association, who have made a trip to the grounds specially and generously to pay this compliment. The ministers were accompanied by about 700 persons, all that the *Maud* could carry. The intention was to have only those who were entertaining the clergy at their houses accompany them on this trip, but the congregations seemed to join in *en masse* and a great crowd, numerous disappointments and a deal of discomfort and inconvenience on board were the results. A more delightful day for the trip could not have been chosen, had the weather been under the control of the chief organizer. The party is to return about six o'clock.

POLICE COURT, Monday.—Before Mr. Strange.—Jacob Day, drunk, dismissed. Johannah Murphy, drunk, dismissed. It is time that Johanna gave up hoisting benzine. It must be becoming monotonous to her. Francis Gallagher and Edward Fitzsimmons, charged with vagrancy, were fined $10 and costs each, or three months in gaol. James Assam and James Hibbert, who were charged with being drunk and disorderly, and with assaulting the police while in the discharge of their duty, were remanded back until to-morrow morning. Jane Armstrong, summoned for using abusive language towards Mrs. Flynn, paid $5 and costs to save 60 days in gaol.

SUDDEN ILLNESS.—The Rev. Mr. Lore, of Syracuse, an eloquent clergyman, and editor of the *Northern Christian Advocate*, was to have preached in Kingston yesterday, at the ordination service in the Sydenham Street C. M. Church. But on Thursday he received an appoplectic shock which left him insensible, blind and speechless. On Friday his condition was hopeless. Yesterday news of his death was anticipated with sorrow, and the disappointment in not receiving a visit and sermon from him, through such a cause, was a sad one. His place was filled by the Rev. Mr. Horne, of Oswego, who preached eloquently.

THE VOLUNTEER CAMP.—By the kindness of the Post Office Inspector again this year a post office has been opened in the volunteer camp. It will be of more service than last year, because of the more distant location from the city, and the less frequent visits of the volunteers to the city. The mails will be carried to and fro twice daily. The telegraph offices, which were usually opened at the dockyard camp, will be missed this year, but the Y.M.C.A. tent will be continued as large as life.

CLOSED UP.—To-day Mr. J. W. Youmans closed his singing classes and left for Mill Point, where he will enter on another course of instruction. His season here has been a very successful one. It has paid him well and pleased so many parents and children that all will be glad to hear that he is likely to return here next Fall.

MEETING.—A public meeting is to be held at Toronto this evening in the Northern Congregational Church. Addresses will be delivered by the Revs. J. F. Stevenson, LL.B., of Montreal, and K. M. Fenwick, of Kingston, and others.

## TO-DAY'S GLEANINGS.

—Vessels are laying up at Oswego some of them stripping.

—Woodhull & Claflin's sister has just been divorced from her husband, William G. Gall of Cincinnati, for adultery.

—A Worcester somnambulist walked out of a second story window, and was wide awake after striking the ground.

—This promises to be known as a great fish year. The fishing in Lakes Ontario and Erie especially is remarkably good.

—The Railways, among other, reaped a rich harvest from the Bunker Hill Centennial having transported over 200,000 passengers to Boston.

—Mrs. Tilton has become so thoroughly Beecherized that she won't speak to her daughter Florence, because the latter lives with her father.

—North Renfrew Dominion election trial which was fixed for 23rd inst., has been postponed to June 30th, and will be tried at Pembroke.

—One of the Chaudiere mill owners was fined $20 and costs this morning for throwing mill refuse into the Ottawa river. Action was brought by Government.

—The Montreal West election case, in which Mr. White and Mr. Fred. Mackenzie are fighting for the seat, will be brought to a close on the 9th of July.

—One of the many scamps who swindle the innocent travellers on railways, was nabbed on the Great Western Railway, and sentenced to two years and a half in the Kingston Penitentiary.

—The Yankees are making a great fuss over their Bunker Hill celebration. As it was there the British chased them, our republican friends are probably rejoicing that their ancestors ran fast enough to get away!

—Spiritualism has found a new field in Russia, and converts among men of high standing. The consequence is a numerous following. Home and several other mediums are living in St. Petersburg, where the simplest forms of "manifestation"—rappings and table-tippings—are exciting great wonderment.

—Chief Justice Armstrong, a Canadian by birth, and a member of the Quebec Bar, has since his appointment undertaken the codification of the laws of St. Lucia, and has progressed so satisfactorily with his labours that the completion of the work is looked for at an early day.

—Dr. Dio Lewis, whose active and even fanatical participation in the Ohio Temperance Crusade will be remembered, has now written a book to prove "Prohibition a Failure." It will therefore be in order for the temperance advocates to pronounce Lewis a fraud.

## CANADIAN AND GENERAL

—Barnum's show is a Roman Hippodrome—roaming all over the country.

—Boston has had another terrible and fatal explosion. This is getting monotonous.

—The failure of E. D. Jewett & Co., of St. John, N. B., is announced. The sum involved is said to be very large.

—News from Rangoon says the King of Burmah, finding resistance impracticable, has yielded to the English on every point.

A man of good social connection has been convicted in Dublin of numerous thefts from all of the cross Channel steamers.

—Schoolboys will be pleased to learn that Miss James, a teacher in Pittsfield, has been fined $45 for whipping a scholar too severely.

—Be careful of your diet. A Georgian held a strawberry in his teeth for a young lady to bite at, and she bit half his nose off.

—Probably the wealthiest journalist in America, is Mr. A. S. Abell, of the Baltimore *Sun*, whose property is estimated at from $6,000,000 to $10,000,000.

—Mr. Macdougall is one of those men who can make a speech without having anything to talk about. In Monck the other day he discoursed on "his conscience."

—The Brooklyn Aldermen have offered a reward of $2,500 for the arrest and conviction of the burglar who shot Mr. Aaron Shute in his own bedroom last week.

—Mr. John Morrissey, ex-prize fighter and present, short haired Democratic leader, has been getting into trouble with his party, and they talk of expelling him from the organization.

—A young lady after reading attentively the title of a novel called 'the last man' exclaimed, "Bless me, if such a thing were ever to happen, what would become of the women."

—The Lieutenant-Governor will not return again to Toronto before the first of the month, in the meantime he may probably spend a few days at the Caledonia Springs.

—Mr. Page has made considerable progress with the plans for the St. Lawrence Canals, and there is a probability of the work on the Cornwall Canal being put under contract this fall.

—A twenty pound prize is offered by an enterprising Englishman for the best essay on the following subject: 'Is the present English tongue a Teutonic or a Romanic One."

—Out of revenge, it is supposed, for one or two recent convictions, some Indians Cornwall Island, have mutilated and otherwise disfigured a gray mare belonging to the Police Magistrate, Dr. Allen.

—One of those kind of fellows who don't take any interest in elections, says he will be blowed if he is going to vote when he don't wan't to, no matter if they do pass a dozen Compunctionary Voting Laws.

—The London *Examiner* thinks that the widows of Canon Kingsley and of Sir Arthur Helps, in accepting pensions $200 each from Government, have done their utmost to discredit their husbands' teachings.

—The British Colonist, Columbia, announces the arrival of Wm. Sutton, Sheriff of Bruce, Ontario, who intends to reside in Columbia henceforward. There will be another shrievalty for the organs to drop a tear over.

—Each ship of the Arctic Expedition was supplied with pigeons similar to those used in the Franco-Prussian War. Part of these birds are to convey messages from the sledge parties to the Alert; the others to communicate with the Discovery.

—Great progress is being made with buildings and grounds for the Provincial Exhibition, Ottawa. The Carleton County Council visited the grounds, and the Agricultural Society are making an effort to get them to increase their grant from $3,0000 to $8,000. Ottawa will have to increase their grant from $2,000 to $30,000.

ROYALTY TRAVELLING.—The Crown Prince of Prussia's two eldest sons are now upon a pedestrian tour in Waldeck. As the princes are travelling in strict incognito, accompanied only by their tutor, the most laughable mistakes sometimes occur with regard to their condition. At Goeck's Hotel in Fritzler the excursionists, looking perhaps rather tired and travel stained, ordered coffee for which the landlord considerately charged only two silbergroschen a head, on the ground that his guests were probably 'a couple of school boys on a trip from Cassel.' In an other place their order for three rooms was bluntly refused and they were otherwise treated with a contemptuous disregard, for which mine host could not find sufficient apologies as soon as he had been made acquainted with the real character of his visitors.

THIERS AGAIN.—Many people think that it looks as though M. Thiers will be recalled to public life, there being a general wish throughout France that he shall be chosen President of the Senate soon to be organized. France certainly owes him much for his able and discreet government while Chief of the State, and if she can in any measure discharge the debt by conferring honorary titles upon him, she should not hesitate to do so.

VERY REASONABLE.—India is moving for representation in the Imperial Parliament. It is proposed in the petition that sixteen representatives from India, either English or native, should be selected by the natives in the proportion of four representatives for each of the three Presidencies, Bombay, Madras, and Calcutta; two for the Northwest Provinces and two for the Punjaub. The reason given in support of such representation is that the members for India would be in a better position to discuss questions affecting the interests of that country, and assist in its legislation than the representatives in Britain.
