10,000 STARTLING WONDERS.—Are on exhibition in Forepaugh's Grand Museum. It will be here on, July 31.

Look out for our big sale of Shirts, commencing on Saturday, the 17th instant. ASHLEY BROS.

THE MAMMOTH EXCURSION.—There is no fear of Mr. Youmans' excursion being a failure, as the sale of tickets has already commenced.

SERVICE.—The Napanee Volunteer Garrison Battery goes into Fort Henry, Kingston, for annual drill during the last twelve days of August.

WIMBLEDON.—The Canadian team, after practising at the Liverpool ranges, left for Wimbledon on Monday, and are this week peppering the national targets.

POLICE COURT, Thursday.—Henry McGuire, charged with assault on Mrs. Jinman, was fined $2 and costs. A hotel keeper, charged by the City Commissioners for selling liquor on Sunday, July 4th case dismissed, not proven.

THE PIC-NIC season, as distinct from the excursion season, opened this week. Yesterday two pleasant private parties were given near the city, and on next Thursday a repetition of a popular affair of two past summers is to be given at St. Mary of the Lake.

SUNDAY SCHOOLS.—The midsummer pic-nic to the children of St. James' Sunday School will be given on Wednesday next on Simcoe Island. The St. George's Cathedral children pic-nic is to be held on the same day, and that for St. Paul's Church some day next week.

THE cheapest Shirts, Ties, Cuffs and Collars in the Dominion is at Ashley's Shirt Factory.

ENTERTAINMENT.—On Tuesday evening the congregation of Ebenezer Methodist Church, Montreal, held an ice cream festival, which passed off very pleasantly. Rev. Mr. Pitcher, Rev. Mr. Eason, now entering on the charge of the church, Rev. Mr. Wilson and several others addressed the meeting.

MAGIC AND VENTRILOQUISM.—Howard Clifton will appear in his magic entertainment at the City Hall on Friday and Saturday evenings of this week. The entertainment includes singing, dancing, witty sayings, electric changes of character and ventriloquism. Mr. Clifton is assisted by Miss Armitage, vocalist and pianist. They ought to draw a large audience.

THE COUNCIL.—At the Medical Council meeting in Toronto the question of licensing midwives came up on a petition from one of the profession near Kingston, signed by a number of medical men. After discussion, the petition was laid on the table. The old disputes between Allopaths and Homœopaths will probably be up during the sittings of the Council.

THE EXCURSION TO-MORROW.—The *Maud* will leave Folger & Hanly's dock at 1.30 p.m. for a trip among the Isles, passing down the Canadian and up the American channel. In the evening at 8 o'clock the same steamer will make a moonlight excursion; each trip will be accompanied by a brass band. Get your tickets early, as they are limited to 350 for each excursion, and are placed at the low rate of 25 cents each.

BASE BALL.—A match was played at Odessa on Monday between the Silver Leafs of Napanee and the Odessa club. The former were victorious by a score of 30 to 27. The Royal Oaks of Bowmanville played the Guelphs a better game than any Canadian club save Kingston this season. The score on Tuesday was: Royal Oaks 5; Maple Leafs 12. It will be seen by the following that the Maple Leafs are separating as quietly as they assembled:—

Harry Myers and Chris. Falls have returned from a visit to Canada.—*Little Fall (N. Y.) News.*

It would have been better for Guelph if these players had remained a little longer with it.

## The Christian Schools.

On Tuesday last, the Christian Brothers' School was the centre of a reunion as large and as intelligent as ever honored this institution on any former occasion.

Among the number were His Lordship, Dr. O'Brien, who presided, Dr. Sullivan, Mayor of the city, Very Rev. Father Farrelly, of Belleville, Fathers Walsh, Higgins, Corbett, with the Rev. Messrs. Cicolari and Kelly, and a number of trustees and other prominent gentlemen.

The pupils were examined on several branches by His Lordship and His Worship as well as by the Directors of the School. Very satisfactory answers were given to most of the numerous and intricate questions, showing plainly the result of application and thoroughness. In arithmetic particularly the pupils evinced surprising knowledge for boys of their age. This branch receives special attention on the part of the Brothers, and wisely so; for none in the curriculum of common school studies conduces more to the development of the mind or in bringing forth its latent powers.

The monotony of the seance was broken by singing and speaking. The former, in our opinion, was never excelled in execution of sweetness of tone. The latter exhibited much improvement in articulation and modulation. The trio, "Down among the Lillies," was rapturously received. Prof. DesRochers kindly presided at the piano.

A large percentage of the children received handsome prizes, presented by Mr. Robert Gardiner, whose generosity has established a precedent which has already been followed by some prominent gentlemen in offering prizes for the next year. With such encouragement both pupils and teachers will labor with new zeal and fresh vigor.

An address was then read expressing thanks to all for their attendance, to Mr. Gardiner for his generosity, to His Lordship for the great interest manifested by his frequent visits to the school. The Bishop, the Mayor, Very Reverend Father Farrelly, and Mr. Gardiner made felicitous replies which were well listened to and applauded, expressing as they did the impressions of all present and indicating the prosperous future which this examination seems to have inaugurated.

## CURRENCY.

—The Holly Manufacturing Company propose to supply Canandiagua with water works complete, including nine miles of pipe, for $73,000 and contract to run and keep the same in repair for a term of years for $2,500 per annum.

—An affair has happened in one of the poor quarters of Paris in which romantic young ladies may feel interested. A woman named Adelaide Roein, aged 56 years, threw herself from an attic window, a suicidal victim of unrequited love.

—The West End of London is agitated about a recent fashionable dinner party whereat every one of the guests contracted scarlet fever, which disease is prevailing to an alarming extent. The Queen's intended visit to Aldershott was in definitely postponed an account of a number of cases in the camp.

—A man walked into the office of a Long Branch hotel the other day and actually had the audacity to address the elegant hotel clerk by his first name. Two call boys fainted away, the porter went into spasms and the offender himself was taken out frozen stiff as an icicle, but the gorgeous young man simply gave his moustach an additional twist and went on as if nothing had happened.

—A wealthy man died some months ago. Some of his heirs were slighted and tried to break the will on the ground of unsound mind on the testator. The effort failed. It was shown in evidence that the man made most of his money by judicious advertising. The Court remarked: 'We need look no further for proof of this man's sound judgment.' And the Court was right.

—There is only one clergyman to every million of heathen in India and it's a hard job to seat 'em so that all can hear the sound of his voice of a Sunday morning.

—The immense cannon now being constructed at Woolwich, England, will cost the British Government $2,500,000. Such a cannon costs more than an American college.

—It is proposed in Paris to place in all the tobacco shops, umbrellas to be hired out at a modest price, small sums being required as a deposit until the umbrella be returned.

—The announcement that in 7,800,000 years the Falls of Niagara will have subsided has driven two hotel proprietors insane and trebled the highest rate of hack fare known in twenty-five years.

—In an age of scandals it is a positive relief to learn that Professor Limpricht of Berlin publicly 'retracts his opinion as to the relations of four isomeric monobrousbeous zenesulphrnic acids.'

THEY—Say that dancing is going out of fashion in London—that is to say amateur dancing—and it is a wonder that it has not gone out before. The London "season" is in May, June, and July—just the time of year when dancing is most a prespiring weariness of the flesh. The city drawing rooms are always crowded, and the dancing men have long been regarded as social martyrs. When the Shah was in London he watched the dancers at a ball with curious interest. The Prince of Wales came up after the waltz loking like a boiled lobster, panting and perspiring, the Shah asked: "Why do you not employ servants to do this work for you?" And this is about what society has at last made up its mind to do—to let the *ballet* do the dancing for them. Perhaps the strapped up style of dress now in vogue with the ladies has something to do with it. A London letter says that a lady was recently heard to say with a sigh, "What being tied around above and tied around below, I haven't had a good square sit-down for three months." And these dresses are no better adapted for dancing than for sitting in.—*Sun.*
