WHEELS

Euro NCAP gives Volvo XC90 high safety marks

The Volvo XC90 has been awarded five stars and achieved top ratings in its 2015 Euro NCAP tests.

The XC90 with standard City Safety technology stood out as the first car from any manufacturer to score full points in Euro NCAP Autonomous Emergency Braking Car to Car rear-end tests (AEB City & AEB Interurban).

The XC90 scored one hundred per cent in the Safety Assist category and is also the first model to achieve maximum score in the two Autonomous Emergency Braking tests AEB City & AEB Interurban.

The XC90 also features advanced pedestrian protection functionality that independent safety regulators have yet to include in their testing protocols, demonstrating once again how the Swedish carmaker continues to dominate and innovate in the field of car safety.

With Volvo Cars' long held Vision 2020 the Swedish carmaker aims to deliver cars in which no one is seriously injured or

killed by the year 2020.
