CITY AND VICINITY.

☞ GOLD in New York at 3 o'clock 114.

RACES.—A racing meeting will be held at the Bay Side Riding and Driving Park, Belleville, on Friday and Saturday.

THE LATE JAS. CRAIG.—A monument is to placed over the grave of the late local member for Glengarry by his constituents.

TRAVEL.—Summer travel is on the increase. The passenger boats are crowded nearly every trip, propellers as well as side wheel steamers having their full share.

POSTAL DELIVERY.—Our correspondent, "A Subscriber," is a pretty good writer and must be intelligent, and yet he does not know that anonymous letters are not printed by newspapers.

CRICKET.—The K. C. C. will play the Prescott Club on Thursday of next week, the 19th. On the Civic holiday the Kingston boys go to Syracuse, and play the picked eleven of Central New York.

COLLIN'S BAY MARINE.—Arrived on 9th, barks Manzanilla and Alexander from Bay City, Mich., each with timber for the Colinsby Rafting Company. The Manzanilla left yesterday for Port Dalhousie again.

PROLIFIC.—The wife of Mr. Martin James, cab driver, recently gave birth to her eleventh son. Who can beat this?—*Daily News.*—Why its mother, of course, as soon as it is old enough to bear a shingle.

PRESENTATION.—The members of St. George's Society have presented Mrs. Beel with a silver cup for her kindness in allowing the Committees for the pic-nic to meet at her house. The presentation was made by Mr. E. H. Smythe, Vice-President, on behalf of the Society.

DOWN THE RIVER.—The *Maud's* trip on Friday will doubtless be equal in attraction and delight to any that have preceded it. The Bay and the Camp are two strong points of interest to visit, combined with a trip on the *Maud* and the music of the Battery Band.

OBITUARY.—We learn with regret of the unexpected death, at Ernesttown, of Mr. William Miles, only son of E. Miles, Esq., of the Belleville *Ontario*, and formerly of Kingston. The deceased was assistant postmaster of Belleville, where his genial disposition won him many friends.

PUBLIC SCHOOLS.—By a vote of the Board Mr. Alexander Adair was appointed to Wellington Street School at a salary of $450, and Miss Davidson and Miss Dunlop to Queen Street School. Miss Pugh was removed to the position formerly occupied by Miss Alexander in Johnson Street School, and Miss Murray to that occupied by Miss Gwynne in Johnson Street School.

THEATRICAL.—We have it on good authority that Mr. Healy, the former star of the Herndon Company, now engaged in theatricals in St. Catharines, will organize a troupe to travel this Province in lieu of the Herndons, Mr. Herndon next year being the manager for the celebrated Baker and Farron. Mr. Healey's Company may be expected along here early in September. The work of organization commences in a few days.

RAILROADING.—The Midland extension to Waubeshene is open; trains will run regularly in a few days. How jolly it would be if we were able to write: "The first locomotive from Pembroke arrived here at four o'clock this afternoon, having left the northern terminus at 10:30 a.m. Regular trains will run after Monday next,—shortest route from the Ottawa to New York." Wake up, old man, it is only a dream.

NAVIGATION.—There is some talk in Ottawa, the *Free Press* says, of getting up a company to navigate the Rideau Canal with light draft steamers, as the villages along that route are suffering sadly for the want of inter-communication since the old steamers ceased running. The question it seems fit to be first considered, however, is, will it pay? We on our part in Kingston, humbly submit that it will not, but the project would be philanthropic, and we wish it all speed, as we do not intend to take stock in the boats.

"THE AURORA."—The farewell number for the year of this school journal, published by the alumni of Albert College, Belleville, was to-day received. Besides an interesting group of reports of college closings and commencement exercises, the *Aurora* contains the usually pleasant miscellany. The most entertaining part of the number is the editor-in-chief's plaintive and touching farewell to the journalistic pen forever, in disgust at the jealousies, hard work and want of co-operation he had encountered in his short experience of seven or eight months. What on earth would he do if he had to run a daily fighting paper, if a harmless college monthly so troubled him.

LOCAL AGENCY.—The Rev. Mr. Murdoch, who has been a confirmed invalid amongst us for years past, being somewhat improved in health, is at present canvassing among the Presbyterian families of the cities for subscribers for the photographs of the late General Assembly of the Presbyterian Church of Canada, commemorative of the Union recently formed. He is agent both for Notman's and Inglis' pictures, which are published at various sizes and prices, ranging from $2 to $10. They are on exhibition at Mr. Murdoch's residence, corner of Ordnance and Sydenham Streets; and we think that the Presbyterian public should patronize their own local agent in preference to strangers.

Base Ball Match.

An exciting game was played on the Base Ball ground yesterday afternoon between the second nine of the St. Lawrence and the Beavers, a local nine of the city, which resulted in favor of the second nine by a score of 10 to 4. The following is the score:—

POLICE COURT, Wednesday.—William O'Neil, Thomas Dingle and Geo. S. Mink were all down for drunkenness, the offence being committed in the early part of last evening. O'Neil and Dingle looked sad, but spoke not a word. Mink entered into an eloquent review of his tribulations, but was silenced by the delivery of sentence—$2 or 15 days each. The effect was not very pleasant, all being "dead broke." Paddy McAvey, a sort of perpetual eye sore, was arraigned for vagrancy, and pleaded innocence of course. "Look here," said Paddy, "I'm no vagrant; I don't go round asking grub from any person." Gray stepped to the front and gave the whining prisoner a very bad name indeed, declaring him to be a general nuisance to everybody. The Magistrate was severe, and intentionally so, his idea being to rid the city of his presence for six months, for which period he went up. John Conley was only drunk, but in making his appearance in Court he felt annoyed at something and swore, for which an extra $2 was added to the five, making it $4 and costs or 10 days. Henry Lane, an associate of McAvey's, also went up for six months. James Wilson vs. Clark, a domestic squabble and case of assault; charge withdrawn on the defendant promising good conduct in future, and paying the costs of the present prosecution. The adjourned case against Mr. McDonald for interfering with a Custom House officer was dismissed with costs. Several persons were summoned for neglecting to fence in vacant lots. The defendants did not respond to the call of their cases. The service of the summons was proven. Further proceedings will yet be taken.

ARRIVALS AT ANGLO AMERICAN HOTEL.—T G Rees and wife, Port Metcalf; Mrs Foley, New Orleans; Miss Foley, do; Miss M Van Beuthington, New York; Miss Katie Van Beuthington, do; Miss Nelly Van Beuthington, do; R Van Nider and family, St Louis; C Dlesom, Evans Mills; George Porter and wife, Watertown; T Dfrony and wife, do; L R Clifton, Toronto; R McCormack, Brockville; T P Sparham, Smiths Falls; D Mulhern, Belleville; Mrs Mulhern, do; Miss Carrie Mulhern, do; Miss Hattie Mulhern, do; Miss A Carroll, Buffalo; Miss C Carroll, do; W H Draper, Watertown; Thomas Cauly, Smiths Falls; William Rice, do; John Humphrey, New York; B Newcombe, Cape Vincent; H Parkhurs, Toronto; R T Smith, jr., Hamilton; Jas Jackson, do J B Scott, Montreal.

NEW DOMINION MONTHLY.—Regular readers of this Monthly, oldest Canadian Magazine, observe a notable improvement in its appearance while there is no increase in its price, $1,50 per year. It is now a magazine of eighty pages of reading, instead of sixty-four. The type is large and comfortable to read, and the matter it contains is, most of it as usual, essentially Canadian in subject as well as in origin. The August number is decorated with a happy likeness of Earl Russell, whose face is familiar to all who know *Punch*. "Vetulia," the first article, is a queer fancy, describing a land where peoples' families consists of their ancestors instead of their decendants, as a consequence of their living to be many hundred years old.

ALSO SIMPLE.—The London *Advertiser* remarks:—"It is easy enough to see why the *Mail* fears the approach of G. W. McMullen, for he might intend to revive that old libel suit, but what has he done to frighten the Kingston *Daily News*?" Why he simply sued it at the same time as he did the *Mail*, for libel. That answers the conundrum completely. Give us a harder one!

SHIPPING.—With the improvement in freights there is a visible change for the better in shipping affairs in the west seem to bear a favourable respect, and the impression gains ground that mariners will have a busy and a prosperous fall. 'Tis to be sincerely hoped so at any rate.

A WARNING.—A contemporary draws attention to the fact that pilferers are subject to a fine not to exceed $20, should they be detected and convicted. So that it behooves boys of thievish proclivities to be circumspect in their conduct around orchards.

SHORTS.—Brockville is to have a civic holiday on the 23rd. It hardly wants it, for it has a half holiday every day.—A new bank is talked of—the Midland of Bowmanville.—Next Tuesday the Brockville and Ogdensburg Oddfellows are to have a union pic-nic.

TO MEET AGAIN.—Among the clubs to compete at the base ball tournament in Lynn, Mass., this week, are the Maple Leafs, of Guelph, the Live Oaks and Graftons, of Massachusetts, and the Flyaways and Stars, of New York.

THE BAND.—The Battery Band played a delighting programme in the Park last evening to a delightful crowd, the evening being a delighted one for a promenade, even if "de" light does not keep up now longer than eight o'clock.

Facts are Stubborn Things.

Thousands of human beings are yearly borne on the swift current of disease down to the grave, just because they do not possess a sufficient knowledge of themselves. A man meets his neighbor and the first salutation is, 'How are you?' or "How is your health?" The reply frequently is, "Oh, I am well, with the exception of a cold." Most persons lightly regard a cold. Reader, do you know that a cold is one of the most dangerous of maladies? A cold not only clogs up the pores of the entire system, and retards circulation, but it is productive of Catarrh, which is quite apt to lead to consumption. "Oh," you say, "it is nothing but a cold in his head." True but that cold is really a mild form of Catarrh, and if not arrested in its course will become chronic. Catarrh is one of the most disagreeable, offensive affections in the Catalogue of diseases. The passage to the nose is obstructed, the sense of the smell impaired, and there is a disagreeable sensation of pressure in the head. In the more advanced stages there is a discharge having an offensive odor. If the disease be allowed to continue in its course, thick, hard incrustations will form in the head, the bones of which become softened and break away in pieces. Why will persons continue to suffer from such an annoying disgusting disease when they can just as well be cured of it. Dr. Sage's Catarrh Remedy will cure the worst forms of Catarrh; in fact, it is the only sure and safe remedy which has yet been offered to the public. Many harsh, irritating preparations, may, for a time, relieve the urgency of the symptoms, but they do not cure the disease. Dr. Sage's Catarrh Remedy is soothing and healing in its effects, and when used with Dr. Pierce's Nasal Douche, according to directions, does not fail to effect a cure. Sold by all Druggists.

A TOUCHING INCIDENT.—A touching incident is reported from Vienna as having occurred on Monday evening at Bruenn, where there is a strike of weavers. It appears that the men on the strike met in a churchyard—perhaps selecting this spot as affording convenience for immediate sepulchre. It was almost immediately surrounded by a battalion of infantry and a squadron of dragoons. The soldiers having loaded their muskets operations were about to commence, when the wives of the weavers stepped forward, and holding up their children exclaimed, "Here, shoot us down!" How far the soldiers were affected by the spectacle is uncertain, for the telegram giving an account of the affair merely says that they "then dispersed the crowd with the bayonet." It may, however, be taken for granted that if there was any slaughter the babies were stabbed first, then the wives, and afterwards the weavers. The wives of our own working men in the kicking districts will do well to make a note of this, and when their husbands rushed at them in wooden clogs or hobnail boots, try the effect of using their babies as shields.—*Pall Mall Gazette.*

VACCINATION.—At Banbury, in England, the other night, there was a great demonstration against the Compulsory Vaccination act, the occasion being the release from Northampton prison of a man who suffered fourteen days imprisonment rather than have his child vaccinated. He was met at the railway station by a great number of persons, some of whom carried banners denouncing the Vaccination act, and bands of music played. Speeches were made by the Rev. Horace Rothery and others connected with the National Anti-Vaccination League, White, the released man, received a purse of gold, and resolutions were passed against the act.

BASE BALL.—The Young Earls and Actives did not play their match of base ball this afternoon as was generally expected. It will be played, we are informed, on Friday afternoon next. The match between the Ogdensburg and St. Lawrence Clubs was to commence at 3:30 o'clock, the first named team reaching here by the Maud at 2 p.m. A large excursion party accompanied them.

Township of Loughboro.

Adjourned to the first Saturday in September next at one o'clock p.m.

J. NICHOLS, Clerk.

PLEASANT AFFAIR.—The marriage of Dr. David Livingstone's daughter, at Hamilton, Scotland, to Mr. Alexander L. Bruce, one of the partners of a well-known Edinburgh firm (Messrs. William Younger & Co.,) on the 28th of July, was an event in the fashionable world. The bride received presents from nearly all parts of the globe. The venerable Dr. Moffatt, the American missionary, performed the ceremony, and the little town of Hamilton had on its best holiday attire. It was in the neighboring mills of Blantyre the weaver boy Livingstone learned his Latin declensions, while working at the loom.
