LACHINE CANAL ENLARGEMENT

Notice to Contractors.

SEALED TENDERS addressed to the Secretary of Public Works, and endorsed "Tender for the Lachine Canal," will be received at this office until the arrival of the Eastern and Western Mails on THURSDAY, the 16th day of September next, for the enlargement of this Canal, consisting of the widening and deepening of the channel from near the new basin east of Wellington Street Bridge, upwards to to the river St Lawrence at Lachine, embracing the construction of new locks at St. Gabriel and Cote St. Paul; also the taking down and rebuilding the upper portions of the present locks at these places; building regulating weirs, culverts, bridge piers; the construction of a new entrance lock at Lachine and the formation of a channel and basin on the south or river side of the existing entrance.

The works will be let in sections of the respective lengths indicated on a map of the line, which, together with plans and specifications of the various works, can be seen at this office, and at the Lachine Canal Office, Montreal, on and after FRIDAY, the Third day of September next, at either of which places Printed forms of Tender can be obtained.

Contractors are requested to bear in mind that Tenders will not be considered unless made strictly in accordance with the printed forms, and—in the case of firms—except there are attached the actual signatures, the nature of the occupation and place of residence of each member of the same; and further, an accepted bank cheque, or other available security, for the sum of from one to three thousand dollars, according to the extent of work on the section, must accompany each Tender, which shall be forfeited if the party tendering declines or fails to enter into contract for the works, when called upon to do so, at the rates stated in the offer submitted.

The amount required in each case will stated on the form of Tender.

The cheque or money thus sent in, will be returned to the respective parties whose Tenders are not accepted.

For the due fulfilment of the contract, satisfactory security will be required on real estate, or by deposit of money, public or municipal securities, or bank stocks, to the amount of five per cent on the bulk sum of the contract, of which the sum sent in with the Tender will be considered a part.

Ninety per cent only of the progress estimates will be paid until the completion of the works.

To each Tender must be attached the actual signatures of two responsible and solvent persons, residents of the Dominion, willing to become sureties for the carrying out of these conditions, as well as the due performance of works embraced in the contract.

This Department does not, however, bind itself to accept the lowest or any Tender.

By order.

F. BRAUN,
Secretary.

CITY AND VICINITY

☞ GOLD in New York at 3 o'clock 113½.

IN A FOG.—The steamer "City of Kingston," *en route* from Ottawa to Kingston, was detained on the Rideau Canal, about seven miles from Manotick, by a heavy fog.

SPECIAL COURT.—His Honor Judge Burrowes has appointed the 7th of Sept., on which to hold the Court (in the City Hall, at 10 o'clock) for the revision and correction of the Voters' Lists.

SATURDAY'S EXCURSION.—The band of "A" Battery will accompany the excursion party to Alexandria Bay on the *Maud* on Saturday. To prevent overcrowding only a limited number of tickets will be issued.

IN SIGHT.—Some eight or ten vessels, grain laden, were in sight of port to-day at noon. The elevators will be kept in motion; and forwarding business will look active and lively while the discharging of this fleet lasts.

THE RACE YESTERDAY.—The match trot yesterday between Conroy's "Lady Emma" and W. Wilson's "Yara" took place on Cataraqui Course, the stakes being $100 a side. The "Lady Emma" won the money in three straight heats.

SWIFT'S WHARF.—Steamers Calling: Coralcan, from Montreal; Magnet, from Charlotte; Corinthian, from Hamilton; City of Kingston, from the Canal.

FREIGHTS on coal have fallen from $1,25 to $1,15 per ton, from this lake to Chicago.

A START.—A beginning has been made in the destruction of obnoxious weeds. Some people are feeling anxious lest some restless busy-body or neighbour should inform on them for permitting the growth of the unwelcome plant; and a little manual exercise is preferable to law at any time.

SELF-ADJUSTING ROLLERS.—Numbers of persons yesterday visited the city railway depot and inspected Horsey & Cook's self-adjusting rollers, to which reference has been made several times in this paper. The patent seems to be really invaluable. Its utility has been satisfactorily demonstated.

THE "MAUD'S" excursion on Saturday to Alexandria Bay will have as many patrons as usual—that is, a full load. The pigeon shooting tournament is an additional attraction to the trip. The public can never tire of boating among the Thousand Islands, especially on the "Maud."

REGATTA.—A circular issued by the Hamilton Yacht Club indicates that the Hamilton regatta will be held on Saturday the 4th of September. The prizes will be—for first class boat, first $200, for second $100, and for third $50. In the second class the prizes are $75, $50 and $25.

THE "locals" all over the continent are driven to the wall in their groping for items. The Watertown *Despatch*-man throws himself on a description of a cure for lice Canary an birds, while the Belleville Ontario rooster discourses at length on the vast difference there is in the flavour of eggs.

SPECIAL MEETING.—There will be a special meeting of the City Council tomorrow morning at 10 o'clock, to receive the report of the arrangement proposed for a settlement of the jury expense difficulty, for so long a time a bone of contention between the two municipalities. It is probable the agreement may be acceptable to our Aldermen.

COMING.—We are happy to learn from a letter received by Capt. Swales, that the Boston Philharmonic Club will give one of their high class Concerts in Kingston on the 28th of next month, to be followed shortly afterwards by the Mendelssohn Quintette Club. The Concert season will will thus be open by two of the finest musical organizations on the Continent.

NOBLE EFFORT.—Yesterday afternoon Mr. J. O'Shea saved another lad from a watery grave. A little boy named McKee, while amusing himself in some way near the Grand Trunk slip, fell in, and would have been drowned but for the timely aid of O'Shea. Many a fond parent is indebted to Jack for the life of their thoughtless and helpless projeny.

LECTURE.—We are informed that Mr. Charles Albert Counter intends delivering a lecture on Women's Rights in the City Hall this Fall. Subject: "Shall Women Have Free Access to the Franchise, or Shall She Not." Mr. Counter can talk like a breeze, it is said, and he has taken a very gallant subject. So, doubtless, there will be a crowd.

SWIMMING.—We were once boys, and know how it is ourselves; but if we were a boy now a days we would go outside the city limits to bathe. The police have heard complaints that the lads are swimming in exposed places at illegal hours, and we give them this notice in order that they may dodge the penalties of the law, though it is damaging to the trade in newspaper gossip.

SUMMER TRAVEL.—A contemporary facetiously remarks: "Summer touring is approaching an end. We believe in the custom, even though we cannot practice it." 'Tis unfortunately true that newspaper men, while expected to be joyed at the pleasures of others, have seldom the opportunity to indulge in much relaxation themselves. Newspaper writers require as much rest as any class; few men are so constantly and actively employed.

A COUNTER BLAST AGAINST PIGEON SHOOTING.

(*To the Editor of the BRITISH WHIG.*)

Dear Sir,

I see that the people of Kingston and other places are invited to Alexandria Bay on Saturday, the entertaining spectacle of shooting at, torturing and missing a number of frightened, inoffensive and helpless birds, who have not a chance of escape from mutilation, much more often than instantaneous death. In common with others who desire the true nobility of our people, especially of our young men, I am exceedingly sorry to see such brutalizing exhibitions imported into our immediate vicinity. Doubtless many who would otherwise have been glad to join an excursion to so charming a spot as Alexandria Bay, will be deterred from going thither, by the feeling that they would thus be countenancing a practice which all the best thinkers and writers in England have been for some time endeavouring to put down as nationally degrading. It seems a pity that the people cannot content themselves with enjoying the beauty with which God has endowed our lovely Thousand Islands, without trying to add to their enjoyment by torturing his innocent creation, under the poor name of sport.

Yours, &c.

HUMANITY.

Aug. 26.

THRESHERS.—Messrs. L. D. Sawyer & Co., of Hamilton are manufacturing a threshing machine of a new design, for which many advantages are claimed. It is of a different model to those so commonly in use, being more compact, having less machinery, while, it is asserted, it does the work required of it to general satisfaction. These machines are well thought of in Western sections; but this is the first that has been brought to this District. The prominent characteristics of the machine may be briefly summed up. The canvass carriers is dispensed with and in its place there is a number of flies which, while they propel the straw along, shakes it so thoroughly that none of the grain is hurried out and wasted in the delivery of straw. The concave, fixing the cylinder feed, can be regulated in an instant and when the machine is in motion. Of course to effect these changes the entire machine is modelled accordingly. Both the wood work and the metal are well finished, and many improvements are made in the construction of the miner parts—the most prominent of these being the safety couplings which provide against accidents. The traishers are made to be driven by horse or steam power. The new machine is known as the "Vibrator." Messrs. Bawden and Downey are the agents here.

BUTCHERS' ASSOCIATION.—Nearly every trade and profession has its association. The butchers, though mutually working to the advantage of each other as much as possible, has had no organization with which they were as a body identified, until lately, when one, in imitation of that of Toronto, was formed. In response to a communication sent to the latter Association by Mr. W. G. Elliott, on behalf of the butchers, Mr. W. J. Bird, of the Queen City, will arrive here on Saturday to give such instuctions as are necessary to the successful operation of the new organization.

FARM LABOR.—During harvest farm labor has been scarce. Ordinary hands receive $1 per day and board; a better and more practical class of persons receive higher wages. It would redound to their credit, and be a more healthy and profitable occupation, if a batch of the youths who hang around the corners ostensibly seeking employment, but in reality not deserving it, would move out of the city, and give our industrious yeomen a helping hand. There is work for all to do, provided it is sought in the right spirit. Those people who are anxious for labor are seldom found idle.

AGAIN SUCCESSFUL.—Yesterday the St. Lawrence men played the Ætna Club of Toronto and gained an easy victory, leading from the outstart, and winding up with a score of 20 to 6. The tour is a pleasant one, the boys, we learn, being in excellent spirits and playing the several matches with the best of good feeling. The St. Lawrence team say that the game with the Guelph Maple Leafs was close and exciting, and they say they ought to have won it—bad play at a critical point giving the advantage to the Guelph nine.

ARRIVALS AT THE ANGLO AMERICAN HOTEL.—R J Wallbridge, Belleville; J J Chadsey, Newark, N Y; A F Gillendr and wife, Miss Bessey Gillender, Miss Mary Radcliffe, Miss Franchot, Miss Carrie Gillender, E D Cowman, New York; Mr and Mrs Scott, Toronto; Robt Brown, do; Charles Dodless and wife, Toledo, Ohio; Denis Doyle son and neice, Hamilton; C S Stitt, Watertown, N Y; C S Johnston, New York; W H Doyle, do; C Blugard, do.

THOUSAND ISLAND PARK.—The two largest fish of the season were caught on Monday morning within a quarter of a mile of the Thousand Island Park, one weighing over forty pounds and the other, caught by Willie Tozer of Evans' Mills, weighed thirty pounds. Both fish were mascalonge. Eight hundred people from Brockville, Ont., were on the grounds Monday—a lively time for cooks and waiters. The Watertown *Despatch* says several lots were sold and bargained for.

WATCH CASE.—A lady to-day reported to the police that she stopped on the evening before last at a Williamsvile hotel, and by mistake left her watch behind her next morning. She returned to claim it, but was told that it was not there. She sought the aid of of a search-warrant. No verdict yet.

PASSED.—Among those reported to have passed their law examinations at Osgoode Hall, Toronto, we notice the names of Messrs. Joshua A. Wright and R. W. Shannon, Kingston, in the University class; and D. M. McIntyre in the junior class.

THE Newburgh *Reporter* has heard of the latest curiosity in Loborough. It is a child with five fingers and a thumb on each hand, and with Mr. Michael Rutan for its father.

ELECTIONS IN ONTARIO.

The following are the constituencies and candidates:—

	O.	M.
West Wellington	McGowan	Garbutt.
North Victoria	McRae	Smith.
East Peterboro	O'Sullivan	——.
East Kent	Laird	M'Craney.
South Oxford	Hopkins	Crooks.
South Essex	Wigle	Iler.
Dundas	Broder	Stephenson.

INSOLVENT ASSIGNEES APPOINTED.—The following official assignees have been appointed:—

Carleton District, including Ottawa.—William Fingland, Daniel S. Eastwood, Francis Clemow, Ottawa.

Lanark District.—John A. Gemmill, Atmonte; A. W. Bell, Carleton Place.

Russell District.—Nelson Dunning.

Renfrew District.—John D. McDonald, of Renfrew; Alfred J. Forbes, of Pembroke.

Leeds District.—John Norman Abbott, of Brockville; Norton Marshall, of Brockville.

Ottawa County.—F. Samuel McKay, Alex. Bourgeau, D. C. Simon, E. M. Coutlee.

Prescott.—Sheriff J. P. Wells.

Hastings.—M. B. Roblin, Belleville; John Parker Thomas, Belleville.

BALLOON ACCIDENT.

THE MEMORANDA OF PROFESSOR DONALDSON.

PORT HOPE, Mich, Aug. 25.—A bottle was found washed ashore this morning containing the following:

'Over Lake Michigan at 8 p. m. of evening of starting, about thirty miles from Chicago; about three thousand feet high; gale coming from north-east. Balloon is getting out of order; gas escaping fast; can't stay up much longer; will surely land in lake; fearful storm.—'DONALDSON.'

The writing is well preserved.

ONTARIO DIOCESE.—The Dominion *Churchman* says that the Rev. E. P. Crawford is making progress in West Brockville, and his Sunday school is rapidly increasing. The Rev. Arthur Jarvis succeeds Rev. Mr. Garrett in the Mission of Osnabruck, and there is promise that the people will increase their contributions to the clergyman's stipend considerably.

ORANGEMEN'S PIC-NIC.—To-morrow the Orangemen will hold their annual picnic on Amherst Island—the scene of so many pleasant gatherings of this Order. Two boats have been engaged, so that the large crowd usually going to this pic-nic will find ample accommodation. The arrangements are such that a fine day's amusement may be expected.

CAMP MEETING.—The International Camp Meeting opened yesterday. The Brockville *Recorder* states that since last year many improvements have been made to the camp grounds, which, though not as extensive as those of the Thousand Island Camp Meeting Association, are much better shaded, and for the purpose of a Camp Meeting, much superior.

PERTY DULL.—Napanee was pretty dull on Monday, without its business or any real good fun. The *Standard* candidly says: "We hardly know yet how to properly enjoy a civic holiday, and hope that when we next have one some arrangements may be made by which the people generally may unite in its recreations."

THE FENIAN BROTHERHOOD.—The New York papers that that the annual convention of the Fenian Brotherhood, which was to have been held in that city this week, has been postponed till January. Though not very active, the organization in America is stated to have a good deal of vitality, and to be even increasing in some parts. The recent O'Connell Centennial demonstration in Dublin is looked on by them as an encouraging and valuable manifestation against "foreign rule." "Willing and anxious to do honor to the "memory of the great Liberator, there "were tens of thousands who had little in "common with the so-called Ultramontanes and those loyal to the British "Government."

SINGULAR.—A marriage occurred the other day at Carnarvon under peculiarly romantic circumstances. The bridegroom was a returned convict, and at the time of the wedding was awaiting his trial at the Assizes for theft. The bride had assisted him in his thieving enterprise, and was also awaiting to be tried. On the morning of the wedding the two lovers were escorted by the police to the Roman Catholic Chapel, where they were united together in the bonds of matrimony. Immediately after the ceremony the happy pair took their departure to the Assize Court, where they were arraigned before Lord Coleridge, and convicted of the crime laid to their charge. The bridegroom was sentenced to five years penal servitude, and the bride to six months' imprisonment, with very hard labor.

ENTERTAINMENTS.—The farewell demonstration to Mr. Sheriff McKellar has been arranged by his friends in East Kent to take the form of a picnic in the neighbourhood of Ridgetown on Wednesday, September the 8th. Several prominent men will be present to deliver addresses, but the occasion will be of a social rather than a political character. Without doubt it will be largely attended, as the recipient of the honor has earned such a token of respect by his long services to the country.

WE SHOULD THINK SO.—It was lively on the French ship Finisterre. There were 1,200 persons, without counting a hundred galley slaves in the hold; and off Donegal arose the cry of fire. Sure enough there was fire in the hold. On the ship were 500 pounds of powder and 2,000 bombshells. Every one reflected on eternity. But there was a brave captain and a disciplined crew—so they put the fire out.

OUTRAGE.—At Cambellford on the 24th a man named Draper, who carried on business there for some time as baker, committed an outrage upon the person of a little girl about 13 years of age, daughter of Calvin Gilbert. He went to the house during the absence of the rest of the family, and succeeded his purpose. He was arrested and committed for trial.

CANADA PACIFIC RAILWAY.—It is understood that a further survey has demonstrated the impractibility of attempting to follow the route originally laid down in aligning that portion of the Pacific railway between Lake Nipissing and the mouth of French River. In consequence there will be a change in laying out this strip of the line.

A FREAK OF NATURE.—The most wonderful of animals come from Prince Edward Co. Last *Gazette* has this: "Mr. Frederick Bongard, of Long Point, owns a six weeks' old calf which has three hoofs on each fore foot. The ankle-joints are double-jointed. Two tufts of hair hang from the forehead in lieu of horns, giving the animal a singular appearance."

HURT.—By an accident at Yarker a little boy, son of Mr. Irish had his thigh broken.

Treating the Wrong Disease.

Many times women call upon their family physicians, one with dyspepsia, another with palpitation, another with trouble of the breast, another with pain here and there, and in this way they all present alike to themselves and to their easy-going and indifferent doctors, separate and distinct diseases. Assuming them to be such, he prescribes his pills and potions; when, in reality, all these symptoms are caused by some uterine disorder. While they are thus only able perhaps to palliate the disease for a time, they are ignorant of the cause, and encourage their practice until large bills are made, when the suffering patients are no better in the end, but probably worse for the delay, treatment, and complications made, and which a proper medicine, directed to the cause, would have entirely removed, thereby instituting health and comfort instead of prolonged misery.

From Miss Lorinda E. St. Clair, Shade Athens Co., O., Oct, 14th, 1872:

'Dr. R V. Pierce, Buffalo N. Y.,—Your Favorite Prescription is working almost like a miracle on me. I am better already than I have been for over two years.'

From Ella A. Schafer, Zanesville, Ind., Aug. 3, 1872:

'Dr. Pierce.—I received the medicine you sent me, and began using it immediately. As a result of the treatment, I feel better than I have for three years.'

From Mrs. John K. Hamilton, Odell, Ill., Mar. 19, 1872:

'Dr. Pierce.—The Favorite Prescription has done me good, which I am very thankful for.'

Dr. Pierce's Favorite Prescription is sold by Druggists.

A HINT.—A correspondent says that it is surprising to see men of education, who claim positions in society, going along the streets puffing tobacco smoke into the eyes and faces of ladies and others who abhor it as one of the abominations of the day. Smokers, as a rule, are the most selfish class of a community, as they seldom consult any one's feelings but their own when they want to enjoy a pipe.
