BERMUDA.

THE NOW FAR-FAMED BERMUDAS, with cable communication and equable winter temperature of seventy degrees, beautiful scenery and 100 miles of good roads, headquarters of the British army and navy, is unrivalled in its attractiveness, reached by the magnificent iron steamers TRINIDAD or PRETORIA in forty-eight hours from New York. Sailings every five days this winter. The tropical islands, including ST. THOMAS, SANTA CRUZ, ST. KITTS, MARTINIQUE, ST. LUCIA, BARBADOES AND DEMERARA, also afford beautiful and interesting tours, all reached by steamships of the Quebec Steamship Company from New York. For descriptive pamphlets and dates of sailing apply to A. EMILIUS OUTERBRIDGE & CO., Agents, 39 Broadway, New York; J. P. HANLEY or J. P. GILDERSLEEVE, Kingston, Ont. ARTHUR AHERN, Secretary, Quebec.

RAIDERS MEET BULLETS.

WINFIELD, KAN., THE SCENE OF A LIVELY BATTLE.

Woman Among the Injured—A Morning "Smashing" Expedition Results in a General Fight—Mrs. Nation Departs From Chicago—Promises to Return.

Winfield, Kan., Feb. 14.—There was a fierce fight here yesterday as the result of a "joint smashing" expedition. Several persons were wounded and one may die.

Ernst Hahn, a temperance advocate, was attacked by a "joint" keeper, supposed to be one of the Schmidt brothers. The prohibition element was greatly angered and attacked the place. Several shots were fired by both sides. Miss Emma Denny was hit in the mouth either by a bullet or a piece of glass.

Charles and Henry Schmidt were in the "joint" and made a show of resistance. Charles drew a revolver and was cut in the face by a hatchet wielded, he declared, by a minister.

Much excitement and several street fights followed the raid. Mayor Albright has called a meeting of the council to consider means for preventing further trouble.

The "jointists" are defiant and bloodshed is feared.

Assaulted By Cadet.

At Victoria theatre, last evening, while Pauline, the hypnotist, was blindfolded and performing a feat of mind reading, he passed through the audience with outstretched hands. Without apparent provocation he was struck a stinging blow over the knuckles by a cadet, who used his cane. Pauline, removing his blindfold, told the cadet that while he respected the uniform of the king, which the embryo soldier wore, he held nothing but contempt for the wearer; that the cadet was found to treat Pauline and other persons in the opera house as a gentleman should, and that if dissatisfied he could go to the box office and get his money back; meantime he should not attempt to spoil the pleasures of others in the house.

Lieut. Col. Fages, who witnessed the assault, reproved the cadet and, the warning not being heeded, the colonel found it necessary a second time to speak. The unpleasant incident marred the evening's enjoyment for many of the ladies present. Is a cadet in such cases called to account at the college and can officers who threaten to "lick" others punish with a clear conscience?

A Successful Affair.

A most successful afternoon tea, and sale of work in aid of the organ fund of St. George's cathedral, was held at the residence of Mrs. H. Tandy, Barrie street, yesterday. The tea-table was in charge of mesdames Irwin, Deacon and Mills, Mrs. Grover, Mrs. Clements and Miss C. Moore, were in charge of the candy table, and Mrs. Routley and Mrs. Eames, looked after the fancy work. An evening musicale followed, the programme being in charge of R. R. F. Harvey. The following took part: Mrs. Campbell, Mrs. Farrell, Miss Bates, Miss Fortescue, Miss Anna Lesslie, Charles Harvey and C. Kelso. The result both from an artistic and financial standpoint was eminently satisfactory.

Portsmouth Council.

An adjourned meeting of the Portsmouth council was held last Tuesday evening, all the members being present. The reeve produced a certificate of declaration of qualification and oath of allegiance, signed by John McKelvey. The councillors were then sworn by him and it being resolved that it was unnecessary to swear the clerk, the council proceeded to business.

The following officials were appointed: John Scally and George McAuley, joint assessors; William Donaldson, overseer of streets. The tax collector was given until April 1st to close his roll. The auditor's report was read, showing a balance due the bank of $300. It was ordered that 100 copies be printed.

To Make It Interesting.

Chicago, Feb. 14.—Mrs. Carrie Nation left Chicago for Topeka last night. She is under bonds to appear in the Kansas capital for trial in connection with her operations in that city. Before leaving Chicago she announced that as soon as she had "cleaned up things" at home she would come back here and if things were not properly taken care of by the authorities she and her friends would take matters into their own hands and to use her own expression, "we will make souvenirs."

Was Terribly Injured.

A terrible accident occurred at Calabogie on Tuesday afternoon. Cyrus Holden was engaged in blasting at the mines. The blast went off, suddenly, before Holden could turn away, and the unfortunate man received awful injuries. His whole face was blackened and burned by the powder, and his left arm was broken. On Wednesday afternoon he was brought to the general hospital for treatment. His eyes are in a bad condition, and he may lose his sight.

Sure Cure For The Grip.

Colorado Editor.

Four quarts of whiskey, into which were dissolved four ounces of loaf sugar.

To this we add a teaspoonful of water and another quart of whiskey and then placed over a hot fire and let boil sufficiently long to boil out all the water. We then stirred in a little more whiskey to cool and gulped it down without batting an eye. In order to remove the taste from our mouth we took a little more whiskey.

Presented With A Watch.

Driver W. R. Dervent, "A" battery, who went out to South Africa with "C" battery, while visiting friends at Brighton, was presented with a $75 watch and chain. On the back of the watch was engraved: "Presented to W. R. Dervent by the citizens of Brighton in appreciation of his services in South Africa." On the locket was engraved his name.

Mrs. Tandy, Barrie street, left this afternoon for Oswego, N.Y.

E. W. Grove

This signature is on every box of the genuine Laxative Bromo-Quinine Tablets the remedy that cures a cold in one day.

INCIDENTS OF THE DAY.

Newsy Paragraphs Picked Up By Reporters on Their Rounds.

The weather in Winnipeg for the last two days has been summer-like in character.

George Y. Chown has purchased the residence, No. 20 Barrie street, from R. C. Carter.

Brantford's poultry and pet show was a great success, far ahead of Montreal's 1900 bird fair.

There are 269 attending the Ontario agricultural college, the largest number in its career, twenty-six years.

The Carnegie-Morgan negotiations will be closed Friday; president C. M. Schwab will be the head of the new company.

Evans Prout, one of the oldest residents of Pelham township, is dead at the age of ninety-two years, eleven months.

Duncan Cameron, Carleton Place, blacksmith, has left for Desbarats, Ont., where Mrs. Albert Cameron, formerly Jennie Nesbitt, died.

The wonderful transformations of the map made during the last century are graphically shown in March Scribner's by comparative maps.

At Pekin on Tuesday the ministers held a meeting and decided to adhere to their demands for the punishment of the guilty Chinese officials.

The Doukhobors, who left northwest Canada last year for California, will return in the spring, preferring the life there and the farm work.

At Rutland, N.Y., Marvin A. McClure, convicted of assisting in the wrecking of the Merchants' national bank, received seven years in the Vermont house of correction.

Dr. Sinclair, physician at the Ontario institute for the blind, Brantford, has resigned, and Dr. John Marquis of that city has been appointed to the position.

Philadelphia Post: Within two years the cost of our navy has more than doubled. Uncle Sam still paddles his own canoe, but in these days paddles are expensive.

This morning sheriff Gemmill, Chatham, brought to the Kingston penitentiary Wesley Freeman, who will spend therein three years for the theft of two loads of peas from a farmer.

Prompt relief in sick headache, dizziness, nausea, constipation, pain in the side: guaranteed to those using Carter's Little Liver Pills. One a dose. Small price. Small dose. Small pill.

The little girl, Alice Mary Herbert, a homeless waif whom the police found it necessary to place in restraint, and magistrate sent to jail pro tem., was today removed to the orphans' home.

The Kingston foundry has well underway a pair of engines for the M.T. company tug Bronson. The frame work is all ready and it was hoped to cast the cylinders to-day, but the fire partly destroyed the moulds, which were ready set up.

Thomas F. Millard, who has contributed illuminating articles on the situation in China to Scribner's, will have in the March number a third article on "The Settlement in China." It is very plain-spoken, and shows the duplicity of some powers and the actual bad faith of others.

A prominent Kingston man gets good jokes mixed up, just as well as the proverbial thick headed Scotchman. In relating to his wife the joke about queen Victoria having given a sovereign to every British subject, the dull citizen told her that the queen gave them each a shilling. And his spouse wonders where the joke is.

The provincial legislature opened at Halifax to-day. Lieut. Gov. Jones' speech from the throne referred to the death of the queen and the accession of king Edward, to the return of the Canadian contingents, general prosperity of the province and the desirability of larger provision for the promotion of agricultural education.

CURRENT YEAR ESTIMATES.

Money it is Proposed to Spend in Kingston.

The dominion estimates for the fiscal year ending June 30th, 1902, have just been published. They show increased appropriations for several improvements to public buildings in Kingston, the addition of an hospital and gymnasium at the Royal military college. The grant to the Kingston penitentiary is $190,500, an increase of $600 over the grant last year. It is made up of these items: Salaries, $65,300; uniforms, $3,000; retiring allowances, $2,000; maintenance of convicts, $22,000, decrease of $1,000; mess for guards, $1,000; discharge expenses, $1,000, increase, $500; prison equipment, $10,000; working expenses, $19,000; manufactories, $55,000; buildings $8,000; miscellaneous, $1,800. There is an increase of $600 in the amount estimated for salaries over that year's figures. The reduction of $1,000 in the estimated cost of maintenance of convicts, leaves the total estimated increased expenditure only $100.

The estimated expense in connection with the maintenance of the Royal military college is placed at $75,000, an increase of $1,500. For new buildings—gymnasium and hospital—there is an additional sum of $5,000 set apart.

For repairs to the Rideau canal, $8,000 has been set apart; $9,000 for a steel structure to replace the modern bridge at Manotick, and $3,000 to rebuild massonry at Waste Weir, Kingston Mills, while $900 is provided for a new boiler for dredge Rideau.

Customs salaries at this port are estimated at $11,110, a saving of $500, doubtless due to the removal to Ottawa of an official; office fixtures and contingencies, $75.

The Kingston graving dock gets $5,000; for repairs and supplies, $1,500; for staff, $3,500.

The Kingston post office inspector's office is estimated to cost $5,230, an increase of $90, made up of two items; $50 increase in the assistant inspector's salary; and $40 added to the salary of the third class clerk. The items are: Inspector's salary, $2,000; assistant inspector, $1,550; second class clerk, $1,200; third class clerk, $480.

In the lower department the estimated expense is placed at $20,180, an increase of $860, but this increase provides for a new assorter and stamper at a salary of $420. One second class clerk receives an increase of $50 to his salary, and $300 in increases to salaries is set apart for distribution among third class clerks and temporary clerks. The items are: Salary of postmaster, $2,000; assistant post-master, $1,400; second class clerk, $1,150; third class clerks and two temporary employees, $8,540; letters carriers and one temporary employee, $6,070; stamper and sorter $420; messenger, $600.

TALK OF NATURAL WEALTH

WORKING OF GOLD MINES IN EASTERN ONTARIO.

Some of the Companies Are Going Ahead — Developed Properties That Show Promising Results —Many Men Employed.

Belmont mine, Peterboro county, equipped with mining and gold milling machinery, including a compressor plant, electric lighting plant, thirty stamp amalgamation mill and concentrators. A large ore body is in sight. Employs about 130 men.

Deloro gold mine, Marmora township, Hastings, equipped with mining and gold milling machinery, including a twenty stamp amalgamation mill, concentrating plant, bromo-cyanide leaching plant to extract gold from the concentrates. White arsenic excelling the best English and German grades, is being produced as a by-product, averaging forty tons per month from the concentrates (arsenic pyrites). The supply of ore in sight is satisfactory. Employs 125 men.

Gatling mine, Marmora township, Hastings, equipped with compressor plant, ten stamp amalgamation mill, concentrating plant. A bromo-cyanide leaching plant and arsenic works to treat the concentrates will be erected. The ore body is extensive and carrying high values. Employs sixty men.

Sophia mine, Elzevir township, Hastings, equipped with steam drills, modern ten stamp amalgamation mill, concentrators. The ore body consists of an unusually large quartz vein. Employs forty men.

The Boerth mine, Clarendon township, Addington, equipped with steam drills, ten stam mil and concentrators is closed down. An effort is being made to reorganize the company and resume operations.

The Sovereign mine at Malone village, Hastings, equipped with ten stamp mill is closed down.

Those developed properties show promise of becoming gold mines:

Craig property, Tudor township, Hastings, owned by S. Maitland, of Bannockburn, and others. The quartz vein averages six feet in width and carries free gold.

Gawley property, near Malone village, being developed by W. A. Hungerford, of Atlas Arsenic Co., Deloro. The ore is quartz with arsenical pyrites.

Landenberger property, Grimsthrope township, Hastings, being developed by F. Landenberger, Belleville. The ore is a quartz carrying free gold.

Chisholm mine, Barrie township, Frontenac, equipped with modern plant for raising ore. The ore is a quartz and schist with iron and copper pyrites and fahl ores, high values of gold, silver and copper.

Little Doris mine, Clarendon township, Frontenac. Considerable development work has been done on a quartz vein averaging six feet wide which carries a fahl ore in small quantity containing gold, silver, copper, owned by T. J. Watters, Ottawa.

Stewart property, Elzevir township, Hastings, adjacent to Sophia mine, being developed by D. E. K. Stewart of Madoc.

HOW THEY DIED.

Causes of Death of British Sovereigns Since the Conquest.

The Toronto Sunday World publishes the following statement of the ages at death, and cause thereof, of the sovereigns of England since the conquest:

Name.	Age at death	Cause of death.
William I.	60	Rupture and fever.
William II.	43	Shot by an arrow
Henry I	67	Surfeit of lampreys.
Stephen	49	Piles.
Henry II	55	Grief.
Richard I.	43	Shot by an arrow.
John	49	Poison or grief.
Henry III.	65	Age.
Edward I	67	Diarrhoea.
Edward II	43	Murdered.
Edward III.	65	Course of nature.
Richard II	33	Consumption.
Henry IV	46	Apoplexy.
Henry V	33	Pleurisy
Henry VI	49	Murdered.
Edward IV	41	Ague.
Edward V.	12	Smothered.
Richard III.	42	Killed in battle.
Henry VII.	52	Consumption.
Henry VIII.	55	Ulcered leg.
Edward VI.	15	Consumption.
Mary	42	Smallpox.
Elizabeth	69	Course of nature.
James I	58	Ague.
Charles I.	48	Beheaded.
Charles II.	54	Apoplexy.
James II.	67	Course of nature.
Mary II.	32	Smallpox.
William III.	52	Fall from horse.
Anne	49	Apoplexy.
George I.	67	Paralysis.
George II.	77	Died suddenly.
George III	82	Course of nature.
George IV	68	Bursting of blood vessel
William IV	72	Course of nature.
Victoria	82	Course of nature.

Queen's Descendants.

Queen Victoria had

	Born.	Survive
Children	9	6
Grandchildren	46	31
Great grandchildren	37	37
	86	74

Of the great grandchildren 22 are boys and 15 are girls.

Six are grandchildren of the prince of Wales.

Eighteen are grandchildren of the empress Frederick.

Eleven are grandchildren of the late princess Alice.

Six are grandchildren of the late duke of Saxe-Coburg and Gotha.

This would appear to make a total of 41, but three of them are grandchildren of both the empress Frederick and the princess Alice, while one is grandchild of both the princess Alice and the duke of Saxe-Cobourg and Gotha.

It will be seen that in the course of nature the future rulers of Great Britain, Germany, Russia, Greece and Roumania will be descendants of her majesty.

Dress Cutting School.

Miss Johnston, 112 Clarence street, is teaching the art of cutting, finishing and putting together all garments worn by ladies and children by the new tailor system. Simple to learn. Thirty days is sufficient to learn cutting and making a dress. Terms reasonable. Correspondence invited.

Bitter oranges from Seville, for making marmalade, at Carnovsky's.

EIGHTY CENTS A WEEK.

Hot Shot For Furniture Manufacturers From a Preacher.

Rev. Mr. Kettleweil, in the course of an address in Guelph, on "Christian Socialism," said: "In many of our cities are to be found the sweat shops, in Montreal, Toronto and Hamilton, and even in Galt men are earning five dollars per week making shoes. It is easy, to talk of the sins of the Jews; it is easy for the congregation to crucify the Pharisees, but the danger is coming nearer home. You have heard, no doubt, of the recent combination formed by the furniture dealers. That company is offering preference stock at seven and a half cents, and have paid a profit of eighteen cents on the stock, yet in my own town I have known them to pay their employees eighty and ninety cents per week—not per day."

Maccabees Elect Officers.

At the annual meeting of the Knights of the Maccabees the following officers were elected for the ensuing year: Sir Knight Past Com., J. Morgan Shaw; Sir Knight Commander, E. H. Wartman; Sir Knight Lieutenant-Commander, J. Kinch; Sir Knight Rec. Keeper, C. F. Carnovsky; Sir Knight Chaplain, S. Burton; Sir Knight Physician, Dr. Herald; Sir Knight Sergeant, I. L. A. Colet; Sir Knight Master-At-Arms, R. A. Sloan; Sir Knight 1st M. of G., S. Forsythe; Sir Knight 2nd M. of G., C. Quinn; Sir Knight Sentinel, F. G. Eccles; Sir Knight Picket, J. Sweetman; trustees, I. L. A. Colet, P. H. Macarow, G. H. Wartman. James Sutherland was elected delegate to attend the annual convention to be held at Berlin, Feb. 28th.

First Annual Dinner.

Lieut. Col. Hudon, commanding "A" field battery, has received an invitation extended to himself and officers of "C" field battery who took part in the relief of Mafeking, to attend the first annual dinner of those who took part in that memorable engagement. The banquet will be served at Prince's hotel, Piccadilly, London, on Monday, May 16th. The local officers entitled to attend are: Lieut. Col. Hudon, Capt. Panet and Capt. Leslie. Capt. King, who was with the relief column, is now attached to Gen. Baden-Powell's constabulary. Col. Mahon, who commanded the relief column, will attend the banquet.

To Build Steel Tug.

W. B. Cuttle, general manager for the M.T. company, is in the city in connection with the awarding of contracts for the building of a new steel tug to replace the Walker, which foundered during the autumn of 1899. The new tug is wanted by July, if it is possible to have it ready by that time. The Kingston foundry is likely to secure the contract for the tug and engine; the boiler is likely to be built in Montreal.

They Carry The Union Jack.

The Y.M.C.A. basketball team, which left this afternoon to show the Watertown players a few tricks, wore on their sweaters neat union jacks, folded in the triangular form which represents the three sides of association work—physical, mental and spiritual. They declare they will win. Caretaker Wright, however, is not so sanguine, and is hunting up a piece of crape to sew on the sleeve of his coat.

Good News To Kingstonians.

We wish to have a little cutter talk with you. Drop in and see R. J. Spoor, next to the American hotel, Kingston, or Marysville, Wolfe Island. You are welcome to come in and look, whether you buy or not. See McLaughlin's, Oshawa, young men's cutter, and the "Premier." One grade only, and that "the best," prices right.

Under Four Sovereigns.

J.J. Otto, Frontenac street, is one of those few who have had the honor of living under four sovereigns. Born in 1828, he was therefore two years old when George IV died. Since then he has seen three other monarchs on the British throne—William IV, Victoria and Edward VII.

If you are tired taking the large old fashioned griping pills try Carter's Little Liver Pills and take some comfort. A man can't stand everything. One pill a dose. Try them.

SKIN TORTURE CURED BY DR. CHASE.

The Frightful Agony of Itching and Disfiguring Skin Diseases Compelled to Yield to the Extraordinary Antiseptic and Healing Influence of Dr. Chase's Ointment.

You will search the world in vain for a more effective treatment for itching skin disease than is Dr. Chase's Ointment. For children and grown people alike it acts like magic on every sore or eruption, promptly stopping the itching and stinging, and gradually healing the patches of raw, flaring flesh. Every claim made for Dr. Chase's Ointment is substantiated by the evidence of scores of hundreds of grateful people who have tested its unusual healing qualities.

This is the corp of the letter from Mrs. James Bradley, Ainberley, Huron county, Ont.: "I was afflicted with eczema for over six months, and it was so bad that my head was a solid mass of scabs, and would ulcerate when scratched. The itching was intense. I could not stand it. I had doctored for four months, and it did not do me any good. I had to give up my housework and go home to my mother. I tried nearly everything, but could get no relief. Seeing your advertisement in one of the Toronto papers, I decided to try Dr. Chase's Ointment.

"I got relief from the first application, and it only required one box and part of another to cure me. I am sure that Dr. Chase's Ointment is worth its weight in gold."

James Scott, 136 Wright avenue, of Toronto, states: "My boy Tom, aged ten, was for nearly three years afflicted with a bad form of eczema of the scalp, which was very unsightly, and resisted all kinds of remedies and doctor's treatment. His head was in a terrible state. We had to keep him from school, and at times his head would bleed, and the child would scream with agony. For two and a half years we battled with it in vain, but at last found a cure in Dr. Chase's Ointment. About five boxes were used. The original sores dried up, leaving the skin in its normal condition. To say it is a pleasure to testify to the wonderful merits of Dr. Chase's Ointment is putting it very mildly.

It is a waste of time and money to experiment with cheap imitations. You can be certain that Dr. Chase's Ointment will cure every case of eczema, salt rheum, or other itching skin disease. If your druggist does not have it, send the amount, 60 cents a box, to these offices, and the Ointment will be sent postpaid. Edmanson, Bates & Co., Toronto.

DR. J. COLLIS BROWNE'S

CHLORODYNE.

THE ORIGINAL AND ONLY GENUINE.

Chlorodyne is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

Chlorodyne is the best remedy known for Coughs, Consumption, Bronchitis, Asthma.

Chlorodyne effectually checks and arrests those too often fatal diseases: Diphtheria, Fever, Croup, Ague.

Chlorodyne acts like a charm in Diarrhoea and is the only specific in Cholera and Dysentery.

Chlorodyne effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation and Spasms.

Chlorodyne is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, etc.

From W. Vesalius, Pettigrew, M.D., formerly Lecturer at St. George's Hospital, London—"I have no hesitation in stating that I have never met with any medicine so efficacious as an Anti-spasmodic and a Sedative I have used it in consumption, Asthma, Diarrhoea, and other diseases; and I am perfectly satisfied with the result."

"Earl Russell communicated to the College of Physicians that he received a despatch from Her Majesty's Council at Manila to the effect that Cholera has been raging fearfully, and that the only REMEDY of any service was CHLORODYNE.—See Lancet, 1st December, 1864.

CAUTION—BEWARE OF PIRACY AND IMITATIONS.

CAUTION—Vice Chancellor Sir W. Page Wood stated that DR. J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the whole story of the defendant Freeman was deliberately untrue, which he regretted to say had been sworn to.—See Times, July 13th, 1864.

Sold in bottle of 1s. 1½d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government Stamp. Overwhelming Medical Testimony accompanies each bottle.

SOLE MANUFACTURER— J. T. DAVENPORT, 33 Great Russell street, Bloomsbury, London, Eng.
