COMMERCIAL MATTERS.

What is Going on in the Business World—The Market News.

English tea merchants are taking large quantities of tea out of bond in anticipation of increased taxation.

There are 2,000 silver mines in operation in Spain at the present time. One hundred are worked by English capitalists and the balance by monied men of France and Spain.

Russia has raised the duties on iron and steel imported from the United States as a retaliation for increased duties imposed on Russian sugar by the United States government.

The United States consul at Berlin reports that the German wheat crop last year was 3,841,165 tons, a decrease of two per cent. from the amount harvested in 1899. The output of rye in 1900 was 8,550,659 tons, a decrease of 1½ per cent. from the amount in 1899. Over 40,500,000 tons of potatoes were produced in 1900, and 7,091,930 tons of oats, a net increase in each case respectively of 5½ and 3 per cent. over the previous year.

COL. MACMILLAN HONORED

By Thanks of Veterans of 1866 For His Services.

Toronto Telegram.

Col. J. P. MacMillan, whose name is so well known in connection with the procurement of the medals which now adorn the breasts of the veterans of '66, was present at the compliment paid to Col. Otter by the presentation of the sword at the armouries by his former comrades on the evening of the 13th, and was also complimented by the adoption of a resolution expressive of their appreciation of Mr. MacMillan's efforts in their interests, especially for his indefatigable zeal to procure a grant of land to each, in further recognition of their services in repelling the Fenians in '66.

In acknowledging the compliment paid him by the resolution, Col. MacMillan intimated that through the liberality of the Ontario government they were to obtain a grant of 160 acres of land each in certain townships to be set apart for the purpose in the district of Nipissing. He had the honor of laying this project before the premier and the other members of the Ontario cabinet, and it was favorably received. In accordance with the reference on the subject contained in the speech from the throne at the opening of the house, he expects during the session a bill will be introduced enabling the government to carry out the long-deferred wishes of the veterans by giving them or their sons an opportunity of locating themselves upon their grants. The colonel was much applauded in resuming his seat.

Got The Horse Safely.

Herbert Babcock, of Odessa, who skipped out last week, taking a horse, goods and chattels belonging to others, is having troubles of his own. It is alleged that he has added bigamy to his other offences, having a wife at Odessa, and also one at Theresa, N.Y., where he wedded Miss Countryman. Constable Denyes, of Odessa, recovered the horse and rig at Adams, N.Y., but could not locate Babcock.

Dr. Third Critically Ill.

Dr. James Third was attacked yesterday by paralysis, and was in a very critical condition this afternoon. In attendance are all the prominent doctors in the city. Dr. Third is fully conscious. A consultation of the attending physicians was held this afternoon.

Dr. Wood, chief attending physician of Dr. Third, stated late this afternoon that hopes were held out for his recovery.

Faith Won.

Hundreds of men believing our report in Friday's Whig that we would sell any tie in the store for 25c. came in on Saturday and carried away from two to eleven each. Six was a favorite number to buy. We have received 150 dozen new 50c. ties for spring and all these will be added to-day and sold at 25c. until Saturday night. We now have 81, 75c. and 50c. ties for 25c., at Jenkins'.

Reported On The Convention.

The woman's auxiliary to the Y.M.C.A., held its regular monthly meeting for the transaction of business on Friday. Quite a large number of member were present, and reports of the convention were given by several of the members. At the close of the meeting a resolution was passed thanking all citizens who had opened their homes to delegates, or in any other way helped to make a success of the convention.

Writes The King.

London, Feb. 18.—There is an unconfirmed rumor that president Kruger has drafted a personal letter to king Edward, setting forth the Boer case and asking for his majesty's consideration.

In Very Bad Way.

London, Feb. 18.—The Times' correspondent at D'Aar, confirms the report that Dewet's commando is extremely exhausted and harrassed on all sides.

Weighed 676 Pounds.

Dresser, Ind., Feb. 18.—Mrs. John Jordan, died on Saturday from paralysis. She weighed 676 pounds and was the mother of thirteen children.

A VETERAN AT REST AT LAST

A NEW PAPER COMPANY HAS BEEN FORMED.

Commissioner Ogilvie to Resign—Found Remains of a Mastodon—Summoning of the Provincial Alliance.

Toronto, Feb. 18.—Donald Maclaren, aged 100 years, two months and seventeen days, died here early this morning. Mr. Maclaren, who lived through three reigns and under five British sovereigns, was born in Scotland and came to Canada in 1834. Soon after he settled in Perth, near Milton, Ont., where he lived until his removal to Toronto last fall.

The Spanish River Pulp & Paper Co. has been organized with a capital stock of a million and a half of dollars and a strong list of stockholders, who include Angus McLeod, Bracebridge; Charles McCool, M.P., Ottawa; John R. Barber, M.P., Georgetown; Hugh Sutherland, Toronto, and M. J. Dodge, New York. The new company controls large tracks of pulp and along the Spanish river and the construction of mills and development of water power will be proceeded with at once. The company will have $40,000 of stock on the market at once.

A special to the Globe, dated Dawson, Feb. 9th, says: "Commissioner Ogilvie stated through the Dawson public press last night that he will resign the office at an early date, and will leave Dawson. The entire remains of a large mastodon, in perfect condition, were found recently on Hunter creek. The bones are now in Dawson and will be taken outside for exhibition. George Thomas, St. Cyr, of Quebec, tried here on Feb. 5th for the murder of a man named Davis, at Hootalinqua, before judge Dugas, was found guilty and sentenced to death on June 7th."

Word has been received at the dominion alliance office here that the Manitoba branch of the alliance expects the judgment on the provincial prohibition law to be given at Winnipeg this week. In consequence, a provincial convention of the Manitoba alliance has been summoned for Thursday. It has sent a deputation to premier Roblin to ask for government action favorable to its cause. The Manitoba act, if confirmed, goes into effect on June 1st. Should it be declared ultra vires by the Manitoba court, it is said that the Roblin government will repeal the clause, putting it into effect on the date specified in the bill, the license system in that case continuing in operation, impending further judicial investigation. In any case an appeal to the highest courts is expected.

The court of appeal, this morning, gave judgment in the Scotten succession duty case, dismissing the appeal of the trustees of the estate against the levying of duty on $900,000 of deposits made by Mr. Scotten, a Detroit millionaire, in Ontario banks, before his death. The money was temporarily deposited in Ontario during the silver panic of 1896, and Mr. Scotten died before it was withdrawn. The lower courts decided that a succession duty of $45,240 must be paid, and the court of appeal has to-day refused to alter that decision.

The provincial estimates, presented by premier Ross, in the legislature, this afternoon, call for an expenditure of $3,782,426 as compared with $3,723,29 in 1900. The increase is practically all in the capital expenditure section under which $254,434 is required as compared with $193,479 in 1900. Among the unusual items are $10,000 for the queen Victoria statue; $2,000 for the Pan-American exposition, in addition to previous amounts and increase of the grant for technical education, from $2,500 to $10,000; for the survey of the townships in the north $20,000 will be required as compared with $10,000 last year.

Sergt.-Maj. Patterson, recently reported killed in action at Marlsburg, Cape Colony, on February 4th, according to later information was John Alex. Patterson, sergeant-major in the Canadian scouts. He went out with the seond contingent having enlisted at Maple Creek, Assa., where his brother, D. Patterson resides. He was a son of the late John Patterson, Toronto.

The authorities here have no information concerning the story that a Mr. Rowand, of this city, has been shot and killed in the west by engineer Depoirierre, of the dominion government service, because of racial disputes. If a fatality occurred the victim was John A. Rowand, of Jarvis street, who, with his family, has been living in Butte, Montana, for the past year. Mr. Rowand held decidedly aggressive views on the race question, but his relatives here refuse to believe that he is the person indicated in the western despatches. No news has been received at his city residence of the affair.

DESCRIBES THE ATROCITIES

Committed by the Allies in the Chinese Territory.

New York, Feb. 18.— George Lynch, an English war correspondent, who saw service in Cuba and South Africa, and was then commissioned by two London papers to accompany the allied forces on the march to Pekin, writes to the Herald a long description of the terrible atrocities by the allies, with which the campaign was accompanied. Mr. Lynch personally vouches for the accuracy of the facts he relates. He says:

"But it is to the Germans we must award the laurels of the outrage in this campaign. After marching into Pekin, leaving their paths stained with blood of hundreds of innocent people who had just ventured to return to their homes, the Germans established a military reign of terror in their portion of the city. Every day there were executions. One day sixty-eight were shot. They did not hesitate to resort to oriental methods for the purpose of extracting evidence from their witnesses. The treatment of their prisoners, as I can personally testify from what I saw, was most brutal." Mr. Lynch takes the missionaries to task for their looting.

Mr. Lynch thinks that the Chinese spirit of rebellion is still very active and will be revived in the spring.

Waldersee's Purpose.

Berlin, Feb. 18.—The Cologne Gazette publishes a despatch from Pekin which explains that Waldersee's new expedition is intended finally to clear the province of Chi Li of Chinese soldiers. It produces a wholesome dread among the Chinese. The German commissiart department has ordered a thousand transport waggons to be ready within eighteen days.

DEATHS FROM FIRE.

Old Lady of Eighty-Six Burned to Death While Alone.

Quebec, Feb. 18.—A despatch from St. Raymond states that Mrs. Reason, of Front Range, Bourg Louis, an old lady of eighty-six years, was found lying dead on the floor of her house on Saturday. She lived with her son, who with his wife, left the old lady alone while they went to Point Basse, some distance away, and on their return they discovered the remains of Mrs. Reason lying on the floor, with her clothing all burned and the house full of smoke. It is supposed she lit a match to find something, and in some way it ignited her clothing. As the body was not very much burned, it is thought she must have died from suffocation.

Joseph Hudon, late station agent of the Intercolonial railway, at Trois Pistoles, died Sunday morning, as the result of burns received while endeavoring to rescue his mother in law, who perished in the fire which destroyed the railway station there about a week ago.

WHAT CATHOLICS SHOULD DO.

Should Rescind Their Enactments Against Protestants.

Ottawa, Feb. 18.—Rev. J. F. Gorman, Grace (Anglican) church, last night, declared that the references about Roman Catholics in the coronation oath were placed there in self-defence and should not be expunged. Mr. Gorman said that if Roman Catholics really desire to abolish "such relics of bitter and barbarous times" as the coronation oath is termed, they should begin by rescinding some of their own enactments against Protestants; they should abolish the oath taken by their bishops to persecute and impugn with all their might all heritics and schismatics, and they should rescind the papal bull read in all their churches on Maunday Thursday, anathematizing all Protestant provinces and parliaments, and declaring them incapable of exercising sovereignity."

TRAINS WRECKED

And Three Men Killed—Traffic Badly Laid Out.

Amsterdam, N.Y., Feb. 18.—From Akron, three miles west of here, comes a report of a wreck that occurred this morning, involving a work train and two freights. The report says two or three were killed. One body has been brought here, and a man named Condon, a foreman of Albany, is at the hospital. Traffic is badly laid out. It will take till afternoon to get a track clear.

Engineer E. Bridendecker, Syracuse, and his fireman, Bilge, Syracuse, were instantly killed, as was brakeman Arthur Yoran, Albany. Engineer William Traverse, Albany, of the east-bound train, had a leg fractured, and fireman James Congdon, Albany, had his skull fractured. The engines were badly wrecked.

COL. VINCENT'S MOVE.

Will Suggest Consolidation of All Colonies on Commercial Basis.

London, Feb. 18.—Col. Charles Howard Vincent, conservative, is going to move that Canada, Australia, New Zealand, South Africa and other British colonies, be consolidated upon a commercial basis, and that Canada's example be followed by granting the empire's products fiscal preference.

Both parties generally agree that something of this sort is necessary, but nothing is likely to result, the leaders maintaing that the time and conditions are not yet ripe for such an important step.

SHOT A MINER

American Used a Revolver in a Drunken Row.

Winnipeg, Feb. 18.—John McCrae, a miner, of Wabigoon, was shot in the abdomen, at Dinorwic, on Saturday night by William Watson. McCrae was brought here for treatment. The shooting was the result of a drunken row. Watson is an American and was arrested a few weeks ago by detective McMurphy, of Rat Portage, for selling whiskey to the Indians. He then drew a revolver on McMurphy, but was persuaded not to use it.

Later—McCrae is dead.

The Figure Is $373,000.

It will surprise citizens to know that the Kingston light, heat and power company has asked more than $350,000 for its plant and franchise. The figures given Saturday—$350,000—were published on the assurance of a member of the light, heat and power company, that they "were not far astray." However, the figure which the company is willing to accept for plant and franchise is $373,000. Just what portion of this sum represents the alleged value of the franchise is not known on the outside. However, a meeting of the fire and light committee was called to meet at four o'clock this afternoon, when the offer of the company was to have been laid before the members.

Gave A Denial.

Montreal, Feb. 18.—C. E. Usher general passenger and ticket agent of the C.P.R. system, reached the city on his return from his western trip on Saturday. While away Mr. Usher visited S.S. Marie, Minneapolis, Duluth, St. Paul and other western points. When asked if it had any bearing on the Manitoba government Northern Pacific deal he replied very emphatically in the negative.

Buying Coal Fields.

Wheeling, W. Va., Feb. 18.—Samuel Kinsey, president of the Inter-State coal company, is authority for the statement that a New York syndicate, of which J. P. Morgan and John Rockefeller are the leading spirits have bought the entire Fairmont coal fields for $14,000,000 and are now conducting negotiations for the purchase of the Yarkburg or Harrison county coal fields.

Secured The Caspian.

H. H. Gildersleeve, general manager of the Lake Ontario and Bay of Quinte navigation company, has leased the steamer Caspian, of the R. & O. navigation company, for next season. The Caspian will run in conjunction with the steamer North King, between Rochester, Kingston and the Thousand islands. A daily service will thus be provided.

Plans are being prepared for a new system of heating and plumbing, and for otherwise modernizing this fine residential property, after which it will be offered for rent again.

The March Smart Set has a novelette by Mrs. Burton Harrison, "The Unwelcome Mrs. Hatch," perhaps her strongest and most dramatic story. There is also the $500 prize story, by Henry Goelet McVickar. It is a tale of Monte Carlo and the Riviera, vivid in its coloring and instinct with the enchantment of the whirling wheels of fortune. Edith Bigelow, Bliss Carman, Ella Wheeler Wilcox, Edith Sessions Tupper, Gertrude F. Lynch, Gwendolyn Overton and John Regnault Ellyson, are contributors.

FINANCIALLY RUINED.

This is Spain's Condition—Cause of the Disorders.

Madrid, Feb. 18.—Senor Silvela, the former premier, said to-day, in an interview, that the present disorders in Spain were the outcome of the American war. He says Spain is financially ruined. The Cuban debt is largely responsible for this. Party machinations, he says, may cause a ministerial crisis, but the effect of this will not be important.

Married At St. James' Chapel.

A pleasant ceremony took place this morning at St. James' chapel, when Rev. Fr. Meagher joined in the bonds of matrimony J.
