FOR THE GRIP.

You have Heard of Many Remedies —Did You Ever try This One.

Everybody you meet on the streets nowadays either has just had the grip, is coming down with or has a sure cure for it.

The disease has been a puzzle to physicians s...e its appearance several years ago, and it is as much of a puzzle to-day as it was then. It exhibits such a variety of symptoms in different individuals and leaves such disastrous results after apparent recovery, that as yet its prevention and cure has baffled medical science.

However, there is no doubt, but that the grip is catarrhal in character and the leading symptom in nearly every case is increased secretion in the head and throat, in fact the first indications of la grippe are those of a cold in the head which extends to the throat and lungs.

Dr. Johnson Ames advises as the safest course to pursue on the first appearance of grip symptoms to keep to the house for a day or two and take Stuart's Catarrh Tablets every hour the first day and every two hours the following day and states that this will break up the trouble before it becomes deep seated.

These catarrh tablets are antiseptic and harmless and prevent fever and the further development of grip germs and ward off the ever-present danger of pneumonia.

Dr. Gerald Simpson, says: "I have found Stuart's Catarrh Tablets a pleasant and thoroughly reliable remedy for grip, especially with elderly people with whom this prevailing disease is always dangerous; the tablets can be found at any drug store and if used freely during the first few days of the attack will break it up.

La grippe is a catarrhal affection, the germs are in the air and no one is proof against it, but the timely use of Stuart's Catarrh Tablets will prevent any serious results.

New Pillow Shams in Marlin, Brussels Lace, Renaissance Lace and Linen from 65c. a pair to $10.00 a pair.

Table Doylies in sets of 5 pieces, at 50c and 6 in a set.

New Cushions, Satin filled, Velour Centres, at $1, $1.25 and $1.50.

Sleeplessness
Nervousness
Tiredness
Weakness
Dizziness
Restlessness
Forgetfulness

These are all caused by the weakened condition of the nervous system.

If you are troubled with any of the above we strongly advise you to give Milburn's Heart and Nerve Pills a trial as this is what they are indicated for. Read what the following people have to say:

Murray Harbor South, P.E.I., Oct. 4, 1900.
MESSRS. THE T. MILBURN CO., LIMITED, Toronto, Ont.

"Some time ago I was weak, nervous and run down, and seeing Milburn's Pills advertised I procured two boxes, and after taking them I was cured."

EDWARD J. JORDAN.

Nile, Ont., Dec. 2nd, 1899.

"When I first started taking Milburn's Heart and Nerve Pills I was very weak and nervous, and would often wake up with fright, and it would be impossible for me to go to sleep again for some time.

"I also had dizzy spells, and shortness of breath. After using the Pills, I cannot say enough for them as they have done me so much good."

MRS. SAMUEL KERR.

Blanche, N.S., Oct. 9th, 1900.

"I was very nervous and easily excited by the least little thing. I took one box of your Milburn's Pills, and found them just what they are recommended to be for nervousness."

TO PURCHASE NEW HOSE.

A NEW SUPPLY IS FOUND TO BE NECESSARY.

May Also Purchase a New Reel and Exercise Waggon—To Take Daily Readings of the Water Pressure—Chief to Make Weekly Reports.

Chairman Farrell convened a regular meeting of the civic fire and light committee yesterday afternoon, there being present: Alds. King, Toye, Craig and the city engineer.

W. Nichols, V.S., and G. W. Bell, V.S., applied for the position of veterinary to the fire department. Fyled for the time being.

The chairman stated that the resignation of W. J. Morgan, V.S., had been received, but had not been dealt with by council.

Chief Elmer reported that one hose reel of the department had been sold five or six years ago; last year a second reel that was not of any account, was broken up and sold for old iron.

Ald. Craig asked what had become of the proceeds of the sale of these reels, and chief Elmer replied that ex-chief Youiden had stated that the proceeds had been turned into the city treasury.

Ald. Craig thought it would be an advantage to have a reel. If one could be obtained for $50 he would advise giving the chief what he asked for.

Ald. Toye pointed out that it would be more reasonable to furnish a waggon for exercising the horses of the department; it would cost from $100 to $150. There were many little matterms needed that were more urgent than a reel.

Chief Elmer stated that a reel was urgent; in fact the department should have two.

Ald. Craig stated that a reel was needed just as much so as a practice waggon.

Chief Elmer said that the old lumber waggon in use at the upper station made a great noise and there were many complaints against its use.

The chairman stated that the commitee "could not afford rubber tires tires this year."

The chairman further stated that the firemen required leather belts, and new covers would have to be provided for the firemen's beds.

The chief informed the committee that a citizen had volunteered to trade a light spring waggon for the lumber waggon at present owned by the department, for a small cash consideration.

The matter of providing a waggon and hose reel was left with the chairman and Ald. McFarlane to look into the question of cost and report to the committee.

The question of securing prices for hose supply was referred to the city engineer. Prices of both first and second grade hose will be obtained. A new supply of steam hose will also be obtained for the chemical engine.

Chairman Farrell presented a draft of a report to be made out weekly by the chief of the department, showing number of calls, men absent, etc.

Ald. Craig asked to have a daily record kept of the water pressure, and advocated a register independent of the one kept by the water works department. He thought a gauge should be placed in the upper station and have the chief take readings at different hours each day.

It was decided to transfer the gauge from the Ontario to the Brock street fire station, and to have readings taken twice daily, at six in the morning and six in the evening. The gauge will tap a large water main and will give fairly accurate readings. The daily readings will be included in the weekly reports, which will be fyled in the office of the city engineer.

It was also decided to place a telephone in the residence of the city engineer, the cost to be borne equally by the fire and light, board of works and water works committees.

Waterworks Committee.

The water works committee, the flock over which Ald. Walkem presides, met yesterday afternoon at half past four o'clock. There were present the chairman, and aldermen King, Armstrong, O'Brien, Shaw and McMahon.

The reference from the council regarding the flushing of public and private sewers was discussed. Aldermen Shaw and McMahon claimed that the firemen should continue to do the work; they had plenty of time and were paid for more work than they did. Alderman King wanted the matter referred to the board of works. Superintendent Hewitt stated that it was impossible for the water works employees to undertake the work. On motion, the committee decided that the flushing would still have to be done by the fire and light committee.

Chairman Walkem stated that the sub-committee had not yet come to a conclusion regarding the claims of Wellington street residents for damage done by the main bursting last month.

Ald. McMahon—"Is that all, Mr. Chairman, that you have called us together for?"

Chairman Walkem—"Oh, you have nothing else to do; if you think the meeting too short, I'll give you an account of my trip to Atlantic City.

But Ald. McMahon didn't care to hear about the trip.

Ald. Farrell appeared and asked that the water works committee pay one-third of the cost of a telephone for the engineer's house, and receiving a favorable answer, bowed his way out to carry the glad tidings to the fire and light committee in conference.

Superintendent Hewitt displayed two pieces of lead water pipe showing the effect of electricity. This pipe was six feet underground in front of the K. & P. railway station, and was decomposed by the electricity from the street railway tracks. The matter was referred to the city solicitor, who will see if more protection cannot be secured from the company.

"The most wonderful medicine for all bronchial affections."—HON. MRS. PERRY, Castle Grey, Limerick, Ireland.

BROWN'S BRONCHIAL TROCHES

The fac-simile signature of [illegible] on every box.

PERSONAL MENTION.

Movements of the People — What They Are Saying and Doing.

A. C. Mackay, Rentrew, was a visitor in the city to-day.

John H. Scott, Ogdensburg, N. Y., is spending a few days in the city.

John Randolph returned yesterday from Cornwall, where he visited friends.

Miss Ethel Dennee, Bath, the guest of the Misses O'Donell, Barrie street, returned home to-day.

W. W. McLaren, M. A., Queen's, will assist Rev. D. J. McLean, Arnprior, during the college vacation.

Robert Stevenson, of Bajus' brewery, returned to-day from Hamilton, where he attended a convention of brewers.

Frederick Hembrook, a baker employed in Crothers' King street shop, will leave shortly on a visit to the old country.

Prof. Cappon, of Queen's, has written a book on "Britain's Title in South Africa," which is to be published next month.

Miss Sutherland, Hamilton, has been engaged as domestic science teacher by the Stratford public school board at $500 per year.

Alexander Tyo, Weston, Md., a former Kingstonian, is in the city visiting friends. He is negotiating for the purchase of Congress hall.

John Carroll, of W. Carroll & Co's establishment, Princess street, will leave early next week for New York, where he intends to spend a year.

George Thompson, machine operator with the Daily News, will leave shortly for Winnipeg, where he has secured a good position on a morning paper.

Col. Johnson left this morning for Picton to prepare for the appearance there of Prof. Vernon. From Picton, Col. Johnson and his protege will go to Ottawa for one week.

H. W. Weller, representing the Babcock & Wilcox company, Montreal, whose boilers will be used to heat the new buildings at Queen's college, was in the city yesterday on business.

James Bewes returned yesterday from Montreal, where he spent three weeks in the Y.M.C.A. gymnasium, training for a physical director. He has a position in view not a thousand miles from Kingston.

Last week master Bruce McMahon shot a pretty grey owl on William street. He presented it to his aunt, Mrs. Doward, who had it mounted and has taken it to Toronto, where it is very much admired.

Queen's Journal: The first man of this year's graduation class in theology to receive a call is James Anthony, M.A. This honor is generally reserved for a member of the married men's protective association. However, James informs us that he will make it all right. His Macedonia is Watertown, where he did very efficient work last summer.

SUTHERLAND BROS'. OPENING.

A Unique Departure in The Shoe Line.

Sutherland Bros., boot and shoe merchants, Princess street, introduced a unique departure in the shoe trade by having a formal opening, their spring goods being all in stock. The store was prettily decorated with festoons of white and gold, palms, etc., while here and there on small oak tables were displayed dainty wares that ladies declared to be "just too lovely for anything." The public were invited to call and inspect the latest and best ideas in American manufactured goods, the same as are now on view in Boston, New York, Chicago and other leading cities. The newest styles for ladies are beautiful creations, the very acme of the shoemaker's art, while those for men are of the bolder, broad-toed pattern. For ladies patent leather will be greatly worn. Tan boots still hold sway among the men, though there is a brisk demand for patent leather. In ladies wear, the leading make is the "Queen Quality," and among the store decorations was a beautiful and artistically framed portrait of queen Louise of Austria, from whom the title "Queen Quality" was derived. Throughout the day and evening thousands called and were politely shown the new styles by the obliging clerks, being all the while entertained with sweet music by a large symphonium.

Never Reads Tory Papers.

In the dining room of Sproule's hotel, Odessa, is a clever oil painting of the proprietor, Thomas Sproule. The picture was executed by a village teacher, and is a very true likeness of this, one of the oldest residents of the village. Now, it is claimed in the country roundabout, that Mr. Sproule was never caught with a tory paper in his possession. He is a liberal, through and through. So it is not surprising to see, when one glances at the picture, a copy of the Whig lying on his knee, and a look of perfect satisfaction on his face; while, protruding from a pocket, is a copy of the Toronto Globe. Natural as life, the portrait is greatly admired by every guest of the hostelry.

A Time For All Things.

One result of impoverished blood is cold hands and feet, and pains in the back. If these are neglected serious consequences will follow. At a trifling expense Wade's Iron Tonic Pills will positively cure those troubles by making new rich blood and toning up the system generally. As a blood maker and nerve strengthener, they have no equal. Fifty pills in a box for 25c. at Wade's drug store.

Sentenced To Thirty Days.

Gr. Lamoreux, of "B" field battery, has been sentenced to thirty-six days in the cells for desertion. A district court-martial imposed the sentence, which was read on parade yesterday. The district enquiry board has declared Gr. Clark, of "A" field battery, a deserter. He has been absent twenty days.

This Evening's Attractions.

Sweetest music and latest styles of young men's hats to-night, at George Mills & Co's new store, on Wellington street.

Miller's Headache Powders cure headache in five minutes. In boxes 10c., and 25c., at Wade's drug store.

Miller's Grip Powders Cure. Sold by E. C. Mitchell.

INCIDENTS OF THE DAY.

PARAGRAPHS PICKED UP BY OUR BUSY REPORTERS.

The Spice of Every Day Life—What the People Are Talking About—Nothing Escapes Attention.

Try Oak Hall hat depot.

The wrinkles of the heart are more indelible than those of the brow.

The thermometer registered twenty degrees above zero this morning.

To cure the grip in two days, Laxative Bromo-Quinine removes the cause.

Nothing succeeds like success, and nothing fails like telling how to get it.

What a pleasant world this would be if things we kick at wouldn't kick back!

The purchaser of the schooner Burton is here from Port Hope to fit the vessel out.

See our line of colored shirts at 50c. Sizes from 12½ to 17½, at Bert Prevost's, Brock street.

The world sees the best side of some people, and the worst side of others, but God sees us all as we are.

Ramsay's Paints, oldest and best in Canada, for sale by W. A. Mitchell and S. J. Horsey, Kingston. See ad. on page five.

To resist trifling temptations strengthens the character, and enables us to stand firm in the face of great temptations.

Cameras from $1 to $30, complete instructions with each one. E. C. Mitchell.

The sergeants of the 14th regiment will meet next week to perfect the organizing of their mess. They hope to keep it "going" all the year around.

Miller's Drink Cure has made thousands of happy homes. Sold by E. C. Mitchell.

The work of razing the jail wall, on the north and east side, was begun yesterday. Care will be taken to erect a new wall that will prove substantial.

Tomatoes, corn, peas, beans, pumpkin, beets, asparagus, best brands only; every tin guaranteed. Jas. Redden & Co.

Capt. A. Dunlop has been appointed local sales agent for the Ozydon company, Toronto, who are sole dealers in Ontario for Dr. Sanche's Diaductive Discoveries.

Must not be confounded with common cathartic or purgative pills. Carter's Little Liver Pills are entirely unlike them in every respect. One trial will prove their superiority.

Picton Times: Mr. McFarlane has sold his dog Caesar to Dr. Platt for a fancy price. Caesar will accompany the doctor on his rounds through the penitentiary as a sort of body-guard.

Secure "The Easter Herald," it will surpass all others, a beautiful paper for 10c., at Nash Bros'. news stand, Hotel Frontenac, on Monday, April 1st.

The Rathbun company is busy along the line of the K. & P. railway buying and measuring pulp wood and logs of all qualities. At Flower Station alone the company has 2,000 cords of wood.

Red cherries, white cherries, apricots, peaches, pears, plums, pineapple, raspberries, strawberries, blueberries, all in tins, guaranteed best quality. Jas. Redden & Co.

Yesterday afternoon a freight car being hauled to the Frontenac elevator, left the rails at the foot of Clarence street, and had to be jacked up before the wheels could be put back astride the rails again.

Jeremiah Redden, No. 7 Cowdy street, Kingston, Ont., had rheumatism in the back (lumbago) for two years. Five bottles of Dr. Hall's Rheumatic Cure cured him. This preparation is used internally. Price, 50c. per bottle. For sale at Wade's drug store.

The 14th Band And The Queen's Funeral.

An exact reproduction of the great funeral procession, the band taking the musical parts, by the Waragraph Co., city hall, Wednesday and Thursday, April 3rd and 4th.

Hats And Caps.

Head comfort in stylish patterns. All sizes, all shapes for all peoples' heads. Oak Hall.

ROUGH SPOTS.

Good Food Smoothes Them Over.

There is probably nothing in the world that produces as much happiness as the peculiar feeling that comes over the mind when well fed with nourishing food that particularly rebuilds the brain, and makes everything on earth have a rosy tint. Ambition is renewed, spirits are of the most sanguine, and confidence has restored that feeling within us which carries us over the rough places."

So writes a man who was built up from a wretched invalid to a fine condition of health by changing his diet and using Grape-Nuts Food.

"There is no sense of enjoyment equal to that of being well physically and mentally. I can hardly realize that such a transposition has been made. From being ill-tempered and disagreeable I have changed to something like enjoyment of the society that I had grown to avoid. From feeling that life was not worth living I now feel that I would like to live always.

I enclose a sample of my handwriting showing my nervous condition before using Grape-Nuts Food, and you can compare it with my signature to this letter."

The writing done while he was in a nervous, ill-fed condition is shown on an old time check and reports a series of dates when he was absent on account of sickness. His signature was made in lines that consist of minute waves or wiggles, showing the desperately weak condition, while the signature to the letter is remarkable for its clear penmanship.

It is the old story over and over again that when a man is broken down because he exhausts the gray matter in the nerve cells and brain from over work and improper food, he can rebuild that gray matter by using Grape-Nuts, for this food contains phosphate of potash direct from the natural grains of the field, and this, united with the albumen of the grains make the only combination that will rebuild this peculiar soft, gray substance.

CITY AND VICINITY.

Bring Them In.

Bring in the little fellows for their suits. We can dress them for play or parade. Oak Hall.

20th Century Hats,

The latest product of British skill is the "Sylkfelt Hat," price $2.50. Gorge Mills & Co., Wellington street. Sole agents for Kingston.

Dr. Agnew's Ointment Cures Piles.

Itching, bleeding and blind piles. Comfort in one application. It cures in three to six nights. It cures all skin diseases in young and old. A remedy beyond compare, and it never fails. 35c. Sold by E. C. Mitchell and G. W. Mahood.—63.

Have You Seen It?

George Mills & Co's new hat store, on Wellington street, will be open this evening, filled with the largest assortment of new and natty felt hats and caps for men and boys ever shown in this city.

Luncheon And Sale Of Work, Etc.

The church women's aid society of St. George's cathedral intend having a luncheon and sale of work in St. George's hall on Thursday, April 11th, for the benefit of the cathedral organ. The ladies are working hard to make it successful.

Voted With Government.

In the discussion on the budget in the house of commons on Thursday night, Hiram Calvin (Ind. Cons., of Frontenac), said he would vote with the government, and against Mr. Borden's amendment, but he did not want it to be understood that he was in favor of the administration of the government at every point.

To Settle Disputes.

It is expected that on Monday, an officer from Chicago, a member of the general executive, will be in the city to settle a private dispute in one of the unions. While here he will also enquire into the broom makers' trouble. He has full power to give decisions, and these decisions will be backed by the international union.

Want The Sabbath Kept.

All the local barbers signed the petition for presentation to the Ontario government, asking that Sunday closing be clearly set forth in the Sunday laws of the province, and be made compulsory. At present the law is not clear, and a Hamilton judge refused to convict a barber for doing business on Sunday.

Kidney Experiment.

There's no time for experimenting when you've discovered that you are a victim of some one form or another of kidney disease. Lay hold of the treatment that thousands have pinned their faith to and has cured quickly and permanently. South American Kidney Cure stands pre-eminent in the world of medicine as the kidney sufferer's truest friend. Sold by E. C. Mitchell and G. W. Mahood.—62.

Another Clever Performance.

Another bumper house greeted Prof. Vernon, hypnotist, at Victoria theatre, last evening, and all went away highly pleased. The first part of the programme consisted of mind-reading feats, all cleverly performed, though of a difficult nature. The second part was devoted to hypnotic feats, fourteen subjects being under control and furnishing more amusement than a circus, minstrel performance, and the proverbial barrel full of monkeys all rolled into one. To-night will be Prof. Vernon's last appearance here.

Now Duly Organized.

The charter, seal, constitution, etc., of the longshoremen's union arrived yesterday. Last night the union met, when fully forty members were present. Another meeting will be held on Monday night to complete organization. The union is affiliated with the international longshoremen's association, Detroit. Unions have recently been formed at Collingwood and Midland, Ont., and at Victoria, B.C. Three representatives from the local union will to-night attend the meeting of the trades' council, for the first time.

A Test Fire Call.

Last night at ten minutes past eleven o'clock the fire brigade was called to the alarm box at Queen's college gate where mayor Kent and members of the finance committee were in waiting. The men from No. 1 station reached the box in five minutes, and those of No. 2 station in four minutes. The former had five more blocks to traverse; and two more turns than their comrades of the upper station. The roads were in so rough a condition that fast driving was impossible. The time made was very good, considering the bad roads, and the fact that the firemen had to leave their beds.

A "Hat Opening."

There are millinery openings and "shoe store openings," and now another merchant is seriously thinking of holding a "hat opening." If one is held an appropriate selection for the band to play would be, "Where Did you Get That Hat." Among the new styles, one guaranteed to fit the head on the morning after the night before would be very popular. A hat that a man couldn't talk through would also be in great demand. We don't want any hats "like our mother used to make." It would be well to conduct the "opening" under the patronage of the husbands' protective association.

Home From The North.

William McParland, who went out to the Klondyke about a year ago, has returned to the city, being forced to come back on account of illness; he had both feet frozen and as soon as he was able to be around he left the far north so as to receive medical treatment for his feet. He was at Dawson, White Horse, Fort Selkirk and other noted places in the Yukon, and was in a fair way of making money had he not been so unfortunate as to be touched by the frost. He says that the best way to mine is for three or four men to go together, so that one may be left at home to cook, etc., while the others dig and delve for gold.

PREPARING FOR FOOTBALL

NEARLY ALL QUEEN'S PLAYERS WILL BE BACK.

The Premier Centre Scrimmage Will be Missing—Ice Yachts Collide—A Handy Volume for Baseball Players — A Unique Yacht Building at Hamilton.

The ice yachts Whistlewing, owned by W. C. Kent, and Kestrel, owned by Dr. Black, while spinning around in the harbor yesterday afternoon, collided and sustained considerable damage, both being dismasted.

The iceyacht Whistlewing, owned by W. C. Kent, was badly smashed in yesterday's race. It was struck by the Kestrel, going at a fast speed. Fortunately no one was hurt, a very "strange" thing. The Kestrel was but slightly damaged.

Reach's baseball guide for 1901 is to hand, enlarged and full to the brim with baseball information. The revised rules of the game are included as well as the tables showing records of all the players of the big leagues, sketches of history of the leagues, failures, etc. It is a most useful volume, and every baseball player should have a copy.

Of Queen's champion rugby team last fall, these players will again be in the game next season: Full back, Simpson; halves, Clarke, Weatherhead and Walkem; scrimmage, Shirreff; wings, Etherinton (Capt.), Devitt, Hill, Young, Britton, Williams, Carr-Harris, Canada's greatest centre scrimmage, will be missing. "Chauncer" Elliott, McDowall and Tupper McDonald may also change their last season's jerseys, for the red, blue and yellow. Dalton will play quarter back, and it will be his last season. For the scrimmage Capt. Etherington has his eye on two Lilliputians, McMillan, of '03, medicine, and Watson of '04, arts, each carrying over 190 pounds of sturdy Glengary brawn. Queen's prospects are excellent.

FOOD AND FUEL CLUB.

The Charity Circle Provided Its Annual Tea.

The annual entertainment and tea given by The Charity circle of The King's Daughters, to the members of the Food and Fuel club, was held in St. Andrew's hall on Thursday night. The hall was filled with women and children, all of whom thoroughly enjoyed the evening. The programme included an address by Miss Machar; piano solo, Miss Lettice Tandy; song, Miss Pierce; song, Miss M. McMorine; talk on home nursing, Miss Flaws. Then there was intermission for half an hour, while refreshments were served. After tea there was an address by Miss Strange; solo, in Japanese costume, Miss Hamaguchi; duet, Miss Rose Kirkpatrick and Miss Isabel Ross, closing with the national anthem. Miss Flaws' address was very interesting, a practical talk on the care of a sick room, with some important "don'ts" thrown in. Miss Chalmers and Miss Moak gave a demonstration of how comfortable a patient can be made by trained nurses, and it is supposed that many in the hall carried away knowledge that will be of service to them when sickness enters the home. The innovation was a bright addition to the usual concert programme. Another very attractive feature of the evening was Miss Hamaguchi's appearance in native costume. She knelt on the platform and played her Japanese mandolin, after which, (by request) she recited the Lord's prayer in Japanese.

One hundred and eighteen women contributed to the food and fuel club this year, and the collections amounted to $550. The Charity circle allowed $21 interest on that amount. Ten new members joined the club on Thursday night.

The largest amount saved by one member this year was $20.05. The smallest amount was ten cents. The collectors begin their work in May and finish in December.

The members of The Charity circle who served at the tea were: Miss Strange, Mrs. Campbell Strange, Miss Etta Macpherson, Miss Deacon, Miss Lesslie, Miss Lettice Tandy, Miss Brownfield, the Misses Ross, Miss Britton, Miss Florence Cunningham, Miss Rose Kirkpatrick, the Misses Callaghan.

Real Irish Tweed.

Golf caps. You might as well have the choice of the largest stock even if it is only 25c., 50c., or 75c. cap. Oak Hall.

Given Away To-Night.

A souvenir hat brush will be given free with every hat sold this evening at the opening of George Mills & Co's new hat store, on Wellington street.

A Week's Mission.

John Currie, pastor of the Inspector street church, Montreal, will conduct a week's mission for young men in the local Y.M.C.A. building, beginning Monday, April 8th.

Spring Overcoats.

New top coats. How about it? Every clothing store claims to have "the best." Our coats are here to look at, come in. Oak Hall.

Ladies! Take Miller's Compound Iron Pills if you would have nice, clear complexions. Sold by E. C. Mitchell.

Just arrived, the latest in men's and boys' colored shirts, at Bert Prevost's, Brock street.

Spring top coats. Oak Hall.

"77"

A Cold is usually caused by checked circulation, known by a chill or shiver. Dr. Humphreys' "77" starts the blood coursing through the veins until it reaches the extremities, when the feet warm up and the Cold or Grip is broken, while its tonicity sustains the flagging energies.
