Prince Edward Island

Farmer compelled to stop clearing up his farm.

There is no healthier life in the world than that of the farmer—yet as a rule farmers work too hard. They toil early and late, through the broiling sun in the summer and the blizzard blasts of the winter, and they have to suffer for it because the kidneys cannot stand the strain put on them and backache often follows. Here is what Mr. Job Costain of Mininegash, P.E.I., has to say about what Doan's Pills have done for him:

"In the Spring of 1900 I started to clear up a piece of land, but had not worked many days before I was taken with a very lame back, and of course was compelled to stop work. The trouble seemed to be down in the centre of my back and my right side and I could not stoop over. I got a box of Doan's Pills and before I had taken the whole box I was completely cured and was able to proceed with my work, and I take great pleasure in recommending them to all farmers who are troubled as I was."

NAPANEE CHEESE BOARD.

BOXES BOARDED—BID OF 8c. REFUSED.

Home From Chicago—Improvements to a Street — Thirty Horses Rejected by the Government — Movements of People.

Napanee, May 16.—At the cheese board yesterday afternoon 685 boxes of white cheese were offered, by the following factories: Phippen, No. 2, 45; Union, 35; Metzler, 80; Odessa, 60; Excelsior, 50; Selby, 150; Phippen, No. 1, 50; Palace Road, 75; Newburgh, 100; Napanee, 40. A bid of 8c. was made, but no sales. The following buyers were present: Bissell, Alexander, Thompson and Van Luven.

Col. Dent, of the war office, was in town Monday and Tuesday inspecting the horses purchased for the department. Out of some sixty horses, only about thirty were selected. The animals chosen were a fine looking lot, and were shipped yesterday for Montreal, there to be trained for the South African service.

Rev. F. S. Rockwell, Norwood Park, Chicago, is home for a short visit with his father, W. A. Rockwell, John street. Mr. Rockwell is rapidly recovering from recent illness. The trouble was not Bright's disease, but a severe attack of indigestion. He will soon be about again.

The north side of Bridge street, from John to West streets is undergoing some very necessary improvements, which will greatly improve this thoroughfare. The fences all along this portion of the street are being torn down and a boulevard laid out. A granolithic walk will also shortly be placed on this street.

A. Fairbairn is fitting up the vacant store in the Henry block as a restaurant and ice cream parlors for the coming season. He expects to conduct the two stores. W. R. Gordanier was in Bath on Tuesday paying the patrons of the Bath factory their cheese money for April.

James H. Downey, Whitby, was in town for a day or two this week. B. M. Black, Stirling, has taken a position with the Robinson Co. Leeman Sherwood, Kingston, is spending a day with his parents, Mr. and Mrs. H. B. Sherwood, Piety Hill.

The change of temperature for the last few days has resurrected once again the overcoats and heavy wraps, and even furs were found none too warm in the evenings. There was some slight frost, but from reports nothing serious was the result.

Late John W. McLean, Picton.

John W. McLean, Picton, who died last Sunday, was proprietor of the Picton Times for the last sixteen years. Up to a few days before his death, he performed his duties, but the ravages of disease gained complete mastery, and a useful life was ended. Deceased was born in the township of Dumfries, Waterloo county, in 1832. Early in life he taught school, and then entered newspaper work. He conducted the Ayr Observer for several years, but was forced by circumstances to return to school teaching. For several years he was principal of Dundas public school. Again returning to journalism, Mr. McLean became editor and publisher of the Cornwall Freeholder, until sixteen years ago, when he took over the Picton Times. Mr. McLean was an ardent student, a ready, fluent and forceful writer, and left his impress upon the community. He was a liberal and a Presbyterian. A widow, one son and two daughters survive. The remains were laid to rest in Glenwood cemetery. Rev. D. G. McPhail conducted the burial service.

In Very Bad Health.

London, May 17.—The health of Gen. Gatacre still causes anxiety. His injuries in the Point-To-Point races have turned out more serious than at first thought, for, in addition to breaking his collar-bone, three of the general's ribs were injured, and he suffers great pain from deep-seated internal bruises.

DISTRICT DASHES.

News of the District Condensed From the Whig's Exchanges.

After a year's stay in Cadillac, Mich., Mr. and Mrs. William Campbell have returned to Lanark.

George Wiltse, of Athens, aged eighty-five years, died on Tuesday. A wife and three children survive him.

Mrs. McCann, wife of inspector McCann, of Perth, died Tuesday as the result of a long illness from consumption.

William Kinghton, an Englishman, who swindled J. C. Hanley, Belleville, last Monday, was arrested on Thursday afternoon.

Postmaster Makepeace, of Alexandria Bay, recently received from the department a notice of an increase of $100 in his salary.

Elah Alford, appointed temporarily, lockmaster at Davis' locks, on the Rideau, has been permanently appointed to the position.

On Tuesday, L. M. Brown, formerly of Athens, was married in North Williamsburg to Miss Flora, daughter of Lawrence Dillabough.

Caldwell's drive, consisting of some 13,000 pieces of logs and timber, has arrived at Drummond's Rapids and will be down in a few days.

Judge McTavish, Ottawa, and J. H. Burritt, Pembroke, will be two of the celebrators to decide the value of Almonte electric light plant.

Lela, second eldest daughter of Mr. and Mrs. V. R. Marshall, Brockville, died on Thursday, aged twenty-four years. She was a very charming young lady.

Angus Buchanan, one of the most prominent figures in public and private life at Kemptville, died on Thursday, aged forty-four years. He leaves a widow and three children.

Belleville branch of the Lord's day alliance elected these officers: President, Rev. Dr. Galbraith; vice-president, Dr. Elliott; treasurer, W. B. Riggs; secretary, William McIntosh.

Chester Haskins, Philipsville, for many years manger of the grist and saw mill there, has, because of failing health, transferred the management and proprietorship to his son, R. C. Haskins.

DEFENDED THE BIBLE.

Bible Is Not a Mere Vehicle Of Stories.

Toronto, May 16.—During a discussion on higher criticism in the synod of Toronto and Kingston yesterday, some rather liberal views were expressed regarding the bible, by the speakers, who included principal Grant.

Dr. Gregg rose in a state of emotion, and said that as a bible student of sixty years standing he could not conscientiously remain silent. He did not believe, as some would lead him to think that they did, that the bible is a mere vehicle of stories. He did not believe that the book of Leviticus is a series of falsehoods. "I raise my voice against such sentiments as these," concluded Dr. Gregg, "for if such are to be uttered by professors and doctors of divinity we would soon all be infidels."

ANOTHER COMBINE.

Consolidation in Agricultural Implement Manufacture.

Toronto, May 17.—Another big consolidation in the agricultural implement trade is under way. The Frost & Wood company, Smith's Falls, has purchased the buildings, plant and good will of the Coulthard Scott company, Oshawa. The latter company manufactures seeding and cultivating machinery while the Frost & Wood company has heretofore confined its output largely to harvesting machinery. R. J. White, of the Frost & Wood company, stated that the company would enter into possession of their property at Oshawa on June 1st next.

Whoa!

Pull up the reins when you get to R. J. Spoor's agricultural warerooms, Marysville, Wolfe Island, and next door to the American hotel, opposite city market, Kingston.

Drop in and we will enjoy a little chat about swell and handsome, rubber tire buggies, runabouts or traps, we have the best ever produced on any market, and can show you thirty-six (1901) styles of the famous McLaughlin, Oshawa, carriages. "One grade only and that the best," noiseless gear, easy running.

Bain waggons; Gibson's, Gananoque harness; Massey-Harris agricultural implements; ploughs, windmills, force pumps, cream separators, lubricating oils, whips, etc. Prices always right. Ask Mr. Donaldson to show you the new "Williams'" sewing machine its as good as the Singer, and at half the money.

A Curious Will.

Toronto, May 17.—James Grey Pennycinck, the inventor of luxfer prism glass, in his will provided that a monument is to be erected in Boston, to several of the deceased children, with his money, and is to bear this inscription to his son Patrick:

"Knowing no creed, but perfect faith in God, he lived the golden rule, and died with these words on his lips: 'Father, I am not afraid to die, for I have done no wrong.'"

There is to be added to the deceased's memory the simple quotation: "And aye he bore without abuse the grand old name of 'gentleman.'"

Says Gossip Got Him Blacklisted.

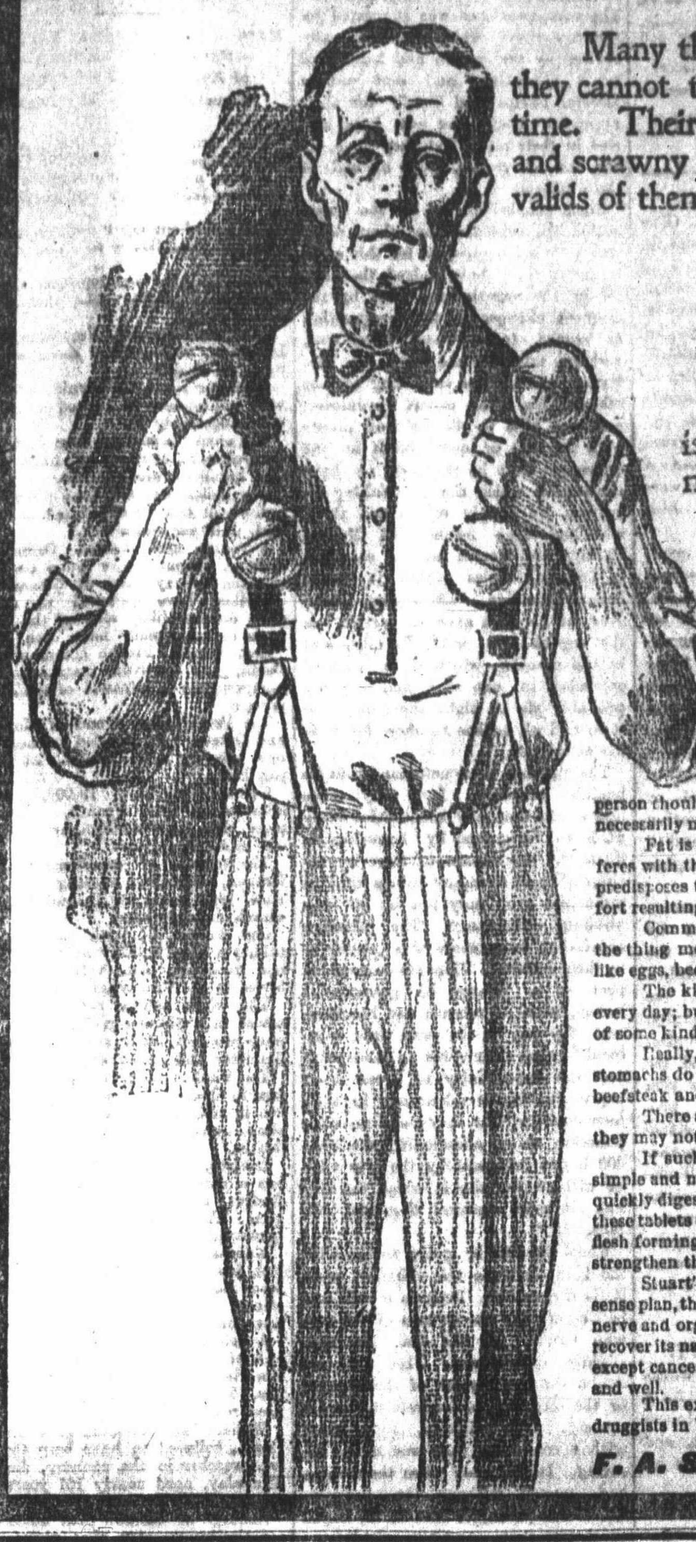
Elizabeth, N.J., May 17.—George Traub, an expert brewer, has begun suit in the supreme court against the Brewers' union No. 2, of Newark, for $25,000 damages for being blacklisted by the organization. He said the union had no reason to blacklist him and that they did so because of idle talk of the congregation of the Moravian church of which he and his wife are members. He says something was said concerning a woman and that his wife innocently repeated it and the union heard of it.

The Rev. J. C. Madill.

Toronto, May 17.—Rev. J. C. Madill, of P.P.A. fame, who resigned from Hope Congregational church in this city, is applying for admission into the Presbyterian church. The application is being opposed by the Stratford presbytery.

Fight for principle, but be sure it is worth the battle.

Exercise and Dyspepsia



Many thousands of people are so situated that they cannot take the proper exercise at the proper time. Their food doesn't digest; they become thin and scrawny and chronic dyspepsia makes half invalids of them. For such men and women

STUART'S Dyspepsia Tablets

is better than dumb bells, Indian clubs, mechanical exercisers or any of the common means at hand for muscular development.

MUSCLE AND NOT FAT

What Thin People Need to Round off the Corners.

What thin folks need is flesh or muscle, not fat.

To be symmetrical and properly proportioned every person should have a certain amount of excess flesh, but to be plump does not necessarily mean to be fat.

Fat is undesirable; it clogs and retards the action of the muscles, interferes with the healthy action of the heart and lungs and when very excessive, predisposes too fatty degeneration of vital organs, to say nothing of the discomfort resulting from too much adipose tissue.

Common sense would suggest that if one wishes to become fleshy and plump the thing most needed would be flesh-forming food, that is, albuminous foods like eggs, beef, oatmeal, etc.

The kinds of food which make flesh are the foods we have on our tables every day; but the trouble is that our stomachs, from weakness or derangement of some kind do not promptly and properly digest it.

Really, the principal reason so many people remain thin is because their stomachs do not properly and completely digest and assimilate the flesh forming beefsteak and eggs we eat every day.

There are thousands of such people, and they are really dyspeptics although they may not suffer any particular pain or inconvenience from their stomachs.

If such persons and all thin people, would take after their meals some simple and natural digestive, like Stuart's Dyspepsia Tablets the food would be quickly digested and the proper degree of plumpness very soon result because these tablets are prepared exactly for that purpose. They digest every variety of flesh forming food, which is the real reason why they so quickly build up and strengthen thin, dyspeptic men and women.

Stuart's Dyspepsia Tablets cure every form of indigestion on this common sense plan, that they thoroughly digest the food promptly, giving strength to every nerve and organ in the body, and the weakened stomach a chance to rest and recover its natural vigor. Nothing further is required to cure any stomach trouble, except cancer of the stomach. They make thin, dyspeptic people strong, plump and well.

This excellent preparation is sold 50 cts. for full sized treatment by all druggists in United States, Canada and Great Britian.

F. A. STUART COMPANY, Marshall, Mich.

WHIG VOTING CONTEST.

$60 Given Away to the Most Energetic Young Man.

The Whig has several remnants of premiums on hand and desires to dispose of them, and wants the young men to help sell them. A little canvassing among your friends will do it. For each single premium sold we will give credit for the number of coupons put opposite each premium:

Buy a sample at the business office Get credit for the number of coupons, and go to work. This is the easiest way to win votes.

Old papers with coupons can be bought at the business counter.

To-day's Eclipse.

Padang, Sumatra, May 17.—The expedition sent out by the United States naval observatory at Washington to observe to-day's total eclipse of the sun is in charge of Prof. A. N. Skinner, United States navy, and comprises six astronomers and assistants from the naval observatory and five scientists from other institutions. Among the latter are Prof. Barnard, of the Yerkes observatory, and Dr. S. A. Mitchell, of Columbia university. This is the largest and best equipped expedition which has ever gone so great a distance to observe an eclipse. The expedition is equipped with cameras and spectroscopes for photographing the corona and chromosphere and the spectra of both and in addition the Rowland gratings which were used with such success last year.

South American Nervine

Tones the nerves, stimulates digestion, all essentials to perfect health. In no case has its potency been put to severer test than that of W. H. Sherman, of Morrisburg, Ont. He says: "I was completely run down, nerves all agog, stomach rebelled at sight of food, constant distress and generally debilitated. Four bottles made me a well man. Sold by E. C. Mitchell and W. G. Mahood.—116.

$4.15 to Pan-American exposition, Buffalo, by G. T. R., May 18th and 25th. See adv.

SHOE BALANCE

THE shoe of choice upper leather, with fine appearance, and poor insole or outsole, is only as good as its worst part.

The life of a shoe depends as much upon the invisible portion—the hidden material and labor—as upon that which is visible and showy.

Yet all shoes are made primarily to sell, and the manufacturers' temptation to add to selling effect, by subtraction from wear is great, and rarely resisted.

A direct responsibility from Maker to Wearer is the only check upon this extravagant tendency.

That responsibility is easily crept out of, unless the Maker (not the Dealer) sets the price, and stamps it on the sole, with his trade mark.

Thus priced, it is a distinct "promise to pay" so many dollars worth of shoe value, and pledges shoe-balance, uniformity of material, wear, permanent satisfaction.

No Canadian shoe but "The Slater Shoe" is thus pledged.

When you buy "Slater Shoes" you can rely on their being just as good as they look—inside and outside.

The Slater Shoe Makers dare not make superficial "window" shoes.

Goodyear welted, and priced on the sole, in a slate frame.—$3.50, $5.00.

"The Slater Shoe"

F. G. LOCKETT, Sole Local Agent.
