Keller is giving his house a coat of paint. R. Brydon has been making some more improvements to his saw mill. Miss Devlin has been visiting his sister, Mrs. O. H. Dunn. Miss Brunner, Perry Road, has been visiting a few days at J. L. Fox's.

"Teddy" Is Happy.

Poole's Resort, June 11.—The excursion under the auspices of the Methodist church, which was to have been run on June 9th, is postponed until some future date. The excursion and circus at Brockville to-day calls everyone from home. A number of steamers will run down, among them the Victoria, Brockville and Fed. Huck's steamer, Ellen. Mrs. Buell and daughter, Mrs. Kahnt, of Caintown, spent Sunday with relatives at Rockport and Poole's Resort. Mrs. B. Andress and children are at Norris Andress'. A bouncing boy has come to stay at Teddy Murphy's.

Clarendon Echoes.

Clarendon, June 10.—The chief topic of discussion is that of a new school to be stationed at the village, a matter which was discussed at the last council sitting. Many from here purpose taking in the cheap excursion to the city by way of K. & P. on Wednesday and Thursday. The people of this vicinity have been greatly aroused over the small-pox scare at Sharbot Lake, fearing it may reach this locality. J. Kirkham has purchased a valuable horse. Mrs. R. Crawford is visiting her brother in Kingston. Owing to the favorableness of the weather the Sabbath and day schools' attendance is increasing.

Outlook Occurrences.

Outlet, June 10.—A number went to Brockville on Monday evening to attend the circus on Tuesday. Mrs. P. Lappan and son, of Melcome, visited her sister, Mrs. Francis O'Grady, on Sunday. Mrs. Richard Bradley's many friends will be pleased to know that she is recovering from her long illness. On Sunday morning Rev. Mr. Sykes preached his farewell sermon at Dulcemaine church. His many friends part with him with sorrow. Edward Vanderburgh started for Buffalo on Monday night; from there he will go to Columbus, Ohio, to visit his relatives. It will be a happy reunion, as Mr. Vanderburgh has not met one of his own people for twenty-five years. Mr. James Patience, Dulcemaine, was the guest of Mrs. E. Vanderburgh on Tuesday.

Stella Statements.

Stella, June 10. Statute labor is the order of the day. The new road grader, purchased by the council, is doing excellent work. Our village streets will present an improved appearance this summer as a result of grading. The grain is much injured by the heavy rains; the barley crop will be almost a total loss. Mrs. Fleming, Millhaven, has moved to Stella, where she will reside in future. Her daughter, Mrs. Hugh Marshall, will reside with her. Harry Filson attended grand lodge of Canadian Oddfellows last week. Township engineer William Glenn auctioned jobs on the roads last week. A young son has come to stay at J. S. Neilson's. A new shed will be built in Stella soon; the Methodist people are the promoters. Farmers' institute met on Saturday.

Holleford Happenings.

Holleford, June 11. Farmers are busy planting. Our village is growing. Mr. Wood, shoemaker, Fermoy, has opened a shop on River street. Mrs. Dwyer, Clayton, N.Y., arrived to-day to spend a week with her parents, Mr. and Mrs. Collins. James Redmond's new building when completed will make quite an improvement on Upper street. The council will spend over $100 in repairing the road this spring. J. Medcof, Baptist, preached an eloquent sermon here on Sunday night. Y. S. Genge, Kingston, is spending his holiday with his sister, Mrs. James Walker, of this place. Other visitors: Mrs. C. Fraser, Kingston; Messrs. Joyner and Grahame; Mr. and Mrs. F. Trousdale, Hartington; Mrs. James Deyo, A. Collins, Desert Lake; Mr. and Mrs. James Walker, at Railton last week.

Ferguson's Falls Flashes.

H. Morris spent Sunday with friends at Scotch Corners. Miss Minnie Jones, who has resided for the past three years with Mrs. M. Gray left last week for her home at Kingston. There is great talk here at present about the railroad. We all hope it will pass close to our village, if it goes through to Carleton Place. John Poole attended the funeral of Richard Cooke on Monday, which took place from his late residence at Lake Shore, to the Methodist cemetery at Boyd's. The services were held at the church by the Rev. Mr. Wilkison, Lanark. Mr. and Mrs. Benj. Willis, Brightside, spent Sunday with friends in the village.

Married A Kingstonian.

Glenburnie, June 11.—Ransom Vanluven, late of this place but now of Watertown, N.Y., has been spending a few days at his old home. We are pleased to note that he did not come alone, as he had with him a charming young bride. Reuben Spooner had a cancer removed from his lip last week at the general hospital. He is now under the care of his daughter, Miss Belle Spooner, who is a trained nurse. There will be a change of ministers at the Methodist church this year. Rev. T. Meredith will take the place of Rev. G. Wood, who goes to Battersea. Planting, delayed by the heavy rains, is now being vigorously carried on. A number of members of the Glenburnie Orange lodge attended a Royal arch meeting of Portsmouth lodge on Monday night. Mrs. Leah Smith, living here for the past year, was married recently to A. Hattan, Kingston, at which place she will reside in future.

Successful Doctor Goes.

Bishop's Mills, June 10.—Dr. Redmond, practising here for the last three years, has left to pursue a post graduate course in London, England. He was a successful doctor and we are sorry to see him go. He took an active and sympathetic interest in all good work. Dr. Connolly, a recent graduate of Queen's college, has come to take his place. We extend a hearty welcome and wish him success. The Presbyterians of this place intend having an ice cream social in the near future. J. Coulter and J. McGinley, New York city, are guests of John Sherrard. Miss Ella Weir is visiting friends at Oxford Mills. Mr. and Mrs. Keshan, from Washington territory, have moved here and intend to buy a farm. Miss Pearl Greer has gone to visit her sister in Dakota.

Smith's Falls Facts.

Smith's Falls, June 11.—On June 1st there was a car load of western horses (Broncos) auctioned off here. It afforded sport to a great many people to see the horses start for their new homes. Confirmation was celebrated in the English church on Sunday. Many people from a distance attended. Mr. Doolan, who has been building the granolithic walks here, has moved the most of his men to Perth. A. Taggart and wife, visiting friends at Westport, have returned. Mr. McSpaden, in Brockville hospital, has arrived home. Thomas Berney, Athens, was here one day last week. On Sabbath evening the congregation of the Methodist church enjoyed a rare treat, the singing of a male choir, which was extremely melodious. It is to be hoped that the gentlemen may repeat their vocal music in the near future. A great deal of excitement was caused in town on Sabbath by the news phoned from Ottawa that the well-known steamer James Swift was burned to the water's edge. This report proved to be false. The Misses Kehoe, Perth, are the guests of their sister, Mrs. Doyle.

Smallpox At Flinton.

Flinton, June 10.—There has been a small-pox scare here the past week. A man named Burnip, who works for the C.P.R., and whose family resides on the Addington road, about three miles from Flinton, was quarantined, with others, at Maberly on account of small-pox. He escaped and came to Kaladar. The station agent was notified that he was on a certain train, and instructed not to admit him into the station. He went to the house of a Mr. Cox, who lives near the station and stayed a short time, and from there to C. Keller's, reeve. Doctor Hall, Flinton, notified the board of health that he thought it was a small-pox case. Dr. Bryce, Toronto, was notified, came here and pronounced it a case of genuine small-pox, but in a mild form. The house of Mr. Fox, Mr. Keller and W. Cassidy are under quarantine. As yet no case has developed, and it is hoped all danger is past, as it is almost two weeks since Mr. Burnip came home. Two schools are closed as the teachers are under quarantine, one near the station and one on the Addington road, about three miles from Flinton.

Strathcona Notes.

Strathcona, June 10.—Grain is beginning to have a yellowish tint from the wet and rainy weather. Corn planting seems to be out of the question this year. Several horses have died with distemper. Mr. Weese and William McAvoy each lost a valuable animal. During the thunderstorm a week ago Sunday, lightning struck a large elm tree a few rods from Mrs. Lott's residence, splitting it from top to bottom. It is a pity, as the tree was an old landmark. Rev. Mr. Dowdell conducted service in St. Jude's church Sunday evening last. There will be no service next Sunday. The following Sabbath, 23rd, morning service will be held. Mr. Bergman, who injured his knee sometime ago, at the cement works, and who supposed it was completely healed, is again suffering severely from it. He is obliged to use a crutch. Mrs. G. Rook and Miss Rook have been visiting at G. Wartman's, Wesley, for the past week. They intend spending the summer in Quebec province. Miss McGuine, Desmond, spent Monday at J. McGuire's; Miss M. McNeil at Mrs. Lott's. Mrs. J. Morris is still at her sister's, Mrs. O'Harro's, Forest Mills, very ill; her recovery is doubtful. F. G. B. Allan, general manager of the Canadian cement company, was here on Sunday. T. Brillon's little girl fell on a defective sidewalk, cutting and bruising herself badly. New walks are needed. B. Rose had the misfortune to lose one of his best cows last week. John Kelley has secured a situation at St. Catharines. George Dunlop intends going there. Miss Scott spent Sunday at Mr. McCall's, and Mr. McRae at Mrs. Rook's.

Black River Bridge Briefs.

Black River Bridge, June 10.—Hoeing is the order of the day. Charles Hutchs wears a pleasant smile; it's a girl. Charles Edwards spent a recent Sunday at Royal street. Several of our young folk visited Picton on Friday evening. Mr. Dewetta, South Bay, delivered an address in the church here on Sunday in place of Rev. R. N. Adams, who was absent at conference. Joseph Guest is at his old home quite ill. We all earnestly hope for a speedy recovery. Herb. Vanalstine, of the firm of Carter Bros., Picton, was in the vicinity last week eave-troughing Robert Hughes' house. Michael Keogh and eldest son, John, left on Thursday for Montreal where they took passage on the new Allan liner Australasian for Liverpool. They intend visiting Scotland and Ireland before they return. Two unruly dogs from Greenbush destroyed five sheep for David Hughes and four for Edward Grimmon on Sunday night, besides severely wounding eight others belonging to the two men. Most of those wounded will doubtless die. Harry Grimmon, South Bay, is in our midst again. Capt. G. J. Jarvis is busy recruiting men for his company, which will go into camp at Kingston on June 18th. He is meeting with good success. Capt. Jarvis is popular with his men and very little trouble is ever had in securing a sufficient quota of men. Mr. and Mrs. Spencer Pierson are spending a couple of weeks at Syracuse, N.Y. Thomas Kelly will visit the Pan-American fair at Buffalo this week. Simeon J. McCoy has purchased a new Daisy reaper. Mrs. Spencer Anderson, Greenbush, was buried at Picton on Thursday last. She was under the doctor's care for some time previous to her demise. She was very highly respected.

COMFORT FOR POOR SLEEPERS.

The Mystery of Sleep—Insomnia a Warning of Overwork or Approaching Nervous Collapse Which is Not to be Lightly Disregarded.

Robbery of Sleep One of the Worst of Crimes—Dr. Chase's Nerve Food by Building Up Blood and Nerves Restores Restful Sleep.

"Sleep is the vacation of the soul; it is the mind gone into the playground of dreams, it is the relaxation of muscles, and the solace of the nerves; it is the hush of activities; it is the calming of the pulse; it is a breathing much slower but much deeper; it is a temporary oblivion of all carking cares; it is a doctor recognized by all schools of medicine. Lack of sleep puts patience on the rack of torture or in the mad house, or in the grave."

Insomnia is a disease of our country and of our age. Where there is one man or woman with strong, healthy nerves there are a dozen whose nervous systems are overwrought and unstrung. In vain they toss in beds of misery, longing for nature's great restorer, restful sleep. In hours of temptation they resort to opiates and narcotics, which produce temporary unconsciousness at an enormous expense to the human system.

In all occupations and professions there are times when a special draft is made upon nervous energy. Mothers, too, deprived of sleep and worn out by caring for their children and watching them through periods of sickness and disease, are left physical wrecks. Especially in the springtime do we all seem to require an unusual allowance of sleep to overcome the weakening and debilitating effects of winter and the trying changes of temperature.

Sleeplessness is a warning that the nervous force of the body is being exhausted more rapidly than it is being created, and points to ultimate physical bankruptcy. The nights do not repair the waste of the day. Some unusual effort must be made to overcome this state of affairs, or collapse is certain. Scientists have pointed out certain elements of nature as being peculiarly suited to the needs of an exhausted nervous system. Through the medium of the blood and nervous system these restoratives carry new life and vital energy to every nerve cell in the human anatomy.

While these elements of nature are combined in various proportions, it is now generally conceded by physicians that the prescription used by Dr. Chase with such marvellous success in his immense practice is the one which gives most general satisfaction. This preparation is now known as Dr. Chase's Nerve Food, and has come to have an enormous sale in every part of this continent, where nervous disorders and sleeplessness are so prevalent.

Each and every sufferer from nervous and physical exhaustion, thin, watery and impure blood, and the demon insomnia, can begin the use of Dr. Chase's Nerve Food with positive assurance that the regular use of this famous food cure will gradually and thoroughly build up and reconstruct the nerve cells and bodily tissues, and permanently cure sleeplessness an irritability.

You must not confuse Dr. Chase's Nerve Food with sleep-producing drugs and opiates. It is different from any medicine you ever used, and instead of tearing down the tissues and deadening the nerves, it cures by filling every cell with new life, vigor, and vitality. As a spring tonic and invigorator it is marvellous in its action, instilling into weak, worn, tired human bodies the strength, elasticity and buoyancy of perfect health. 50c. a box, six boxes for $2.50, at all dealers, or sent, post-paid, on receipt of price, by Edmanson, Bates & Co., Toronto.
