STIRRED TO FIGHTING POINT.

May be Trouble Between Union and Non-Union Men.

Pittsburg, Aug. 19.—A party of strike breakers brought up from the south by special train were safely delivered in the steel mill at Monessen early yesterday, and the United States steel corporation expects to add that plant to the number running, partly or in full, with non union men within the next twenty-four hours.

It is believed here that there will be violence before another week elapses. Monessen is picked as one of the places where trouble is expected. It is now stirred to the fighting point by the attempt to start the steel mill with non-union men.

The strain of the strike is telling on the physical strength of president Shaffer. He was ill yesterday and kept to his bed most of the day. He declined to see any of the many callers who sought him and his wife, who met them in his stead, explained that he was worn out and sick and must have rest in order to carry out his work.

The Venezuelan government has suspended the guarantee of the constitution.

EXPECT INTERVENTION.

Boers Hope Powers Will Yet Aid Them.

THANKSGIVING SERVICES

HELD ON RECEIPT OF NEWS FROM EUROPE.

Boer Women Gather Horses—Situation in Cape Colony Improving—Women Quarrel Over the War—Escaped to go Back on Commando.

London, Aug. 19.—A despatch to the Standard from Pretoria states that Boer women who have just been taken to the concentration camps, their husbands being on commando, declare loudly that in spite of all that has happened lately the Boers are going to win. They say that letters, from the Boer delegation in Europe, assure the fighting leaders that the continental powers will shortly intervene. So sure are the men of this that they are holding thanksgiving services. The wives of men still in the field are continually insulting the wives of those who have surrendered. Consequently some of the burghers who had surrendered, desiring to be on the winning side, have escaped and returned to the commandoes.

Improvement In Cape Colony.

Pretoria, Aug. 18.—There has been considerable improvement in affairs in the Cape Colony situation since Gen. French took command there. The burghers are fleeing north, but commandant Scheepers is said to have broken back through the British lines. According to reports circulated here, the Boers are becoming disorganized.

Women Aid The Fighters.

Cape Town, Aug. 18.—The recent operations in Cape Colony have frequently shown that Boer women are riding about gathering horses for the use of the commandoes.

WOMEN BULL FIGHTERS.

Two Women Butcher Bulls Before Large Audiences.

Paris, Aug. 19.—A bull fight yesterday near Rouboix, in which women acted as matadors, drew spectators from northern France, Belgium and Germany. The arena was midway between Roubaux and Tille, and there were accommodations for 12,000 people. About 8,000 were present. The heroine of the day was Matadeora Lolita, whose reputation for coolness and agility is known in France and South America. She killed three small two year old Andalussion bulls, with wide sharp horns. Matadeora Herriera killed two bulls. She was nervous, but the spectators were very little excited. The bulls were too young to make much resistance. Some of the spectators were angry because Lolita's horses were not disembowelled, they not being contented with the sight of the bulls' blood. The mayor was present and gendarmes.

WERE NO BARRIERS.

German Lover Travelled Long Distance to Wed Sweetheart.

St. Joseph, Mich., Aug. 19.—A pretty romance came to light when Emil Walters, aged twenty-five, was wedded to Holdie Fandeus, aged sixteen. Walters followed the girl across ocean and continents. He hails from Berlin, where he met Holdie two years ago. As a resort to prevent the match the parents with their daughter sailed for America. The latter was heartbroken and finally induced her parents to send for her sweetheart.

Suicide Of A Canadian Girl.

Detroit, Mich., Aug. 19.—A Chicago special to the Tribune says a young woman, thought to be Miss Lizzie Sufert, of Cobourg, Ont., who left her home and relatives because her father willed his estate to a son, sought the waters of the Chicago river to end the misery of a year toiling for her own support. An almost positive identification was made last night by Dr. Buchan, who called to view the remains. Miss Siefert had been melancholy of late and disappeared Tuesday night.

Want A Higher Tariff.

Berlin, Aug. 19.—The standing committee of the German agricultural council has unanimously passed a resolution regarding the new tariff scheme, demanding a double tariff system for agricultural products generally. They demand a minimum tariff on grain and a higher rate on animals, dairy products and vegetables. The central league of manufacturers has declared against the minimum tariff system.

Where Is Mr. Phillips?

Winnipeg, Man., Aug. 19.—Charles Phillips, of Bath, Maine, one of the excursionists on the harvest train wrecked at Ingolf, has disappeared. Phillips was entrusted with the sum of $102, raised among the excursionists for fireman Cowan, who lost one of his legs in the accident. Phillips himself contributed $10 to the fund.

ARSENIC IN THE STONE?

Sudden Death of a Stonecutter In the New Medical College.

Ithaca, N.Y., Aug. 19.—There was a peculiar case of poisoning here and it is likely to lead to a discovery regarding the stone which is being used to construct the new medical college at Cornell university. James Hanlon, a stonecutter working on the building, was talking to some other workmen when he suddenly fell to the ground and expired in a few seconds. Coroner Fish, after an investigation, decided that the cause of death was poisoning. The suddenness with which the man was taken is what puzzles the physicians who heard the case. It is thought that the stone on which Hanlon was working contains a large percentage of arsenic, a fact which may lead to some action regarding the contract for the new building.

Ottawa, Ont., Aug. 19.—Two mild cases of small-pox have been found in a suburb of Hull. The patients are doing well.

Herbert Tackaberry, the Ottawa man who was killed at Seneca Falls, N.Y., on Friday, was shot twice in the head. From news received in Ottawa it appears that Tackaberry had been an attache of a circus, but was discharged two weeks ago by James C. Banks, the manager of the circus.

Friday afternoon about three o'clock when many people were standing about Tackaberry and Banks had an altercation. Tackaberry is alleged to have made a dash at Banks with his hand in his pocket. Banks shot Tackaberry twice through the head. Banks was arrested. About fifty persons saw the shooting. The charge was murder but Banks' attorney asked that it be changed to manslaughter and that Banks be allowed out on bail. Tackaberry's father will go to Saratoga to attend the trial. One of the local papers says the trouble arose over a woman attached to the circus.

Leaps Backward From Fire to Form Cushion For Babe.

St. Louis, Mo., Aug. 19.—During a fire at Nos. 501-3 South Third street, Mrs. Joseph Bosek, seeing that all escape from her burning home was cut off, determined to jump from the third storey window. Believing the leap would result in death for herself and baby unless her body protected the child, she determined to sacrifice herself.

Deliberately she stepped to the open window, folded the child closely against her broad bosom, turned her back to the window and fell backward.

She struck the sidewalk on her back and hips. Her mother's breast shielded the child from all bruises and when policemen hurried to the scene they found the babe crowing and cooing.

The mother is seriously hurt, but not fatally. At the city hospital it was stated that she would recover.

Joseph Bosek, the heroic woman's husband, leaped from the burning building before his wife, expecting to catch the child, but he broke both legs when he jumped and there was no choice left the mother but to jump with the child in her arms.
