Mechanics' Tools,
IMPLEMENTS OF ANY DESCRIPTION.

We have just received a large stock of ship carpenters' tools, including caulking irons and caulking mallets. These should be bought only when you are sure of getting the best and most dependable for the least money. These facts prove beyond a doubt that this is the place.

W. A. Mitchell, SHELF AND HEAVY HARDWARE

LIKE A NEW MAN.

"I would say to all those suffering from that dread disease, rheumatism, 'Give Dr. Hall's Rheumatic Cure a trial and be convinced of its merits,'" is the recommendation of Mr. W. C. Switzer, Harrowsmith, Ont., a man 70 years old, who was a sufferer from sciatic rheumatism for ten years, and who never expected to find relief from this terrible disease this side of the grave. He had tried every known remedy recommended for the cure of rheumatism without obtaining relief, until he started taking Dr. Hall's Rheumatic Cure, of which he took six bottles, and found a perfect cure. He says he finds himself "like a new man," entirely free from pain, his appetite is good, and he sleeps well.

Dr. Hall's Rheumatic Cure is put up in 50 cent bottles, containing ten days' treatment. For sale by all druggists and dealers in medicine. The Dr. Hall Medicine Co., Kingston, Ont.

For sale at Wade's Drug Store.

RULING of all descriptions at C. H. OTTO'S Bookbindery, Cor. Brock and Bagot Streets.

THE 5 P. M. EDITION

Second Edition Matter Also On Page Five.

COMMERCIAL MATTERS.

What is Going on in the Business World—The Market News.

Canadian reports are of less importance than usual, as overmuch of the territory severe storms have affected business.

The Montreal money market is steady at 5 to 5½ per cent. for call loans and 6 to 7½ per cent. for commercial discounts.

Besides the 884 commercial failures, for $9,931,048, in the United States, there were in February six banking failures, for $620,121.

The northwest territories' report of the threshers' grain returns has been issued. The average of wheat for 1899, was 19.04 bushels per acre.

There was great excitement on the cotton exchange in New York when the call opened with prices showing an advance of from eleven to twenty-eight points with August contracts leading.

Merchants in Canada who shipped goods to the or for the British commissariat in South Africa some months ago have received letters speaking in the highest terms of the nature of the goods sent and the fact that further orders have been sent to Canada is probably the best means that could be taken to show the appreciation of the way in which orders were filled.

The increase in trade discounts with the Canadian chartered banks in January of $1,500,000 to $268,000,000 shows that the business men of this country are drawing more largely on their bankers to extend their operations and the reports current show that this item is being increased, and that for the month just closed the mercantile discounts will probably show a still further increase.

There has been no marked change in the money markets at any centre the past week. Rates remain unchanged, but steady, and there appears to be no immediate prospect of any tightness. The demand for funds continues large and the drain of gold for war operations in South Africa continuing; rates in London are maintained at previous quotations, with no immediate likelihood of any easiness.

The Decision Appealed.

Yesterday afternoon William Sands and John Graham, sentenced to one month in jail for assaulting John Williams, were liberated on bail, John Lemmon and Joseph Brannigan giving bonds for Graham and A. Thompson and Joseph Brannigan bonds for Sands. John McIntyre, Q.C., counsel for the young men, has appealed from magistrate Duff's decision. The appeal will be heard in June.

Graham is a steady young man, who has been working for some time in Detroit. He came down here on a visit, and in common with other loyalists celebrated the relief of Ladysmith, which led him into trouble. He will have to come down from Detroit to attend the hearing of the appeal. Had fines been inflicted they would have been paid.

Police Court Pencillings.

At the police court this morning Norman Deane, Deseronto, was charged with stealing $23 from the trunk of a friend, James Mackie, also of Deseronto. Both men came down here to work in the locomotive works. Deane admitted his guilt, but maintained that he was "put up" to take the money. His case was set over for three days.

A lad named Peter Ryan was charged with the theft of a pair of rubber boots from school of mining. The charge was proved against him and he was remanded for sentence until Wednesday morning.

Neglecting Important Details.

The city commissioner ought to devote some attention to those citizens and merchants who only partly clear their sidewalks of snow, piling it on the outer half. The result will be that at the first thaw the snow will melt, the walks will be flooded and citizens generally will be discomfited. The snow by-law should be enforced or repealed. Again, the corporation is neglecting its duties in not opening up sewer grates and water tables. Sooner or later a big thaw will manifest itself, cellars will be flooded and the city swamped with suits for damages.

The Cause Removed.

In curing disease it is only a waste of time to treat the symptoms. The medicine must reach the cause. Merrill's System Tonic does this. It purifies the blood, builds up the system, strengthens the nerves and is the only positive cure known for constipation, dyspepsia, nerve troubles and kidney diseases—all disappear when it is taken. Three weeks treatment for 50c. Sold at J. B. McLeod's drug store, Kingston. Descriptive pamphlet free.

Passed With Honors.

W. H. Hutchison, of T. F. Harrison's undertaking rooms, is expected to return to-day from Chicago, where he has been taking a course in embalming. He passed with honors, securing ninety-eight per cent on the subject of practical embalming.

Brockville Recorder: Wherever the late Rev. R. Whiting labored he won the hearts of the people by his kindness and amiability, which has made his name reverred in many a household.

LIVING WORDS OF THE DEAD

REMARKS MADE AT A JUBILEE EVENT YEARS AGO.

The Late Rev. Mr. Whiting Told of His Early Life And His Entry Into the Ministry—His Final Message to His Brethren —The Funeral This Afternoon.

On May 31st, 1895, the late Rev. Richard Whiting, at the request of the Methodist conference in session at Smith's Falls, delivered a jubilee address before the members in celebration of his having completed fifty years of ministerial life. At the present time the sketch given by the much-lamented pastor and shepherd is rendered more than usually interesting. The text taken by Mr. Whiting on the occasion was: "Thou should think of all the way the Lord hath led thee." His father, he said, was a preacher of the Wesley type. His parents were of the church of England in which he himself was baptized, and later confirmed by bishop Philpott. "So," said Mr. Whiting, "if I am not in the apostolic succession, who is?" In 1834, Mr. Whiting said he was converted, and when sixteen years of age, he, on various occasions, filled the places of local preachers. His theological education came from many sides. He studied Wesley's sermons earnestly, and then cut loose from evil company. As he read his bible he saw that "it is not good for man to be alone," and he prayed for a wife who would lead him on. "I often pray for Victoria," said Mr. Whiting, "but she wouldn't have made the wife for me that Mary Philp did. It would have spoiled the itinerancy in me." Mr. Whiting resolved to come to Canada, well-knowing the hard work before him, but buoyed up with the christian hope. On May 14th, 1845, he left England, and never saw it again.

The concluding words of Mr. Whiting on that occasion were most solemn and yet so hopeful. They come now to his friends as a benediction: "I am not afraid for the church. God has led me through the best portion of the world's history. Shall I live to see the new century? You will go into it, brethren, with this on your banners—'The world for Christ.' Nor do I fear the future. It is a solemn thing to die, but we go to our home and to meet each other there."

The Funeral Service.

Amid the fierce swaying of the lofty trees, and the wind howling a requiem, the remains of the late Rev. Richard Whiting, were tenderly borne from his late home, on Clergy street, where a private service had been held, to Queen street Methodist Church, where a large congregation had gathered to pay their last respects to the remains of the dead father in Israel. The mournful strains of the funeral march, resounded through the edifice, and then the music changed to the simple and impressive air, "Safe in the Arms of Jesus." The bearers were: Messrs. (Dr.) Sparks, R. Meek, R. Crawford, J. A. Gardiner, J. E. Clark, and W. J. Crothers. The speakers at the service were; Rev. Dr. Ryckman, Brockville, a former pastor; Rev. S. G. Bland, Smith's Falls, a former associate in Queen street church, with Mr. Whiting; Rev. Hugh Cairns, Cornwall, president of the Methodist conference; and Rev. John Mackie, of St. Andrew's church, Kingston.

"CULLY'S" VIEWS.

The Way He Talks of An Ancient Game.

Toronto Telegram.

Lost at Kingston on Saturday, between the hours of 9 and 11.54 p.m., one hockey team answering to name of Queen's. Finder will be liberally rewarded by returning same to principal Grant, Queen's university.

Wellingtons were late. They got a good reception from the spectators who had gathered to see the Toronto boys out where they belonged. Careless people. Queen's went on the ice with all the confidence in the world. They made merry amongst themselves. They went on the ice flushed with the hope of victory and came off looking as if they had played the star part in a coroner's inquest. When in Toronto Queen's showed so much strength that it looked almost an impossible feat to pull down a lead of two goals. Later events proved that in spots Wellingtons made Queen's look like selling platers. Mind you, this was only in spots, for the Presbyterians fought hard to hold the cup. Darling made a beautidul lift, which Hiscock caught in his left lunch-hook. There's nothing to it, he's a beaut. Curtis was working hard and making many a clever rush. He's a dangerous man that Curtis. Knox Walkem when a lad of tender nears was a quiet boy, who gave evidence of much promise. But he laid aside his quietness and bodied to the boards on every occasion. The students blew their horns and sang their war songs, but the umpire's hand would not lift the flag.

Where were all those Queen's rooters, and where were their shouts and yells? Why, they were as dumb as a soft-shell crab. They saw defeat staring them in the dial, and were commencing to think there were other feathers in the duster. They could not realize that Queen's was about to be put on the retired list; in fact, that the Calvinist seven would be entered in the morning papers as an "also ran." Before the match "Alfy," trainer of Queen's, suggested that Wellingtons get a trainer that would put some speed into them. If "Alfy" can't put any more speed into a team than he has in Queen's, he had better quit the business and take to giving piano lessons. Two of the saddest-looking people at the rink were Aleck Beaton and J. McDonald Mowat, both old Queen's men. Jack wore an undertaker's smile, while Aleck had his whiskers dyed a jet black. The cadets, who wanted to see Wellingtons win, yelled, while the little band of Toronto folk went batty. "Chaucer" Elliott has a great reputation down east as a referee, and on all sides it was said that his decisions are perfect. "You couldn't manage to move up here, 'Chaucer,' could you?" "Jim" Sutherland took the defeat like the good sport he is, and said Queen's would try again.

The western trains were three and four hours late, respectively, this afternoon. The eastern trains were also behind time several hours.

The government has petitioned the fire and light committee to place a hydrant in Tete de Pont barracks.

John Palan, Belleville, was in the city yesterday on business.

HOW TO BUILD IT.

Extending the K. & P. R.R. to Bryson, Que.

Ottawa Valley Advocate.

To extend the Kingston and Pembroke railway from Renfrew, into Bryson, by Portage du Fort, is a matter of small consequence compared with railway enterprise of the present day. The distance in the first place, to build is only about twenty miles, even this can be reduced by four miles by the Kingston and Pembroke utilizing the C. P. R. track for three miles from Renfrew up, which would bring them to about Matheson's crossing, thence take a northeast line to the Ottawa river, at or near Portage du Fort. The advantage to be gained by this route disperses with two nasty impediments in the way of constructing the road. The first of these would be to avoid the building of a bridge across the Bonnechere river at Renfrew and the second would be to overcome the grade at the Pinnacle mountain, adjacent to the same place. The distance from Matheson's crossing to Portage du Fort, would be about eight miles, over which a good level road bed can be found out to the Ottawa river, at or near Portage du Fort. The bridging of the river at the later point is not a difficult undertaking; we are informed that nature has already prepared the way to erect piers for a bridge. From Portage du Fort, the line should run through the lower end of the township of Litchfield, and the west corner of the township of Clarendon, coming out again into Litchfield, at the foot of the Grand Calumet falls, in close proximity to Bryson, the county town of Pontiac.

The reader may arrive at the conclusion, that the route sounds like a roundabout course, from the fact of entering Litchfield twice, but, the fact is due to the bow-like shape of the township, caused by the wind of the north branch of the Ottawa river, which encircles the Calumet island. The island has a population of about 2,000, all of whom are engaged in agricultural industry, and it is also the home of the mineral deposits, so widely known for the past few years. The great prospects for traffic for a road from this place will come from the fact that our immense water power, which is admitted to be one of the best in Canada. In the advent of a railway coming here, it will be a matter of short duration until this whole scene will be changed into one of busy industry. Capitalists who are anxious for profitable investment will readily take hold of the opportunity found here, to invest their money in. The unlimited resources that surround the immediate locality, in the way of raw material, such as pulp wood, iron, mica, Galena, is worthy of more than passing notice.

THE SECRETARY RESIGNS.

Mr. Mallagh Going Into Business—A Regretted Favor.

The directors of the Y. M. C. A. met last evening for the consideration of a most important item of business, and one which everyone regrets should have occurred—the resignation of secretary W. J. F. Mallagh. That gentleman has decided to enter into a partnership business with his brother-in-law to carry on a book store and stationery establishment at Brantford. The board asked him to withdraw his resignation, but he urged its acceptance, which was unwillingly granted. Mr. Mallagh will be released on April 15th. His going away will be a source of deep regret to every young man who had been a visitor at the institution.

The board decided that the provincial committee should be consulted as to the appointment of a man to fill the place to be made vacant by the resignation.

The treasurer's report, as adopted by the board, showed receipts for February to be $245.90 and a balance on hand of $66.60. The physical director's report showed a splendid condition of affairs in his department. There were now 626 persons using the gymnasium and 693 using the baths, making a total of 1,319 in the department.

DISASTROUS FIRE.

Toronto Rowing Club Loses Heavily—Had Narrow Escape.

Toronto, March 6.—About eight o'clock this morning fire broke out in the Sunnyside boathouse in Humber bay, occupied by the Toronto rowing club. The building was a huge wooden structure, part club house, part boathouse, and owing to the inflammable nature of both building and contents, the fire spread with amazing rapidity. Caretaker Griffiths, part owner of the building, and his family, were asleep when the fire broke out and their escape by the stairs was cut off. They were taken out of the window and saved nothing but their night robes. The splendid collection of racing boats owned by the club and the trophies and prizes collected in contests during its history were all lost. The boathouse was built at a cost of $9,000, but was only insured for $3,500. The contents were probably worth $6,000 and were covered with only $1,500 insurance. A. W. Godson was partner with Mr. Griffith in the ownership of the building.

SCORED A SUCCESS.

Gen. Brabant Put The Boers to Flight—Colonials Doing Well.

Dordrecht, March 5.—Following yesterday's success, Gen Brabant again engaged the Boers to-day with advantage, holding the position captured yesterday. There was some smart fighting this morning, the British losing five or six men and capturing the Boer fort, thus vastly improving their position. The Boers fought tenaciously contesting every inch of the ground, but ultimately retreated hastily, carrying off their guns and waggons. A mounted force pursued them. The British casualties during the two days were twelve or thirteen killed. The Boers losses are unknown. Throughout the arduous fighting and severe fatigue the colonials have behaved splendidly.

Gen. Brabant has scored a complete victory. The Boers are in full retreat with their guns and waggons, and are being pursued.

Gen. Gatacre entered Stormberg unopposed to-day. The Boers destroyed the railway approaches but the station was left intact.

Residents of Rideau ward are none too well placed at the action of John Wright's shovel brigade in neglecting to remove snow from crossings in that constituency. They consider that they are as much entitled such consideration as are residents of other wards.

Kingston is at present well supplied with substantial banks—of snow.

INCIDENTS OF THE DAY.

PARAGRAPHS PICKED UP BY OUR BUSY REPORTERS.

The Spice of Every Day Life—What the People Are Talking About—Nothing Escapes Attention.

Alderman Toye left this morning for a trip through western Ontario.

A meeting of the board of health was called for four o'clock this afternoon.

Cataraqui lodge of Oddfellows will meet to-night to initiate several candidates.

Very Rev. P. B. Smith, dean of Ontario, has left Montreal for Old Point Comfort.

It's a poor store that doesn't get itself photographed these days; a Toronto firm is doing the work.

James M. Walker, a former resident of Belleville, died at Denver, Colorado, on Feb. 28th, in his ninetieth year.

Lieut.-Col. Montizambert, D.O.C., is at Peterboro, on a visit of inspection to militia arms and accoutrements stored there.

The police commissioners met this morning and discussed matters pertaining to the increased efficiency of the force.

There were less than a dozen rigs on the market this morning. The blustery weather combined with bad roads kept the farmers at home.

The Kingston medical and surgical society was addressed last night by Dr. A. P. Knight in the biology room of Queen's medical college.

It is suggested that tablets be placed in the Royal military college in memory and honor of the graduates who have fallen in the empire's battles.

The management committee of the board of education will meet to-night. The matter of technical education will be discussed at some length.

Rev. Ernest Thomas, Maitland, is in Kingston to take home his wife, who has been under medical treatment here for some weeks with beneficial results.

Mrs. J. E. Starr, Stanstead, Que., formerly of Kingston, was on the C.P.R. wreck at Pontypool, on Saturday last, but was not injured, only shocked.

The sum of $41.85, contributed in Kingston in aid of the Colportage mission of Algoma and the northwest, is gratefully acknowledged by George Buskin, missionary.

Mrs. Allen Jones, of Buffalo, sister of late Thomas Briggs, and Mrs. Augustus Ferguson, sisiter of Mrs. Briggs, arrived to-day. Hon. A. S. Hardy was expected this afternoon.

The workmen drawing the surplus snow from the streets are now conveying it onto the ice in the harbor. Hitherto they have been drawing it uphill to Frontenac park, where it was dumped.

The annual meeting of the Kingston light, heat and power company was held Monday afternoon but beyond electing the old board of directors and officers, no business was transacted.

Mrs. Thomas McCutcheon and children, Montreal street, left for Philadelphia this afternoon to join her husband, who has a good position in that city. Mr. McCutcheon left Kingston five months ago.

The firemen had three calls this morning after eleven o'clock. The fires were in chimneys on houses on Pine, Rideau and Princess streets, and were caused by the high wind. No damage was done in any of the cases.

The Highland cadets of Montreal have accepted the invitation of the Queen's birthday celebration committee to spend that day here. They may come for two days and give an exhibition the night following the celebration.

There are many complaints being made about snow on sidewalks fronting vacant property not being shovelled. The city commissioner will have to enforce the snow by-law, as owners have had plenty of time to get their sidewalks cleared.

The Edwardsburg starch works company has notified manager Drennan, of the Kingston fair association, that this year the company would make an exceptionally good exhibit here, spending considerable money to make it attractive.

Mayor Prefontaine, Montreal, has received from Mrs. Wilson Burnett, Kingston, a letter enquiring as to the whereabouts of her husband, who is a chef by trade. He was last heard of in Richmond, Que., and is supposed to have gone to Montreal.

To Receive Them Royally.

Montreal, March 6.—The mayor this morning decided to proclaim Monday next a holiday so that citizens might take part in the reception to the Strathcona Horse. The bands of all the battalions in the city will take part in the parade, which will be headed by the mayor and city council. The sum of $1,200 has been voted by the civic finance committee towards the expenses. After the parade there is to be a luncheon at the Windsor. All the city regiments will be called out and the railways have decided to sell return tickets at single fare rates from all places within 100 miles of Montreal.

Alleged Breach of Trust.

Toronto, March 6.—On behalf of the stock holders of the Jo 41 mine, which adjoins the Golden Star, suit was entered this morning against Louis Hall, of Duluth, and the syndicate of which he is the head, for damages, for alleged breach of trust. It is claimed that Hall and his associates sold the stock of the property on the strength of an agreement to advance the money required for development, but that after the stock was sold they withdrew from the agreement.

At The K.B.C. Rooms.

The regular monthly meeting of the bicycle club was held last night. There was a good attendance, but no business of any moment transacted. Nomination of officers for the year will take place on the evening of the last Monday in this month, the elections to follow a week after. The interest in the event is not likely to be as keen as it was last year.

Six in Two Years and a Half.

La Crosse, Wis., March 6.—Triplets were born to Mrs. John Burke, of this city, last night. Mother and children are doing well and it is believed that they will live. Eighteen months ago Mrs. Burke gave birth to twins and ten months before one child was born.

Church Collections For Hospital.

So far the collections for 1899, in aid of the general hospital, from city and county churches, amount to $870, and this amount will likely be increased to $925. In 1898 the church collections totalled $815.
