YOU DON'T **Catch Cold**

You develop it.

In each person's system are myriads of germs which under favorable circumstances develop into a *cold*. The coughing, sore throat and discharge from the head and lungs are not the cold but simply the results of the efforts of nature to dispel the poison.

Each attack leaves the system weaker to repel subsequent ones with the result that one becomes "subject to colds." Then come weak lungs and next Consumption.

Shiloh's Consumption Cure

is a specific for *building up* the system and supplying the blood with the power to destroy disease germs. "Shiloh's" is thorough and scientific. It cures—not in spots—but through and through.

Get a bottle of Shiloh's Consumption Cure at your druggist's—use two thirds of it and if you are not satisfied with the results take it back and the whole of the purchase money will be refunded without question.

QUEEN'S TEAM IS NOW OUT OF THE GAME.

Different Treatment of Clubs For The Stanley Cup in Montreal—Not Much Difference in the Weights of the Men—Was Money Paid?

The Frontenacs and Bicyclists' hockey teams play on Tuesday next.

Jeffries says he will be in perfect condition when he goes up against Corbett in their coming meeting.

David Maclaren has been appointed commodore and W. T. Soper vice-commodore of the Ottawa canoe club.

The Toronto Telegram has not a very good opinion of Lionel King as a prophet. The "Camel" named Queen's to win the championship.

The Winnipeg Victorias offered the Shamrocks liberal terms for an exhibition game in Winnipeg, but the Stanley cup champions refused the offer.

Fitzsimmons and Corbett have decided to live at peace with each other. They met by chance in a New York hotel, shook hands and agreed to forget the past.

Jockey Sloan picks out Forfarshire, Mr. Dewan's horse, to win the coming English Derby. Sloan is going back to England but will not bind himself to race for any particular stable.

At the San Francisco boxing tournament, Tuesday night, John L. Scholes, Toronto won the 125 pound bout from F. McDonald, Oakland, Cal. McDonald threw up the sponge in the third round.

Queen's athletic committee are winding up their accounts for the past season, and find their finances lower than ever before. Next session the athletic fee of the students will likely be doubled.

The New Orleans jockey stewards fined jockey J. Miller $50, and suspended him for the remainder of the meeting for his careless ride on Wedding Guest, which resulted in the disqualification of the horse.

Secretary Mowat, of the Canadian rugby football union, does not intend to include the amendments, recently made to the rules by the O.R.F.U. executive, in the year book which is now being printed. Mr. Mowat pointed out to J. D. McMurrich, secretary of the O. R. F. U., that the changes were improperly made.

Queen's hockey team has closed the season without having met McGill. The latter wanted to come to Kingston to try for the second time to wrestle the intercollegiate championship from Queen's, but principal Grant's stick handlers will close the nineteenth century and open the twentieth with that honor.

The Toronto Telegram states that Queen's hockey players average twenty or thirty pounds more than the Wellingtons. The Telegram joke maker would have the public consider Queen's men as veritable beef eaters, such as one reads of in ancient history. A bad penny to a tooth pick that if weighed up there would not be an average of more than a couple of pounds.

The Hamilton Herald last week insinuated that there were a member of Queen's hockey team whose amateur standing was not what it ought to be. If the Herald wishes to do a little genuine missionary work in the interest of amateurism it had better begin right at home. Perhaps the Herald could explain the why and wherefore of the members of the football team of the ambitious city receiving $15 each not long since.

Reyner, the Kingstonian, who is playing for the Pittsburg hockey team, hurt his back and arm badly while at practice the other day. Saturday last his team played against the New York athletic team, and Reyner had to quit at half time on account of his ailments. "Jigger" Robinson put up a swell game. The N.Y.A.C. won by 3 to 0, because they outplayed their rivals, who are, by the way, champions of the Western Pennsylvania hockey league.

The Montreal papers are disposed to say kind things of the Crescents of Halifax, who have been well defeated by the Shamrocks in the matches for the Stanley cup. But not so in regard to Queen's last year, when the latter team went down to Montreal, and were defeated by Shamrocks by six goals to two. Queen's challenge was regarded as a great piece of presumption. Yet had the hockeyists of the Presbyterian university, a chance of a practice on the Arena before that match, as both Winnipeg and Crescents had, the Shamrocks would have had the hardest match they ever played.

Blow at Technical School

The proposal to establish a course of technical education in connection with the collegiate has suffered a reverse. Last night the civic finance committee struck out the board of education's recommendation to appropriate $500 for such a cause. The committee felt, in view of the many increased grants asked for, that it could not afford to vote the necessary funds.

An Interesting Sketch.

The 14th battalion bandsmen are rehearsing a humorous fantasia "When Johnnie Comes Marching Home" from the skilful pen of instructor Trendell. Every instrument in the band has a solo. Some of the movements and incidental "business" create no end of fun. The composition is a masterly effort.

Not a Quack Doctor.

Merrill's System Tonic does not emanate from quackery, but is a scientifically prepared and valuable prescription, curing all diseases having their origin in constipation and weak or vitiated blood. It purifies the blood, builds up the system, strengthens the nerves and regulates the bowels. Sold in 50c. bottles containing fifty doses, at J. B. McLeod's drug store. Descriptive pamphlet free.

No Excuse Whatever.

It is hard to help your neighbors if they wont help themselves. With a remedy at hand like Wade's Iron Tonic Pills there is not the slightest excuse for people to complain of disease resulting from weak and impoverished blood, general debility, nervousness, sleeplessness, etc. Such diseases will be a thing of the past if Wade's Pills are taken regularly. Fifty pills in a box for 25c., at Wade's drug store.

Just Right For a Hot Day.

Does this hot weather do you up? Then for that fagged-out feeling try a bottle of Merrill's System Tonic. It puts new life and energy in the body and makes one feel equal to their duties. As a muscular and nerve tonic and a bowel regulator this medicine has no equal. Price 50c. a bottle of fifty doses, at J. B. McLeod's drug store. Descriptive pamphlet free.

Was Well Received.

The North Augusta Citizen, in reporting a recent concert there, states that "the main feature of the programme was the first appearance in this place of W. J. Kelley, sr., of Kingston, who is a genuine comic singer, and by his songs kept the large crowd in laughter. Mr. Kelly is a success as an entertainer and we hope he will soon appear here again."

The Girl And the Pimple.

Newspapers contained last year the account of a girl who committed suicide, because she had a pimple on her face. Merrill's System Tonic from its blood purifying and blood strengthening qualities cures not only pimples but blotches of all kinds, also scrofula, eczma and salt rheum. Three weeks' treatment 50c. Sold at J. B. McLeod's drug store.

Will Look Very Fine.

The columns in St. George's cathedral are being finished with Keene cement which is as hard as marble when set, but easily moulded. The cathedral promises to be one of the most perfect buildings of its kind in the country. The committee has selected two designs sent up from Montreal for the Watkins' memorial windows. The centre window is similar in design to that in the old cathedral.

Subsidy For Lanark Railway.

A subsidy from the Ontario government for the North Lanark railway, a twenty-five mile line from Mile lake, on the Kingston & Pembroke railway to Arnprior, on the Canadian Pacific railway and Canada Atlantic, is the object sought by a deputation of Lanark county representatives. The deputation had an interview with the minister of public works. They asked for the usual bonus, and insisted that the grant would be beneficial to all that section of the country.

Entertained the Old People.

Miss Bessie McArthur's Sunday school class, of Bethel Congregational church, some eight or ten young ladies in number, went down to the house of industry at six o'clock yesterday afternoon, and cheered the spirits of the lonely old people who are passing the sunset of their lives in that institution. Among the young ladies are several good singers, and they treated the inmates to some well rendered selections. Favorite hymns were the pieces sung. Rev. A. McC. Lennox and George Mills, sr., talked to the old people. The young ladies also furnished a fine tea, and did everything they could to make their guests happy and comfortable. It is an annual custom for some one of the Sunday school classes of Bethel church to thus entertain the unfortunate aged who live at the house of industry and it is a custom that other churches would do well to follow.

LIVES WELL

Since Adopting Pure Food.

A lady 75 years old, Mrs. J. W. Stevens, of Cincinnati, Ia., says: "For a long while coffee affected my nerves seriously and kept me awake at night, injuring my digestion. My husband was also ill with indigestion and stomach troubles. We concluded that coffee was the cause of the trouble and stopped it, using in its place, Postum Food Coffee.

"It worked like a charm with both. Husband's digestion is now good and he is in prime health. I was at that time thin in flesh, but since leaving off the coffee and taking Postum, I have gained 11 pounds in two months and am now my usual weight. The Postum has been a great benefit to our family.

"The Grape-Nuts that you manufacture are most delicious breakfast food. I induced our grocer to keep this food, and since, we have been using Postum three times a day and Grape-Nuts twice at our meals. I have never lived so well. Husband is 80 years old and I am 75."

SHOULD TAKE INTEREST.

Canadian Farmers Should Compete For Home Trade.

A local flour and feed dealer, on remarking yesterday that he had just ordered a carload of timothy seed from Chicago, was asked as to why he did not patronize Canadian firms and secure Canadian grown seed. His answer should be interesting to our farmers:

"There are two strong reasons for buying in Chicago. First, I can buy much cheaper; and, secondly, I receive a far better article. The freight on a bushel of timothy seed (when bought by the carload) from Chicago to Kingston is thirteen cents a bushel. The duty is ten per cent. Yet after paying freight rates and duty I can get my seed laid down here thirty-five cents a bushel cheaper than I can purchase it in Ontario. That is a wide difference—too wide to be overlooked.

"Then the quality of seed I get from Chicago is better. It is free from foreign seeds and is clean. I can order five carloads and every lot is alike. Not so with the Canadian timothy seed. It is not as clean, and you can never get two lots that are alike. Farmers themselves prefer to purchase the Chicago article for seeding purpose. I sell two carloads a year to the farmers of Frontenac county."

The natural enquiry follows: Why should not Canadian seed be as good as American? It would be if it were properly threshed and cleaned, if the farmers took care that no obnoxious seed was mixed with it, and if a uniform quality was furnished. Farmers should see to these facts and secure for themselves the trade and money that is being given to more careful American farmers. When this is done the home markets will be better patronized, and the coin will stay within the borders of Canada, thus helping our fellow-citizens.

CARNIVAL AT ROCKWOOD.

Merry Skaters Had An Enjoyable Evening—Those in Costume.

A very successful carnival was held Wednesday evening at Rockwood rink. The ice makers had excelled in producing a clear sheet of crystal over which the merry makers glided in evident enjoyment. The Rockwood band was present and enlivened the evening with choice music. A partial list of those in costume is here given.

Ladies—Misses F. Burke, queen of night; D. Potter, Salvation army lassie; E. Dennison, grandma; E. Davidson, nurse; E. Burke, Rosiland; M. Doyle, old maid; L. Beaupre, buttercup; B. Mills, mother bunch; A. McGeen, South African lady; E. Pogue, snow flake; E. Koen, Normandy bride; M. Gravelle, music; M. McConville, sailor girl; C. Egan, new woman; N. Culcheth, Ophelia; R. Ford, heavy weather; A. Stonness, gipsy queen.

Gentlemen:—J. Burke, dude; F. Dennison, jockey; M. Potter, coon; A. Davidson, policeman; J. Burke, all coons look alike; G. McWater, grenadier; J. Koen, sailor; E. Davidson, tramp; J. Burke, sailor boy; W. Clarke, Oom Paul; A. Hoppins, rainbow; C. Graham, tramp; W. Dennison, uncle Josh; J. McConville, coon; A. Davidson, clown; J. Payne, coon; J. Kennedy, detective; W. A FORMER KINGSTONIAN.

Accompanies the Strathcona Horse—Here on Sunday.

Among the members of the Strathcona Horse who spent last Sunday in the city, returning during the early part of this week, was one well known to many Kingstonians—William Woods. Mr. Woods enlisted in the northwest, where he resides. He was stationed at Ottawa for a time, and took advantage of the opportunity to visit Kingston, his old home. His father, the late Samuel Woods, was at one time principal of the collegiate institute, and the proprietor of a book store here. During his stay in the city the western solder had the pleasure of meeting his sister, Mrs. (Dr.) Hamilton, Port Dover, the guest of Mrs. J. Strange, Barrie street.

Mr. Woods did not speak very complimentary of the class of horses the government purchased in the northwest. There were some good animals among the lot, but most of them were scraggy, and not suitable to send away as the advertising medium we deem they will prove themselves. The ranchers and farmers of the great plains are endeavoring to establish a foreign trade in horses, and it was to the country's interests to send out animals that represented their best, and not their poorest breeds.

Anti-Slang Society.

In a boarding house in the western part of the city, where there are upwards of fourteen boarders, and anti-slang club has been formed, with the object of inducing the use of pure English and a clearer mode of expression. Fines are imposed ranging from one cent to twenty cents. The proceeds will be handed over to the soldiers' wives' league. A partial list of the slang phrases and corresponding fines is here given: Nit, five cents; rats, two cents; reuben, seven cents; shoot, one cent; darn, fifteen cents; chestnuts, one cent; tell it, two cents; fool, four cents; hot tamale, three cents; he's a dandy, four cents; give us a tip, eight cents; a straight tip, seven cents; made a mash, seven cents; made a lucky strike, ten cents; crackerjack, nine cents; rubber neck, thirteen cents; hayseed, four cents; got the dough, six cents; got plenty of the stuff, six cents; ain't he a bird, two cents; a pippy-roony, five cents; not on your tin type, two cents; not by a jug full, nine cents; there are others, eight cents; he's a cheap guy, ten cents; not on your life, twenty cents; not the only pebble, four cents; not the whole push, seventeen cents; what are you giving us, nineteen cents; on the rock, fourteen cents; poney up, two cents; you're it, twenty cents; ain't he a peach, ten cents; and every other phrases in proportion. One rash young man has already contributed $2 to the box. He "ponied up" like a "brick."

The Security Provided.

In the action of Mrs. Delong against the Times printing company for slander, the plaintiff has given security for costs to the extent of two hundred dollars as required by the judge at Osgoode Hall, who heard the appeal motion ten days ago. The case will, therefore, proceed.

RETURNING FROM AFRICA.

MR. AND MRS. JOHN WALSH EXPECTED IN NAPANEE.

Napanee vs. Kingston Curlers—A Quiet Wedding Solemnized—Illness of William Mowat Causes Anxiety.

Napanee, March 8.—A quiet wedding was solemnized in Toronto on Monday at the residence of John Christie, brother-in-law of the bride, when Mrs. Mary Dickens, Napanee, was united in marriage to Andrew Within, Raymond, Maine. The ceremony was performed by Rev. L. H. Jordan, B.D., in the presence of only personal friends of the contracting parties. J. D. Henry acted as groomsman, while Miss Marie Davy, niece of the bride, was bridesmaid. A sumptuous wedding breakfast was partaken of, after which Mr. and Mrs. Within left on their wedding tour for Lindsay, before returning to their home in Napanee. The bride was the recipient of many handsome and useful presents.

Dr. Vrooman is able to be up and will soon be about again after his severe attack of tonsilitis. William Embury is also a very sick man, suffering from peritonitis. The firm of Savage & Friskin has dissolved partnership. D. E. Friskin will carry on the business. William Mowat, very ill for the past month, is not reported any better. He was conveyed to Toronto over a week ago, where he would be able to receive medical advice from the best physicians. His case has not improved since going and his many friends here are expressing anxiety.

The tie game between Rockwood and Belleville in the Bay of Quinte curling association was played here yesterday afternoon. The game was a very interesting one throughout. The score was tied different times. Following were the players:

Rockwood No. 1.—Jones, McCammon, Potter, Dr. Clarke.—skip, 17.

Belleville No. 1.—Lewis, Bolton, McFee, Biggar.—skip, 16.

Rockwood No. 2.—Watson, Carr, Denison, Dr. Forester.—skip, 12.

Belleville No. 2.—Thompson, Abbott, Vermilyea, Donan.—skip, 16.

This gives the pennant to Napanee club.

The sidewalk on the west side of John street, from the market to Dundas street, is a very dangerous walk, owing to its slippery condition. Yesterday many pedestrians who attempted to walk over it came near sitting down quickly and the middle of the street was preferred by the public using that thoroughfare. John F. Walsh and wife are expected home daily. They have reached New York and may leave any day for the land of their birth. Mr. Walsh will be an interesting person to speak to on the South African war and the Boers and no doubt he will be interviewed and questioned by many who are anxious to know about that dark country. Mr. Walsh and wife left Johannesburg, some time in October, before war was declared, and have been travelling and visiting in England and Ireland for a couple of months.

PERSONAL MENTION.

Movements of the People—What They Are Saying And Doing.

Capt. Donnelly, sr., is confined to his home with illness.

Mrs. George E. Deroche, Deseronto, who has been ill, is improving.

Miss Jessie Patterson, Watertown, N. Y., is visiting friends in Portsmouth.

Rev. L. A. Betts, Brockville, was presented with a purse by a number of friends.

Miss Clara Saunders returned to Cape Vincent yesterday after a visit to friends in the city.

James Reid, M.P.P. for Adolington, is again able to attend the legislature. His health is improving.

E. W. Rathbun, Deseronto, has so far recovered as to resume his position as superintendent of Presbyterian Sunday school.

Miss Ida E. Hearns, of Napanee, (formerly of this place), has secured an excellent office situation with the Rochester distilling company.

Misses Sills and Harrison have returned from their trip to New York. They report a great fall of snow all along the line of the New York Central railroad.

Miss M. H. Quigley, of this city, will sing at the St. Patrick's concert at Kemptville, under the auspices of Rev. Father T. P. O'Connor's congregation.

Yesterday W. Murray, jr., auctioneer, sold the farm effects of F. P. Grass, Front road. Good prices were realized. Mr. Grass is now residing in the city.

John Reid, Portland, Ore., is visiting his parents, Union street. He spent some months in Manila with the Oregon volunteers, but malarial fever affected him that he had to retire.

Robert Hagerman, University avenue, will return to Winnipeg in a couple of weeks, after spending the winter with his family here. He may visit British Columbia before returning.

W. J. Kelly, sr., was in Ottawa last week visiting his mother and brothers. It was the first time in fifteen years that the family had gathered together and the event was fittingly observed.

Mark Comper, Johnston street, has returned from Cardinal where he was working on the Edwardsburg starch company's factory addition. Nearly all the Kingston carpenters are now returned.

A. L. Mundy, New Brunswick, N.J., has written to a friend here to say that himself and a large party will be over early this summer to take possession of camp Folger, Bob's Lake, where they will spend a couple of months.

Will Build a Creamery.

A stock company was lately formed at Stoness' Corners, and it has now secured possession of the cheese factory, formerly owned by W. Cochrane. A butter factory will be erected, the machinery for which has already been purchased. The stockholders are all very progressive men, and are putting new life into the dairying interests of the district.
