COMMERCIAL MATTERS.

What is Going on in the Business World—The Market News.

Toronto hops dealers quote choice Canada '99's at 4c. to 16½c; yearlings, 8c to 12c.

The Dominion coal company has raised the price of bituminous coal at the mines forty cents per ton.

The spring millinery openings in Toronto this week were the most successful ever held in that city.

The conditions of the dry goods trade are still sound, and give every encouragement of successful operations for the season which is now being entered on.

Private advices from the coast estimate the stock of prunes remaining in the Santa Clara valley at about 468 acres. The largest individual holding is said to be 150 cars and the next largest 75 cars.

The fire losses in Canada and the United States during February show a total of $15,427,000, as compared with $18,469,000 during the same month in 1898, $12,629,300 in 1897 and $11,755,000 for January, 1900.

In Chicago timothy seed is steady at $2.45 nominal for March. Clover closed steady at $8.40 nominal for March, all per 100 lbs. In Toledo old prime clover closed steady at $4.95 and March 2½ cents higher at $5.62½ bid.

In groceries trade improves as the season advances, and orders, especially for staple lines, are coming to hand freely. A confident feeling prevails throughout the country and retailers are placing larger orders, while payments continue satisfactory.

There is at present a very good demand for cotton and cashmere hosiery. The reports on the market for these goods are to the effect that it will be impossible to buy them for next fall at anything like present prices quoted, and that anything bought at current values will certainly show a large advance by the fall.

The demand for dress linens is already quite active, and the prospects indicate that they will be as readily bought for hot weather as last season, in fact, compared with the sales of last year, the present indications are that they will be a much stronger feature in the market than they have been the past two years.

A prominent authority in the linen market declares that by next fall there will be in all probability an even greater scarcity of goods than that which prevails at present, notwithstanding the appearance of another crop before that time. This statement is based upon the unusual scarcity of the raw material, which even a good sized crop would hardly offset.

A private letter from Seattle states that there are the same kind of rumors and reports afloat concerning combinations of Puget Sound salmon canning interest as were prevalent at this time last year. The writer of the letter understands, however, that options have been secured on two or three small canneries and one large one; the price on the latter, however, being so exorbitant that in his judgment it will hardly materialize into an actual purchase.

SOLID FOR THE EMPIRE.

Ameer of Afghanistan Will Fight For Britain's Cause.

London, March 10.—The ameer of Afghanistan has authorized his agent in London, to publish the following statement towards Great Britain and Russia. After saying that he had devoted much anxious thought to the possibility of Russia taking advantage of the Transvaal war to advance through Afghanistan on India, his highness adds, "I have come to the conclusion that Russia fears Afghanistan, as a war with the Afghans would mean a general rising of all Islam, which would spread through Asiatic Russia. Russia had not troops enough to combat such a rising. Her hold on the Mussulman countries she has conquered is insecure. They hate her, and with ten times her power Russia could not fight Afghanistan and India successfully. The Afghans prefer death to slavery, and then women and children are being taken by the Russians."

After saying he is willing to send numerous troops to help Great Britain in the Transvaal, but adding that the Afghans are unaccustomed to the sea, the ameer says, "But England's troubles are always my troubles, her strength is my strength and her weakness is my weakness. England must remember that I am always ready to fight for her on land, here or in India."

An Old Map of the City.

J. S. R. McCann has an old but exceptionally good map of the city of Kingston adorning the walls of his cosy office. The map was published in 1865 by John Creighton, proprietor of the City book store at that time. At the bottom of the canvas appears a fine panoramic view of the city as seen from the harbor. The view extends from the penitentiary to the Cataraqui bridge and all the buildings are easily recognizable. Adorning the corners of the map are cuts of the court house, city hall, criminal lunatic asylum, city book store and Whig office, customs house. The map is a good one, even for present day requirements.

The police got track of the meat but when they searched Cooper's dwelling they could not find it. However, they traced it to the athletic grounds, where it was found hidden under the snow.

DR. BORDEN IS THANKED.

FOR HIS SERVICES BY LORD STRATHCONA.

The Draft of 100 Recruits May Not Sail With the Strathcona Horse—Appointments Made in The Halifax Garrison Battalion—Good Work of the Minister of Militia.

Ottawa, March 10.—Lord Strathcona cables Hon. Dr. Borden as follows:

"London, March 9.—Much pleased and gratified for your message yesterday and for the kindness and great consideration of Mrs. Borden and yourself. My force is grateful to the ladies of the civil service for their guidous and also for the standards presented by Sudbury. It would be gratifying to me could you witness the departure from Halifax of my force, for whose organization you have done so much. (Signed) Strathcona."

Lieut.-Col. McKay, Renfrew; Capt. McDonald, Alexandria; Lieut.-Col. Skinner, Kingston; major Taschereau, Beauce, and Capt. Sharples, Quebec, have been offered and accepted captaincies for the Halifax garrison battalion. Major Scycomb, Halifax, and major W. Henderson, Toronto, have been offered captaincies, but have not yet accepted.

Lieut. H. Tobin, Halifax, and Capt. Benyon, Quebec, have been appointed to lieutenantcies in Strathcona's Horse.

Owing to the short time remaining before the sailing of the transport Monterey on the 15th inst., with Strathcona's Horse, it is probable that Hon. F. W. Borden will decide to delay the embarkation of the draft of 100 recruits to be enlisted to bring up to strength the Royal Canadians now serving in South Africa. In this event the hundred men will sail on the 22nd inst. on the steamer Masconomo, now loading hay for South Africa at St. John. It is said that there is a fear on the part of lord Strathcona that the addition of 100 men to the passenger complement of the Monterey would unduly overcrowd the transport.

Alderman Knapp Puzzled.

When alderman Knapp claimed alderman Shaw paid too much for the class of horses he bought for the fire department alderman Shaw said the Watertown department offered $340 for the horses. "It seems strange," said alderman Knapp this morning, "the Watertown department had offered that price as they had secured their horses two weeks before alderman Shaw bought the team in question." Mr. Knapp says his judgment corresponds with that of many horsemen in the city, and that he has not lived in the country for over a quarter of a century without knowing a good horse when he sees it.

Has Returned From College.

Walter Hutcheson, of T. J. Harrison's undertaking establishment, has just returned from putting in four weeks' study at the Chicago college of embalming, and he is to be congratulated upon his success. He has devoted his spare moments to the work during the past few years, and the results attained have been very encouraging.

Lobsters in the Bay of Quinte.

W. C. McDonald, of Thurlow, has caught several lobsters while fishing in the Bay of Quinte. These fish made their appearance last year, and since then numerous catches have been made. It is within the bounds of possibility that a lobster fishery may be established there.

Lieut.-Col. Skinner is the only officer of the 14th battalion who volunteered for garrison duty at Halifax in the regiment about to be organized for that purpose. The other officers cannot very well get away from their business.

WELLINGTON NEWS NOTES.

The People Celebrated the Relief of Ladysmith.

Wellington, March 8.—Mrs. Gussie Raynor, visiting in Colborne and with her sister, Mrs. Foster, Trenton, returned on Tuesday. Mrs. Striker is the guest of her sisters, Mrs. Wilson and Mrs. Clark, Salem Pettet, brother of Sylvanus Pettet, Hubbs' Creek, and Mrs. John Titus, Rublin's Mills, a former resident of Prince Edward, and who is in his eighty-fourth year, is visiting friends and relatives here. His mind and intellect are as bright as when a young man. Many friends are pleased to see him among them again so hale and hearty.

The intelligence was received last week, Tuesday, that president Kruger was dead, that Cronje had surrendered and was a prisoner in Gen. Roberts' camp; but the news was so startling, and as similar news had been received before, many did not credit it. Therefore, the people were more quiet than those of Picton. Had the news been confirmed no doubt a celebration would have occurred. The recent snow storm stopped all traffic on C. O. R. railway on March 1st. Seventeen passengers were left off at Wellington. The engine, and snow plough made one trip on Friday.

Rev. J. C. Wilson, Brighton, will fill the pulpit both morning and evening on Sunday next, preaching educational sermons. Mr. and Mrs. Bert. Gibbard Corbyville, were storm bound two days at Mrs. Clarence Stevenson's last week. The sad news of the death of Mrs. Harriett Gibson, Bloomfield, (nee Mrs. Henry Garretsee) who for years was a resident of Wellington, caused sorrow among many friends and relatives. Mrs. Gibson was highly respected. One of her cousins from Wellington attended the funeral. Rev. Mr. Thom preached a very appropriate sermon. Mrs. Gibson was eighty-one years of age. She leaves one brother, S. Ostrahout, of Port Huron, and one sister, Mrs. Kate Todman, of San Francisco, Cal., and three children, Mrs. George Chard, Trenton, Mrs. Mordon, Bloomfield, and Samuel Garretsee, Marmora.

On Thursday morning, March 1st, in the midst of a severe snow storm, the glorious news came flashing over the wires that Ladysmith had been relieved by Gen. Buller. Soon cheers and shouting were heard, and our teacher, who with his pupils rejoiced at the good news, dismissed his school. A band of our young heroes was formed, marching up and down the streets with horns, pans, etc. The stores and shops were well filled discussing the glad tidings.

Henry Pettingill arrived in Oakland, Cal., on Feb. 27th, calling on Mrs. Todman, Mrs. Eckert and judge Searls. Mrs. Kate Todman's many friends are pleased to learn of her continued good health. Mr. and Mrs. James Fox, Northport, are guests of her parents, Mr. and Mrs. J. T. Garrott.
