FORM RED CROSS SOCIETY.

BRANCH NOW ORGANIZED IN KINGSTON.

Meeting in the City Council Chamber—Dr. Smythe, Q.C., Explained the Society's Object—The Officers Elected.

A meeting of those interested in the formation of a Red Cross society in Kingston was held in the city council chamber on Monday afternoon at three o'clock. There were present: Mayor Minnes, who presided; Dr. Smythe, Q.C., James McArthur, Alderman Knapp, Miss Nichol, Mrs. Ward, Mrs. Fraser, Mrs. Oberndorffer, Miss Brophy, Miss Smythe, Mrs. Robinson, Mrs. Hubbell, Miss Machar, Miss Doran. A number of prominent citizens had promised to be present, but did not appear. Their support of the movement, however, was assured.

Dr. Smythe, Q.C., read the correspondence received by him from Charles A. Hodgett, honorary secretary of the Canadian branch of the Red Cross society. It pointed out that nearly every city in Canada had such a society, and Kingston should not be behind. The funds of the Red Cross society are used for a different purpose from that to which the patriotic fund is devoted. The object of the former is to alleviate the sufferings of and succor the wounded in war.

Mrs. Fraser, president of the Kingston branch of the woman's national council, stated that the latter organization had intended moving in the matter, but she was glad to see the initiative taken from another source.

The meeting unanimously approved of the formation of a Red Cross society in Kingston, and these officers were elected: Honorary president, Dr. E. H. Smythe, Q.C.; president, Mrs. (Prof.) Martin; first vice-president, Capt. John Gaskin; second vice-president, Mrs. M. Strange; secretary, Miss Etta Macpherson; treasurer, Miss Nichol; council, mayor Minnes, alderman Knapp, Edward J. B. Pense, T. J. Rigney, S. Oberndorffer, Mrs. Robinson.

No actual membership fee was fixed, but all those who purchase Red Cross pins will be enrolled as members. These pins have been secured by Mrs. Fraser, and are on sale at Mahood's drug store, Princess street, for the sum of fifty cents each.

Dr. Smythe stated that there was no urgency at present for the society to take immediate steps, but a concert would be held very shortly in order to raise some funds.

A vote of thanks was tendered to mayor Minnes for his kindness in presiding at the meeting.

THIRD POPULAR POP.

A Large Audience Treated to Very Fine Music.

Had the weather been more favorable there is no doubt the city hall would have been filled to overflowing last night on the occasion of the 14th battalion band's third popular pop. As it was the hall was comfortably filled, but many tickets disposed of were not presented at the door. Those who braved the elements had the pleasure of listening to a well-arranged and cleverly executed programme. Several heavy items were on the bill, including overture to Zampar (Herald); Reminiscences of Ireland, (Godfrey); selection, Bohemian Girl, (Balfe); The Irish Patrol, (Werner). These were rendered in masterful style. One was reminded of a huge pipe organ on certain passages of the overture, so smoothly did the musicians perform their parts. In the Bohemian Girl selection, solos were rendered by James Foden (euphonium), Edward Orser (cornet), and James S. Robinson (clarinet), each doing justice to the parts entrusted to them. The accompaniments were subdued and clearly played.

With her accustomed ability Miss McCartney rendered a beautiful waltz song, "Sweet Heather Bell," (Howard), the band playing the accompaniments. So well did the fair singer interpret the song that the audience were delighted and demanded an encore, which was accorded.

Out of courtesy to the Irish regiments which have done and are doing such valiant work in South Africa, the programme was largely made up of Irish music. Two marches on Irish airs, arranged by instructor Trendell, were rendered in additon to the selections. One singer, announced to appear, failed to present himself. Instructor Trendell is fast bringing the band up to a condition of perfection.

YOU MUST DIE,

Said His Physician—South American Kidney Cure Gave the Doctor the Lie—It Cured Bright's Disease.

La grippe will leave its brand on the weakened spot. A bright young man in a western Ontario city, son of a well-known lumberman, found that the influenza epidemic had developed in him that most fatal of all kidney troubles—Bright's disease. Local physicians treated, but to no purpose. He consulted specialists, only to be told that his life hung on a slender thread, and recovery was impossible. But he pinned his faith to the adage, while there's life there's hope. He began using South American Kidney Cure, and in three months from the day he commenced using it, the same physician who said he must die, pronounced him cured. Sold by E. C. Mitchell.

B. McLeod's drug store.

Funeral Of George Patterson.

The funeral of the late George Patterson took place yesterday afternoon from his father's residence on upper Princess street. Rev. W. T. G. Brown, of Williamsville Methodist church, conducted services at the house. Deceased's five brothers, supplemented by alderman J. Morgan Shaw, acted as pall-bearers. The remains were interred in Cataraqui cemetery. The funeral was of a private nature.

Queen's Chocolate Arrives.

Ex-alderman William Dunlop received this morning the two boxes of chocolates presented by the queen to privates Elliott Dunlop and Daniel Eby, with the first contingent in South Africa. The boys had received their New Year's gift while at the front, and sent it home for safe keeping. It is almost needless to say that they value their prize very highly. The boxes were sent by registered post, and have been considerably over a month in reaching Kingston.

The Washington Trip.

The New York Central's 14th annual Washington excursion from Kingston via West Shore RR. to Jersey City and Pennsylvania RR. to Washington, will be run on Tuesday, April 10th. Special trains of best day coaches and Pullman sleepers will start from Cape Vincent and run through without change. Rate $10.50. Limit ten days. Stop-overs on return trip at Baltimore, Philadelphia and New York. Returning via New York Central. For full particulars apply to Fred. A. Folger.

The Only Cure For Catarrh.

Miss Lizzie Lanford, of 353 Market street, Chicago, Ill., says: "I have been a constant sufferer from catarrh for twelve years. During that time I have used most of the known remedies for catarrh, but can safely say that Catarrhozone is the best. It has cured me. It is very pleasant and effective in its use. I shall recommend it at every opportunity to my friends." Catarrh-o-zone is a guaranteed cure. Sold by all druggists. Trial outfit sent to any address for 10c. in stamps. N. C. Polson & Co., Kingston, Ont., proprietors.

At The Police Court.

Yesterday afternoon, police Sergt. Snodden and constable Bateson boarded a K. and P. train, in bound, at the diamond near the cotton mill and placed under arrest William Grant, Verona, who is charged with seduction by friends of Olive Storms, also of Verona. The young man was taken greatly by surprise.

At the police court this morning he refused to elect as he had not consulted counsel. He was remanded until to-morrow morning. Meanwhile friends had retained John McIntyre, Q.C., as counsel, but he arrived in court after defendant had been sent back to the cells. Bail of $500 was given and defendant was set at liberty.

Why Rheumatism Is Like Catarrh.

Both are inflammations. The former of the muscle tissue, the latter of the mucous membrane. The only way to cure either is by a course of blood purifying and blood enriching treatment. Merrill's System Tonic is the most thorough blood purifier and at the same time the most rapid blood making remedy known. Fifty pleasant-to-take doses for 50c. Sold at J. B. McLeod's drug store.

Death Of Charles Butlin.

After an illness of three weeks during which time he suffered from the effects of paralysis of the throat, death came last night to Charles Butlin, sr., at the residence of his daughter, Mrs. Mitchell, No. 16 Dufferin street. Deceased was an imperial army pensioner, having served as a member of the 66th regiment of foot and saw service in the West Indies. Three sons, Charles, in the employment of the Canadian express company; Joseph, at Calgary, and William, employed in the locomotive works—and three daughters—Mrs. Mitchell, Mrs. Woodhouse, and Miss Emma Butlin—survive. Deceased was an amiable, benevolent person, a great favorite with a wide circle of friends. He was a devout member of St. Paul's church congregation.

Death At Adams Centre, N.Y.

Mrs. John Worden, Adams Centre, N. Y., died on March 5th, aged fifty-nine years. She had been an invalid for eight years, a sufferer from paralysis. Deceased was well known in Kingston and vicinity, her home before marriage being about six miles from the city, at the Counter house, an old and familiar landmark, built by her father long ago on the Sydenham road. He was a brother of the late John Counter, mayor of this city.

All that love, kindness and wealth could do was done for Mrs. Worden. She was lovingly waited on by her four daughters and two sons, and by her sister, Miss Counter, who had a short time before arrived to visit her. Her other daughter, Mrs. Pixley, resides near Sydenham and was unable to be present until after her death, the storm making the roads for a time impassable.

Mrs. Worden was loved and respected by all who knew her and will be sadly missed by relatives and friends.

There is nothing a man needs more than his pockets.

SLEEPS NOW.

Quit Drug Coffee and Uses Postum Food Coffee.

"Whilst on a visit to a relative in New Hampshire, who runs a fruit farm, I found on the supper table what appeared to be a strong cup of coffee. I usually drank tea at night and they knew it, but asked me to try the coffee, saying it was Postum Food Coffee; and the reason they served it, was that they found when they got up early in the summer mornings and drank a cup of coffee to brace up on, they generally had a headache or sick stomach along about noon, and that their grocer persuaded them sometime before my visit, to try Postum Food Coffee. After a week's trial they adopted it for the family, and had never returned to the ordinary coffee, saying that it had worked a wonderful change in all of them,—no more sick headaches, no more sick stomachs.

"For two weeks I used Postum, and when I returned to Boston, I banished tea and coffee from the table forever. My complexion has made a decided change for the better, and it goes without saying that I feel greatly benefited. My nights are not sleepless now, as they were when I was a coffee drinker." M. E. Curtis, Canterbury street, Boston, Mass.

RHEUMATIC PAINS.

Why Do You Suffer When An Application of Griffiths' Menthol Liniment Will Take Out All the Pain in a Few Minutes?—It Penetrates Muscle, Membrane and Tissue to the Very Bone—Here is the Proof.

Robert Collett, 70 Elliott street, Toronto, writes: I am sure if the poor rheumatic sufferer only knew of the virtues of Griffiths' Menthol Liniment there would not be so much suffering from this terrible disease. I had been suffering for several weeks with a painful attack in my shoulder. Half a bottle of Griffiths' Menthol Liniment removed every trace of my trouble. I have also found it exceedingly good for sore throat. Sold by J. B. McLeod, druggist, Kingston. 25c. and 75c.

OFF FOR THE NORTH-WEST.

Residents of Cataraqui and the City Left To-Day.

A large crowd of people, from both the city and the country, witnessed the departure of the K. & P. train at eight o'clock this morning. They were there to say farewell to over a dozen friends who were leaving to settle on the rich plains of the great northwest. Among those who entrained this morning were: Samuel Gibson, wife son and three daughters, of Cataraqui; Charles Gibson, Inverary; John George, Cataraqui; Wesley Hawley, late street railway motorman; Raymond Vanorder, Portsmouth; Joseph Filgate, Alfred street, and Lee Barker, of the city.

Mr. Gibson has purchased a half section of land—320 acres—near Killarney, N.W.T., and with his family, will settle there. He took with him four heavy horses, three of which he lately purchased from the fire department. Mr. Gibson and family have resided in Cataraqu for many years, but previous to that they were respected citizens of Athens. Numerous friends, both in the city and throughout the country, regret his departure.

Messrs. Vanorder, Barker and Hawley took with them a car load of fine horses for sale in the northwest.

A Time For All Things.

One result of impoverished blood is cold hands and feet, and pains in the Back. If these are neglected serious consequences will follow. At a trifling expense Wade's Iron Tonic Pills will positively cure those troubles by making new rich blood and toning up the system generally. As a blood maker and nerve strengthener, they have no equal. Fifty pills in a box for 25c. at wade's drug store.

Medical Ethics.

"Of course you never advertise, doctor?"

"Sir! Certainly not. By the way, be sure to spell my name correctly in your account of that remarkable operation."

IN THE ARENA OF SPORT.

WHAT IS TRANSPIRING AMONG THE SPORTING MEN.

Jake Gaudaur Willing to Row Any Man in the World—The Frontenac Baseball Club Looking For Earned Honors—Hockey Still in Progress.

It is expected that an Irish football team will tour the United States next fall.

For the fourteen stakes at Washington park, Chicago, this year 983 entries have been received.

At Wiarton Saturday night the Owen Sound ladies' hockey team defeated the home team by a score of 6 to 4.

Willie Popp and Jimmy Thomas, two Toronto lightweights, are scheduled for a meeting at Toronto Saturday night.

Port Hope hockeyists are out with a challenge to play the Whitby hockey team on neutral ice, under O. H. A. rules.

Old Orchards won the senior championship of the Toronto lacrosse-hockey league by defeating Excelsiors by two goals to one.

Norval Baptie, of Bathgate, N.D., lowered the indoor world's skating record for one mile from 2:55 1-5 to 2:53 1-5 at Penetanguishene.

James Woolener, Collingwood, defeated James Forrester, Fergus, at Fergus, Saturday, winning three straight mile heats at the skating rink there.

As there will be three rugby football teams representing Queen's next fall, the two campuses will be required. The association club will have to shift its "camping ground" elsewhere.

The rowing race will likely be arranged between J. G. Gaudaur, Rat Portage, and George Towns, an English sculler. Gaudaur is ready to meet all comers for a purse of $5,000, or $2,500 a side.

Hamilton Victorias won the local hockey league championship by defeating the Bankers on the round by one point. The last match resulted in a tie, two all, but Victorias had a lead of one point.

The Excelsior II. hockey team, of Toronto, winners of the junior championship of the lacrosse hockey league, went through the season without a defeat, winning eight games and scoring seventy goals to their opponents' twenty-eight.

Queen's university sports will take place a week earlier next fall than usual so that a number of the participants may get into football training as soon as possible. The training required for the sports prevents the athletes doing rugby work.

Hockey enthusiasts in the Niagara district are beginning already to form plans for next season. This past season has seen the last of the southern Ontario association, and in its stead an international hockey league will be formed, composed of Niagara, Welland, Niagara Falls, St. Catharines, University of Buffalo, and the Iroquois team of Buffalo.

The members of the Ramblers' hockey team have reason to take pride in their prowess of the past season. They have practically won the junior championship, having played nine matches and won seven of that number. They piled up a total of forty-one points and had only nineteen scored against them. Next year the Ramblers will likely enter the junior O.H.A. series. Manager Hamer has a smart little team that can hold its own with the best of them.

The executive committee of the Glasgow international exhibition has appointed a deputation to ask Sir Thomas Lipton to postpone his next challenge for the America's cup for one year. The postponement will be asked that the match may not interfere with the proposed international regatta which will be held on the Clyde in 1901, under the auspices of the Glasgow exhibition. A cup valued at $2,500 will be offered as a prize to the winner of the regatta.

At a meeting of the C. L. A., at Toronto, Friday, many important changes were adopted. Election of officers will not take place until general business has been transacted at annual meetings. It was decided to erase all reference to the amateur Athletic union, and hereafter all athletic associations will be notified if the C. L. A. expel one of its own players. It was suggested to play not two hours as they do now, with rests and changes of goals, but the same as in hockey, with half-time and two forty-minute halves. There will be no slugging of goal keepers hereafter, for a motion to prohibit a player entering the goal crease will be brought up at the annual convention.

Editors Born Not Made.

Not one man in fifty who attempts the job makes a successful editor. Even those paragons, the statesmen and clergymen make failures. John Bright once wrote a "leader" for the Morning Star London, of which he was part proprietor, and the policy of which he controlled. It was a very poor thing in the opinion of the editor, but, of course, it had to be published. Next day a conservative newspaper had a reply to the article, which began: "The great Tribune has laid aside his pen and some miserable hireling of the Morning Star has taken it up." Mr. Bright called at the office that afternoon and said good humoredly: "I don't think leader writing can be my forte."

A girl writes "finis" at the last of her letter, but an older girl writes nothing or "the end."

Every girl thinks she married the pick of the family.
